

2021- Montezuma County Weed Program Low Income Cost-Share Application

This cost share is designed to assist lower income county residents manage noxious weeds on their property. If approved Montezuma County Noxious Weed Department will help coordinate a treatment of noxious weeds and will pay 100% of the bill up to a determined maximum depending on cost share funds available.

Income Limitations

You can apply for the cost share only if your income is below a certain level. This level is based upon your adjusted gross income (AGI) or your non-taxable benefits, like Social Security and pension payments.

- **Single, head of household or a qualifying widow** - AGI is \$24,000 or lower.
- **Married filing jointly and you and your spouse satisfy the other requirements** - AGI is \$50,000 or lower.
- **Married filing separately** - your AGI is \$24,000 or lower.

Applications will be reviewed by the Weed Supervisor and the Noxious Weed Advisory Board of Montezuma County.

Application review and fund disbursement is on a first come, first served basis.
