

**Montezuma County  
Workers' Compensation Designated Medical Provider List**

When an employee is injured on the job it must be reported immediately so to assure quality medical care is provided in a timely manner. The first priority after an injury is to get appropriate medical care. If your work related injury requires emergency response; if you are transported to the nearest medical facility, or if the injury occurs after normal business hours or on a weekend, you **must follow up with one of our designated workers' compensation providers as soon as possible**. Also, please call the county's workers' compensation claim contact immediately to report the injury and address any questions. The county's contacts are as follows:
