

If you are a business owner, we urge you to take this ONLINE Survey.

We have created the MONTEZUMA BUSINESS TASKFORCE to advocate for businesses during this crisis, and help increase commerce to our area afterwards. This is a team of business advocates, local and county government officials, Region 9 economic Development, the Tri-city Chambers of Commerce, banks, and others who will help us take action.

**BUT WE CAN DO NOTHING WITHOUT DATA FIRST !!!**

We need data to go to our lawmakers, legislature, local governments and organizations and let them hear your voice. Your name or business will not be listed in any survey results and specific results will remain confidential. However, we will reach out to you with updates and information. All questions are optional to answer, but the more information we have, the better we can assess and help tell your story.

We will be presenting the first round of data collected on Friday to a conference call with Scott Tipton, then next week to the County Commissioners and other lawmakers and government agencies.

Please click on the link below or on the ticket link provided as soon as possible. We thank you for all you do.
