Whereas, litigation is now pending and litigation threatened concerning the right of the State of Colorado to the use of water belonging to the streams of Colorado and to its People; and

Whereas, a proper and equitable distribution of the waters of the Colorado River allocated to the four upper states under the Colorado River compact has not been determined but is now being negotiated between said states by and under the agency of the said Water Conservation Board on the part of the State of Colorado; and

Whereas, the said Colorado commission, acting with the knowledge of Chapter 45, Section 37, Vol. 2, Colorado annotated, authorized the County Commissioners of the State of Colorado to appropriate funds for the encouraging immigration and increasing trade in Colorado products, has pro-rated expenses of said Colorado exhibit at the Golden Gate International Exposition among counties, fairly and equitably, on a basis of assessed valuation;

"Southard

The matter of abandonment of twenty-eight miles of the "To Grande Railroad between Vance Junction and Rico will be considered by the Interstate Commerce Commission in the near future. The abandonment of this much of the road would be very damaging to the mining interests of this section of the State, and all of the Counties affected are united upon the proposition that this abandonment should not be made."...

...The receiver of the railroad has, or is making application to the Reconstruction Finance Corporation for a loan of $100,000 to be expended largely in the rehabilitation of the road. It seems almost necessary that money be raised from this source in order to place the road on a better operating basis. The five Counties interested are also anxious to have this loan made. As one of the counties interested we will appreciate anything that you can do to see that no abandonment is made, and that a loan from the Reconstruction Finance Corporation is granted.

Very truly yours,
