Definitions

QUILT is defined as having three layers – a top, a batting, and a backing and MUST be quilted through all three layers.

ONE PERSON quilt is defined as a quilt made by one person, only.

DUET is a quilt constructed by one person and quilted by someone else.

ART QUILT is a contemporary artwork of original design involving the creative expression and exploration of various processes, such as dyeing, printing, painting, stitching, embellishing, quilting, and weaving. An Art Quilt does not follow traditional block lines.

MEMORY QUILTS are a way of remembering or celebrating family history, the life of a loved one, or an important event in life. Materials used can be clothing, photos, memorabilia, etc.

APPLIQUE QUILTS use applique as the primary feature. The definition of applique is sewing of smaller pieces of fabric onto a large, whole piece of fabric. Applique quilts can include other quilting techniques in a secondary role.

MODERN QUILTS are defined as quilts that are functional, include bold colors, and are inspired by modern design. Minimalism, asymmetry, expansive negative space, and alternate grid work are often a part of modern quilt composition, as are improvisational piecing and solid fabrics.

WHOLE CLOTH QUILTS The top layer of a whole cloth quilt is made from a single piece of fabric. No patchwork or applique is used in the quilt design. The appearance of a whole cloth quilt relies on the quilting motifs that are chosen, and quilting stitches are usually intricate and closely spaced.

BABY QUILT is defined as a small quilt made to fit easily in a crib or stroller

MACHINE QUILTING is quilting with any type of machine.

Animal and Fowl – Department L

"The Montezuma County Fair Board in cooperation with Montezuma County 4-H Program ask for your cooperation in minimizing the use of adult assistance in preparing animals for show at the fair. We understand the younger exhibitors will probably need some assistance. Helping an exhibitor in such a way that he/she is learning the techniques of properly preparing an exhibit is an important part of the total project experience. When an adult lends the assistance in the process, then it becomes a contest among adults, and we have lost the teaching and learning aspect of 4-H/FFA exhibits. Since this is a 4-H/FFA Show, the goal of the Montezuma County Fair Board is to direct the fair in such a way that it is a positive learning experience for our young exhibitors."

NOTE: The following rules apply to all 4-H and FFA members regardless of animal or fowl species shown

- Disqualification may result if found in violation, ultimate and final decision will be made by the Montezuma County Fair Board if stated violation cannot be handled at the superintendent level.
- Eligibility: Youth exhibiting in 4-H/FFA animal or fowl departments must be a bona fide member of the Montezuma or Dolores Counties 4-H or FFA programs and have not reached their 19th birthday as of 1/1 of current year to be eligible to compete. Members must be enrolled in the project, which is being exhibited and be in good standing under 4-H/FFA guidelines. The 4-H project leader, Extension Agent or FFA Advisor must certify members, at the time of entry to the Fair.
- 4-H and FFA members must turn in an "up-to-date" record by **July 11, 2019** @ 4 p.m. for a pass/fail review. If a member chooses not to turn in an up-to-date record, the member has also made the choice not to participate in any 4-H and/or FFA fair shows.
- 4-H and/or FFA members must own all animals or fowl shown by a 4-H or FFA member.
- Exhibitors must be present to show their own animals or fowl. If an exhibitor is unable to show or has two entries in the same class, an animal or fowl may be shown by another eligible 4-H or FFA member who is registered and in good standing in Montezuma County or Dolores County. It is the responsibility of the exhibitor to notify the superintendent no less than 30 minutes prior to the class. The superintendent or judge will make no attempt to locate an exhibitor, nor place an animal or fowl in any Class.
- Members must meet ownership dates specific to the species shown. Each exhibitor is required to turn in a bill of sale for each animal at tag in.
- No animal shall be shown in both breeding and market classes. All class designations will be made at the time of entry on **July 11, 2019**. All members showing in a breeding class must also be enrolled in a breeding project for that species with the exception of Rabbits.
- Exhibitors are prohibited from showing unethically fitted animals or fowl, or animals or fowl of an ineligible age. "Unethical practices" will be grounds for dismissal of the exhibitor and the

exhibit. “Unethical practices” are: doctoring, drugging or injecting show animals for body “fill-ins”, filling the abdominal cavity with air, or the alteration, changing, defacing, bleaching, shading, dying, frosting, or any other modification of the markings of an anatomical structure of show animals, such as blowing binder twine, wood chips or cork on the legs to make them heavier boned, and artificial tail fins to make rump appear longer and more level. The use of adhesives to bone-up legs and make tail fins is acceptable, as long as ingredients foreign to leg hair and tail fin are not used. Adding hair is considered foreign to the animal, as well as any type of injection and/or external application of oils, glycerin or similar substance for body “fill-ins”, or for edematous condition.

- All animals or fowl must be disease and pest free upon entering the fairgrounds. Superintendents may dismiss or remove any animal or fowl found to be diseased, pest ridden or otherwise in bad health, with the assistance of the vet on call.
- Each exhibitor is required to check in with the department superintendent upon arrival to obtain entry number or tag, and pen assignment. Pen assignment does not apply to dog or horse exhibitors. No animal or fowl will be allowed in stalls or pens prior to scheduled entry times. Once animals or fowl are checked in at the Montezuma County Fair, they are not permitted to be loaded into a trailer for any reason. (Except for animals trailered to and from main arena for show or sale. Animals must be unloaded immediately.)
- All Breeding and Market beef, goats, sheep, and swine will be weighed by fair management. Animals will be given one weigh-in. There will be NO re-weighs. All jackets, coats, etc. must be removed from all animals when entering the scale.
- All animals or fowl must be brought to the fair reasonably clean, and have the preliminary clipping and grooming done. All exhibitors must groom and fit livestock in designated areas only.

Buy Back Program

This program is set up to benefit the BUYERS of the Junior Livestock sale. It is designed to give the Buyers that do not have a need for multiple animals an option to support the 4-H/FFA members by purchasing animals but not having to take possession of the purchased animal.

The "Buy back" bid is sent out prior to the County Fair for any person or business to submit a bid. The successful bidder must be willing to take all species that are designated for "Buy Back". The successful bidder has a set price that they will pay for animals that the Sale Buyer does not need. The "Buy Back" Bidder is purchasing the animal directly from the Buyer for the amount of the "Buy Back" Bid.

Example- Chicken House Antiques thinks that Annie did a wonderful job on her steer project and decided that they want to support her, but they don't have a freezer big enough for a whole steer. They know that the "Buy Back" price for the year has been set at \$0.90 per pound. Annie's steer weighs 1200 pounds so they know that the "Buy Back" price will be \$1080.00. They have a budget of \$1500.00 to spend so they purchase Annie's Steer for \$2600.00.

Chicken House Antiques writes a check for \$1520.00 and the "Buy Back" Bidder writes a check for 1080.00 and the "Buy Back" bidder takes ownership of the Steer. Total sale price of Annie's steer is \$2600.00, but the "Buy Back" Bidder has helped Chicken House Antiques stay within their budget and still support Annie by purchasing an animal at the Junior Livestock Sale.

The Buy Back Price will be listed on the Sale Sheets after acceptance of the 'Buy Back' Bid by the Junior Livestock Sale Committee and is listed for the Convenience of the Livestock Buyer ONLY so they may quickly figure their expenditures. If your animal is placed in the "Buy Back" program by the Buyer it becomes the property of the 'Buy Back' bidder. The "Buy Back" Bidder MAY decide to offer the animal back to the member at the price of their choosing. IF the animals will be offered to the members the times and prices will be announced at the Mandatory Sale meeting Saturday morning.

It is NOT/ NEVER appropriate to ask a BUYER to place an animal on the "Buy Back" Program or too expect that you will be able to purchase your animal back from the "Buy Back" bidder. This is a COURTESY if offered to the members. All Market Livestock that are sold at the Junior Livestock Sale should be viewed as terminal.
