COUNTY OF MONTEZUMA )

G. K. HERNDON, as County Clerk and Recorder of Montezuma County, Colorado, hereby certifies that the above and foregoing is a true and
correct excerpt of the Minutes of the Board of County Commissioners Meeting of February 17, 1971.
Dear Commissioners:

Montezuma County declined to approve the "mandatory" pay increases requested by the State for County Welfare employees. As a result, the Commissioners have been ordered to appear before the State Board March 5 at 2:00 p.m. at 1575 Sherman St., Room 711, Denver, Colorado, to show cause why the State contribution to the administrative costs should not be terminated.

We take the position that the formula used by the State Department is unrealistic and unworkable in setting the salaries for the County Welfare Department. We suggest that the State Department reconsider their policy and allow each County to determine the pay scale for the County employees more in keeping with the equivalent pay scale in each County. This would eliminate any friction developed by two different pay scales for like work in each County.

Montezuma County intends to stand firm on this matter and we are asking that each County in the State lend their support to our position. We ask that, if possible, you have a representative of your County attend the above mentioned hearing to express your views. If not possible to attend the hearing we request a letter from you supporting these views. If you have further suggestions, we would appreciate these also.

May we have your comments at the earliest possible time?

Very truly yours,

Stanley E. Talcott
