SHERIFF'S PREFACE

The Montezuma County Sheriff's Office has been serving its citizens and visitors since it was created by the Colorado Legislature in 1889. This Policy and Procedure Manual has been developed to guide and enhance every member in our daily operation towards the mission of the Montezuma County Sheriff's Office; in doing so, we are establishing the beginning of a new era in this professional law enforcement agency. Our vision is the creation of new traditions that set a high ethical and trusted standard for one another and the citizens we serve today and in the future.

The members of the Montezuma County Sheriff's Office along with our civilian volunteers, are dedicated public safety professionals who value the importance of public service and a duty to our citizens, communities, and visitors, by providing knowledgeable, responsible, respectful, caring, and professional service. The Montezuma County Sheriff's Office is expected to provide fair and equal enforcement of our laws in a respectful manner, proactive crime prevention, and many other public safety services through our Patrol Division, Detective Division, Detentions Division, Judicial Security, Pre-Trial Services, Records Division, and Administrative Services Section.

The Policy and Procedure Manual of the Montezuma County Sheriff's Office is designed to stay current with the ever changing laws, court rulings, and best public safety practices. "Predictable is Preventable" is a phrase we should never forget. Our agency policies are further designed to provide the public with information and assistance when needed, as well as provide a foundation of trust with those we are here to protect and serve.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality, and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Electronic Mail

It is a violation of this policy to transmit a message under another user's name or email address or to use the password of another to log into the system. The email system is not to be used for personal business or non-official business communication, and such use may result in disciplinary action.

Members are not to auto-forward any Sheriff's Office emails to their personal email accounts. This particularly includes email containing criminal justice data such as CCIC/NCIC information, Executive Summary/Pass On, CIAC Bulletins, reports generated by the Crime Analyst, including Criminal Intelligence Reports, etc. Forwarding such emails to a personal email account may constitute a violation of state and/or federal statutes and regulations protecting such information.

The Custodian of Records (Records Division) shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

204.5 DISCIPLINARY ACTION

Members are to use common sense in all communications, whether on their own site or a site that is accessible to everyone. Anything written or posted on their own site or any other networking site as defined in this policy could potentially be grounds for discipline or termination.

Members may face disciplinary action for violations of this policy and for commentary, content, or images that are defamatory, pornographic, sexual in nature, proprietary, harassing, libelous, or that can create a hostile work environment, or any other information that may be deemed by the Sheriff to present the member, another member or the Sheriff's Office in an unprofessional light.

206.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in scheduling at least one regular supervisor on duty whenever possible. Patrol Division Lieutenant will ensure that at least one field supervisor is deployed during each shift.

206.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a deputy may be used as a field supervisor in place of a field sergeant.

Internal Affairs

209.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures and guidelines for the handling of serious complaints or allegations of our members alleged to have committed violations of the law, misconduct, or policy violations that have been established for the professional standards and conduct of the Montezuma County Sheriff's Office.

209.2 DEFINITIONS

Allegation of misconduct - An alleged violation of law, policy, or procedure by a member or volunteer of the Sheriff's Office.

Garrity Administrative Advisement - A member's right to make a statement or answer questions, write reports, etc. concerning allegations of misconduct under the protection of this advisement rather than Miranda.

Internal Affairs (IA) - A function within the Sheriff's Office responsible for conducting administrative investigations.

Major discipline - A suspension of any length, demotion, punitive transfer, or termination of employment.

Major misconduct - Includes, but is not limited to conduct that violates misdemeanor or felony criminal statutes; conduct that involves untruthfulness, is a violation of use of force standards, abuse of authority, or that recklessly endangers another person.

Minor misconduct - Includes, but is not limited to: conduct that involves traffic infractions, petty offenses, i.e. littering, or other technical, non-serious violations of state laws; conduct that involves discourteous interaction, unprofessional actions, or minor policy violations.

209.3 POLICY

It is the policy of the Montezuma County Sheriff's Office to maintain a process for investigating allegations of member misconduct with the goal of reaching an appropriate resolution to every complaint. When a complaint is made that alleges serious misconduct, which may result in major discipline, the investigation is conducted as an administrative "internal affairs" (IA) investigation. When a complaint is made that alleges misconduct not subject to major discipline the allegation may be resolved by supervisory review (SR).

In either case, it is the policy of the Montezuma County Sheriff's Office to be thorough and impartial when investigating an allegation. In most cases, IA investigations are conducted independent of criminal investigations arising out of the same conduct.

209.4 INTERNAL AFFAIRS FUNCTION

The Internal Affairs (IA) function is established to investigate complaints of member misconduct.

Montezuma County Sheriff's Office

Policies

Internal Affairs

- (a) The Sheriff or designated Division Supervisor is responsible for maintaining a system for tracking all complaints – regardless of nature – and storing IA-related investigative files.
- (b) All information received during an internal affairs investigation is **confidential**. The information is only released as directed by the Sheriff or ordered by the court.

The Montezuma County Sheriff's Office maintains an open door policy for the public and/or members who wish to make a complaint against a member of this Office.

209.5 INITIATING OR RECEIVING ALLEGATIONS OF MEMBER MISCONDUCT

- (a) Any person may initiate an allegation of misconduct against a member.
- (b) All allegations are either investigated as an IA or assigned for supervisory review (SR).
- (c) Any non-supervisory member who is contacted by a citizen wishing to make an allegation against a member of the Sheriff's Office immediately puts the citizen in touch with a supervisor. If a supervisor is not available, the receiving member ascertains the nature of the allegation, completes an inter-office memorandum titled "allegation of member misconduct form", and forwards the information to a supervisor.
- (d) A supervisor is responsible for ensuring an allegation of misconduct form is completed when a complaint comes to his or her attention.
- (e) Upon receiving the complaint, the supervisor may conduct a preliminary investigation to gather information concerning the allegation. When appropriate the supervisor makes a preliminary determination if any law, statute, ordinance, rule, regulation, policy, or procedure has been violated.
- (f) When the supervisor determines that there was no violation the supervisor may attempt to resolve the complaint by explaining why the member's actions were reasonable and appropriate.
- (g) The explanation given to the complaining party is noted on the allegation of the member misconduct form.
- (h) All allegations are forwarded to the Undersheriff.
- (i) The Division Supervisor or Undersheriff notifies the Sheriff of a complaint when a member is accused of major misconduct.
- (j) The Undersheriff assigns the investigation as an IA or for Supervisory Review (SR)

209.6 INTERNAL AFFAIRS (IA) INVESTIGATION

A complaint is assigned as an IA administrative investigation when available information supports a reasonable belief that substantiation of the allegation may result in major disciplinary action.

- (a) At the discretion of the Undersheriff the investigation is assigned to the division of the member named in the complaint or to the currently designated Sheriff's Office IA investigator.
- (b) The investigation may be assigned to the Sheriff's IA investigator when the allegation involves an excessive use of force, crosses division lines, or is projected to be of a protracted or complex nature.

Montezuma County Sheriff's Office

Policies

Internal Affairs

- (c) The affected member(s) may be placed on administrative leave while the matter is under investigation.
- (d) The affected Division Supervisor or Undersheriff decides the duration of the administrative leave after consulting with the Sheriff and County HR and/or the County Attorney.

The assigned investigator reviews the completed allegation of member misconduct form.

- (a) The investigator ensures the affected member is notified of the complaint and investigation unless such notification would compromise any facet of investigation.

The member under investigation is informed by the IA investigator of the nature of the investigation prior to being interviewed unless such notification would compromise any facet of the interview.

- (a) During the investigation the member has the right to consult legal counsel.
- (b) The member's legal counsel may be allowed to be in the room with the member during the interview at the discretion of the affected Division Supervisor and/or Undersheriff.

The investigator immediately notifies the Sheriff and Undersheriff when the investigator has reason to believe the member committed a crime.

- (a) A criminal investigation follows normal investigative procedures, separate from the administrative investigation.
- (b) Criminal investigators are not permitted to observe or participate in any interview conducted under the auspices of a Garrity administrative advisement.
- (c) The criminal investigator may conduct a full investigation up to, and including, presenting the case to the District Attorney's Office for filing of criminal charges.

When it is determined that a complainant or witness has knowingly made a false report against a member, the investigator may pursue the filing of appropriate and applicable criminal charges against that person.

When an investigator determines that there are additional acts of misconduct that were not included in the original complaint, these acts may be included as a part of the investigation or investigated separately, at the discretion of the Undersheriff.

209.7 SUPERVISORY REVIEW (SR)

When the complaint alleges minor misconduct and the possible disciplinary actions do not rise to the level of a suspension or termination, the allegation may be assigned for investigation or review to the affected Division.

The Division Supervisor ensures that the direct supervisor of the affected member will review the matter and conduct further investigation, when needed.

This supervisor is responsible for communicating with the complainant, completing all related documentation, and administering discipline, coaching, counseling, or re-training as indicated by the circumstances.

Montezuma County Sheriff's Office

Policies

Internal Affairs

Any disciplinary action taken is done in accordance with Policy 1032, Disciplinary Action and Appeals.

Each Division Supervisor is responsible for establishing and maintaining a system for recording and tracking SR complaints. A pattern of SR level complaints against a particular member may result in the elevation of a new complaint to the IA level.

- (a) Documentation of disciplinary action is placed in the member's personnel file.
- (b) All other paperwork documenting the review, disposition, and corrective steps, when taken, is placed in the member's working file for performance evaluations use only.
- (c) This paperwork is removed from the member's working file when the member is given his/her annual performance evaluation.

209.8 COOPERATION REQUIREMENT

All members of this Office are required to cooperate with internal affairs investigations and supervisory reviews and must give a statement or answer questions related to the investigation.

When criminal charges are contemplated against a member, the member may be given a Miranda advisement. Waiver of those rights may result in the use of incriminating statements in a subsequent criminal prosecution.

When a member refuses to make a statement or answer questions after receiving a Miranda advisement the member may be given a Garrity advisement and compelled to make a statement or answer questions or face disciplinary action, including loss of employment.

- (a) When disciplinary action is threatened the member may invoke Garrity and request a written promise that future statements or answers not be used in any subsequent criminal prosecution against him/her stemming from the related investigation.
- (b) The IA investigator may offer Garrity protection to the member promising that future statements or answers will not be used in any subsequent criminal prosecution against him/her stemming from the related investigation.
- (c) The IA investigator consults with the Undersheriff or Sheriff prior to offering Garrity protection to a member.

The IA investigator may order that a member participate in a physical lineup; submit to a breath test, urine test, blood test, ultra violet light scan, or any other non-testimonial evidence test; or have photos taken; or provide a voice print or handwriting sample as needed for the investigation. Refusal to comply with any of these types of requests may result in disciplinary action, including dismissal.

A member may be ordered to submit to a polygraph examination related to the issues under investigation. Refusal to submit may result in disciplinary action, including dismissal.

A member may also be required to furnish financial disclosure information when such information relates to the investigation.

209.9 PRIVACY RIGHT

A member's supervisor or the assigned IA investigator, with the approval of the Sheriff or Undersheriff, may inspect or search all Sheriff's Office owned desks, lockers, storage spaces, rooms, offices, work areas, vehicles, equipment, as well as computer hard drives, storage files, disks, and tapes including, but not limited to, computer storage mechanisms and personal effects that are brought to the work place.

- (a) The aforementioned search may occur at any time, without prior notice, and regardless of whether a personal lock is attached, or a password or similar security mechanism is in place to restrict access.

Communications facilities and devices within or surrounding the Office may be monitored at any time under conditions permitted by law.

- (a) Other types of communications or conversations may be monitored at any time, under conditions permitted by law.

209.10 DISPOSITIONS

When an IA investigation is completed the investigative packet is forwarded to the affected Division Supervisor. The Sheriff and Undersheriff also review the investigation prior to designating a final disposition.

Decision makers reviewing the investigation may consider evidence not admissible in a criminal proceeding, including compelled statements and polygraph examinations.

- (a) The disposition of an internal affairs complaint is not conditioned on resolution of criminal charges filed against the complainant or against a member who is a subject of the investigation.

After reviewing the investigative reports, the affected Division Supervisor consults with the Undersheriff or Sheriff and determines the final disposition.

The final disposition for each allegation of a complaint, not assigned as an SR, is classified in one of the following ways:

- (a) **Substantiated:** The investigation supports the allegation(s) in full, or in part.
- (b) **Exonerated:** The facts of the allegation(s) are not in dispute; however, the member's conduct was reasonable and appropriate given the circumstances.
- (c) **Unfounded:** The allegation(s) was false, disproved, and/or unsupported by the evidence.
- (d) **Inconclusive:** The investigation did not produce sufficient evidence to either prove or disprove the allegation(s).

Discipline is administered, when applicable, as provided in Policy 1032, Disciplinary Actions and Appeals.

The investigating officer does not make recommendations concerning discipline, or suggest a case disposition, in any of the investigative reports.

209.11 NOTIFICATIONS

Complainants are not advised of the specific disciplinary action taken unless authorized by the Sheriff.

Copies of this policy are available to members of the general public upon request.

In accordance with case law requiring the District Attorney's Office to provide information to a defense attorney as to the credibility of a witness, (i.e. Brady v. Maryland, Giglio v. United States, etc.) it is the responsibility of the Undersheriff to ensure the District Attorney's Office is provided with the identity of any deputy or member found to have been untruthful in any aspect of an IA or SR investigation.

209.12 FILE STORAGE AND RETENTION

A Division Supervisor is designated by the Sheriff to maintain IA investigative files.

The files are to be physically located in file storage containers that are lockable and placed in a room that has limited access.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Serious bodily injury - An injury that presents a substantial risk of death, a substantial risk of serious permanent disfigurement, a substantial risk of protracted loss or impairment of the function of any part or organ of the body, or breaks, fractures, or burns of the second or third degree.

Totality of the circumstances - All facts and circumstances known to the deputy at the time, taken as a whole, including the conduct of the deputy and the subject leading up to the use of force.

Intent – The officer's perception of a threat or imminent threat the person presents to the officer or others based on the totality of the circumstances. The perception must be based on objective factors.

Citizen Contact - Only the person(s) a deputy has reasonable suspicion to detain for a crime or law/ordinance violation must be entered into the data base as a contact. It does not include any witness or victim.

Montezuma County Sheriff's Office

Policies

Use of Force

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Montezuma County Sheriff's Office recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

300.2.1 DUTY TO INTERVENE AND REPORT

Any deputy present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force.

Any deputy who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor as soon as feasible.

300.2.2 ADDITIONAL INTERVENTION AND REPORTING

A deputy shall also intervene to prevent or stop another peace officer from using physical force that exceeds the degree of force permitted by CRS § 18-1-707.

An on-duty deputy who witnesses another peace officer using force in excess of that permitted by CRS § 18-1-707 shall report such use of force in writing to the deputy's immediate supervisor. Such report shall be within 10 days of the occurrence and include the date, time, and place of the occurrence; the identities, if known, and description of the participants; a description of the events and the force used; and must be included with all other reports of the incident (CRS § 18-8-802).

A deputy shall intervene to prevent or stop another peace officer from using or directing the use of ketamine to effect an arrest, detention, restraint, transport, or punishment; to prevent the escape from custody; or to facilitate ease and convenience in the law enforcement encounter and report the intervention as required by CRS § 18-8-805 and 4 CCR 901-1:17.

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each deputy should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law

Montezuma County Sheriff's Office

Policies

Use of Force

enforcement purpose. Ability, opportunity, and intent must all be present for the officer to articulate the justification of deadly physical force. The absence of one or more of these elements presents a risk to an officer, which allows for officers to de-escalate. When all three of these elements are present, there is a threat, rather than a risk.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this office. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

When physical force is used, deputies will:

- (a) Ensure that assistance and medical aid are rendered to any injured or affected persons as soon as practicable.
- (b) Ensure that any identified relatives or next of kin of persons who have sustained serious bodily injury or death are notified as soon as practicable.

300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to deputies or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
- (c) Deputy/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.

Montezuma County Sheriff's Office

Policies

Use of Force

- (f) The individual's ability to understand and comply with deputy commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the deputy.
- (l) Potential for injury to deputies, suspects and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.2 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed office-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the deputy.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.3.3 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be

Montezuma County Sheriff's Office

Policies

Use of Force

restricted. Deputies are encouraged to use techniques and methods taught by the Montezuma County Sheriff's Office for this specific purpose.

300.3.4 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, deputies should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.3.5 PROHIBITION ON CHOKEHOLDS

A deputy is prohibited from using a chokehold upon another person, unless deadly force is justified. A chokehold is defined as a method by which a person applies sufficient pressure to a person to make breathing difficult or impossible. It also includes pressure to stop the flow of blood to the brain via the carotid arteries (CRS § 18-1-707).

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the deputy shall, prior to the use of deadly force, make efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts or that doing so would unduly place deputies or other persons at risk of injury or death (CRS § 18-1-707).

Use of deadly force is justified in the following circumstances involving an imminent threat or an imminent risk:

- (a) A deputy may use deadly force to protect themselves or others from what the deputy reasonably believes is an imminent threat of death or serious bodily injury.
- (b) A deputy may use deadly force to stop a fleeing subject when the deputy has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the deputy reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

However, a deputy shall not use deadly force against a person whose actions are a threat solely to themselves or property unless the person poses an imminent danger of death or serious physical injury to the deputy or others in close proximity.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if a deputy reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the deputy or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the deputy believes the individual intends to do so.

Montezuma County Sheriff's Office

Policies

Use of Force

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective, and involve additional considerations and risks. Deputies should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Driving a motor vehicle and proper lawful use of a firearm in the performance of a Colorado peace officer duties are both separate and highly disciplined trained skills that cannot be performed safely at the same time and provide for the safety of the public. Deputies are prohibited from shooting or discharging a firearm while operating a moving motor vehicle.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle. Discharging a firearm at a vehicle, whether or not it is moving, with the sole intent of disabling the vehicle is prohibited unless the deputy is authorized to use deadly force against all occupants of the vehicle.

300.4.2 CHOKEHOLDS

Unless deadly force is justified, a member shall not apply pressure to a person's neck that is sufficient to make breathing difficult or impossible, including, but not limited to, any pressure to the throat or windpipe that may prevent or hinder breathing or reduce intake of air (chokehold) (CRS § 18-1-707 (2.5)).

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this office shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Office may require the completion of additional report forms, as specified in office policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.

Montezuma County Sheriff's Office

Policies

Use of Force

- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 REPORTING TO COLORADO DIVISION OF CRIMINAL JUSTICE

Statistical data regarding all qualifying incidents shall be reported to the Colorado Division of Criminal Justice as required by CRS § 24-31-903 (see the Records Section Policy). For the purposes of this section, a qualifying incident means any (CRS § 24-31-903):

- (a) Incident involving the use of force by a deputy that results in death or serious bodily injury.
- (b) Incident involving the use of force by a deputy that involved the use of a weapon.
- (c) Contact with the public conducted by deputies, including entries into a residence.
- (d) Instance of unannounced entry into a residence.

300.6 PEACE OFFICER USE OF FORCE REPORTING REQUIREMENTS

Any peace officer who witnesses another peace officer use a level of force that exceeds the level permitted by state statute is required to report that use of force to his or her immediate supervisor in accordance with C.R.S. 18-8-802.

- (a) Any deputy, whether or not certified as a state peace officer - who witnesses the use of force by any other deputy or peace officer that exceeds the level of force permitted by state statute is to make a report to his/her immediate supervisor as soon as practical and no later than the witnessing deputy's end of shift.
- (b) Any deputy who receives information from any Sheriff's member regarding the witnessed use of force by a deputy or other peace officer that the member believes exceeds the level of force permitted by state statute is required to make a report to his/her immediate supervisor.
 - 1. The initial report may be verbal. However, in every case the verbal report is to be followed up with a written report within 24 hours. The report is to include the date, time, and place of the occurrence; the identity and/or description of the participants; and a description of the events and force used.
 - 2. The written report is submitted to the members Division Supervisor within the 24-hour time period. The Division Supervisor will inform the Undersheriff and Sheriff of the report's existence and provide a copy to each as soon as practical.
 - 3. If the officer or officers who allegedly used excessive force are members of the Montezuma County Sheriff's Office, an internal affairs investigation is initiated.
 - 4. If the officer or officers who allegedly used excessive force are employees of another law enforcement agency the Undersheriff or the Sheriff will transmit the report to the person designated by that agency to receive and investigate such reports.

Montezuma County Sheriff's Office

Policies

Use of Force

300.6.1 INVESTIGATIONS

The Sheriff, Undersheriff, and affected Division Supervisor assess each incident where force is used. If there is reason to believe that a member used excessive force, the Internal Affairs Policy will be applied.

In any case where a deputy discharges a firearm at another person an investigation is initiated. (See 22nd Judicial District Officer Involved Shoot Team Policy and the Montezuma County Sheriff's Office Policy 305 and Internal Affairs Policy).

Investigations may be initiated for the purpose of furthering knowledge of the adequacy of training, equipment, or tactics. The Sheriff will decide which option to use based on the circumstances.

300.7 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the deputy's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.8 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

Montezuma County Sheriff's Office

Policies

Use of Force

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.8.1 DIVISION COMMAND SUPERVISOR RESPONSIBILITY

All Division Lieutenants shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.9 ADMINISTRATIVE ACTIONS

When a member uses force in the line of duty and death results, the member is placed on administrative leave pending the outcome of a use of force investigation.

When a member uses force in the line of duty and injury results, the member may be placed on administrative leave, at the discretion of the member's Division Supervisor and/or Undersheriff, pending the outcome of a use of force investigation.

Montezuma County Sheriff's Office

Policies

Use of Force

It is the responsibility of the affected member Division Supervisor, after consulting with the Undersheriff and/or Sheriff, to decide the duration of administrative leave. The factors the Division Supervisor should consider in making the decision include, but are not limited to, the following:

- The type of force used and the result of that use of force.
- The outcome of the investigation into the use of force incident.
- The mental and physical condition of the affected member.
- Professional assistance may be sought to evaluate the member's current mental and physical condition.
- Any ongoing needs the member may have as a result of the use of force.

300.10 TRAINING

Deputies shall receive annual training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, deputies should receive periodic training on guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

300.10.1 TRAINING REQUIREMENTS

Required annual training shall include:

- (a) Legal updates.
- (b) De-escalation tactics, including alternatives to force.
- (c) The duty to intervene.
- (d) The duty to request and/or render medical aid.
- (e) Warning shots (see the Firearms Policy).
- (f) All other subjects covered in this policy (e.g., use of deadly force, chokeholds, discharge of a firearm at or from a moving vehicle, verbal warnings).

300.11 USE OF FORCE ANALYSIS

At least annually, each Division Lieutenant should prepare an analysis report on use of force incidents. The report should be submitted to the Sheriff. The report should not contain the names of deputies, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Montezuma County Sheriff's Office to review the use of force by its members.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Montezuma County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately, and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever a member's actions or use of force in an official capacity, or while using office equipment, results in death or very serious injury to another, that member will be placed in a temporary administrative assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place a member in an administrative assignment in any case.

301.4 REVIEW BOARD

The Use of Force Review Board may be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board may also investigate and review the circumstances surrounding every discharge of a firearm, whether the member was on- or off-duty, excluding training or recreational use.

The Sheriff may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Undersheriff may convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Supervisor of the involved member to notify the Undersheriff of any incidents requiring board review. The involved member's Division Supervisor will also ensure that all relevant reports, documents, and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Undersheriff or Division Supervisor should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member's chain of command
- Training Manager

Montezuma County Sheriff's Office

Policies

Use of Force Review Boards

- Non-administrative supervisor
- A peer deputy
- A sworn peace officer from an outside law enforcement agency
- Office instructor for the type of weapon, device, or technique used

Selection of the Use of Force Board may consist primarily of personnel from other law enforcement agencies and civilians from private industry in the four states area.

The senior ranking command representative who is not in the same division as the involved member may serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved member to appear. The involved member will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Sheriff will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the deputy at the time of the incident, applying any legal requirements, office policies, procedures, and approved training to those facts. Facts later discovered but unknown to the deputy at the time shall neither justify nor call into question a deputy's decision regarding the use of force.

Any questioning of the involved member conducted by the board will be in accordance with the office's disciplinary procedures, the Personnel Complaints Policy, and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The member's actions were within office policy and procedure.
- (b) The member's actions were in violation of office policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Sheriff.

Montezuma County Sheriff's Office

Policies

Use of Force Review Boards

The Sheriff shall review the recommendation, make a final determination as to whether the member's actions were within policy and procedure and will determine whether any additional actions, investigations, or reviews are appropriate. The Sheriff's final findings will be forwarded to the involved member's Division Lieutenant for review and appropriate action. If the Sheriff concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any reviews, original and all copies of all relevant reports and information will be filed with the Sheriff. The reports and findings of the Use of Force Board are not authorized for release as provided by Colorado Law.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Montezuma County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and office training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Montezuma County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Montezuma County Sheriff's Office

Policies

Handcuffing and Restraints

No person who is in labor delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, deputies, or others.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless the juvenile is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure themselves, injure the deputy, or damage property.

A deputy working as a school resource officer or responding to a public school or school-sanctioned event shall not handcuff any juvenile unless the juvenile poses a threat to self or others or during transport after arrest (CRS § 26-20-111).

302.3.4 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Office. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Montezuma County Sheriff's Office

Policies

Handcuffing and Restraints

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Deputies should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Deputies should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Office shall be used.

In determining whether to use the leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

Montezuma County Sheriff's Office

Policies

Handcuffing and Restraints

- (a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

302.9 TRAINING

Subject to available resources, the Training Manager should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

Montezuma County Sheriff's Office

Policies

Handcuffing and Restraints

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Office.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Montezuma County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 DIVISION SUPERVISOR RESPONSIBILITIES

The Division Supervisor may authorize the use of a control device, other than tear gas and pepper projectile systems, by selected personnel or members of specialized units who have successfully completed the required training. Tear Gas and Pepper Projectile Systems use must be authorized by the Sheriff.

303.4.2 CERTIFIED FIREARMS INSTRUCTOR RESPONSIBILITIES

The Certified Firearms Instructor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated, or expended control devices or munitions are properly disposed of, repaired, or replaced.

Every control device will be periodically inspected by the Certified Firearms Instructor or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging, or cleaning shall remain the responsibility of personnel using the various devices.

Montezuma County Sheriff's Office

Policies

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Certified Firearms Instructor for disposition. A Inter-Office Memorandum for Damage to County property shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys, and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal, or against barricaded suspects based on the circumstances. Only the Sheriff may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine, or groin. Therefore, personnel using a pepper projectile system should

Montezuma County Sheriff's Office

Policies

Control Devices and Techniques

not intentionally target those areas, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

Deputies encountering a situation that warrants the use of a pepper projectile system shall request authorization from the Sheriff before any deployment. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle, or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This office is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

In a response to a protest or demonstration, Deputies and any other person acting on behalf of the Montezuma County Sheriff shall not:

- (a) Discharge any kinetic impact projectiles and all other non-lethal or less-lethal projectiles in a manner that targets the head, pelvis or back of any person.
- (b) Discharge any kinetic impact projectiles indiscriminately into a crowd.
- (c) Use chemical agents or irritants, including pepper spray and tear gas, prior to issuing an order to disperse in a sufficient manner to ensure the order is heard and repeated if necessary, followed by sufficient time and space to allow compliance with the order.

Montezuma County Sheriff's Office

Policies

Control Devices and Techniques

303.9.1 DEPLOYMENT AND USE

Only office-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons, and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles, or other dangerous projectiles at people and/or deputies.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the deputy should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices is lawfully authorized and appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

Montezuma County Sheriff's Office

Policies

Control Devices and Techniques

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the deputy shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, deputies who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second deputy watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.9.4 PROTEST OR DEMONSTRATION CONSIDERATIONS

In response to protests or demonstrations, deputies should not discharge kinetic energy projectiles in a manner that intentionally targets the head, neck, pelvis, or back of any person (CRS § 24-31-905).

Deputies shall not indiscriminately discharge kinetic energy projectiles into a crowd (CRS § 24-31-905).

303.10 TRAINING FOR CONTROL DEVICES

The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the deputy's training file.
- (c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Montezuma County Sheriff's Office

Policies

Control Devices and Techniques

303.12 ADDITIONAL CHEMICAL AGENT DEPLOYMENT CONSIDERATIONS

In response to a protest or demonstration, deputies shall not use any chemical agents, including pepper spray or tear gas, without first issuing an order to disperse. The order shall be given in a reasonably sufficient manner to be heard, and repeated if necessary, and followed by sufficient time and space to allow compliance with the order (CRS § 24-31-905).

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of Conducted Energy Devices (CEDs).

304.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to deputies and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed office-approved training may be issued and carry the CED.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the office's inventory.

Deputies shall only use the CED and cartridges that have been issued by the Office. Uniformed deputies who have been issued the CED shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the CED in the driver's compartment of their vehicle.

Members carrying the CED should perform a spark test on the unit prior to every shift.

When carried while in uniform, deputies, including Detention and Court Security Deputies, shall carry the CED in a weak-side holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the CED.
- (c) Deputies shall be responsible for ensuring that their issued CED is properly maintained and in good working order.
- (d) Deputies should not hold both a firearm and the CED at the same time.

304.3.1 USER RESPONSIBILITIES

Deputies shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the deputy's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Certified Instructor for disposition. Deputies shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

Montezuma County Sheriff's Office

Policies

Conducted Energy Device

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other deputies and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, a deputy designated as lethal cover for any deputy deploying a CED may be considered for officer safety.

304.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the deputy at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, themselves, or others.

Mere flight from a pursuing deputy, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject, or others, and the deputy reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Montezuma County Sheriff's Office

Policies

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, deputies should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Once a deputy has successfully deployed two probes on the subject, the deputy should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors deputies may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the deputy must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, deputies shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should

Montezuma County Sheriff's Office

Policies

Conducted Energy Device

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry office CEDs while off duty.

Deputies shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Deputies shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a office-approved process to preserve the data.

304.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

- (a) The brand, model, and serial number of the CED and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CED was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any deputies sustained any injuries.

The Training Manager should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Manager should also conduct audits of CED

Montezuma County Sheriff's Office

Policies

Conducted Energy Device

device data downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The deputy should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs.
- (b) Identification of all witnesses.
- (c) Medical care provided to the subject.
- (d) Observations of the subject's physical and physiological actions.
- (e) Any known or suspected drug use, intoxication, or other medical problems.
- (f) The Use of Force form shall be completed in addition to the arrest/crime report.

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or deputies trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

Montezuma County Sheriff's Office

Policies

Conducted Energy Device

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a Certified Instructor and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial office-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of a deputy's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Manager. All training and proficiency for CEDs will be documented in the deputy's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Deputies who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Training Manager is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Training Manager should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Montezuma County Sheriff's Office is to ensure that officer-involved shootings and deaths are investigated in a thorough, complete, fair, and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved deputies.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Montezuma County Sheriff's Office would control the investigation if the suspect's crime occurred in Montezuma County.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff, and with concurrence from the other agency.

Montezuma County Sheriff's Office

Policies

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved deputy's conduct during the incident will be determined by the employing agency's protocol. When a deputy from this office is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this office to investigate a shooting or death involving an outside agency's officer shall be referred to the Sheriff or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED DEPUTY RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved MCSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Office or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved MCSO supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any MCSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties, and pursue suspects.
 - (a) Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses, and any other pertinent information.

Montezuma County Sheriff's Office

Policies

Officer-Involved Shootings and Deaths

- (b) The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Patrol Lieutenant and the Dispatch Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional MCSO members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved MCSO deputy should be given an administrative order not to discuss the incident with other involved officers or MCSO members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.

305.5.3 PATROL LIEUTENANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Patrol Lieutenant shall be responsible for coordinating all aspects of the incident until relieved by the Sheriff or the Detective Division Lieutenant.

All outside inquiries about the incident shall be directed to the Patrol Lieutenant.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff
- Detective Division Division Lieutenant
- Southwest Colorado Officer Involved Investigations Team rollout team
- Outside agency investigators (if appropriate)
- Internal Affairs supervisor
- Civil liability response team
- Psychological/peer support personnel
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.

Montezuma County Sheriff's Office

Policies

Officer-Involved Shootings and Deaths

1. Involved MCSO deputies shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-MCSO officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/member groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Office to each involved MCSO deputy. A licensed psychotherapist may also be provided to any other affected MCSO members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
 4. Communications between the involved deputy and a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved MCSO deputy shall be given reasonable paid administrative leave following an officer-involved shooting or death or appropriate duty reassignment as agreed upon by the involved deputy and the Office to allow the deputy to receive services and manage the impact of the incident on the deputy and the deputy's family and significant others. It shall be the responsibility of the Patrol Lieutenant to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The 22nd Judicial District Officer-Involved Shoot Team will be activated and responsible for the investigation into the circumstances of any officer-involved shooting or death.

Personnel from this office may be assigned to partner with investigators from outside agencies as detailed in the signed 22nd Judicial District Officer-Involved Shoot Team policy and protocol agreement to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Montezuma County Sheriff's Office

Policies

Officer-Involved Shootings and Deaths

- (a) MCSO supervisors and Internal Affairs personnel should not participate directly in any voluntary interview of MCSO deputies. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved deputies shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED MCSO DEPUTIES

In the event that suspects remain outstanding or subject to prosecution for related offenses, this office shall retain the authority to require involved MCSO deputies to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved MCSO deputy may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved MCSO deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.

Montezuma County Sheriff's Office

Policies

Officer-Involved Shootings and Deaths

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Office.
- (a) A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Division supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Office investigators will be assigned to work with investigators from the 22nd Judicial District Officer-Involved Shoot Team and may be assigned to separately handle the investigation of any related crimes not being investigated by the 22nd Judicial District Officer-Involved Shoot Team and/or District Attorney's Office.

All related office reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Division supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Lieutenant.

305.6.4 MULTI-AGENCY INVESTIGATION

Officer-involved shootings that result in injury or death, or other use of force resulting in death by a deputy, shall be investigated by a multi-agency team known as the 22nd Judicial District Officer-Involved Shoot Team. The multi-agency team shall include at least one other police or sheriff's agency or the Colorado Bureau of Investigation. The Sheriff or the authorized designee shall ensure this protocol is posted on the Montezuma County Sheriff's Office website and is available to the public upon request (CRS §16-2.5-301).

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this office will conduct an internal administrative investigation of involved MCSO deputies to determine

Montezuma County Sheriff's Office

Policies

Officer-Involved Shootings and Deaths

conformance with office policy. This investigation will be conducted under the supervision of the Internal Affairs and will be considered a confidential deputy personnel file.

Interviews of members shall be subject to office policies (see the Personnel Complaints Policy) and applicable laws.

- (a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.
 - 1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved deputy has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the deputy shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual deputy's statement, involved deputies shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The deputy may also record the interview.
 - 4. The deputy shall be informed of the nature of the investigation. If a deputy refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The deputy shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Internal Affairs shall compile all relevant information and reports necessary for the Office to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

Montezuma County Sheriff's Office

Policies

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this office may be assigned to work exclusively under the direction of the legal counsel for the Office to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or County Attorney's Office, as appropriate.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Montezuma County Sheriff's Office should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

305.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administrative Services Division Supervisor is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law, or a valid court order.

Attendance at the debriefing shall only include those members of the Office directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Office, including supervisory and Internal Affairs personnel.

Montezuma County Sheriff's Office

Policies

Officer-Involved Shootings and Deaths

305.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Sheriff should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and office representative responsible for each phase of the investigation. Releases will be available to the Patrol Lieutenant, Detective Division Lieutenant and Public Information Officer in the event of inquiries from the media.

No involved MCSO deputy shall make any comment to the media unless he/she is authorized by the Sheriff.

Office members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

305.12 POST-INCIDENT SERVICES FOR FAMILY

The family members and significant others of a deputy who has been involved in a shooting or deadly use of force should be provided, as office resources reasonably allow (CRS § 16-2.5-403):

- (a) At least one confidential post-incident meeting with a qualified mental health professional (CRS § 16-2.5-402) in a timely manner following the incident, including through telehealth services.
- (b) Ongoing confidential mental health services from a qualified mental health professional (CRS § 16-2.5-402) as needed, including through telehealth services.
- (c) Peer support, including office peer support or online or telehealth peer support.

305.13 PROTOCOLS FOR RETURN TO DUTY

The Office shall take steps to facilitate returning office members back to their duty assignments following their involvement in a shooting or deadly use of force, taking into consideration the Office's size and resources (CRS § 16-2.5-403).

305.13.1 REINTEGRATION

Taking into account that involved deputies may experience psychological, physical, or emotional reactions, the Office shall implement a reintegration plan that considers having the deputy:

- (a) Return to the scene of the incident.
- (b) Fire the deputy's weapon at the range.
- (c) Participate in graded re-entry with a companion deputy or peer support deputy of the deputy's choosing.

305.14 POLICY REVIEW

The Office shall review this policy biennially and make any necessary updates to reflect current best practices and available resources (CRS § 16-2.5-403).

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance, and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.1.1 AUTHORIZATION TO CARRY FIREARMS

Only certified personnel who have met all Sheriff's Office and Colorado Peace Officer Standards and Training (POST) requirements and have been authorized by the Sheriff shall have the peace officer privilege to carry a firearm both on and off duty (CRS § 16-2.5-101).

306.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to require deputies assigned to certain law enforcement positions to be armed with a firearm when on duty. The firearm is intended for use as prescribed by Colorado state law and in accordance with Sheriff's Office policies concerning the use of force.

It is the policy of the Montezuma County Sheriff's Office that all deputies required or authorized to carry a firearm on duty are trained in the use and care of that firearm. The Sheriff has delegated the responsibility of developing, implementing, and updating firearms use and care training sessions to specific POST-certified supervisors and deputies. These training sessions are scheduled periodically and are mandatory for all deputies who are required or authorized to carry a firearm on-duty.

In an emergency situation a deputy is authorized to take whatever steps are necessary to protect life or prevent an attempt by another to inflict serious bodily injury on any person, including using or adapting an item for use as a weapon.

306.3 DEFINITIONS

Primary-duty handgun - Carried by a deputy while performing a normal duty assignment.

Off-duty handgun - Carried by a deputy when the deputy is off duty. It may be the same handgun used by the deputy as a primary or back-up handgun.

Back-up handgun - Carried by a deputy during normal duty assignments as a back up to the primary duty weapon in the event the deputy's primary duty weapon becomes unusable.

306.4 AUTHORIZED FIREARMS, AMMUNITION, AND OTHER WEAPONS

This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

Each deputy required or authorized to carry a firearm on or off duty who purchases a handgun or other firearm is responsible for ensuring that the handgun or other firearm meets all specifications described in this policy.

Members shall carry only office-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all office-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Office shall be dispensed by the Certified Firearms Instructor when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from office-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

306.5 EQUIPMENT

Firearms carried on or off duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

306.5.1 REPAIRS AND MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Certified Firearms Instructor.

Firearms that are the property of the Office or personally owned firearms that are approved for office use may be repaired or modified only by a person who is office-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Certified Firearms Instructor.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Certified Firearms Instructor.

306.5.2 HOLSTERS

Only office-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.5.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on or off duty after they have been examined and approved by the Firearms Program Supervisor and authorized by the Sheriff. Once

Montezuma County Sheriff's Office

Policies

the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

306.5.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on or off duty after they have been examined and approved by the Firearms Program Supervisor, and authorized by the Sheriff. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

306.6 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Certified Firearms Instructor. Members shall not dry fire or practice quick draws except as instructed by the Certified Firearms Instructor or other firearms training staff.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Office, except where clearing barrels are present.
- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.
- (e) Members shall not place or store any firearm or other weapon on office premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Office to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Office or a Certified Firearms Instructor approved by the Office for inspection and repair. Any firearm deemed in need of repair or service by the Certified Firearms Instructor will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.6.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Office-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

306.6.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles, or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit office-issued firearms to be handled by anyone not authorized by the Office to do so. Members should be aware that negligent storage of a firearm could result in disciplinary action and civil liability.

306.6.3 ALCOHOL AND DRUGS

Firearms shall not be carried or possessed by any member, either on or off duty, who has consumed any amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment. Any violation will result in disciplinary action to include termination.

306.7 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting. This practical training is not a qualification.

All firearms instructors and members while performing firearms qualifications will wear ballistic vests during training.

306.7.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status, or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

Montezuma County Sheriff's Office

Policies

Firearms

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.7.2 QUALIFICATION STANDARDS

The qualification standards, including the score required for qualification, target type, timing, distance, and other conditions, are noted in an attachment to this policy. In addition to the range course qualification, members must achieve a passing score on any written tests based on the training provided.

306.7.3 FIREARMS PROGRAM MANAGEMENT AND PROFICIENCY STANDARDS

A designated Division Supervisor is responsible for managing the firearms program and ensuring compliance with all applicable policies.

Colorado POST-certified firearm instructors assist the designated Division Supervisor as directed.

The Firearms Program Supervisor ensures written documentation of all firearms-related training and proficiency testing is recorded and maintained.

The Firearms Program Supervisor provides a firearms training attendance report to the Undersheriff and Sheriff.

The Undersheriff and Sheriff reviews and approves all firearm qualification courses prior to the course becoming the proficiency standard.

Firearms training sessions are developed by designated POST-certified firearms instructors and approved by the Firearms Program Supervisor and command staff.

Qualifying standards, when applicable, may vary depending upon the particular course of fire and training objectives.

The Firearms Program Supervisor is responsible for maintaining an accurate inventory of departmentally owned weapons and their status.

306.8 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on or off duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and

Montezuma County Sheriff's Office

Policies

Firearms

Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on duty at the time of the incident, the member shall file a written report with his/her Division Supervisor or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off duty at the time of the incident, a written report shall be submitted or a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.8.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. Deputies should follow their training to identify animal behaviors that may reasonably put local law enforcement officers or other individuals in imminent danger, in addition to animal behaviors that do not reasonably suggest or pose an imminent danger.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, office members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device (CED), oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

Subject to safety concerns or other exigent circumstances, deputies should consider alternatives to the use of firearms. Such alternatives include using the deputy's CED or allowing the owner to control or remove the animal from the immediate area.

306.8.2 INJURED ANIMALS

Deputies may euthanize an animal when, in his/her judgment and in the opinion of a licensed veterinarian, the animal is experiencing extreme pain or suffering or is severely injured, disabled, or diseased past recovery and where other dispositions are impractical. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by the written certificate of two persons called to view the animal (CRS § 35-42-110).

Injured wildlife may be euthanized whenever the deputy determines that no other reasonable action would be practical, humane, or effective for the rehabilitation of the wildlife (2 CCR 406-14:1405). Authorization given to a deputy by a District Wildlife Manager with Colorado Parks and Wildlife is recommended.

Any injured or euthanized big game wildlife as defined in C.R.S. 33-6-109 (3.4) (a), to include black bear, mountain lion and bobcat, must be reported to a District Wildlife Manager with the Colorado Parks and Wildlife for carcass disposition, prior to leaving a scene or discovery. Members are

Montezuma County Sheriff's Office

Policies

Firearms

prohibited from possessing or giving possession to others without Colorado Parks and Wildlife written authorization.

306.8.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Warning shots shall not be used.

306.8.4 NEGLIGENT DISCHARGE

If firearm discharge is the result of negligence, the involved deputy shall undergo remedial firearms training and qualification as determined by the Certified Firearms Instructor.

306.9 CERTIFIED FIREARMS INSTRUCTOR DUTIES

The range will be under the exclusive control of the Certified Firearms Instructor. All members attending will follow the directions of the Certified Firearms Instructor. The Certified Firearms Instructor will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Certified Firearms Instructor may result in non-participation or non-qualification.

The range shall remain operational and accessible to office members during hours established by the Office.

The Certified Firearms Instructor has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this office to verify proper operation. The Certified Firearms Instructor has the authority to deem any office-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Certified Firearms Instructor.

The Certified Firearms Instructor has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning, and safety of all firearms the member is authorized to carry.

The Certified Firearms Instructor shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Office, a list of each member who completes the training. The Certified Firearms Instructor should keep accurate records of all training shoots, qualifications, repairs, maintenance, or other records as directed by the Training Manager.

306.10 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who

Montezuma County Sheriff's Office

Policies

Firearms

intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Office based on the law and published TSA rules.
- (b) Deputies must carry their Montezuma County Sheriff's Office identification card, bearing the deputy's name, a full-face photograph, identification number, the deputy's signature, and the signature of the Sheriff or the official seal of the Office and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Montezuma County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the Montezuma County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy's need to fly armed, detail his/her itinerary, and should include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the office-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any deputy flying while armed should discreetly contact the flight crew prior to takeoff and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Deputies should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative, or other management representative of the air carrier.
- (j) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours, prior to boarding an aircraft.

306.11 TRAINING

In addition to general training regarding the use of firearms, the Training Manager shall ensure that training is provided on encounters with dogs in the course of duty as required by CRS § 29-5-112. At a minimum, the training must cover the policies and procedures adopted by this office.

Montezuma County Sheriff's Office

Policies

Firearms

Firearms Training will also include Colorado State Statute revisions as to the Use of Force/Use of Deadly Force by Peace Officers as provided by C.R.S. 18-1-707(2)(a); 18-1-707(3); 18-1-707(4); 18-1-707(4.5); and President Executive Order No. 13929 that includes prohibiting the use of warning shots, warn before shooting and shooting at or from a moving vehicle. See Use of Force Policy. [See attachment: USDOJ Executive Order 13929.pdf](#)

306.11.1 ADDITIONAL REQUIREMENTS

Before being authorized to carry any firearm, members will be given access to and receive training on this policy and the Use of Force Policy. Each member shall acknowledge that he/she has been provided access to and has had the opportunity to review and understand both policies.

306.11 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time deputies of this office are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The deputy shall carry his/her Montezuma County Sheriff's Office identification card whenever carrying such firearm.
- (b) The deputy is not the subject of any current disciplinary action.
- (c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The deputy will remain subject to this and all other office policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base, or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers, and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicle pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies (CRS § 42-4-108).

307.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Office policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputies' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.2 DEFINITIONS

Definitions related to this policy include:

Vehicle pursuit - An event involving one or more peace officers attempting to apprehend a suspect who is trying to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly, or driving in a legal manner but willfully failing to yield to a deputy's signal to stop.

Municipality - Incorporated cities and towns. In Montezuma County the cities and towns that meet this definition are: Cortez, Dolores, and Mancos.

Unincorporated Montezuma County - Any area in Montezuma County outside of a city or town limits of a municipality, except the Ute Mountain Ute Indian Reservation.

Primary Unit - The primary unit is the marked police vehicle initiating the pursuit, or the marked police vehicle that takes the lead position in the event the initiating vehicle relinquishes the lead position.

Montezuma County Sheriff's Office

Policies

Vehicle Pursuits

Agency of Jurisdiction - The police department, town marshal, or sheriff's office that has primary jurisdiction for the location where the pursuit is currently occurring.

Pursuit Intervention Technique (PIT) - A low-speed maneuver intended to terminate the pursuit by causing the violator's vehicle to spin out and come to a stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Tire deflation device, spikes, or tack strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

307.3 DEPUTY RESPONSIBILITIES

It is the policy of this office that a vehicle pursuit shall be conducted using a marked and authorized emergency vehicle that is equipped with a siren and horn, and at least one signal lamp mounted as high as practicable and is capable of displaying a flashing, oscillating, or rotating red light visible from the front (CRS § 42-4-213).

The following policy is established to provide deputies with guidelines for driving with due regard and caution for the safety of all persons using the highway.

307.3.1 WHEN TO INITIATE A PURSUIT

Deputies are authorized to initiate a pursuit in unincorporated Montezuma County, outside of municipalities, when there are reasonable grounds to believe the offender being pursued has committed, attempted to commit, or is about to commit a serious felony (not including vehicular eluding).

Information, which is used to justify a pursuit, must be information that is known to the deputy initiating the pursuit at the time the decision to pursue is made.

- (a) Pursuits in these circumstances are not authorized if the risk to life and property caused by the pursuit outweighs the potential benefit that might result from successful apprehension of the offender.

Deputies and supervisors must consider the type and nature of the felony and ensure that a pursuit is terminated when the suspected crime is a low-level felony and that the suspect will not create a substantial risk to the public if allowed to temporarily avoid apprehension.

Deputies may initiate a pursuit or continue to pursue offenders only on Colorado Highway 160/491 and Colorado Highway 41 within the boundaries of the Ute Mountain Ute Indian Reservation, unless the operator of the vehicle is known or reasonably suspected of being a Native American.

Deputies are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer (CRS § 42-4-107).

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

Montezuma County Sheriff's Office

Policies

Vehicle Pursuits

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists, and others.
- (c) The apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- (f) The pursuing deputy's familiarity with the area of the pursuit, the quality of radio communication between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
- (g) The weather, traffic, and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, and hostages).
- (k) The availability of other resources, such as aircraft assistance.
- (l) sheriff's deputies

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, deputies will immediately terminate the pursuit. Pursuit termination will include the discontinued use and operation of emergency lights and siren, lowering deputy vehicle speed to the lawful limit, and either coming to a complete stop or changing direction of travel as soon as practical.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

Montezuma County Sheriff's Office

Policies

Vehicle Pursuits

In addition to the factors that govern when to initiate a pursuit, other factors should be considered when deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the deputies, or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

307.4 PURSUIT UNITS

Vehicle pursuits should be limited to no more than two sheriff's office vehicles. However, the number of vehicles involved will vary with the circumstances.

A deputy or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the number of suspects. All other deputies shall stay out of the pursuit but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Deputies operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit (CRS § 42-4-213). Deputies in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws. Those deputies should discontinue such support immediately upon arrival of a sufficient number of authorized emergency sheriff's office vehicles or any air support.

307.4.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing deputy will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

Montezuma County Sheriff's Office

Policies

Vehicle Pursuits

The primary unit should notify the Dispatch Center, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable, provide information including, but not limited to:

- (a) The reason for the pursuit.
- (b) The location and direction of travel.
- (c) The speed of the fleeing vehicle.
- (d) The description of the fleeing vehicle and license number, if known.
- (e) The number of occupants.
- (f) The identity or description of the known occupants.
- (g) The weather, road and traffic conditions.
- (h) The identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages, or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the deputy in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

307.4.3 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second deputy in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing deputy is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing deputy once the subject has been stopped.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this office that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this office. The Sheriff must be immediately notified of a vehicle pursuit.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

Montezuma County Sheriff's Office

Policies

Vehicle Pursuits

- (a) Upon becoming aware of a pursuit, immediately notifying involved deputies and the Dispatch Center of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Office guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that aircraft assistance is requested, if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Controlling and managing MCSO units when a pursuit enters another jurisdiction.
- (j) Preparing a post-pursuit critique and analysis of the pursuit for training purposes.

307.5.1 DUTY TO APPREHEND

When a decision is made to terminate a pursuit, deputies are responsible for attempting to identify, locate, and apprehend the suspect through other means.

307.5.2 DEPUTIES NOT INVOLVED IN THE PURSUIT

Deputies who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route, and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those deputies should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the sheriff's office vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a non-emergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle, and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other deputies are assigned to the pursuit.

307.6 COMMUNICATIONS

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this office or such is imminent, involved units should, whenever

Montezuma County Sheriff's Office

Policies

Vehicle Pursuits

available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.6.1 PATROL LIEUTENANT RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Patrol Lieutenant should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Patrol Lieutenant has the responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Patrol Lieutenant shall review all pertinent reports for content and forward them to the Sheriff.

307.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Montezuma County Sheriff's Office deputies will discontinue the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Montezuma County Sheriff's Office is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation. A supervisor should coordinate with the agency managing the termination point to determine the supervisor's need to respond or otherwise assist in the investigation. The supervisor should obtain any information that is necessary for inclusion in any reports from the agency managing the termination point.

The role and responsibilities of deputies at the termination of a pursuit that was initiated by this office shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this office, the other agency should relinquish control.

307.7.2 INVESTIGATION AND JURISDICTION AT TERMINATION

Deputies are responsible for crime scene security and coordination of on-scene investigation of pursuits that terminate in unincorporated Montezuma County or the Town of Dolores.

Montezuma County Sheriff's Office

Policies

Vehicle Pursuits

- (a) In cases where the pursuing officers are from another law enforcement agency with jurisdiction in Montezuma County, such as the Colorado State Patrol or a federal law enforcement agency, the on-duty patrol supervisor consults with officers or supervisors from that agency to determine who will have responsibility for crime scene processing, arrestee processing, filing charges, and any other related investigatory tasks.
- (b) At the discretion of the on-scene supervisor an arrestee may be released to the police agency that initiated the pursuit or to the agency with jurisdiction where the most serious violation occurred.
- (c) If the pursuit is terminated on the authorized Colorado Highways as stated in (307.4.1) of this policy within the boundaries of the Ute Mountain Ute Indian Reservation, and it is determined that the suspect driver or occupants of the suspect vehicle are Native American, the crime scene, on-scene investigation, suspect driver, and occupants will be immediately released to the BIA, Tribal Police, or other federal law enforcement agency. The Montezuma County Sheriff's Office will cooperate and will assist with the investigation if requested.

At the conclusion of a pursuit that had been initiated by a Montezuma County Sheriff's deputy, the on-duty patrol supervisor is responsible for overseeing the coordination of follow-up related to the suspect's arrest and transport to jail, seizure of evidence, disposition of the vehicle, and other investigatory tasks.

- (a) The deputy who initiated the pursuit is responsible for completing the initial crime report.
- (b) All deputies who were involved in the pursuit in any capacity are individually responsible for documenting their actions or observations while involved in the pursuit, or its aftermath, in a supplemental report.

When a vehicular accident occurs as a result of the pursuit, or an occupant of the fleeing vehicle commits any criminal act while the pursuit was occurring, the law enforcement agency with jurisdiction of the location where the incident occurred is responsible for investigating and filing charges related to that incident.

- (a) The supervisor responsible for coordination of the portion of the aftermath of the pursuit has the authority to attempt to have all crimes and incidents investigated by deputies when such action seems the most effective and efficient way to handle the event.

307.8 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved deputies should broadcast pertinent information to assist other deputies in locating the vehicle. The primary pursuing deputy or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.8 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing deputy or supervisor, taking into consideration the distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all certified members will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others.

307.8.2 POLICY REVIEW

Certified members of this office shall certify in writing that they have received, read, and understand this policy initially and upon any amendments.

307.8.3 OTHER CONSIDERATIONS

Assistance to an outside pursuing agency by deputies from this office shall be provided in accordance with any agreements or memorandums of understanding in place that address vehicle pursuit assistance.

307.10 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The primary pursuing deputy shall complete appropriate crime/arrest reports.
- (b) The primary pursuing deputy or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Sheriff or the authorized designee. This log or memorandum should include, at a minimum:
 - 1. Date and time of the pursuit.
 - 2. Initial reason and circumstances surrounding the pursuit.
 - 3. Length of pursuit in distance and time, including the starting and termination points.
 - 4. Involved vehicles and deputies.
 - 5. Alleged offenses.

6. Whether a suspect was apprehended, as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 7. Arrestee information, if applicable.
 8. Any injuries and/or medical treatment.
 9. Any property or equipment damage.
 10. Name of supervisor at the scene or who handled the incident.
 11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (d) After receiving copies of reports, logs, and other pertinent information, the Sheriff shall conduct or assign the completion of a post-pursuit review, as appropriate.
 - (e) Annually, the Sheriff should direct a documented review and analysis of office vehicle pursuits to minimally include policy suitability, policy compliance, and training needs.

Deputy Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

308.1.1 POLICY

It is the policy of the Montezuma County Sheriff's Office to ensure deputies are properly equipped and trained to respond quickly and arrive safely in situations requiring an emergency response in a Sheriff's Office vehicle.

308.1.2 DEFINITIONS

Emergency - A serious situation or occurrence that develops suddenly and unexpectedly and demands immediate attention.

308.2 RESPONSE TO CALLS

Deputies responding to any call shall proceed with due regard for the safety of all persons and property.

Deputies not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

Deputies responding to a call as an emergency response shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (CRS § 42-4-108(3) and CRS § 42-4-213).

Responding with emergency lights and siren does not relieve the a deputy of the duty to drive with due regard for the safety of all persons and property and does not protect the deputy from the consequences of reckless disregard for the safety of others (CRS § 42-4-108(4)).

The use of any other warning equipment without emergency lights and siren does not generally provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Deputies should only respond to a call as an emergency response when so dispatched or when responding to circumstances the deputy reasonably believes involves the potential for immediate danger to persons or property. Examples of such circumstances may include:

- A deputy who requires urgent assistance.
- A burglary in process that appears to involve a threat to any person's safety.
- A robbery in progress.
- A person brandishing a weapon.
- An apparent homicide.
- A suicide in progress.
- A fight, riot, or other large disturbance involving injuries.

Montezuma County Sheriff's Office

Policies

Deputy Response to Calls

- An assault or other violence in progress.
- A domestic dispute where injury is reasonably believed to be imminent, or has just occurred and the suspect is present.
- A kidnapping in progress.
- Other event involving a serious injury or the possibility of injury that may reasonably require immediate medical aid.

308.3 REQUESTING EMERGENCY ASSISTANCE

Deputies may request emergency assistance when they reasonably believe that there is an imminent threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen.

If circumstances permit, the requesting deputy should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Where a situation has stabilized and emergency response is not required, the requesting deputy shall promptly notify the Dispatch Center.

308.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to a call with an emergency response. The Patrol Lieutenant or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

308.4 INITIATING EMERGENCY CALL RESPONSE

If a deputy believes an emergency response to any call is appropriate, the deputy shall immediately notify the Dispatch Center. An emergency response of more than one unit should initiate notification of and coordination by the Dispatch Center to avoid any unanticipated intersecting of response routes.

An emergency response of more than one unit should initiate notification by the Dispatch Center to the Patrol Lieutenant or field supervisor. The Patrol Lieutenant or field supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

308.5 RESPONSIBILITIES OF THE RESPONDING DEPUTY

Deputies shall exercise sound judgment and care with due regard for life and property when responding to a call with an emergency response. During a call involving an emergency response deputies may (CRS § 42-4-108(2)):

- (a) Disregard regulations governing parking or standing when using a warning lamp.

Montezuma County Sheriff's Office

Policies

Deputy Response to Calls

- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- (c) Exceed any speed limits provided this does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

The decision to continue as an emergency response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify the Dispatch Center. A deputy shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency response is appropriate, a deputy shall immediately give the location from which he/she is responding.

The first deputy arriving at an emergency response scene should determine whether to increase or reduce the level of the response and notify the Dispatch Center of their determination. Any subsequent change in the appropriate response level should be communicated to the Dispatch Center by the deputy in charge of the scene unless a supervisor assumes this responsibility.

308.5.1 EMERGENCY RESPONSE SPECIAL CONDITIONS

While performing certain emergency response tasks, the use of emergency lights or sirens may increase the danger to the responding deputies or the public. In the following circumstances, deputies may consider the appropriateness of an emergency response without siren, emergency lights, or both:

- (a) A deputy is attempting to confirm his/her suspicion that a driver has violated the traffic code and there is no other reasonable suspicion or probable cause to stop the driver (CRS § 42-4-108(3)).
- (b) An emergency response requires an element of stealth that would be defeated by the use of emergency lighting or siren. This response should use a siren and emergency lights until a stealth response without lights and siren is required, and the response should then continue accordingly.

Any emergency response without the use of emergency lights and siren shall be conducted with due regard for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

308.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when a deputy requests emergency assistance or when the available information reasonably indicates that the

Montezuma County Sheriff's Office

Policies

Deputy Response to Calls

public is threatened with serious injury or death and an immediate law enforcement response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Patrol Lieutenant or a field supervisor prior to assigning an emergency response. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Immediately notify the Patrol Lieutenant and/or field supervisor.
- (c) Confirm the location from which the unit is responding.
- (d) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communication during the emergency and coordinate assistance under the direction of the Patrol Lieutenant or field supervisor.

308.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Patrol Lieutenant or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Patrol Lieutenant or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the emergency response and continue accordingly.

Montezuma County Sheriff's Office

Policies

Deputy Response to Calls

The deputy shall notify the Patrol Lieutenant, field supervisor, or the Dispatch Center of the equipment failure so that another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Montezuma County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Patrol Lieutenant to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Patrol Lieutenant.

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Division Lieutenant or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
 - 1. Office vehicles assigned to canine handlers may display specific markings that identify them as canine vehicles.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

Montezuma County Sheriff's Office

Policies

Canines

309.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from office units outside of the Patrol Division shall be reviewed by the Patrol Lieutenant.

309.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Patrol Lieutenant and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

309.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any deputy, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing deputy, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Montezuma County Sheriff's Office

Policies

Canines

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Patrol Lieutenant. Absent a change in circumstances that presents an imminent threat to deputies, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other deputies at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine

Montezuma County Sheriff's Office

Policies

Canines

momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current office evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Law enforcement canines are generally exempt from impoundment and reporting requirements (CRS § 18-9-204.5).

309.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to deputies, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Montezuma County Sheriff's Office

Policies

Canines

- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and deputies when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

309.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) A deputy who is currently off probation.

Montezuma County Sheriff's Office

Policies

Canines

- (b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- (c) A garage that can be secured and can accommodate a canine vehicle.
- (d) Living within 30 minutes travel time from the Montezuma County limits.
- (e) Agreeing to be assigned to the position for a minimum of three years.

309.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all office equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Montezuma County Sheriff's Office facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Patrol Lieutenant.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Patrol Lieutenant.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

Montezuma County Sheriff's Office

Policies

Canines

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the memorandum of understanding (29 USC § 207).

309.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Patrol Lieutenant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

309.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all office members in order to familiarize them with how to conduct themselves in the presence of office canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Patrol Lieutenant.

309.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

Montezuma County Sheriff's Office

Policies

Canines

- (a) Canine teams should receive training as defined in the current contract with the Montezuma County Sheriff's Office canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Office.

309.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Montezuma County Sheriff's Office may work with outside trainers with the applicable licenses or permits.

309.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Deputies acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws and comply with applicable state requirements (21 USC § 823(f); CRS § 27-80-209).

The Sheriff or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Montezuma County Sheriff's Office to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this office for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Sheriff or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

309.12.7 EXPLOSIVE TRAINING AIDS

Deputies may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; 7 CCR 1101-9:1-4).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent, and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this office to take enforcement action when appropriate, to provide assistance to victims, and to guide deputies in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Montezuma County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, deputies should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.

Montezuma County Sheriff's Office

Policies

Domestic Violence

- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Division in the event that the injuries later become visible.
- (f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.

Montezuma County Sheriff's Office

Policies

Domestic Violence

- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the deputy should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Deputies should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the office's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters, and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

Montezuma County Sheriff's Office

Policies

Domestic Violence

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

310.8.1 VERIFICATION OF TRIBAL PROTECTION ORDERS

If any party to a domestic dispute is a member of a tribe or consider themselves a Native American person, deputies should ask whether there are any protection orders from a tribal court.

Deputies should take reasonable steps to verify the protection order, including calling the relevant tribe's dispatch line, and not rely solely on National Crime Information Center or other databases.

310.9 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for the following:

310.9.1 STANDARDS FOR ARRESTS

Deputies investigating a domestic violence report should consider the following:

- (a) If a deputy has probable cause to believe an offender has committed an offense of domestic violence, an arrest shall be made (CRS § 18-6-803.6).
- (b) A deputy is not required to arrest both parties involved in an alleged act of domestic violence when both claim to have been victims of such domestic violence (CRS §

Montezuma County Sheriff's Office

Policies

Domestic Violence

18-6-803.6). If a deputy receives complaints of domestic violence from two or more opposing persons, the deputy shall evaluate each complaint separately to determine if a crime has been committed by one or more persons.

- (c) In determining whether a crime has been committed by one or more persons, the deputy shall consider the following (CRS § 18-6-803.6):
 - 1. Any prior complaints of domestic violence.
 - 2. The relative severity of the injuries inflicted on each person.
 - 3. The likelihood of future injury to each person.
 - 4. The possibility that one of the persons acted in self-defense.
- (d) Unless impractical, if probable cause exists to believe an offender has violated a court order and that such offender had notice of the court order, an arrest shall be made (CRS § 18-6-803.5). If the circumstances make arrest impractical, the deputy shall seek a warrant of arrest for the offender (CRS § 18-6-803.5).
- (e) If a restrained person is arrested for violating or attempting to violate any provision of a court order, the arresting deputy shall make all reasonable efforts to contact the protected party to notify him/her of such arrest (CRS § 18-6-803.5).

310.9.2 REPORTS AND RECORDS

The Records Manager will maintain records on the number of domestic violence-related calls reported to the Montezuma County Sheriff's Office and forward such records to the state as required (CRS § 18-6-803.9).

In the event that an individual is arrested by the Montezuma County Sheriff's Office for violating a court order, the Records Manager shall forward to the issuing court a copy of the arrest report, a list of witnesses to the violation, and, if applicable, a list of any charges filed or requested against the restrained person. The Records Manager shall also ensure that a copy of the same information is provided to the protected party. The agency shall delete the address and telephone number of a witness from the list sent to the court upon request of such witness, and such address and telephone number shall not thereafter be made available to any person, except law enforcement officials and the prosecuting agency, without order of the court (CRS § 18-6-803.5).

If a restrained person is on bond in connection with a violation or attempted violation of a protection order in this or any other state and is subsequently arrested by the Montezuma County Sheriff's Office for violating or attempting to violate a protection order, the Records Manager shall notify the prosecuting attorney so that a motion may be filed with the court that issued the prior bond for the revocation of the bond and for the issuance of a warrant, if appropriate (CRS § 18-6-803.5).

310.9.3 SERVICE OF COURT ORDERS

Deputies responding to a domestic violence call who encounter a person named in a court order that has not been otherwise served shall serve the person with a copy of the order (CRS § 13-14-107).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Montezuma County Sheriff's Office personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

A No-Knock Search Warrant may only be issued as authorized by C.R.S. 16-3-303(4) and must be approved by the District Attorney.

The Office will provide relevant and current training to deputies as guidance for the application of current law, local community standards, and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Montezuma County Sheriff's Office

Policies

Search and Seizure

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this office will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations, or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
 1. Another deputy or a supervisor should witness the search.
 2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing, or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented, and that current legal requirements and Office policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Montezuma County Sheriff's Office (34 USC § 11133).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. Juvenile non-offenders include a juvenile taken into protective custody for being under the influence or incapacitated by substances and clearly dangerous to the health and safety of the juvenile under CRS § 27-81-111, and any runaway taken into temporary custody under CRS § 19-3-401. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (CRS § 19-1-103(21); CRS § 19-1-103(88)). Juvenile offenders include juveniles taken into custody for possession of a handgun under CRS § 18-12-108.5 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct visual observation by a member of this office performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

Montezuma County Sheriff's Office

Policies

Temporary Custody of Juveniles

- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The Montezuma County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Montezuma County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit certain behaviors or conditions should not be held at the Montezuma County Sheriff's Office. These include:

- (a) Unconsciousness or having been unconscious while being taken into custody or transported.
- (b) Serious injuries or a medical condition requiring immediate medical attention.
- (c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Civil Commitments Policy).
 - (a) If the deputy taking temporary custody of a juvenile believes that he/she may be a suicide risk, the deputy shall ensure continuous direct supervision until evaluation, release, or transfer to an appropriate facility is completed.
 - (b) Deputies responding to calls of a juvenile who is either a potential danger to him/herself or others, including threat or perceived threat of suicide, shall notify the Department of Social Services, mental health providers, and parent or guardian.
- (d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to his/her health, whether or not the juvenile appears intoxicated.
- (e) Extremely violent or continuously violent behavior.
- (f) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.

Montezuma County Sheriff's Office

Policies

Temporary Custody of Juveniles

Deputies taking temporary custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Montezuma County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional.

312.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Montezuma County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Montezuma County Sheriff's Office without authorization of the arresting deputy's supervisor or the Patrol Lieutenant. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable. In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Montezuma County Sheriff's Office (34 USC § 11133).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Montezuma County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Montezuma County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

312.4.4 REQUIREMENTS FOR CUSTODY OF JUVENILE OFFENDERS

A juvenile offender may be taken into temporary custody (CRS § 19-2.5-209):

- (a) When there are reasonable grounds to believe that the juvenile has committed a violation of a statute, ordinance, or court order that would subject an adult to an arrest.

Montezuma County Sheriff's Office

Policies

Temporary Custody of Juveniles

(b) Pursuant to a lawful warrant issued by a court pursuant to CRS § 19-2.5-204.

A juvenile offender shall not be held longer than is reasonably necessary to obtain basic identification information and to contact the juvenile's parents, guardian, or legal custodian (CRS § 19-2.5-303).

The juvenile shall be released to the care of the juvenile's parents or other responsible adult unless a determination is made in accordance with CRS § 19-2.5-303 that the juvenile poses a substantial risk of flight from prosecution or of serious harm to others.

If the juvenile is not released to the care of the juvenile's parents or other responsible adult, the juvenile shall be taken directly to the court, a detention facility, or shelter designated by the court, or a preadjudication service program without unnecessary delay (CRS § 19-2.5-303).

As an alternative to taking a juvenile offender to a detention facility or shelter, a deputy may, if authorized by policy of the court, serve a written promise to appear for juvenile proceedings upon the juvenile and the juvenile's parent, guardian, or legal custodian (CRS § 19-2.5-303).

When a juvenile is not released pending charges, the deputy shall:

- Notify the screening team for the judicial district in which the juvenile was taken into custody (CRS § 19-2.5-303).
- Promptly provide to the court and to defense counsel the affidavit supporting probable cause for the arrest and a copy of the arrest report if available (CRS § 19-2.5-305).

312.4.5 PETTY OFFENSE TICKETS

Offenders 10 years of age or older who have committed an offense that would be a petty offense or municipal ordinance violation if committed by an adult may be issued a petty offense ticket. The Montezuma County Sheriff's Office shall maintain annual data on the petty offense tickets issued, including the age, ethnicity, and gender of each juvenile ticketed and the disposition of each ticket (CRS § 19-2.5-208).

312.5 ADVISEMENTS

The screening team for the judicial district generally notifies the juvenile's parent, guardian, or legal custodian that, if the juvenile is placed in detention or a temporary holding facility, all parties have a right to a prompt hearing to determine whether the juvenile is to be further detained. The notification may be made to a person with whom the juvenile is residing if a parent, guardian, or legal custodian cannot be located. If the screening team is unable to make the notification, deputies may make it (CRS § 19-2.5-303).

312.5.1 REPORTING

The Records Manager shall ensure incidents that result in a citation, summons, arrest, or custody of a juvenile that occurs on public school grounds or vehicles, or at school activities or events are reported to the Division of Criminal Justice (DCJ) as required by CRS § 22-32-146. The reports shall be in the format provided by DCJ and include:

- (a) The juvenile's full name, date of birth, race, ethnicity, and gender.

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Montezuma County Sheriff's Office.
- (c) Patrol Lieutenant notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
- (e) Any changes in status (e.g., emergency situations, unusual incidents).
- (f) Time of all welfare checks.
- (g) Any medical and other screening requested and completed.
- (h) Circumstances that justify any secure custody.
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Patrol Lieutenant shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Office (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Montezuma County Sheriff's Office shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

- (b) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.

 - 1. The supervisor should ensure that there is an adequate supply of clean blankets.
- (l) Adequate shelter, heat, light, and ventilation are provided without compromising security or enabling escape.
- (m) Adequate furnishings are available, including suitable chairs or benches.
- (n) Juveniles have the right to the same number of telephone calls as an adult in custody (See the Temporary Custody of Adults Policy).
- (o) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

312.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Montezuma County Sheriff's Office when the

Policies

juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Patrol Lieutenant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

312.10 PERSONAL PROPERTY

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

312.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody. Patrol Lieutenant approval is required before placing a juvenile offender in secure custody (CRS § 19-2.5-305).

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to the juvenile or others.

Members of this office should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. A member must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

312.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure to ensure there are no weapons or contraband and that the area is clean and sanitary. An inspection should be conducted when he/she is released. Any damage noted to the area should be photographed and documented.

The following requirements shall apply:

- (a) Anything that could create a security or suicide risk, such as contraband, hazardous items, belts, shoes or shoelaces, and jackets, shall be removed.
- (b) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (c) Juveniles shall have constant auditory access to office members.

Montezuma County Sheriff's Office

- (e) Unscheduled safety checks by office members shall occur no less than every 15 minutes.
 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to his/her well-being.
 - 3. Juveniles who are sleeping or apparently sleeping should be awakened.
 - 4. Requests or concerns of the juvenile should be logged.
- (f) Males and females shall not be placed in the same locked room.
- (g) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (h) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Patrol Division Lieutenant will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Montezuma County Sheriff's Office. The procedures should include the following:

- (a) Immediate request for emergency medical assistance if appropriate.
- (b) Immediate notification of the on-duty supervisor, Patrol Lieutenant, Sheriff, and Detective Division Division Lieutenant.
- (c) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- (d) Notification of the appropriate prosecutor.
- (e) Notification of the County Attorney.
- (f) Notification of the Coroner.
- (g) Notification of the juvenile court.
- (h) Evidence preservation.

312.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

In any case where a juvenile is taken into temporary custody, deputies should not attempt to interview or interrogate an unemancipated juvenile offender or status offender unless one of the following occurs (CRS § 19-2.5-203):

- (a) A public defender or other counsel representing the juvenile is present.
- (b) A parent, guardian, or legal or physical custodian of the juvenile is present and the juvenile and the juvenile's parent, guardian, or legal or physical custodian are advised of the following:

Montezuma County Sheriff's Office

Policies

Temporary Custody of Juveniles

1. The juvenile's right to remain silent
 2. That any statements made may be used against the juvenile in a court of law
 3. The juvenile's right to the presence of an attorney during the interrogation
 4. The juvenile's right to have counsel appointed if the juvenile so requests at the time of the interrogation
- (c) The juvenile and the juvenile's parent, guardian, or legal or physical custodian have been fully advised of the juvenile's right and have expressly waived in writing the requirement that they be present during the juvenile's interrogation.

312.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of a juvenile who is in custody shall be audio and video recorded in accordance with CRS § 16-3-601 when the interview takes place at any Montezuma County Sheriff's Office facility, jail, or other permanent detention facility (CRS § 19-2.5-203).

312.13.2 UNTRUTHFUL COMMUNICATIONS TO JUVENILES

Deputies should not knowingly communicate untruthful information or beliefs to a juvenile during a custodial interrogation in order to obtain a statement or admission (CRS § 19-2.5-203).

312.14 RESTRICTION ON FINGERPRINTING

The following juvenile offenders may be fingerprinted:

 2. A Class 1 misdemeanor
 3. A misdemeanor under CRS § 42-4-1301 (driving under the influence or while impaired)
 4. A crime that includes an act of domestic violence as defined in CRS § 18-6-800.3(1)
- (b) A juvenile who has not been fingerprinted prior to the juvenile's first appearance before the court and has been ordered by the court to report for fingerprinting (CRS § 19-2.5-608)

312.15 VISITATION

Juveniles who are in temporary custody in the facility will be allowed initial visits at any time by the parents, guardians, and/or attorneys. Subsequent visits shall be as unrestrictive as reasonably practicable.

312.16 TRAINING

Office members should be trained on and familiar with this policy and any supplemental procedures.

Adult Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Montezuma County Sheriff's Office members as required by law.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

313.2 POLICY

The Montezuma County Sheriff's Office will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

313.3 MANDATORY NOTIFICATION

Members of the Montezuma County Sheriff's Office should notify the county department of human or social services when the member (CRS § 26-3.1-102):

- (a) Observes the mistreatment or self-neglect of an at-risk adult.
- (b) Has reasonable cause to believe that an at-risk adult has been mistreated or is self-neglecting.
- (c) Has reasonable cause to believe that an at-risk adult is in imminent risk of mistreatment or self-neglect.

Cross reporting to social services is mandatory for at-risk adults who have an intellectual and developmental disability or are seventy years of age or older (CRS § 18-6.5-102; CRS § 18-6.5-108).

For purposes of notification, mistreatment includes abuse, neglect, exploitation, or any act by a person with a relationship to the at-risk adult even when it does not rise to the level of abuse, caretaker neglect, or exploitation but causes harm to the health, safety, or welfare of an at-risk adult (CRS § 26-3.1-101).

Notification is not required for someone who was merely present when a qualified person self-administered a prescribed medical aid-in-dying medication (CRS § 25-48-116).

313.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (CRS § 26-3.1-102; CRS § 18-6.5-108):

- (a) Notification should occur as soon as practicable.
- (b) Written report should be forwarded within 24 hours.

Montezuma County Sheriff's Office

Policies

Adult Abuse

- (c) The report should contain the following, if known:
 - 1. The name, address, and age of the adult victim.
 - 2. The name and address of the adult's caretaker, if any.
 - 3. The nature and extent of any injuries.
 - 4. The nature and extent of the condition that may reasonably result in abuse.

313.4 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (j) Whether a death involved the Colorado End-of-Life Options Act (CRS § 25-48-119):
 - (a) Whether an individual knowingly or intentionally forged or altered a request for medical aid-in-dying medication to end an individual's life without the individual's authorization.
 - (b) Whether an individual knowingly or intentionally concealed or destroyed a rescission of a request for medical aid-in-dying medication.
 - (c) Whether an individual knowingly or intentionally coerced or exerted undue influence on a person with a terminal illness to request medical aid-in-dying medication or to destroy a rescission of a request for such medication.

Montezuma County Sheriff's Office

Policies

Adult Abuse

An ombudsman should be called to the scene if the abuse occurred in a long-term care facility (CRS § 26-11.5-101 et seq.).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.5 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact the county department of human or social services. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to the county department of human or social services.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control or have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.6 INTERVIEWS

313.6.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should audio record the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

313.6.2 DETAINING VICTIMS FOR INTERVIEWS

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:

Montezuma County Sheriff's Office

Policies

Adult Abuse

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.7 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, his/her guardian, or the agency or entity having legal custody of the adult. The deputy should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, or agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.8 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking, or use of narcotics.

313.8.1 SUPERVISOR RESPONSIBILITIES

The Detective Division supervisor should:

- (a) Work with professionals from the appropriate agencies, including the county department of human or social services, other law enforcement agencies, medical service providers, and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Detective Division supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives at the scene.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social, and other conditions that may affect the adult.

313.8.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

Montezuma County Sheriff's Office

Policies

Adult Abuse

- (a) Document the environmental, medical, social, and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Division supervisor so an interagency response can begin.

313.9 STATE MANDATES AND OTHER RELEVANT LAWS

- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

This policy is intended to prevent office members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

314.2 POLICY

The Montezuma County Sheriff's Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Office will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Office will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Office may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS

Definitions related to this policy include:

314.3.1 DISCRIMINATION

The Office prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or office equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to office policy and to a work environment that is free of discrimination.

314.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination,

Montezuma County Sheriff's Office

Policies

Discriminatory Harassment

participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

314.3.3 SEXUAL HARASSMENT

The Office prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Colorado Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with County or office rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.4 RESPONSIBILITIES

This policy applies to all office members. All members shall follow the intent of these guidelines in a manner that reflects office policy, professional standards, and the best interest of the Office and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Sheriff, the Director of Human Services, or the County Administrator.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Montezuma County Sheriff's Office

Policies

Discriminatory Harassment

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Sheriff or the in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing, or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Office and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

314.4.3 RESPONSIBILITIES UPON RECEIPT OF COMPLAINT

Upon receipt or notification of a complaint filed with the Colorado Civil Rights Division, the Sheriff or the authorized designee shall assign the complaint for action. The person assigned the complaint is responsible to ensure completion of the following (CRS § 24-34-301, et seq.):

Montezuma County Sheriff's Office

Policies

Discriminatory Harassment

- (a) Provide a written answer to the complaint within the time required after receiving it.
- (b) Supply and explain all relevant information, data, or papers upon request.
- (c) Respond to all telephone or mail inquiries from the Colorado Civil Rights Division.
- (d) Attend all meetings, hearings, or fact-finding conferences when requested.

314.4.4 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Sheriff, the Director of Human Services, or the County Administrator for further information, direction, or clarification.

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Office that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

314.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but not be limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, the Director of Human Services, or the County Administrator.

Policies

Discriminatory Harassment

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Office. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

314.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Sheriff (CRS § 24-34-408).

The outcome of all reports shall be:

- Approved by the Sheriff or the authorized designee, or the Director of Human Services, depending on the ranks of the involved parties.
- Maintained for a minimum of five years and in accordance with the established records retention schedule (CRS § 24-34-408).

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Office.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

315.2 POLICY

The Montezuma County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure the county department of human or social services is notified as required by law.

315.3 MANDATORY NOTIFICATION

Interfamilial abuse includes acts by a child's parent, stepparent, guardian, legal custodian, or relative, by a spousal equivalent, or by any other person who resides in the child's home or who is regularly in the child's home for the purpose of exercising authority over or care for the child (CRS § 19-1-103).

Montezuma County Sheriff's Office

Policies

Child Abuse

An investigating deputy and the deputy's supervisor shall notify the school district superintendent when there is a reasonable belief that an incident of abuse or neglect has been committed by a person acting in their official capacity as an employee of the school district (CRS § 19-3-308).

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.

Montezuma County Sheriff's Office

Policies

Child Abuse

- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians, and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Unless unavailable, the county department of human or social services shall be the agency responsible for the coordination of all investigations of all reports of known or suspected incidents of interfamilial abuse or neglect (CRS § 19-3-308).

This agency shall have the responsibility for the coordination and investigation of all reports of third-party abuse or neglect alleged to have been committed by persons 10 years of age or older (CRS § 19-3-308).

Montezuma County Sheriff's Office

Policies

Child Abuse

When the investigation involves a suspect who was acting in his/her official capacity as an employee of a school district, the investigating deputy shall coordinate such investigation with any concurrent abuse investigation being conducted by the Department of Education or the school district to the extent that such coordination is possible and deemed appropriate (CRS § 19-3-308).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact the county department of human or social services. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to the county department of human or social services.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (CRS § 19-3-401):

- (a) When a court order has been issued authorizing the removal of a child.
- (b) Without a court order when the child is seriously endangered in his/her surroundings or seriously endangers others and immediate removal appears to be necessary for the child's protection or the protection of others.
 - 1. A child shall be removed from his/her home and placed in protective custody if an emergency exists because the child is seriously endangered, as described above, the safety or well-being of the child is immediately at issue, and there is no other reasonable way to protect the child without removing the child from his/her home.
- (c) Without a court order when an arrest warrant has been issued for the child's parent or guardian on the basis of an alleged violation of CRS § 18-3-304.
- (d) A seriously endangered newborn child (less than 72 hours old) may be detained in a hospital, without a warrant, by a deputy upon the recommendation of the county department of human or social services, a physician, a registered nurse, a licensed practical nurse, or a physician's assistant, while an order of the court pursuant to CRS

Montezuma County Sheriff's Office

Policies

Child Abuse

§ 19-3-405(1) is being pursued. The newborn child must be released if a court order is denied.

315.6.1 COURT ORDERS

Unless already being addressed by the county department of human or social services, a deputy should apply for a court order prior to taking a child into protective custody or as soon as practical thereafter when the deputy (CRS § 19-3-405):

- (a) Believes that the circumstances or conditions of the child are such that continuing in his/her place of residence or in the care and custody of the person responsible for the child's care and custody would present a danger to that child's life or health in the reasonably foreseeable future.
- (b) Believes that the child is able to remain safely in his/her place of residence or in the care and custody of the person responsible for the child's care and custody only if certain emergency protection orders are entered.

315.6.2 RELATED NOTIFICATIONS

If the county department of human or social services is unable to take custody of a child, deputies taking a child into protective custody shall (CRS § 19-3-402):

- (a) Deliver the child, without unnecessary delay, directly to the court or to a place designated by the court.
- (b) At the earliest opportunity, notify the court that the child has been taken into protective custody.
- (c) Promptly file a brief written report with the court and any agency or person so designated by the court stating the facts that led to the child being taken into custody and the reason why the child was not released.

Whenever a child is taken into temporary protective custody, the child's parent, guardian, or legal custodian shall be notified without unnecessary delay (CRS § 19-3-402(1)). The notification shall include information regarding the right to a hearing.

315.6.3 SAFE HAVEN ACT PROVISIONS

A parent is not guilty of child abuse as defined in CRS § 18-6-401 if the parent surrenders his/her newborn infant (72 hours old or younger) to an on-duty firefighter or staff member at a hospital or community clinic emergency center under the safe haven provisions of CRS § 19-3-304.5. A supervisor and the county department of human or social services should be notified without delay.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially

Montezuma County Sheriff's Office

Policies

Child Abuse

trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian, or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking, or use of controlled substances including marijuana.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Division Supervisor should:

- (a) Work with professionals from the appropriate agencies, including the county department of human or social services, other law enforcement agencies, medical service providers, and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Detective Division Supervisor that the deputy has responded to a drug lab or other narcotics

Montezuma County Sheriff's Office

Policies

Child Abuse

crime scene where a child is present or where evidence indicates that a child lives there.

- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social, and other conditions that may affect the child.

315.9.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Division Supervisor so an interagency response can begin.

315.10 STATE MANDATES AND OTHER RELEVANT LAWS

Colorado requires or permits the following:

315.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (CRS § 19-1-307; CRS § 24-72-304).

315.10.2 CHILD FATALITY PREVENTION REVIEW TEAMS

Local review teams are entitled to access all investigative information of law enforcement agencies regarding the death of a child. This office shall cooperate fully with any such team and investigation (CRS § 25-20.5-404; CRS § 25-20.5-408(1)).

316.2 POLICY

The Montezuma County Sheriff's Office does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Montezuma County Sheriff's Office gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

316.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Detective Division supervisor shall ensure the following forms and kits are developed and available:

- Missing person report form
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation
- Missing person school notification form
- Medical records release form
- Biological sample collection kits

316.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay. This can be accomplished by accepting the report via telephone or in person and initiating the investigation. Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction. Members shall accept a missing person report by telephone or by electronic or other media.

Every member receiving a report shall determine if the reported missing person is being sought for reasons of harassment, stalking, retaliation, court testimony, debt collection, or any action of defiance of a protection order, or any other articulable extenuating circumstances that makes accepting the report impractical or unreasonable, the report shall document the circumstance. C.R.S. 16-2.7-102.

316.5 INITIAL INVESTIGATION

Deputies or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

 - 1. If the deputy has probable cause to believe the missing person is at risk of death or serious bodily injury, a supervisor should be notified and should determine whether to order the telecommunication provider to disclose the missing person's location information without a court order.
 - 2. The supervisor shall ensure that a court order is obtained within 48 hours of the initial request for the location information.
- (h) Contact the appropriate agency if the report relates to a missing person report previously made to another agency and that agency is actively investigating the report. When this is not practicable, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

Policies

Media Relations

- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the Public Information Officer or other designated spokesperson.
- (c) No member of this office shall be required to submit to media visits or interviews without the consent of the involved member.
- (d) Media interviews with individuals who are in custody shall not be permitted unless in compliance with Detention Division policy. Exceptions are only permitted with the approval of the Sheriff and the express written consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Office members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a Public Information Officer, Undersheriff, or Sheriff.

323.3.1 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Patrol Lieutenant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

323.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Sheriff will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person, or is otherwise prohibited by law.

323.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Office will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Patrol Lieutenant. This log will consist of data classified as public and should generally contain:

Montezuma County Sheriff's Office

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants and juveniles) involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (b) The date, time, location, case number, name, birth date, and charges for each person arrested by this office, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated media representative, the custodian of records, or if unavailable, to the Patrol Lieutenant. Such requests will be processed in accordance with policy and state law.

323.4.1 STATE RESTRICTED INFORMATION

It shall be the responsibility of the authorized member dealing with media requests to ensure that restricted information is not inappropriately released to the media by this office (see the Records Maintenance and Release and the Personnel Records policies). When in doubt, authorized and available legal counsel should be obtained.

323.5 RELEASE OF INFORMATION

The Office may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents, or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the office website or other electronic data sources.

Subpoenas and Court Appearances

324.1 PURPOSE AND SCOPE

This policy has been established to provide for the acceptance of subpoenas and court notices and to ensure that members appear in court when requested and present a professional appearance.

324.1.1 DEFINITIONS

Definitions related to this policy include:

On call - When a member has appeared in court or is on duty and has been told by a member of the court that the member is free to leave the court or return to duty, subject to being available by telephone or pager.

Standby - When a member receives a subpoena or court notice of a type that allows him/her to not appear in court but to remain available by telephone or pager so that the member may be directed to appear in court within a reasonable amount of time.

Trailing status - When a member remains on standby status for additional court sessions until notified otherwise.

Mandatory appearance - Subpoenas and court notices require a member's physical appearance in the specified court at the specified time unless advised by the notice or issuing attorney otherwise. Failure to appear either intentionally or by negligence may result in disciplinary action.

324.2 COURT SUBPOENAS

Members who receive subpoenas or court notices related to their employment with this office are subject to the provisions of this policy. Members should be aware that their compliance is mandatory on all cases for which they have been properly subpoenaed or properly notified. 324.2.1 COURT STANDBY

To facilitate court standby agreements, members are required to provide and maintain current information on their address and telephone number with the Office. Members are required to notify the Office within 24 hours of any change in residence address or home telephone number, and to provide an accurate and reasonably reliable means or method for contact.

If a member on standby changes location during the day, the member shall notify the subpoena clerk how he/she can be reached by telephone. Members are required to remain on standby each day the case is trailing. In a criminal case, the prosecutor handling the case is the only person authorized to excuse a member from standby status.

324.2.2 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment with the Montezuma County Sheriff's Office shall comply with the requirements of the subpoena. Members

324.3 SUBPOENAS

Only office members authorized to receive a subpoena on behalf of this office or any of its members may do so.

Civil subpoenas should be served by delivering a copy to the named member or as otherwise ordered by a court consistent with due process (CRCP Rule 4; CRCP Rule 45).

Criminal subpoenas should be delivered to the member named in the subpoena unless substituted service is otherwise authorized by local court rules (Crim. P. Rule 17).

Subpoenas should not be accepted without properly posted fees pursuant to applicable law (CRCP Rule 45; Crim. P. Rule 17).

324.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify, or provides information on behalf of or at the request of any party other than the Sheriff or the prosecutor shall notify his/her immediate supervisor without delay regarding:

- (a) Any civil case where the County or one of its members, as a result of his/her official capacity, is a party.

The supervisor will then notify the Sheriff and the appropriate prosecuting attorney as may be indicated by the case. The Sheriff should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

324.3.2 CIVIL SUBPOENA

The Office will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding.

Montezuma County Sheriff's Office

324.5 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Office.

If a member on standby changes his/her location during the day, the member shall notify the designated office member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

324.5.1 COURTROOM ATTIRE

Members shall dress in uniform or business attire. The long sleeve uniform will require the uniform tie. Suitable business attire for men would consist of a coat, tie, and dress pants. Suitable business attire for women would consist of a dress jacket, dress blouse, and skirt or slacks.

When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current memorandum of understanding.

Reserve and Non-Certified Deputies

325.1 PURPOSE AND SCOPE

The Montezuma County Sheriff's Office Reserve Unit was established to supplement and assist regular certified sheriff's deputies in their duties. This unit provides volunteer professional and special function reserve deputies who can augment regular staffing levels (CRS § 16-2.5-110).

325.2 SELECTION AND APPOINTMENT OF SHERIFF'S RESERVE DEPUTIES

The Montezuma County Sheriff's Office shall endeavor to recruit and appoint only those applicants who meet the high ethical, moral, and professional standards set forth by this office.

Reserve deputies who hold certification by the Colorado Peace Officer Standards and Training (POST) Board are considered peace officers while engaged in the performance of their duties under CRS § 16-2.5-110(1)(b).

325.2.1 PROCEDURE

All applicants shall be required to meet and pass the same pre-employment procedures as certified sheriff's deputies before appointment.

Before appointment as a reserve deputy, an applicant must have completed a state-approved basic academy or a reserve academy within the previous two years.

Approved applicants who are not Colorado POST-Certified peace officers (16-2.5-102) may be appointed as Non-Certified Deputy Sheriff (16-2.5-103) to and include detention officers, Sheriff's Posse members, and Search and Rescue members.

325.2.2 APPOINTMENT

Applicants who are selected for appointment as a reserve deputy shall, on the recommendation of the Sheriff, be sworn in and take the Oath of Office as required for the position. Members of the Reserve Unit serve at the appointing authority's discretion.

A reserve deputy may not perform any law enforcement function without obtaining a POST Reserve Certificate or Peace Officer Certificate (CRS § 16-2.5-110(1)(b)).

Reserve deputies may act only in a supplementary capacity to the regular force and shall be under the direct supervision of a fully certified peace officer (CRS § 16-2.5-110(1)(b)).

325.2.3 COMPENSATION FOR SHERIFF'S RESERVE DEPUTIES

A reserve deputy shall serve without compensation but may be reimbursed at the discretion of the County for (CRS § 16-2.5-110(5)):

The County shall pay the cost of workers' compensation benefits for injuries incurred by a reserve deputy while on duty and while acting within the scope of his/her assigned duties.

Policies

Reserve and Non-Certified Deputies

325.2.4 MEMBERS WORKING AS RESERVE DEPUTIES

Qualified members of this office, when authorized, may also serve as reserve deputies. However, the Office shall not utilize the services of a reserve in such a way that it would violate employment laws or labor agreements (e.g., a detention deputy working as a reserve deputy for reduced or no pay). Therefore, the Reserve Coordinator should consult with the Human Resources Department prior to a member serving in a reserve capacity (29 CFR 553.30).

325.3 DUTIES OF RESERVE DEPUTIES

Reserve deputies assist regular deputies in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve deputies will usually be to augment the Patrol Division. Reserve deputies may be assigned to other areas within the Office as needed. Reserve deputies are required to work a minimum of 10 hours per month.

325.3.1 POLICY COMPLIANCE

Sheriff's reserve deputies, non-certified deputies, and volunteers shall be required to adhere to all Office policies and procedures. A copy of the policies and procedures will be made available to each reserve deputy upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in the Policy Manual refers to a certified full-time deputy, it shall also apply to a certified reserve deputy, all Non-Certified Deputy Sheriff including Sheriff Posse members and Search and Rescue members, unless by its nature it is inapplicable.

325.3.2 RESERVE DEPUTY ASSIGNMENTS

All reserve deputies will be assigned to duties by the Reserve Coordinator or the authorized designee.

325.3.3 RESERVE COORDINATOR

The Sheriff shall delegate the responsibility for administering the Reserve Deputy Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

- (a) Assigning reserve personnel.
- (b) Conducting reserve meetings.
- (c) Establishing and maintaining a reserve call-out roster.
- (d) Maintaining and ensuring performance evaluations are completed.
- (e) Monitoring individual reserve deputy performance.
- (f) Monitoring the overall Reserve Program.
- (g) Maintaining liaison with other agency Reserve Coordinators.

Reserve and Non-Certified Deputies

325.4 FIELD TRAINING

All certified reserve deputies shall complete the same office-specified field training program as regular deputies as described in the Field Training Officer Policy.

At the completion of field training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve deputy's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve deputy has satisfactorily completed his/her formal training. If the reserve deputy has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

When a reserve deputy has satisfactorily completed field training, he/she will no longer be required to ride with a reserve training officer. The reserve deputy may now be assigned to ride with any deputy.

325.5 SUPERVISION

Reserve deputies, including Sheriff Posse members, perform some of the duties of a peace officer and shall be under the immediate supervision of a certified peace officer (CRS § 16-2.5-110(1)(b)).

325.5.1 RESERVE DEPUTY MEETINGS

All reserve deputy meetings will be scheduled and conducted by the Reserve Coordinator. All reserve deputies are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

325.5.2 IDENTIFICATION OF DEPUTIES

All certified reserve deputies will be issued a uniform badge and a Office identification card. The uniform badge shall be the same as that worn by a regular full-time deputy. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

325.5.3 UNIFORM

Reserve deputies shall conform to all uniform regulation and appearance standards of this office.

325.5.4 INVESTIGATIONS AND COMPLAINTS

If a reserve deputy or any non-certified Deputy Sheriff has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Patrol Division Lieutenant in compliance with the Personnel Complaint Procedure Policy.

Reserve deputies and non-certified Deputy Sheriff are considered at-will members. Any disciplinary action that may have to be administered to a reserve deputy, and non-certified Deputy Sheriff shall be accomplished as outlined in the Policy Manual with the exception that the right to hearing is limited to the opportunity to clear his/her name.

Montezuma County Sheriff's Office

Policies

Reserve and Non-Certified Deputies

325.5.5 RESERVE DEPUTY EVALUATIONS

While in training, reserve deputies will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until training has been completed. Reserve deputies having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve deputy.

325.6 FIREARMS REQUIREMENTS

An appointment to the reserve force must be approved by the Sheriff before the person appointed may carry a weapon or otherwise act as a peace officer.

All certified reserve deputies and Sheriff Posse members appointed as non-certified deputy sheriff, including non-certified detention deputies, are required to obtain and complete the same firearms training and qualifications requirements as full-time certified deputies before authorization to carry an approved weapon.

325.6.1 CONCEALED FIREARMS PROHIBITED

No reserve deputy will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve deputies who possess a valid concealed firearm permit.

An instance may arise where a reserve deputy is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve deputy may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve deputy who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to Office standards. The weapon must be registered by the reserve deputy and be inspected and certified as fit for service by a Office Certified Firearms Instructor.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve deputy shall have demonstrated his/her proficiency with said weapon.

When a reserve deputy has satisfactorily completed training, he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Sheriff with input from the Reserve Coordinator and administrative staff.

In issuing a concealed weapon permit, a reserve deputy's qualification will be individually judged. A reserve deputy's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve deputy remains in good standing with the Montezuma Reserve Deputy Program.

325.6.2 RESERVE DEPUTY FIREARM TRAINING

All certified reserve deputies, and Sheriff Posse members appointed as non-certified deputy sheriff, including non-certified detention deputies, are required to maintain proficiency with

Montezuma County Sheriff's Office

Policies

Reserve and Non-Certified Deputies

firearms used in the course of their assignments. Reserve deputies, including Sheriff Posse members appointed as non-certified deputy sheriff and non-certified detention deputies, who carry a firearm while on duty shall comply with all areas of the firearms training section of the Policy Manual and shall be certified for firearms proficiency with the same frequency and subject to the same requirements as a regular certified deputy (CRS § 16-2.5-110(2)).

Firearms training will be conducted by a POST-Certified Firearms Instructor. Failure to qualify will immediately prohibit the carrying of a weapon while in performance of assigned or authorized Montezuma County Sheriff Office duties.

All firearms training and qualifications records will be maintained by the office Training Coordinator.

325.7 EMERGENCY CALLOUT FOR RESERVE PERSONNEL

The Reserve Coordinator shall develop a plan outlining an emergency callout procedure for reserve personnel.

Mutual Aid and Outside Agency Assistance

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to deputies in the request of or answering the request for assistance from another law enforcement agency.

It is the policy of this office to provide assistance whenever reasonably possible. Assistance shall be consistent with the applicable laws and policies of this office when another law enforcement agency requests assistance with an arrest or detention of any person. This office may also request an outside agency to provide assistance (CRS § 29-5-104).

The Office may at the discretion of the Sheriff establish an agreement for reciprocal law enforcement with another agency, including those of neighboring states, provided those agreements meet statutory requirements pursuant to CRS § 29-1-206. An agreement may include:

- (a) Assisting other peace officers in the line of their duties and within the course of their employment.
- (b) Exchanging Office peace officers with peace officers of another agency on a temporary basis.

326.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this office.

326.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Patrol Lieutenant's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this office, the Patrol Lieutenant may authorize, if available, an appropriate number of personnel to assist (CRS § 29-5-104). Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this office.

Deputies may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this office until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this office will not ordinarily be booked at this office. Only in exceptional circumstances, and subject to supervisor approval, will this office provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

326.3.1 RECIPROCAL LAW ENFORCEMENT AGREEMENT

The Office may, at the discretion of the Sheriff, establish an agreement for reciprocal law enforcement with another agency, including those of neighboring states, provided those agreements meet statutory requirements pursuant to CRS § 29-1-206 and CRS § 29-1-203.

326.3.2 TERMS OF AGREEMENT

Any reciprocal law enforcement agreement with another agency should include:

- (a) An estimate of the types, amounts, and general location of aid and resources available from each involved agency.
- (b) Information on which agency will respond to calls for service by type of event.
- (c) A plan for interagency communication to ensure prompt and appropriate response.
- (d) A strategy for providing backup support between jurisdictions.
- (e) Clear reporting and documentation requirements.
- (f) Guidelines concerning jurisdiction of prosecutors and courts.

326.3.3 INITIATED ACTIVITY

Any on-duty deputy who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Montezuma County Sheriff's Office shall notify his/her supervisor or the Patrol Lieutenant and the Dispatch Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

326.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor (CRS § 29-5-104). The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

326.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Patrol Lieutenant.

326.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administrative Services Supervisor or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.

Montezuma County Sheriff's Office

Policies

- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Dispatch Center and the Patrol Lieutenant to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Manager should maintain documentation that the appropriate members have received the required training.

Registered Offender Information

327.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Montezuma County Sheriff's Office will address issues associated with certain offenders who are residing in the jurisdiction and how the Office will disseminate information and respond to public inquiries for information about registered sex offenders.

327.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

327.3 REGISTRATION

The Records Section shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, a deputy assigned should conduct the registration in order to best evaluate any threat the person may pose to the community. Members assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the deputy shall ensure that the registration information is provided to the Colorado Bureau of Investigation (CBI) (CRS § 16-22-109; CRS § 16-22-110; CRS § 16-13-903), via the Records Section.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

327.3.1 CONTENTS OF REGISTRATION

The registrant shall be required to complete the registration form provided by CBI.

Registration by a person who lacks a fixed residence shall be accepted unless it includes a location that would violate state law or local ordinance. The registrant shall be advised of any such violation and allowed five days to secure an alternate location (CRS § 16-22-108).

327.3.2 WAIVERS OF IN-PERSON RE-REGISTRATION

The Detective Division supervisor or Records Section Manager should (CRS § 16-22-108):

- (a) Establish procedures for determining whether a registrant is eligible for a waiver under CRS § 16-22-108.
- (b) Submit verification forms to CBI and other applicable law enforcement agencies.
- (c) Review existing waivers to confirm registrants still meet eligibility requirements for the waiver.
- (d) Notify victims, upon request by the victim, that a waiver has been authorized.

Policies

327.3.3 AUTOMATIC TERMINATION OF REGISTRATION

The Detective Division supervisor or the authorized designee shall notify a registrant whose duty to register has automatically terminated under CRS § 16-22-103 of the termination upon attempt to register. The Detective Division supervisor shall remove the registrant from the registry and notify CBI of the termination (CRS § 16-22-108).

327.4 MONITORING OF REGISTERED OFFENDERS

The Records Section should establish a system to periodically, and at least once quarterly, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the state website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the Records Section.

The Records Section should also establish a procedure to routinely disseminate information regarding registered offenders to Montezuma County Sheriff's Office personnel, including timely updates regarding new or relocated registrants.

327.4.1 MANDATORY CONFIRMATION

Following a registrant's first registration with the Office, the residence verification referenced above shall occur as soon as possible after the registration and annually thereafter. Residence confirmation shall occur quarterly if the registrant is a sexually violent predator (CRS § 16-22-109).

327.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisors. The supervisor should evaluate the request and forward the information to the Sheriff or the authorized designee if warranted. A determination will be made by the Sheriff or the authorized designee, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided with CBI's Convicted Sex Offender Registry website or the Montezuma County Sheriff's Office's website.

The Records Manager shall release local registered offender information to residents in accordance with state law (CRS § 16-22-112; CRS § 24-72-301 et seq.) and in compliance with a Colorado Criminal Justice Records Act request.

327.5.1 RELEASE NOTIFICATIONS

Sex registrant information that is released shall include the written statement: "The Colorado sex offender registry includes only those persons who have been required by law to register and who

Policies

are in compliance with the sex offender registration laws. Persons should not rely solely on the sex offender registry as a safeguard against perpetrators of sexual assault in their communities. The crime for which a person is convicted may not accurately reflect the level of risk.” (CRS § 16-22-112(5)).

327.5.2 MANDATORY DISSEMINATION

The Office shall release local sex offender information to residents in accordance with Colorado law and the rules set forth by CBI. Information released shall include, at a minimum, the name, address or addresses, and aliases of the registrant; the registrant's date of birth; a photograph of the registrant, if requested and readily available; and the offense that led to the registration requirement and the date of the offense (CRS § 16-22-110; CRS § 16-22-112). Information concerning victims shall not be released.

The Office will also make the mandated community notifications regarding sexually violent predators. These community notifications shall only occur under the circumstances and in the manner specified by the Colorado Department of Public Safety's Sex Offender Management Board (SOMB) (CRS § 16-13-904; CRS § 16-13-905; CRS § 16-13-906).

327.5.3 DISCRETIONARY DISSEMINATION

The Office may also provide local sex offender information to any other person the Office determines warrants notification as permitted by law. If the Office elects not to release registrant information to a non-resident, the Office may submit a request from the non-resident to CBI (CRS § 16-22-112).

327.5.4 INFORMATION AVAILABLE VIA THE INTERNET

The Office may post the following registered offender information on its website only if the person is adjudicated or convicted of the offenses in CRS § 16-22-112:

- (a) Offender information, including the offender's name or aliases, photograph, sex, height, weight, name, address, and offenses committed, as allowed by law.
- (b) Educational information concerning protection from sex offenders that has been developed in conjunction with the Sex Offender Management Board and a sexual assault victims' advocacy group, or a link to educational information included on the CBI website.
- (c) A link to the national sex offender website.
- (d) A link to the Colorado sex offender website.
- (e) A link to other law enforcement agencies.

327.5.5 PURGE OF LOCAL SEX OFFENDER REGISTRY

When a court order discontinuing a registrant's duty to register is received by the Office, the Detective Division supervisor or the Records Section Manager shall ensure that the registrant's registration information is removed from the office local sex offender registry (CRS § 16-22-113).

Registered Offender Information

327.6 NOTIFICATION PRIOR TO RELEASE OR DISCHARGE

Notification of a registrant's release on parole will be made by the sentencing court, the probation department, community corrections, the county jail, or the Department of Corrections (CRS § 16-22-106; CRS § 16-22-107).

Prior to registrants being discharged from the Department of Corrections, this office shall verify that (CRS § 16-22-107(4)(a)):

- (b) The occupants or owners of the residence know of the person's history of unlawful sexual behavior.
- (c) The occupants or owners of the residence have agreed to allow the person to reside at the address.
- (d) If the registrant is being released on parole, the address complies with any conditions of the parole.

If any of the information required for verification is not true, the Office shall notify the Department of Corrections that the person provided false information concerning the address at which he/she intends to reside (CRS § 16-22-107(4)(b)).

327.6.1 CONFIDENTIAL INFORMATION

The forms completed by persons required to register pursuant to Colorado law shall be confidential and shall not be open to inspection by the public or any person other than law enforcement personnel except as provided by law (CRS § 16-22-109(4)).

328.2 POLICY

The Montezuma County Sheriff's Office recognizes that certain incidents should be brought to the attention of the Sheriff, Undersheriff, and/or other specified personnel of this office to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

Major Incident Notification

328.4 MEMBER RESPONSIBILITIES

Members are responsible for making the appropriate notification. The notifications are to be made via phone or radio communication through the chain of command, or senior deputy in the absence of a supervisor. Members shall make reasonable attempts to obtain as much information on the incident as possible before notification, and shall make the notification as soon as practicable. Notification should be made by using the call notification protocol posted in the Dispatch Center.

This notification does not supersede or circumvent notifications or contacts with on-duty or on-call supervisors in day-to-day operations, or alteration of Sheriff's Office policy, just in addition.

328.4.1 PUBLIC INFORMATION OFFICER (PIO)

After members of the staff have been notified, the Public Information Officer shall be called if it appears the media may have a significant interest in the incident.

Death Investigation

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

Death investigations shall be conducted pursuant to CRS § 30-10-606.

329.2 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases, unless the death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Detective Division Division Commander as necessary. The Patrol Lieutenant will make notification to command staff in accordance with the Major Incident Notification Policy.

329.2.1 CORONER REQUEST

Deputies are not authorized to pronounce death unless they are also Coroners, Deputy Coroners, or appointed Coroner investigators. The Coroner shall be called as soon as practicable after the scene is safe and secure in all deaths. Investigating deputies shall investigate and work in cooperation with the Coroner involving any of the following circumstances (CRS § 30-10-606(1)):

- (a) The death is, or may be, unnatural as a result of external influences, injury, or violence, including:
 - 1. A death that is due to the influence of, or is the result of, intoxication by alcohol, drugs, or poison.
 - 2. A death that is the result of an accident, including an accident at the workplace.
 - 3. A death that involves the unexpected or unexplained death of an infant or child.
- (b) There is no physician in attendance, or the physician is at the scene but is unable to certify the cause of death.
- (c) The death occurs within 24 hours of admission to a hospital.
- (d) The death is the result of a criminal abortion, including any situation where such abortion may have been self-induced.
- (e) The death is the result of a disease that may be hazardous or contagious or may constitute a threat to the health of the public.
- (f) The death results from the action of a peace officer, or while the person was in the custody of law enforcement officials or incarcerated in a public institution.
- (g) The death was sudden, and happened to a person who was in apparent good health.

Montezuma County Sheriff's Office

Policies

Death Investigation

- (h) The body is unidentifiable, decomposed, charred, or skeletonized.
- (i) The death occurs under circumstances that the Coroner determines may warrant further inquiry in order to determine the cause and manner of death, or that requires further law enforcement investigation.

In cases involving any of the above-mentioned circumstances, the body of the deceased shall not be removed from the place of death prior to the arrival of the Coroner. This restriction shall not apply if the Coroner grants permission for removal or removal is necessary to identify the victim, protect property from damage, preserve evidence, or protect life, health, or safety.

When the Coroner arrives at the scene, law enforcement personnel shall make all reasonable accommodations to allow the Coroner to collect time-sensitive information.

If a suicide note is found at the place of death, investigating deputies or the Coroner shall take custody of the note based on a prior agreement. If there is no prior agreement, investigating deputies have the authority to take custody of the suicide note and shall provide a copy to the Coroner.

329.2.2 SEARCHING DEAD BODIES

- (a) The Coroner or their assistant and authorized investigators are generally the only persons permitted to move, handle, or search a body.
- (b) A deputy may make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for the purpose of identification or for information identifying the individual as an anatomical donor. If a donor document is located, the Coroner or their assistant shall be promptly notified.
- (c) The Coroner, with the permission of the Office, may take property, objects, or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death.
- (d) Should exigent circumstances indicate to a deputy that any other search of a known dead body is warranted prior to the arrival of the Coroner or their assistant, the investigating deputy should first obtain verbal consent from the Coroner or their assistant when practicable.
- (e) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the deputy pending the arrival of the Coroner or their assistant. The name and address of this person shall be included in the narrative of the death report.
- (f) Whenever personal effects are removed from the body of the deceased by the Coroner or their assistant, a receipt shall be obtained. This receipt shall be attached to the death report.

329.2.3 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Coroner, notification to the next-of-kin of the deceased person shall be made, in person, by the deputy assigned to the incident. If the

Montezuma County Sheriff's Office

Policies

Death Investigation

next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned officers/deputies may need to talk to the next-of-kin.

If a deceased person has been identified as a missing person, this office shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

329.2.4 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

329.2.5 SUSPECTED HOMICIDE

If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the deputy shall take steps to protect the scene. The Detective Division shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Patrol Lieutenant or Detective Division supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of their supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

329.2.6 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this office who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified of all pertinent information.

329.3 POLICY

It is the policy of the Montezuma County Sheriff's Office to respond, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted, and properly documented.

329.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling deputy will request from the Coroner a unique identifying number for the body. The number shall be included in any report.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) To maintain uniformity in reporting, deputies shall initiate a report for victims residing within the jurisdiction of this office when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:
 - 1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides (CRS § 16-5-103(4)).
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, deputies of this office should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services, or receipt of goods were acquired or occurred in this jurisdiction).
- (c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service, and Department of Motor Vehicles) with all known report numbers.
- (e) The reporting deputy should inform victims of identity theft that an Order of Factual Innocence is available to help those who are wrongly linked to crimes (CRS § 16-5-103(2)(b)). A court may order identifying information contained in criminal justice records to show that the information is not accurate and does not reflect the perpetrator's identity because of identity theft. Information can be obtained by contacting the Department of Revenue.
- (f) Following supervisory review and Office processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies, and prosecution as circumstances dictate.

330.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access additional information on the official Colorado state government website.

330.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption

Montezuma County Sheriff's Office

Policies

Identity Theft

Deterrence Act. The victim can contact the FTC online at <http://www.ftc.gov/bcp/menus/consumer/data/idt.shtm> or by telephone at 877-ID Theft (877-438-4338). Additional information may be found at the U.S. Department of Justice website, <http://www.usdoj.gov>, or the FBI at <http://denver.fbi.gov>.

Private Persons' Arrests

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for handling private persons' arrests and detentions made pursuant to CRS § 16-3-201, CRS § 16-3-202(2), and CRS § 16-19-115.

331.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Deputies should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

331.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances (CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115):

- (a) For any crime that has been or is being committed or attempted in his/her presence.
- (b) When directed by any peace officer to assist a peace officer.
- (c) When there is reasonable information that the accused has been charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year.
 - 1. The accused shall be taken before a judge without unnecessary delay and a complaint must be made against the accused under oath by the private person making the arrest.

331.4 DEPUTY RESPONSIBILITIES

Any deputy presented with a private person who has made a private person's arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any deputy determine that there is no reasonable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest, and protect the public safety.
 - 1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The deputy must include the basis of such a determination in a related report.

Montezuma County Sheriff's Office

Policies

Private Persons' Arrests

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever a deputy determines that there is reasonable cause to believe that a private person's arrest is lawful, the deputy may exercise any of the following options:
 1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

331.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a Private Person's Arrest Form. If the person fails or refuses to do so, the arrested subject shall be released unless the deputy has an independent reason to take the person into custody.

In addition to the Private Person's Arrest Form (and any other related documents, such as citations and booking forms), deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

332.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Office to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak, or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Montezuma County Sheriff's Office, designated by the Office, who has the ability to communicate fluently, directly, and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

332.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs, and activities, while not imposing undue burdens on its members.

The Office will not discriminate against or deny any individual access to services, rights, or programs based upon national origin or any other protected interest or right.

332.3 LEP COORDINATOR

The Sheriff shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Lieutenant or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Montezuma County Sheriff's Office

Policies

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Montezuma County Sheriff's Office's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Patrol Lieutenant and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Office to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Office in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding office LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to office services, programs, and activities.

332.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by office members, or who may benefit from programs or services within the jurisdiction of the Office or a particular geographic area.

Montezuma County Sheriff's Office

Policies

Limited English Proficiency Services

- (b) The frequency with which LEP individuals are likely to come in contact with office members, programs, or services.
- (c) The nature and importance of the contact, program, information, or service provided.
- (d) The cost of providing LEP assistance and the resources available.

332.5 TYPES OF LEP ASSISTANCE AVAILABLE

Montezuma County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Office will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Office will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept office-provided LEP services at no cost or they may choose to provide their own.

Office-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

332.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

332.7 AUDIO RECORDINGS

The Office may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

332.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established office procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence, or conveying rights or responsibilities.

When a qualified bilingual member from this office is not available, personnel from other County departments, who have been identified by the Office as having the requisite skills and competence, may be requested.

Montezuma County Sheriff's Office

Policies

Limited English Proficiency Services

332.9 AUTHORIZED INTERPRETERS

Any person designated by the Office to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the office case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this office and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

332.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Office may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- (a) Qualified bilingual members of this office or personnel from other County departments.
- (b) Individuals employed exclusively to perform interpretation services.
- (c) Contracted in-person interpreters, such as state or federal court interpreters, among others.
- (d) Interpreters from other agencies who have been qualified as interpreters by this office, and with whom the Office has a resource-sharing or other arrangement that they will interpret according to office guidelines.

332.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Office to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the

Montezuma County Sheriff's Office

Policies

Limited English Proficiency Services

relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

332.10 CONTACT AND REPORTING

While all law enforcement contacts, services, and individual rights are important, this office will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this office is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Office or some other identified source.

332.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Montezuma County Sheriff's Office will take reasonable steps and will work with the Human Resources Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

332.11.1 EMERGENCY CALLS TO 9-1-1

Office members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Dispatch Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual, and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

Montezuma County Sheriff's Office

Policies

Limited English Proficiency Services

332.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control, and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

If available, deputies should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

332.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses, and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized office member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors, or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

332.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

Montezuma County Sheriff's Office

Policies

Limited English Proficiency Services

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

332.16 COMPLAINTS

The Office shall ensure that LEP individuals who wish to file a complaint regarding members of this office are able to do so. The Office may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this office.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

332.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses, and neighborhoods to provide equal access to such programs and services.

332.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Office will provide periodic training on this policy and related procedures, including how to access office-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

332.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency

Montezuma County Sheriff's Office

Policies

Limited English Proficiency Services

in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

333.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

333.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids -These are used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); use of taped text; use of qualified readers; or use of a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102). This includes a person who has a functional hearing loss of sufficient severity to prevent aural comprehension, even with the assistance of hearing aids (CRS § 13-90-202).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters, and intermediary interpreters. Qualified interpreters should have a valid certification of competency accepted by the Commission for the Deaf and Hard of Hearing (CRS § 13-90-202(8)).

333.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects, and arrestees have equal access to law enforcement services, programs, and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Office will not discriminate against or deny any individual access to services, rights, or programs based upon disabilities.

333.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Division Lieutenant or the authorized designee.

The responsibilities of the ADA Coordinator shall include but not be limited to:

Montezuma County Sheriff's Office

Policies

Communications with Persons with Disabilities

- (a) Working with the County ADA coordinator regarding the Montezuma County Sheriff's Office's efforts to ensure equal access to services, programs, and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to office services, programs, and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Patrol Lieutenant and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to office services, programs, and activities.

333.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs, and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

333.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Montezuma County Sheriff's Office

Policies

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length, and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing, or has impaired speech must be handcuffed while in the custody of the Montezuma County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

333.6 TYPES OF ASSISTANCE AVAILABLE

Montezuma County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Office will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Office will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept office-provided auxiliary aids or services or they may choose to provide their own.

Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

333.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Office may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members

Montezuma County Sheriff's Office

Policies

Communications with Persons with Disabilities

may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

333.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect, or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use office-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

333.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing, or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Office will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

333.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Office to provide interpreter services.

Montezuma County Sheriff's Office

Policies

Communications with Persons with Disabilities

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

333.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

333.12 REPORTING

Whenever any member of this office is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Office or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

333.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control, and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this office. Members and/or supervisors must assess each situation and consider the length, complexity, and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Montezuma County Sheriff's Office

Policies

Communications with Persons with Disabilities

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information, and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

333.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speech-read by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

333.13.2 QUALIFIED INTERPRETER OR AUXILIARY SERVICE REQUIRED FOR VICTIMS AND WITNESSES

A deputy shall make arrangements to provide a qualified interpreter or auxiliary service to assist in an interview or questioning of a victim or witness who is deaf or hard of hearing, or deaf-blind and uses sign language for effective communication (CRS § 13-90-204(1)(f)).

333.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing, deaf-blind, or have speech impairment are protected during a custodial interrogation, this office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf, hard of hearing, or deaf-blind by a qualified interpreter or by providing a written *Miranda* warning card (CRS § 13-90-204(1)(d)).

Montezuma County Sheriff's Office

Policies

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.14.1 WAIVER

Any waiver to a qualified interpreter or auxiliary service shall be in writing. The person may have access to counsel for advice and shall have actual, full knowledge of the right to effective communication (CRS § 13-90-208).

If there is no waiver, *Miranda* warnings shall be given by the interpreter prior to any attempt to interrogate or take a statement from the person (CRS § 13-90-204(1)(d)).

333.15 ARRESTS AND BOOKING

If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use office-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

333.16 COMPLAINTS

The Office shall ensure that individuals with disabilities who wish to file a complaint regarding members of this office are able to do so. The Office may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the office ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Office.

333.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses, and neighborhoods to provide equal access to such programs and services.

Montezuma County Sheriff's Office

Policies

Communications with Persons with Disabilities

333.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Office will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms, and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

333.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing, or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations, and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Dispatch Center members who may have contact with individuals from the public who are deaf, hard of hearing, or have impaired speech. Refresher training should occur every six months.

Naloxone Administration Program

334.1 PURPOSE AND SCOPE

The purpose of this policy is to establish written guidelines and procedures governing the utilization of Naloxone by members of the Montezuma County Sheriff's Office.

334.2 DEFINITIONS

Opioid- An opioid is a medication or drug that is derived from the opium poppy or that mimics the effect of an opiate (a synthetic opiate). Opioid drugs are narcotic sedatives that depress activity of the central nervous system, reduce pain, and induce sleep. Law enforcement officers often encounter opioids in the form of morphine, methadone, codeine, heroin, fentanyl, oxycodone (OxyContin®, Percocet®, and Percodan®), and hydrocodone (Vicodin®). **Naloxone:** Naloxone (also known as Narcan) is an opioid antagonist that can be used to counter the effects of opioid overdose. Specifically, it can displace opioids from the receptors in the brain that control the central nervous system

Naloxone- Naloxone (Narcan) is an opioid antagonist, which means it displaces the opioid from receptors in the brain and can therefore reverse an opioid overdose. It is not a scheduled drug, and it has no euphoric properties and minimal side effects. If it is administered to a person who is not suffering an opioid overdose, it will do no harm. Naloxone has been available as an injectable since the 1960s, but was recently developed as a nasal spray with a shelf life of 1-1/2 to 2 years.

334.3 POLICY

Naloxone will be issued to all uniformed Patrol Division members as part of their issued equipment to be worn on their person, and all unmarked Detective Division vehicles, for the treatment of opiate overdose victims. Other enforcement personnel may also be issued Naloxone if requested and available. The objective is to reduce injuries and fatalities due to opioid-involved overdoses. On-duty deputies should be dispatched to any call that relates to a drug overdose. The goal of the responding deputy will be to provide immediate assistance via the use of Naloxone where appropriate, to provide any treatment commensurate with their training as first responders, to assist other Emergency Medical Service (EMS) personnel on scene, and to handle any criminal investigations that may arise.

334.4 USE OF NALOXONE

Once trained and supplied, deputies and supervisors shall carry a Naloxone atomizer kit (containing two doses of Naloxone) as part of their duty gear. This kit is to be administered to persons in the field who are suffering from opioid overdoses or for a member who inadvertently is exposed to fentanyl through the course of their regular duty.

Fentanyl and fentanyl analogues, such as acetyl fentanyl, pose a significant danger to public safety as public health workers, law enforcement personnel, and the general public may unwittingly come into contact with it. Due to its rapid rate of absorption into the human body, reports indicate that as little as 250 micrograms (0.25mg) of pure fentanyl can be deadly. Visibly, that amount is about

Montezuma County Sheriff's Office

Policies

Naloxone Administration Program

the size of a few grains of table salt. Members of the public, health workers, and public safety and law enforcement officials are advised to consider the potential exposure to fentanyl and take appropriate safety precautions.

When a member of the Montezuma County Sheriff's Office has arrived at the scene of a medical emergency prior to the arrival of EMS and has made a determination that the patient is suffering from an opioid overdose, the responding deputy should administer Naloxone to the patient by way of the nasal passages. One-half of the volume of the prefilled syringe should be administered into each nostril.

The following steps should be taken:

- (a) Members will use universal safety precautions. The member will use gloves and remove the applicator. A CPR facemask should be available for rescue breathing. Follow CPR protocol and check for breathing. If not breathing, give a few quick breaths utilizing the CPR facemask.
- (b) Members should assess the medical condition of the patient with consideration for statements from any witnesses and/or family members regarding drug use.
- (c) If the member makes the determination that there has been an opioid overdose, the member should notify the Cortez Communication Center that the subject is in a potential overdose state and request EMS before employing the Naloxone kit. It is reasonable and appropriate to deliver Naloxone to any unresponsive subject under this policy.
- (d) The patient should continue to be observed and treated as the situation dictates. If there is no change in three to five minutes, the member should administer another dose of Naloxone if available.
- (e) The treating member will inform incoming EMS personnel about the treatment(s) and condition of the patient. The member will not relinquish care of the patient until relieved by a person with a higher level of medical training.

334.4.1 SIGNS OF OPIOID OVERDOSE

The number of opiates that a person can overdose on are many, the most popular are: heroin, fentanyl, oxycodone, oxymorphone, morphine, codeine, hydrocodone, hydromorphone, and methadone.

1. Signs of an opiate overdose are:

- Awake, but unable to talk
- Body is very limp
- Face is very pale or clammy
- Fingernails and lips turn blue or purplish black
- For lighter skinned people, the skin tone turns bluish purple, for darker skinned people, it turns grayish or ashen.
- Breathing is very slow and shallow, erratic, or has stopped

Montezuma County Sheriff's Office

Policies

Naloxone Administration Program

- Pulse (heartbeat) is slow, erratic, or not there at all
- Choking sounds, or a snore-like gurgling noise (sometimes called the “death rattle”)
- Vomiting
- Loss of consciousness
- Unresponsive to outside stimulus

2. A drug-related overdose can be defined as: “An acute condition, including mania, hysteria, extreme physical illness, coma or death, resulting from the consumption or use of a controlled substance or another substance with which a controlled substance was combined, that a person would reasonably believe to be a condition that requires medical attention.”

334.5 REPORTING

A thorough and complete case report of the event involving the administration of Naloxone will be completed by the administering member prior to the end of his/her shift. The MCSO Overdose Prevention Program Report Form will also be completed and submitted to the Detective Division for record keeping purposes. [See attachment: MCSO Overdose Prevention Program Report Form narcan.pdf](#)

334.6 ISSUE AND REPLACEMENT

It will be the responsibility of the Patrol Division Lieutenant or designee to assign the Naloxone (Narcan) kits to authorized enforcement members. It will be the responsibility of each member assigned a Naloxone kit to inspect the kit contents to ensure that all items are intact and ready for use prior to assuming shift duties daily. Naloxone kits will not be left in vehicles overnight or otherwise be exposed to extreme temperatures for extended periods of time. The School Resource Officer will have an assigned Naloxone kit immediately available during daily shift duties and each attended school function.

Damaged Naloxone and first aid equipment will be reported to the Patrol Division Lieutenant or designee via the shift supervisor immediately for replacement. The first-line supervisor may require a written incident report from the member in the event that the needed replacement was due to damage or being lost.

The Patrol Division Lieutenant or designee will maintain a written inventory documenting the quantities and expirations of each Naloxone kit and supplies, and a log documenting the issuance of replacement units. Each Naloxone unit will be replaced within 90 days of the expiration date.

334.7 TRAINING

All enforcement members will receive initial education and training in the use of Naloxone to assist a person at risk of experiencing an opioid involved overdose. Annual training will include signs of overdose, universal safety precautions, action to be taken, administration of Naloxone, CPR, required daily inspections, and the reporting of the use of Naloxone.

Pupil Arrest Reporting

335.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

335.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested on school grounds and during school hours, the arresting deputy shall include in the report the necessary information to ensure that the School Security Resource Officer or the Records Section notifies the chief administrative officer of the school or the appropriate designee of the arrest of a pupil.

If the arrest involved alcohol or a controlled substance, the School Security Resource Officer or the Records Section shall ensure the chemical abuse pre-assessment team of the school is notified regarding the arrest, as allowed by law.

335.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

335.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation, or if notification creates additional risks to students, faculty, the deputy, or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

335.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting deputy's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the deputy, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

335.3 RESTRAINTS OF JUVENILES

A juvenile under 14 years of age **should not** be restrained unless the juvenile is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure them self, injure the deputy, an immediate danger to others, or damage property.

A deputy working as a school resource officer or deputy responding to a public school or school-sanctioned event **shall not** handcuff any juvenile unless the juvenile poses a threat to self or others or during transport after arrest (CRS § 26-20-111).

Biological Samples

336.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

336.2 POLICY

The Montezuma County Sheriff's Office will assist in the expeditious collection of required biological samples from arrestees and offenders in accordance with the laws of this state and with as little reliance on force as practicable.

336.3 PERSONS SUBJECT TO DNA COLLECTION

The following persons must submit a biological sample (CRS § 16-23-103; CRS § 16-11-102.4):

- (a) Every adult arrested for a felony offense, as part of the booking process, or who is charged with a felony by an indictment, information, or felony complaint.
- (b) In all other cases, upon the adult's first appearance in court following the filing of charges, when a court requires the adult to submit a sample to the investigating agency responsible for fingerprinting pursuant to CRS § 16-21-104.
- (c) Persons who have been convicted and are required to submit a sample under CRS § 16-11-102.4.

336.4 PROCEDURE

When an individual is required to provide a biological sample, a trained member shall attempt to obtain the sample in accordance with this policy.

336.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to CRS § 16-23-103 or CRS § 16-11-102.4.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the person's criminal history. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by the Colorado Bureau of Investigation (CBI) to perform the collection and take steps to avoid cross contamination.

336.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, deputies should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force.

Montezuma County Sheriff's Office

Policies

Biological Samples

Force will not be used in the collection of samples except as authorized by court order. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if available.

The supervisor shall review and approve any plan to use force and be present to document the process.

336.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the office's records retention schedule.

336.6 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for the following:

336.6.1 LITIGATION

The Sheriff or the authorized designee shall immediately notify the Colorado Attorney General's Office in the event this office is named in a lawsuit involving the DNA database.

336.6.2 FORWARDING BIOLOGICAL SAMPLES

All biological samples and related materials shall be promptly forwarded to CBI using CBI material, labels, and instructions for prompt analysis (CRS § 16-23-103(6); CRS § 16-23-104).

Chaplains

337.1 PURPOSE AND SCOPE

This policy establishes the guidelines for Montezuma County Sheriff's Office chaplains to provide counseling or emotional support to members of the Office, their families, and members of the public.

337.2 POLICY

The Montezuma County Sheriff's Office shall ensure that office chaplains are properly appointed, trained, and supervised to carry out their responsibilities without financial compensation.

337.3 ELIGIBILITY

Requirements for participation as a chaplain for the Office may include, but are not limited to:

- (a) Being above reproach, temperate, prudent, respectable, hospitable, able to teach, be free from addiction to alcohol or other drugs and excessive debt.
- (b) Managing his/her households, families, and personal affairs well.
- (c) Having a good reputation in the community.

All applicants shall be required to meet and pass the same pre-employment procedures as office personnel before appointment.

337.4.1 RECRUITMENT

Chaplains should be recruited on a continuous and ongoing basis consistent with office policy on equal opportunity and nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in and an ability to assist the Office in serving the public. Chaplain candidates are encouraged to participate in ride-alongs with office members before and during the selection process.

Chaplain candidates shall successfully complete the following process prior to appointment as a chaplain:

- (c) Interview with the Sheriff and the chaplain coordinator.
- (d) Successfully complete an appropriate-level background investigation.
- (e) Complete an appropriate probationary period as designated by the Sheriff.

337.5 IDENTIFICATION AND UNIFORMS

As representatives of the Office, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain. Identification symbols worn by chaplains shall be different and distinct from those worn by deputies through the inclusion of "Chaplain" on the uniform and not reflect any religious affiliation.

Chaplains will be issued Montezuma County Sheriff's Office identification cards, which must be carried at all times while on duty. The identification cards will be the standard Montezuma County Sheriff's Office identification cards, with the exception that "Chaplain" will be indicated on the cards. Chaplains shall be required to return any issued uniforms or office property at the termination of service.

Chaplains shall conform to all uniform regulations and appearance standards of this office.

337.6 CHAPLAIN COORDINATOR

The Sheriff shall delegate certain responsibilities to a chaplain coordinator. The coordinator shall be appointed by and directly responsible to the Detention Division Captain, or the authorized designee.

The chaplain coordinator shall serve as the liaison between the chaplains and the Sheriff. The function of the coordinator is to provide a central coordinating point for effective chaplain management within the Office, and to direct and assist efforts to jointly provide more productive chaplain services. Under the general direction of the Sheriff or the authorized designee, chaplains shall report to the chaplain coordinator and/or Detention Division Captain.

The chaplain coordinator may appoint a senior chaplain or other designee to assist in the coordination of chaplains and their activities.

The responsibilities of the coordinator or the authorized designee include, but are not limited to:

- (a) Recruiting, selecting, and training qualified chaplains.
- (b) Conducting chaplain meetings.
- (c) Establishing and maintaining a chaplain call-out roster.

337.7 DUTIES AND RESPONSIBILITIES

Chaplains assist the Office, its members, and the community, as needed. Assignments of chaplains will usually be to augment the Detention Division and Patrol Division. Chaplains may be assigned to other areas within the Office as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities, and the needs of the Office.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Office or the public into a religious affiliation while representing themselves as chaplains with this office. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Montezuma County Sheriff's Office.

337.7.1 COMPLIANCE

337.8 PRIVILEGED COMMUNICATIONS

No person who provides chaplain services to members of the Office may work or volunteer for the Montezuma County Sheriff's Office in any capacity other than that of chaplain.

Office chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient, and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are

not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-office counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Montezuma County Sheriff's Office member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

- Responding to crisis situations

Child and Dependent Adult Safety

338.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this office.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

338.2 POLICY

It is the policy of this office to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Montezuma County Sheriff's Office will endeavor to create a strong cooperative relationship with local, state, and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

338.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine whether the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends, and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian, or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Montezuma County Sheriff's Office

Policies

Child and Dependent Adult Safety

338.3.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state, and safety are important.
 - (a) Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian, or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Department of Human Services, if appropriate.
- (e) Notify the field supervisor or Patrol Lieutenant of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be documented in the associated report.

338.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county, or state services agency.

Montezuma County Sheriff's Office

Policies

Child and Dependent Adult Safety

338.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where, and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

338.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate, or a crisis telephone number, the appropriate referral information may be provided.

338.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should consider contacting the appropriate welfare service or other office-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

338.5 TRAINING

The Training Manager is responsible to ensure that all members of this office who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian, or caregiver is arrested.

Service Animals

339.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Montezuma County Sheriff's Office recognizes this need and is committed to making reasonable modifications to its policies, practices, and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

339.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

Service animals also include assistance dogs that are in the process of being trained and are accompanied by a trainer (CRS § 24-34-803).

339.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness, or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms, or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

339.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Office members are expected to treat individuals with

Montezuma County Sheriff's Office

Policies

Service Animals

service animals with the same courtesy and respect that the Montezuma County Sheriff's Office affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a deputy may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this office are expected to provide all services as are reasonably available to an individual with the disability.

If it is apparent or if a deputy is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the deputy should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification, or identification card for the service animal.

Service animals are not pets. Office members should not interfere with the important work performed by a service animal by talking to, petting, or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this office should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Volunteer Program

340.1 PURPOSE AND SCOPE

It is the policy of this office to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Office and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, certified deputies and non-sworn personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase office responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Office and prompt new enthusiasm.

340.1.1 DEFINITIONS

Definitions related to this policy include:

Volunteer - An individual who performs a service for the Office without promise, expectation, or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid deputies, interns, persons providing administrative support, and youth involved in a law enforcement Explorer Post, among others.

- (g) Planning periodic recognition events.
- (h) Administering discipline when warranted.
- (i) Maintaining liaison with other community volunteer programs and assisting in community-wide efforts to recognize and promote volunteering.

340.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis in accordance with office policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist, the Office in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the chain of command. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

340.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or the authorized designee should conduct a face-to-face interview with the applicant.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (b) Employment.
- (c) References.

Montezuma County Sheriff's Office

Policies

Volunteer Program

- (d) Credit check.

A truth verification exam may be required of each applicant depending on the type of assignment.

A volunteer whose assignment requires the use of, access to, or places him/her in the vicinity of criminal histories, investigative files, or information portals shall require submission of prints and clearance through the Colorado Bureau of Investigation.

340.2.4 SELECTION AND PLACEMENT

Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Office, who will normally be the Volunteer Coordinator. No volunteer should begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening and documentation.

At the time of final acceptance, each volunteer should complete all necessary enrollment documentation and will receive a copy of the job description and agreement of service with the Office. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities, and with the needs of the Office.

Reserve Unit volunteers are generally assigned to augment regular staffing levels.

340.2.5 MEMBERS WORKING AS RESERVE

Certified members of this office, when authorized, may also serve as reserve deputies. However, the Office must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (example: a detention deputy working as a reserve deputy for reduced or no pay). Therefore, the Reserve Coordinator should consult the Human Resources Department prior to a member serving in a reserve, auxiliary, or volunteer capacity (29 CFR 553.30).

340.2.6 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Office, personnel, policies, and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Depending on the assignment, training may include the following:

- (a) Role of the volunteer.
- (b) Office policies.
- (c) Training specific to the procedure manual for the volunteer position.
- (d) Discrimination and harassment training.

- (k) Roadway incursion safety.
- (l) Self-defense techniques.
- (m) Vehicle operations, including specialized vehicles.
- (n) Horsemanship.
- (o) Issuance of citations.

Pursuant to Colorado Peace Officer Standards and Training (POST) rules and regulations, the Office may establish training, licensing, and continuing education requirements for its reserve deputies.

Training should reinforce to volunteers that they should not intentionally represent themselves as, or by omission infer, that they are certified deputies or other full-time members of the Office. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Office. Whenever a rule, regulation, or guideline in this manual refers to a certified deputy, it shall also apply to a volunteer, unless by its nature it is inapplicable.

340.2.7 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, or other substances, illness, or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license.
- (b) Medical condition.
- (c) Arrests.
- (d) Criminal investigations.
- (e) All law enforcement contacts.

All volunteers shall adhere to the guidelines set forth by this office regarding drug and alcohol use.

340.2.8 DRESS CODE

As representatives of the Office, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by certified deputies. No volunteer shall wear his/her uniform or identifiable parts of that uniform while off duty.

Volunteers shall be required to return any issued uniform or office property at the termination of service.

340.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Office must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers, provided the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to members on all levels.
- (b) Ensure volunteers have work space and the necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

340.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative files. Unless otherwise directed by a supervisor, the duties of the position or office policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by office policy and supervisory personnel.

Each volunteer will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Office. Subsequent unauthorized disclosure of any private or confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any

information concerning the activities of the Office, or maintain that they represent the Office in such matters without permission from the proper office personnel.

340.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn and visible at all times while on duty. Any fixed and portable equipment issued by the Office shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Office and shall be returned at the termination of service.

340.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing.
- (b) Verification that the volunteer possesses a valid driver license.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Office vehicle, volunteers shall obey all rules of the road, including seat belt requirements.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and is being operated for maintenance purposes only; that it is being operated during an approved skills course; that it is being used to transport equipment; that it is being used to provide supplementary assistance under the direction of an on-duty certified deputy. Volunteers are not authorized to operate a Office vehicle for enforcement patrol operations or under emergency conditions (lights and siren).

340.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using the law enforcement radio or MDT and shall comply with all related provisions. The Volunteer Coordinator should ensure that radio and database access training is provided for volunteers whenever necessary.

340.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Sheriff or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing. The hearing shall be limited to a single appearance before the Sheriff or the authorized designee.

Montezuma County Sheriff's Office

Policies

Volunteer Program

Volunteers may resign from volunteer service with this office at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

340.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Office.

340.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum job satisfaction on the part of volunteers.

340.8 EMERGENCY CALL-OUT FOR VOLUNTEER PERSONNEL

The Volunteer Coordinator shall develop a plan outlining an emergency call-out procedure for volunteer personnel.

341.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

341.1.1 DEFINITIONS

Definitions related to this policy include (43 CFR 10.2):

Funerary objects and associated funerary objects - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Objects of cultural patrimony - Objects having ongoing historical, traditional, or cultural importance that is central to the Native American group or culture itself and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

341.2 POLICY

It is the policy of the Montezuma County Sheriff's Office that the protection of Native American human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred objects, or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption, or complicated custody transfer processes.

341.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred objects, or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.5).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Off-Duty Law Enforcement Actions

342.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Montezuma County Sheriff's Office with respect to taking law enforcement action while off duty.

342.2 POLICY

Deputies generally should not initiate law enforcement action while off duty. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving, or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

Deputies are not expected to place themselves in unreasonable peril. However, any certified member of this office who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

342.3 FIREARMS

Deputies of this office may carry firearms while off duty in accordance with federal regulations, state law, and Office policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off duty, deputies shall also carry their office-issued badge and identification.

Deputies are prohibited from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed any amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the deputy's senses or judgment. The carrying of firearms is prohibited while under the influence of alcohol or a controlled substance (CRS § 18-12-106(d)).

342.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, oleoresin capicum (OC) spray, or a baton.

Montezuma County Sheriff's Office

Policies

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive and gather as much accurate intelligence as possible, instead of immediately intervening.

342.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty deputy is on scene and should be provided a description of the deputy if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as an Montezuma County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

342.4.2 INCIDENTS OF PERSONAL INTEREST

Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, deputies should call the responsible agency to handle the matter.

342.4.3 RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

342.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

342.5 REPORTING

Any deputy, prior to taking any off-duty enforcement action, shall notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Montezuma County Sheriff's Office). If prior contact is not reasonably possible, a deputy shall notify the applicable local law enforcement agency as soon as reasonably practicable. The Patrol Lieutenant and/or Detective Lieutenant shall determine whether a report should be filed by the member.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed workers from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazard and Correction Record Form. This should be forwarded to the Administrative Services Division Lieutenant via the chain of command.

Extreme Risk Protection Orders

347.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for serving, and in rare cases, petitioning for extreme risk protection orders, and accounting for firearms and concealed carry permits obtained pursuant to those orders (CRS § 13-14.5-108).

347.1.1 DEFINITIONS

Definitions related to this policy include:

Extreme risk protection order (ERPO) - Is either a temporary order or a continuing court order (also referred to as a 364 day extreme risk protection order) pursuant to C.R.S. 13-14.5-110 to 13-14.5-114. A civil court order prohibiting a named person from having in his/her custody or control, purchasing, possessing, or receiving prohibited items.

Prohibited items - Firearms and concealed carry permits prohibited by an extreme risk protection order.

347.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to protect the Constitutional rights of all people. Through the daily performance of our duty and our mission to serve, protect and enforce, we will carefully evaluate and weigh the rights of people to be free from unreasonable search and seizure, with the rights of people to be free from acts or threatened acts of violence, and respond in a reasonable and lawful manner.

Members of the Montezuma County Sheriff's Office will comply with the Sheriff's statutory mandate to serve civil process in accordance with Rule 4 of the Rules of Civil Procedure, Rule 304 of the Colorado Rules of County Court Civil Procedure and C.R.S. 13-14.5-105(c), and C.R.S. 13-14.5-106.

The new ERPO legislation places service obligations on the law enforcement agency in the jurisdiction where the respondent resides. Civil process of ERPO's will be conducted by Certified Sheriff Deputies, and will only occur in unincorporated areas of Montezuma County and the Town of Dolores as provided by the Sheriff's Contract to provide law enforcement services within the town limits. No fees for filing or service will be charged to a petitioner regarding an ERPO. The respondent must be personally served with the Temporary ERPO, if one exists, as well as the petition and notice of hearing issued by the court. If service is not completed within five days, the serving deputy shall notify the petitioner and request any additional information that may assist in locating the respondent. Extreme risk protection orders will be served in compliance with state law, properly accounting for prohibited items obtained by the Office pursuant to such orders.

347.3 EXTREME RISK PROTECTION ORDER CIVIL PROCESSING COORDINATOR

The Patrol Division Supervisor shall, or the Sheriff's other designee, be the recipient of Extreme Risk Protection Orders sent to the Montezuma County Sheriff's Office by the Court Administrator for service. The Patrol Division Supervisor will notify and provide the ERPO to the Sheriff for

review. The ERPO will then be submitted to the Civil Processing Coordinator in the Administrative Division for required entry and review. Civil Process of ERPO's by Sheriff's Deputies will only occur in the unincorporated areas of Montezuma County and the Town of Dolores as provided by the Sheriff's Contract to provide law enforcement services within the town limits.

Responsibilities of the Extreme risk protection order civil processing coordinator include:

- (a) Developing and maintaining procedures for the receipt and service of orders consistent with the requirements of CRS § 13-14.5-103 and CRS § 13-14.5-106. Procedures should include (CRS § 13-14.5-106):
 - 1. Evaluation of an order to determine appropriate service and necessary precautions (see the Warrant Service and Operations Planning and Deconfliction policies).
 - (a) Additional time to allow for the proper and safe planning and execution of the court order may be requested, if needed.
 - 2. Forwarding orders, receipts, and other required notices to the Records Manager for recording in appropriate databases and required notice to the court, as applicable (CRS § 13-14.5-108).
 - 3. Developing a process for achieving timely service of orders.
- (b) Coordinating with the Training Manager to provide deputies who may be involved in petitioning for or serving orders with training on such orders. Training should include determining when a petition is appropriate, the process for seeking an order, and the service of such orders.
- (c) Reviewing each petition and any associated court documents for an order to ensure compliance with this policy, office procedures, and state law.
- (d) Coordination with the Evidence Technician in developing and maintaining procedures for members to accept surrendered prohibited items at times other than when an order is being served by the office.
 - 1. Procedures should include preparing and providing a receipt identifying all prohibited items to the person surrendering the items.
- (e) Developing a process for receiving and reviewing notices from the court that a respondent of an extreme risk protection order has failed to make required filings and determining whether there is evidence that the respondent has failed to surrender any prohibited items (CRS § 13-14.5-108).

347.4 EXTREME RISK PROTECTION ORDERS

A deputy who reasonably believes that an extreme risk protection order is appropriate shall obtain approval from the Sheriff prior to seeking an order.

- (a) Procedures for the filing of a petition for an order or a renewal of an order by office members are as follows and should include (CRS § 13-14.5-103; CRS § 13-14.5-104):

 8. Whether the person has any history of drug or alcohol abuse.

347.4.1 STANDARDS

Extreme Risk Protection Orders are civil, not criminal court orders. ERPO's will not be considered or used in cases where criminal violations of the law have occurred.

Extreme risk protection orders may be appropriate if a person poses a significant risk of causing personal injury to him/herself or others by having a firearm in his/her custody or control (CRS § 13-14.5-104). If a person poses a significant risk of causing personal injury to him/herself or others in the near future by having a firearm in his/her custody or control, a temporary extreme risk protection order may be appropriate (CRS § 13-14.5-103).

347.4.2 NOTICE TO FAMILIES AND PERSONS AT RISK

Upon the issuance of an extreme risk protection order, deputies should make a reasonable good-faith effort to provide notice to a family or household member of the person named in the order and to any other person who may be at direct risk of violence. Deputies should also provide family or household members with referrals to appropriate resources, including domestic violence, behavioral health, and counseling resources (CSR § 13-14.5-105). No Deputy will give legal advice regarding civil process.

Deputies should document all efforts to provide notice and indicate whether or not the efforts were successful.

347.5 SERVICE OF ORDERS

The Sheriff's Office Deputy serving process of the Temporary ERPO will only do so after obtaining as much information as is practical to ensure that process can be served in a safe manner for the safety of the Deputy, the respondent and the public. Additionally, the Deputy will advise the respondent of his/her obligations under C.R.S. 13-14.5-108, to surrender any firearms and concealed carry permits; but as indicated in MCSO Policy 347.4.2, no Deputy will give legal advice regarding civil process. The Deputy shall thoroughly document any observations about the behavior of the respondent in a written case report.

When appropriate based on the circumstances and office procedures, service of an order should be executed pursuant to the Operations Planning and Deconfliction Policy.

In no circumstances should fewer than two deputies be present when an order is being served.

Deputies shall serve a copy of an extreme risk protection order, along with any accompanying notice of hearing and petition, as applicable, on the person named in the order as soon as practicable.

Service of orders shall take precedence over the service of other documents, unless the documents are of a similar emergency nature.

Through the County Attorney, the Sheriff, or his designee, will appear as an "interested party" at all "continuing" ERPO hearings. At such hearings, the Sheriff or his designee will provide information to the court regarding any Sheriff's Office contact with the respondent and whether, in the Sheriff's or designee's opinion, the respondent presented a danger to self or others during these contacts.

347.5.1 ADDITIONAL SERVICE REQUIREMENTS

If deputies are not able to complete service within five days, they should make reasonable attempts to notify the petitioner and gather additional information of the respondent's potential whereabouts (CRS § 13-14.5-106).

A notice providing referrals to appropriate resources, including domestic violence, behavioral health, and counseling resources should be provided to the person being served with a temporary extreme risk protection order at the same time as service of the order (CRS § 13-14.5-103).

347.5.2 SURRENDER OF PROHIBITED ITEMS

Deputies serving an extreme risk protection order should request that the named person immediately surrender all prohibited items as required by the order. Deputies should identify the actual owner of any firearm found or kept in the possession of the respondent, and immediately notify the owner of firearms and the court order prohibiting the respondent to be in possession of those firearms. Deputies may take temporary possession of firearms for safekeeping that have been identified as the owner, other than the respondent. Those firearms shall be released to the actual owner as provided in Policy 347.6. As provided in C.R.S. 18-12-112(6)(b) firearms can be transferred as a bona fide gift or loan between family members, which are limited to spouses, parents, children, siblings, grandparents, grandchildren, nieces, nephews, first cousins, aunts and uncles; as long as they are not a petitioner, co-petitioner or person(s) to be protected in an ERPO,

and notified of the court order prohibiting possession of firearms by the respondent. The same will apply to transferring possession of the antique firearm or curio or relic to a relative who does not live with the respondent after confirming, through a criminal history record check, the relative is currently eligible to own or possess a firearm under federal and state law.

The respondent of an ERPO may also request that any firearms in his/her possession be transferred to a Federally licensed Firearms Dealer for safekeeping. If the respondent so chooses, the serving Deputy will assist in contacting the Federal Firearms License Dealer and aid in the transfer of any firearm(s), and document the transfer in the return of service to the court (CRS § 13-14.5-108).

In the event that a respondent desires to offer his/her firearms and/or concealed carry permit to the Sheriff's Office for safekeeping, the Deputy will receive the firearm(s) and/or permit, and submit them to the Evidence Technician in accordance with the MCSO Property and Evidence Policy. An itemized inventory of items received from the respondent shall be provided to the respondent, and a copy will also accompany the process service return of service, which must be submitted to the court within 72 hours of serving the ERPO. If no firearms or permit are received from the respondent, this fact will be documented in the return of service to the court (CRS § 13-14.5-108).

347.5.3 SEARCH WARRANTS

Sheriff's Office deputies will only seek a search warrant for firearms, in accordance with C.R.S. 16-3-301 and 16-3-303, when accompanied by an arrest warrant wherein probable cause has been established to believe that the suspect poses a risk to the safety of another person; or when the deputy reasonably believes and has articulated a factual basis that establishes the suspect to be an immediate danger to others or himself/herself, or appears to be gravely disabled, and no other means of resolution are available, in which case the suspect is to be taken into custody for purposes of a 72 hours mental health hold in accordance with the established criteria detailed in C.R.S. 27-65-105.

Sheriff's Office personnel or resources shall not be made available to other requesting law enforcement agencies unless the above requirements are met.

When a search warrant is executed, the deputy shall complete the Search Warrant Return and Inventory form, itemizing any firearms and/or concealed carry permit seized, and attach a copy of the form to the return of service, which must be submitted to the court within 72 hours of executing the search warrant. A copy of the itemized inventory must also be provided to the suspect.

Testing of Controlled Substances and Suspected Illegal Narcotics

349.1 POLICY

The Montezuma County Sheriff's Office will only authorize the use of a TruNarc Thermo Scientific Narcotics Analyzer for the safe testing of suspected narcotics and other unknown substances. The TruNarc is a spectrometer used for the rapid presumptive identification of suspected illegal narcotics and other substances (including prescription medications). This handheld device can analyze most substances through a sealed package and provide an automatic presumptive positive determination on illegal narcotics and other substances.

349.2 DEFINITIONS

TruNarc: Thermo Scientific Narcotics Analyzer

Controlled Substances: A substance that is tightly controlled by State and Federal law due to its possible abuse and addiction; these include prescription medication.

Illegal Narcotics: A substance that has been determined as restricted by Federal and State law; these include heroin, methamphetamine, counterfeit medication, cocaine, and other illicit substances.

Personal Protection Equipment (PPE): Is equipment worn to minimize exposure to a variety of hazards.

Montezuma / Cortez Narcotics Investigation Team (MCNIT): Specialized Narcotics Investigation Unit made up of Montezuma County Narcotics Detective(s) and Cortez Police Dept. Detective(s).

349.3 PROCEDURE

Required Certification of the TruNarc Thermo Scientific Narcotic Analyzer

1. Montezuma County Sheriff's Office Patrol and Detectives will be required to review the complete Operating Manual and obtained Certification with the instrument, through the TruNarc included certified training.

349.4 EVIDENCE COLLECTION AND PROCESSING

While elimination of the hazard should be the first consideration, it is generally not feasible when testing suspected substances. At a minimum, basic PPE (nitrile gloves, safety goggles, and N-95 masks) will be worn before manipulating any powders suspected to contain fentanyl and/or fentanyl-related substances and/or paraphernalia.

Presumptive field testing on crystals/tablets/pills/capsules will be done with a TruNarc and may require a sample to be placed directly on the scanner and/or be dissolved in a substance and then scanned. This will be done with the use of appropriate PPE and under the supervision of another Montezuma County Sheriff's Office employee and/or other assisting agency. Both individuals must

Montezuma County Sheriff's Office

Policies

Testing of Controlled Substances and Suspected Illegal Narcotics

be certified and have direct access to naloxone (NARCAN). TruNarc manufacturer's instructions should be followed for all testing options to insure the most accurate results.

Fentanyl, regardless of form, will only be submitted by gross weight. Additional pill/tablet counts are not required to avoid any unnecessary manipulation to reduce the risk of airborne fentanyl particles. However, if in such criminal cases in which Distribution of a Controlled Substance is necessary to prove, the weight evidence can be forwarded to The Montezuma / Cortez Narcotics Investigations Team (MCNIT) for accurate counting of individual pills/tablets.

In instance of gross contamination where suspected fentanyl is not contained; such as loose powder on the floor(s), vehicle and/or counter, loose (not packaged) powdery pills, powder in the air, powder present/visible on surfaces and/or other items – including money and/or money containers, etc., only clandestine lab trained personnel wearing the required PPE are permitted to interact with any suspected fentanyl and/or fentanyl related substances, and/or other unknown illicit hazardous substance.

Due to advance training, Narcotics Detectives with Montezuma / Cortez Narcotics Investigation Team maybe the only individuals continuing to analyze suspected narcotics with use of a NIK test (Narcotics Identification Kit) and other methods available to them.

349.5 RESPONSIBILITY AND STORAGE

The TruNarc scientific electronic device is an expensive instrument of advance technology which needs to be maintained and secured. The device and all items associated, will be under the care and custody of Patrol Division Supervisor.

The Patrol Division Supervisor in charge of the TruNarc, will be responsible for the following:

1. Storage and Securing of the Device and all components.
2. Responsibility for designating a storage area in which Patrol Deputies and Detectives can access the device as required.
3. Inventory and restocking of dissolvent solution and testing spoons, their storage, assuring availability for Patrol Deputies/Detectives to use.
4. Temporarily issue the included equipment USB and provide the individual Patrol Deputy/Detectives ample time to complete the training and certification with the device.
5. Confirmation of training and certification of all Patrol Deputies/Detectives, through the included computer presentation/training (available with the use of the included TruNarc USB).

Individual Patrol Deputy/Detective responsibilities:

1. Completion of included training and certification.
2. Proper storage and securing of the device at all times.
3. Proper use as explained in the included training.
4. Use of PPE during operations of the device.

401.2 POLICY

The Montezuma County Sheriff's Office is committed to providing law enforcement services to the community with due regard for the racial, cultural, or other differences of those served. It is the policy of this office to provide law enforcement services and to enforce the law equally, fairly, objectively, and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely, and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns, or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this office shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of racial- or bias-based profiling to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

Deputies shall provide, without being asked, a business card to any person who was detained in a traffic stop and was not cited or arrested. The business card shall include identifying information including, but not limited to, the deputy's name, division, precinct, and badge or other identification

number and a telephone number that may be used, if necessary, to report any comments, either positive or negative, regarding the traffic stop (CRS § 24-31-309(4)(a)).

401.4.1 REASON FOR CONTACT

Deputies contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

After making a consensual or nonconsensual contact for the purpose of enforcing the law or investigating possible violations of the law, deputies should complete a report as required by CRS 24-31-309. To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved deputy should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any deputy to document a contact that would not otherwise require reporting.

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy. Supervisors should ensure that the identity of a person filing a bias-based profiling complaint is kept confidential to the extent permitted by law or unless necessary for further processing of the complaint (CRS § 24-31-309).

- (a) Supervisors should discuss any issues with the involved deputy and their supervisor in a timely manner.
 - 1. Supervisors should document these discussions in the prescribed manner.
- (b) Supervisors should periodically review Mobile Audio/Video MAV recordings, body-worn camera (BWC) media, Mobile Data Computer (MDC) data, and any other available resource used to document contact between deputies and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this office who discloses information concerning bias-based policing.

401.6 STATE REPORTING

The Office shall compile, on at least an annual basis, any information derived from complaints received due to the distribution of business cards, as provided in this policy that allege profiling. The information shall be made available to the public but shall not include the names of deputies or the names of persons alleging profiling (CRS § 24 31 309(4)(c)).

Montezuma County Sheriff's Office

Policies

Bias-Based Policing

401.7 ADMINISTRATION

Each year, the Patrol Division Lieutenant should review the efforts of the Office to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Sheriff. The annual report should not contain any identifying information about any specific complaint, citizen, or deputies. It should be reviewed by the Sheriff to identify any changes in training or operations that should be made to improve service.

Supervisors should review the information compiled from complaints, as provided in this policy and the annual report, and discuss the results with those they are assigned to supervise.

401.8 TRAINING

Training on fair and objective policing and review of this policy shall be conducted annually and include:

- (a) Explicit and implicit biases.
- (b) Avoiding improper profiling.

401.8.1 ADDITIONAL STATE REQUIREMENTS

All certified members shall attend regular training on the subject of bias-based policing (CRS § 24-31-309; CRS § 24-31-315).

401.9 PUBLIC INFORMATION

The Patrol Division Lieutenant will ensure that this policy is made available to the public for inspection during business hours (CRS § 24-31-309).

Briefing

402.1 PURPOSE AND SCOPE

Briefing is generally conducted at the beginning of the deputy's assigned shift. Briefing provides an opportunity for important exchange between deputies and supervisors. A supervisor generally will conduct briefing. However, deputies may conduct briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing deputies with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations.
- (b) Notifying deputies of changes in schedules and assignments.
- (c) Notifying deputies of new General Orders or changes in General Orders.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.

402.2 BRIEFING AND ROLL CALL TRAINING

Briefing and roll call training is generally conducted at the beginning or conclusion of the deputy's assigned shift when possible, yet it may occur at another period. Briefing and roll call training should incorporate short training segments on a variety of subjects and may include:

- (a) Review and discussion of new or updated policies.
- (b) Presentation and discussion of the proper application of existing policy to routine daily activities.
- (c) Presentation and discussion of the proper application of existing policy to unusual activities.
- (d) Reviewing recent incidents for training purposes.

402.3 PREPARATION OF MATERIALS

The supervisor conducting briefing and/or roll call training, or the deputy if the supervisor is unable to participate in a group briefing or roll call training session, is responsible for collection and preparation of the materials necessary for a constructive briefing and/or roll call training. A supervisor may delegate this responsibility to a subordinate deputy in his/her absence or for training purposes.

402.4 RETENTION OF BRIEFING AND ROLL CALL TRAINING RECORDS

Briefing and roll call training materials and a curriculum or summary shall be forwarded to the Training Manager for inclusion in training records, as appropriate.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

403.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person. A crime scene log shall be utilized as soon as practical to record date, time, name, and reason or duties for each person entering and exiting a secured scene perimeter.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing, or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Montezuma County Sheriff's Office

Policies

Crime and Disaster Scene Integrity

403.5 SEARCHES

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

Special Response Team

404.1 PURPOSE AND SCOPE

The Special Response Team (SRT) is comprised of trained Crisis Negotiators and the Special Weapons and Tactics team. The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appears to be necessary.

404.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Special Response Team are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident, and because such events often demand on-scene evaluation, the Operational Policy outlined in this section serves as a guideline to Office personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

404.1.2 DEFINITIONS

Definitions related to this policy include:

SRT team - A designated unit of law enforcement officers, including a multijurisdictional team, that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts, and other high-risk incidents. As a matter of office policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

404.2 POLICY

It is the policy of this office to maintain an SRT team and to provide the equipment, manpower, and training necessary to maintain an SRT team. The SRT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and control.
- (b) Containment.
- (c) Entry/apprehension/rescue.

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators, and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

Montezuma County Sheriff's Office

Policies

Special Response Team

404.2.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SRT missions and operations that are appropriate to this office. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SRT commander or the authorized designee.

404.2.2 ORGANIZATIONAL PROCEDURES

This office shall develop a separate written set of organizational procedures that should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing.
- (b) Team organization and function.
- (c) Personnel selection and retention criteria.
- (d) Training and required competencies.
- (e) Procedures for activation and deployment.
- (f) Command and control issues, including a clearly defined command structure.
- (g) Multi-agency response.
- (h) Extrajurisdictional response.
- (i) Specialized functions and supporting resources.

404.2.3 OPERATIONAL PROCEDURES

This office shall develop a separate written set of operational procedures, in accordance with its level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's Suggested SRT Best Practices. Because such procedures are specific to SRT members and will outline tactical and officer safety issues, they are classified as confidential security data and are not included within this policy. The operational procedures should include, at minimum, the following elements:

- (a) Personnel responsible for developing an operational or tactical plan should be designated prior to, and/or during SRT operations (time permitting).
 - 1. All SRT team members should have an understanding of operational planning.
 - 2. SRT team training should consider planning for both spontaneous and planned events.
 - 3. SRT teams should incorporate medical emergency contingency planning as part of the SRT operational plan.
- (b) Plans for mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
 - 1. When reasonably possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed. These may include relief, rotation of personnel, and augmentation of resources.

Montezuma County Sheriff's Office

Policies

Special Response Team

- (d) A generic checklist to be worked through prior to initiating a tactical action should be developed. This will provide a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SRT.
- (e) The appropriate role for a trained negotiator should be defined, including decision-making authority and identification of any non-negotiable items.
- (f) A standard method of determining whether a warrant should be regarded as high risk should be developed.
- (g) A method for deciding how best to serve a high-risk warrant should be developed, with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) The elements of post-incident scene management should include:
 - 1. Documentation of the incident.
 - 2. Transition to investigations and/or other units.
 - 3. Debriefing after every deployment of the SRT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments. It also helps to identify training needs and reinforces sound risk management practices.
 - (b) Debriefing should not be conducted until involved deputies have had the opportunity to individually complete the necessary reports or provide formal statements.
 - (c) To maintain candor and a meaningful exchange, debriefing will generally not be recorded.
 - (d) When appropriate, debriefing should include specialized units and resources.
- (i) Sound risk management analysis should be included.
- (j) Standardization of equipment should be addressed.

404.3 TRAINING NEEDS ASSESSMENT

The SRT commander shall conduct an annual training needs assessment to ensure that training is conducted within team capabilities and office policy.

404.3.1 INITIAL TRAINING

SRT team operators and SRT supervisors/team leaders should not be deployed until successful completion of an approved basic SWAT course or its equivalent.

To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Office.

Montezuma County Sheriff's Office

Policies

Special Response Team

404.3.2 UPDATED TRAINING

Appropriate team training for the specialized SRT functions and other supporting resources should be completed prior to full deployment of the team.

SRT team operators and SRT supervisors/team leaders should complete update or refresher training every 24 months.

404.3.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SRT function at the organizational level. This is to ensure that personnel who provide active oversight at the scene of SRT operations understand the purpose and capabilities of the team.

Command personnel who may assume incident command responsibilities should attend a critical incident commander course or its equivalent. SRT command personnel should attend an SRT commander or tactical commander course or its equivalent that has been approved by the office.

404.3.4 SWAT ONGOING TRAINING

Training shall be coordinated by the SRT commander. The commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training shall consist of the following:

- (a) Each SRT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.
- (b) Any SRT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those members who are on vacation, ill or are on limited duty status with a medical provider's note of approval on the test date shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30-day period shall be considered as having failed to attain a qualifying score for that test period.
- (d) Quarterly each SRT team member shall perform the mandatory handgun qualification course. The qualification course shall consist of the SRT basic drill for the handgun. Failure to qualify will require the deputy to seek remedial training from a Certified Firearms Instructor approved by the SRT commander. Team members who fail to qualify will not be used in SRT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

Montezuma County Sheriff's Office

Policies

Special Response Team

- (e) Quarterly each SRT team member shall perform a mandatory SRT qualification course for any specialty weapon issued to or used by the deputy during SRT operations. Failure to qualify will require the deputy to seek remedial training from a Certified Firearms Instructor approved by the SRT commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SRT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

404.3.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

404.3.6 SCENARIO-BASED TRAINING

SRT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

404.3.7 TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the Office Training Manager/Coordinator. Such documentation shall be maintained in each member's individual training file. A separate agency SRT training file shall be maintained with documentation and records of all team training.

404.3.8 ANNUAL TEAM TRAINING

The SRT commander shall ensure that team training and readiness and deployment exercises are conducted at least annually.

404.4 UNIFORMS, EQUIPMENT, AND FIREARMS

404.4.1 UNIFORMS

SRT teams from this office should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

404.4.2 EQUIPMENT

SRT teams from this office should be adequately equipped to meet the specific mission identified by the Office.

404.4.3 FIREARMS

Weapons and equipment used by SRT, the specialized units, and the supporting resources should be office-issued or approved, including any modifications, additions, or attachments.

The following procedures serve as directives for the administrative operation of the Crisis Negotiator.

404.6.1 SELECTION OF PERSONNEL

Interested certified personnel, who are off probation, shall submit a request to their appropriate Division Lieutenant. A copy will be forwarded to the SRT commander. A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the team shall be conducted by the team supervisor. Performance and efficiency levels established by the team supervisor will be met and maintained by all team members. Any member selected as a Crisis Negotiator who performs or functions at a level less than satisfactory shall be subject to dismissal.

404.7 SRT TEAM ADMINISTRATIVE PROCEDURES

404.7.2 TEAM EVALUATION

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the team shall be conducted by the SRT commander. The performance and efficiency level, as established by the team leaders, will be met and maintained by all SRT team members. Any member of the SRT team who performs or functions at a level less than satisfactory shall be subject to dismissal from the SRT team.

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Colorado Crime Information Center (CCIS) and National Crime Information Center (NCIC) criminal history check prior to approval of the ride-along.

405.5.3 SUITABLE ATTIRE

Any person approved to participate in a ride-along is required to be suitably dressed in a collared shirt, blouse, or jacket; slacks; and shoes. Sandals, t-shirts, tank tops, shorts, and ripped or torn pants are not permitted. Hats and ball caps will not be worn without the express consent of the Patrol Division Supervisor. The Patrol Division Supervisor or a supervisor may refuse a ride-along to anyone who is not dressed appropriately.

405.6 REQUESTS TO PARTICIPATE

Generally, ride-along and job observation requests will be maintained and scheduled by the Patrol Division Supervisor. The applicant will complete and sign a ride-along or job observation waiver

form. If the applicant is under 18 years of age, a parent or guardian must be present to complete the waiver form. Information requested will include a valid state-issued identification card or driver's license number, birth date, address, and telephone number.

The Patrol Division Supervisor will schedule a date, based on availability, generally one week after the date of application. If approved, a copy of the waiver form will be forwarded to the appropriate Division as soon as possible for scheduling considerations.

If the request is denied, a representative of this office will advise the applicant of the denial.

405.7 MEMBER RESPONSIBILITIES

The assigned office member shall consider the safety of the ride-along or job observation participant at all times. The member shall maintain control over the participant and shall instruct the individual about the conditions that necessarily limit his/her participation. Instructions should include:

- (a) The participant will follow the directions of the office member.
- (b) The participant will not become involved in any investigation, handling of evidence, discussions with victims or suspects, reading an individual's criminal history or other protected information, or handing any sheriff's office equipment.
- (c) Participation may be terminated at any time by the member if the participant interferes with the performance of the member's duties.
 - 1. If the ride-along is in progress, the member may return the participant to the point the ride originated.
- (d) Participants may be allowed to continue a ride-along during the transportation and booking process, provided it does not jeopardize their safety.
- (e) Members will not allow participants to be present in any location or situation that would jeopardize the participant's safety or cause undue stress or embarrassment to a victim or any other member of the public.
- (f) Participants who are not law enforcement officers shall not be permitted to accompany the office member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the [dispatcher] that a ride-along participant is present in the vehicle before going into service. A deputy with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit and, if feasible, let the participant out of the vehicle in a well-lit public place. The [dispatcher] will be advised of the situation and as soon as practicable have another office member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Patrol Division Supervisor. The

Montezuma County Sheriff's Office

Policies

member should enter comments regarding the reasons for terminating the ride-along on the waiver form.

Upon completion of the ride-along, the member shall return the waiver form to the Patrol Division Supervisor.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to members and others as a result of their exposure. To comply with applicable law, the following represents the policy of this office.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which by its nature, containment and reactivity, has the capability of inflicting harm to people, other living organisms, property or the environment during exposure. Hazardous materials are characterized as being toxic, corrosive, flammable, explosive, oxidizing, asphyxiating, pathogenic, allergenic, biohazardous, or radioactive and pose a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill, or fire. When members come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potential hazardous material from a safe distance.
- (b) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (c) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form that is readily inhaled.
- (d) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:
 1. Placards and use of the Emergency Response Guidebook.
 2. Driver's statements or shipping documents from the person transporting the material.
 3. Information obtained from any involved person with knowledge regarding the hazardous material.

Montezuma County Sheriff's Office

Policies

Hazardous Material Response

- (e) Obtain information from any involved party who has knowledge regarding the hazardous material. Information should include:
 - 1. The identity of the material.
 - 2. How to secure and contain the material.
 - 3. Any other information to protect the safety of those present, the community, and the environment.
- (f) Notify the appropriate fire department. Provide weather conditions, wind direction, a suggested safe approach route, and any other information pertinent to responder safety.
- (g) Provide first aid to injured parties if it can be done safely and without contamination.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
- (i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
- (j) Establish a decontamination area when needed.
- (k) Notify the Colorado State Patrol Dispatch Center to request assistance from the Colorado State Patrol Hazardous Materials Unit.
- (l) Request the Dispatch Center to activate reverse 9-1-1 calling to the affected area and Nixel 360.

406.3 REPORTING EXPOSURE

Office personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an Office memorandum, which shall be forwarded via chain of command to the Division Lieutenant as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

To ensure the safety of members, safety equipment is available through supervisory personnel. Safety items not maintained by the Office will be obtained through the appropriate fire department.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain, or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

407.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders, and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions, and obtain the suspect's surrender.

When available, office-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands, and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

Any office member supervising a hostage or barricade situation in this jurisdiction may order a security employee of a communications or Internet access provider to cut, reroute, or divert telephone lines or a cellular or digital communications signal to prevent the suspect from communicating with any person other than a law enforcement officer (CRS § 18-9-312).

Montezuma County Sheriff's Office

Policies

Hostage and Barricade Incidents

Any office member supervising a hostage or barricade situation may also order a telecommunication provider to disclose location information of any hostage's or other named person's telecommunications device if the supervising member reasonably believes that the time required to obtain a court order would increase the risk of death or serious bodily injury to the hostage or any person with the named person (CRS § 18-9-312). The supervising member shall ensure that a court order is obtained within 48 hours of the initial request for the location information (CRS § 18-9-312).

407.4 FIRST RESPONDER CONSIDERATIONS

First responding deputies should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding deputy shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The deputy shall continually evaluate the situation, including the level of risk to deputies, to the persons involved, and to bystanders, and the resources currently available.

The handling deputy should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure, or vehicle, and attack, use deadly force, attempt to escape, or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources, and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards, or injuries.

Montezuma County Sheriff's Office

Policies

Hostage and Barricade Incidents

- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents, and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence, or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Public Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure, or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure, or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties, and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

Montezuma County Sheriff's Office

Policies

Hostage and Barricade Incidents

- (k) Evacuate bystanders, residents, and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence, or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Public Information Officer.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command, and assume the role of Incident Commander until properly relieved. This includes requesting a SRT response if appropriate and apprising the SRT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources, or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or the Dispatch Center.
- (i) Identify a media staging area outside the outer perimeter and have the office Public Information Officer or a designated temporary media representative provide media access in accordance with the News Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Sheriff's decision, with input from the SRT Commander, whether to deploy the SRT during a hostage or barricade situation. Once the Sheriff authorizes deployment, the SRT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer

perimeter security and evacuation, media access, and support for the SRT. The Sheriff and the SRT Commander or the authorized designee shall maintain communications at all times.

407.6.1 REPORTING

Unless otherwise relieved by a supervisor or IC, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Montezuma County Sheriff's Office in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents, or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Office members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement, and alleged detonation time of the device. If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established office evidence procedures.

The member receiving the bomb threat should ensure that the Patrol Lieutenant is immediately advised and informed of the details. This will enable the Patrol Lieutenant to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

The Sheriff shall be notified as set forth in Policy 328 Major Incident Notification.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 MONTEZUMA COUNTY SHERIFF'S OFFICE FACILITY

If the bomb threat is against the Montezuma County Sheriff's Office facility, the Patrol Lieutenant will direct and assign deputies as required for coordinating a general building search or evacuation of the sheriff's office, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Montezuma County Sheriff's Office that is not the property of this office, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Patrol Lieutenant deems appropriate.

Montezuma County Sheriff's Office

Policies

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this office receives notification of a bomb threat at a location in the County of Montezuma, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on scene.
- (e) Whether the individual is requesting sheriff's assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Patrol Lieutenant is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Patrol Lieutenant should be notified when sheriff's assistance is requested. The Patrol Lieutenant will make the decision whether the Office will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including sheriff's control over the facility.

Should the Patrol Lieutenant determine that the Office will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.

Montezuma County Sheriff's Office

Policies

Response to Bomb Calls

- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request sheriff's assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - (a) Two-way radios.
 - (b) Cell phones.
 - (c) Other personal communication devices.
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Patrol Lieutenant including:
 - 1. The time of discovery.
 - 2. The exact location of the device.
 - 3. A full description of the device (e.g., size, shape, markings, construction).

Montezuma County Sheriff's Office

Policies

Response to Bomb Calls

4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

408.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department.
- Emergency medical services.
- Bomb squad.
- Additional office personnel, such as investigators and forensic services.
- Field supervisor.
- Patrol Lieutenant.
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) .
- Other government agencies, as appropriate.

Montezuma County Sheriff's Office

Policies

Response to Bomb Calls

408.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Patrol Lieutenant should assign deputies to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Civil Commitments

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when deputies may place an individual under protective custody for civil commitment (CRS § 27-65-106; CRS § 27-65-107; CRS § 27-81-111).

409.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to protect the public and individuals through legal and appropriate use of the civil commitment process.

409.3 AUTHORITY

Deputies may take a person into protective custody:

- (a) When the deputy has probable cause to believe that a person is either gravely disabled or an imminent danger to self or others due to a mental health disorder (CRS § 27-65-106).
 - 1. The deputy should transport the person to a designated or approved facility for a 72-hour treatment and evaluation.
- (b) When the deputy has probable cause to believe that a person is experiencing a behavioral health crisis and in immediate need of professional intervention to prevent harm to self or others (CRS § 27-65-107).
 - 1. The deputy should consult with a behavioral health crisis response team, if available, and transport the person to a designated or approved outpatient mental health facility or other clinically appropriate facility.
 - 2. The deputy should provide the person to be transported an opportunity to make a telephone call, absent any safety concerns.

If an appropriate facility is not available, deputies should take the person to an emergency medical services facility, as defined by CRS § 27-65-102 (CRS § 27-65-106; CRS § 27-65-107).

409.3.1 DETENTION

Detention of a person under a mental health hold does not constitute an arrest. When a person is taken into protective custody for a mental health hold, that person shall not be detained in the jail, lockup, or other place used for the confinement of persons charged with an offense (CRS § 27-65-106).

Detention of a person held for a substance abuse emergency commitment is considered protective custody and does not constitute an arrest (CRS § 27-81-111).

409.3.2 VOLUNTARY EVALUATION

If a deputy encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the deputies should:

Montezuma County Sheriff's Office

Policies

Civil Commitments

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a voluntary application.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, deputies should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any deputy handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

Civil commitments should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

409.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting deputy should have the Dispatch Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Deputies may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, on-duty supervisor approval is required before transport commences.

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the deputy should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility

Montezuma County Sheriff's Office

Policies

Civil Commitments

restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

409.7 DOCUMENTATION

The deputy shall complete an application for emergency admission, provide it to the facility staff member assigned to that patient, and retain a copy of the application for inclusion in the case report (CRS § 27-65-106; CRS § 27-65-107).

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.8 CRIMINAL OFFENSES

Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody for a civil commitment should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this office to regain custody of the individual, office resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling deputies should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling deputy should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

Montezuma County Sheriff's Office

Policies

Civil Commitments

409.10 TRAINING

This office will endeavor to provide office-approved training on interaction with persons with mental health disorders, behavioral health crises, substance abuse crisis, on civil commitments, and crisis intervention.

409.11 REPORTING TO BEHAVIORAL HEALTH ADMINISTRATION SUBSTANCE ABUSE HOLDS

The deputy should ensure that the Records Manager is provided enough information relating to a substance abuse hold to meet the reporting requirements of the Behavioral Health Administration (CRS § 27-81-111).

Citation/Summons and Release Policy

410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Montezuma County Sheriff's Office with guidance on when to release adults who are suspected offenders on a summons for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

410.2 RELEASE

A suspected offender may be released on issuance of a summons as follows:

- (a) For a misdemeanor or petty offense when the deputy is satisfied that the person will comply with the requirements of the summons (CRS § 16-3-105)
- (b) For a civil infraction (CRS § 16-2.3-103)
- (c) For certain traffic violations punishable as a misdemeanor, petty offense, or misdemeanor traffic offense in accordance with CRS § 42-4-1707
- (d) For crimes other than those described in CRS § 24-4.1-302(1), and for certain other felonies when the local district attorney has approved criteria for the issuance of a summons unless any of the following apply (CRS § 16-5-206):
 - 1. There is a reasonable likelihood that the person will not appear.
 - 2. The person has had a felony arrest in the preceding five years.
 - 3. There is an allegation that the person used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.
 - 4. The person has an outstanding arrest warrant.

In addition, for civil infractions and certain parking violations, the deputy may give the offender a penalty assessment notice and release the offender upon its terms (CRS § 16-2-201; CRS § 16-2.3-102; CRS § 42-4-1701(5)(a)). The penalty assessment notice must be a summons and complaint that contains the information required by CRS § 16-2-201, CRS § 16-2.3-102, or CRS § 42-4-1707.

410.2.1 DISCRETION TO ARREST

While this office recognizes the statutory power of peace officers to make arrests throughout the state, deputies are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this office, except in cases of hot or fresh pursuit, while following up on crimes committed within the County, when acting under a joint powers agreement or mutual aid agreement, or while assisting another agency. On-duty deputies who discover criminal activity outside the jurisdiction of the County should, when circumstances reasonably permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Montezuma County Sheriff's Office

Policies

Citation/Summons and Release Policy

Off-duty deputies observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations, the involved deputy shall clearly identify him/herself as a sheriff's deputy.

Deputies are authorized to use verbal or written warnings in lieu of arrest or citation to resolve minor traffic and criminal violations when appropriate.

410.3 PROHIBITIONS

The release of a suspected offender on a summons is not permitted for felony offenses, except when local district attorney has approved criteria for the issuance of a summons for non-violent offenses pursuant to CRS § 16-5-206 (CRS § 16-3-105).

See the Domestic Violence Policy for release restrictions related to those investigations.

410.3.1 PROHIBITIONS IN CERTAIN NON-VIOLENT OFFENSES

A summons otherwise authorized pursuant to procedures approved by the local district attorney shall not be issued in lieu of a custodial arrest when a deputy reasonably believes that any of the following apply (CRS § 16-5-206):

- (a) There is a reasonable likelihood that the person will not appear in court.
- (b) The defendant has had a felony arrest during the preceding five years.
- (c) There is an allegation that the defendant used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.
- (d) The person has an outstanding arrest warrant.

The arrest of persons for DUI, DUID of whom the deputy has verified the person's identification, is a local Montezuma County Resident, and has cooperated, should be released to a responsible adult (18 years of age or older) who has completed and acknowledged the Office authorized Intoxicated Subject Release form. [See attachment: Intox Subject Release2.pdf](#)

410.3.2 JAIL RELEASE

In certain cases, it may be impracticable to release a person arrested for misdemeanor offenses in the field. The person arrested may instead be released after booking at the jail, with Patrol Lieutenant approval.

Any person arrested for a misdemeanor offense shall be released on his/her written promise to appear after the booking procedure is completed, unless the person is disqualified for other reasons listed below.

410.3.3 DISQUALIFYING CIRCUMSTANCES

A person arrested for a misdemeanor shall be released on a notice to appear unless one of the following situations is present:

Montezuma County Sheriff's Office

Policies

Citation/Summons and Release Policy

- (a) There is a reasonable likelihood that the offense or offenses would continue or resume or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (b) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically stated (CRS § 16-3-105(1)(b)).
- (c) The person does not have adequate proof of identification to verify their identity to be issued a citation.
- (d) The crime involves domestic violence (CRS § 16-3-105(1.5)).
- (e) The crime involves violence or dangerous weapons/firearms.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release should be noted on the booking form and submitted to the Patrol Lieutenant for approval and inclusion with the case file in the Records Section.

410.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, deputies should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense (CRS § 16-3-105).
- (e) The individual's ties to the area, such as residence, employment, or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

410.4.1 PENALTY ASSESSMENTS

A decision to use the penalty assessment procedure shall be based upon circumstances which reasonably persuade the deputy that the offender is likely or unlikely to comply with the terms of the penalty assessment notice (CRS § 16-2-201).

410.5 POLICY

The Montezuma County Sheriff's Office will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a summons, when authorized to do so.

Foreign Diplomatic and Consular Representatives

411.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Montezuma County Sheriff's Office extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

411.2 POLICY

The Montezuma County Sheriff's Office respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

411.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

411.4 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

Montezuma County Sheriff's Office

- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests, and any other tests regarding impaired driving may proceed but they shall not be compelled.
- (d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces, and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist deputies in situations that call for rapid response and deployment.

412.2 POLICY

The Montezuma County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Montezuma County Sheriff's Office in protecting themselves or others from death or serious injury.

412.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent, or eliminate the threat.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably practicable, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual deputy from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the deputies have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.

Montezuma County Sheriff's Office

Policies

Rapid Response and Deployment

- (g) The availability of rifles, shotguns, shields, breaching tools, control devices, and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

412.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore, and analyze sources of intelligence and known information regarding the circumstances, location, and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing, or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.5 PLANNING

The Patrol Division Lieutenant should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

412.6 TRAINING

The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

Montezuma County Sheriff's Office

Policies

Rapid Response and Deployment

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool, and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Reporting Law Enforcement Activity Outside of the Jurisdiction

413.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting law enforcement activity, while on or off duty, that is occurring outside the jurisdiction of the Montezuma County Sheriff's Office.

413.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE COUNTY

When a deputy is on duty and is requested by an outside agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor, the Patrol Lieutenant, or Division Supervisor and shall respond to the request as outlined in the Mutual Aid and Outside Agency Assistance Policy. If the request is of an emergency nature, the deputy shall notify the Dispatch Center before responding and thereafter notify a supervisor as soon as practicable.

413.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE COUNTY

Any on-duty deputy who engages in self-initiated law enforcement activities of any type outside the immediate jurisdiction of the Montezuma County Sheriff's Office that are not part of a mutual aid request shall notify his/her supervisor or the Patrol Lieutenant at the earliest possible opportunity. Any off-duty deputy who engages in any law enforcement activities, regardless of jurisdiction, shall notify the Patrol Lieutenant or a Division Supervisor as soon as reasonably practicable.

A case report or other documentation of the deputy's activity is required. The report or other documentation shall be forwarded to the deputy's Division Lieutenant.

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Montezuma County Sheriff's Office relating to immigration and interacting with federal immigration officials.

414.2 POLICY

It is the policy of the Montezuma County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or Colorado Constitution.

414.4 DETENTIONS

A deputy should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the deputy may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

A deputy is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

A deputy should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

Montezuma County Sheriff's Office

Policies

Immigration Violations

414.4.1 CIVIL VS. CRIMINAL FEDERAL OFFENSES

An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, a foreign national or non-United States citizen who initially made a legal entry into the United States but has remained beyond what is a legal period of time has committed a federal civil offense. Deputies do not have the legal authority to enforce federal immigration laws.

Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin, or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or Colorado Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion, and shall include factors weighing for and against reasonable suspicion.

Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:

- (a) An admission that the person entered the United States illegally.
- (b) Reason to suspect that the person possesses immigration documentation that is forged, altered, or otherwise indicative that the person is not legally present in the United States.
- (c) While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.
- (d) Other factors based upon training and experience.

414.4.2 SUPERVISOR RESPONSIBILITIES

When notified that a deputy has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, a deputy will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely investigate suspected undocumented foreign nationals who are booked into the county jail on criminal charges. Notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this office should be directed to a supervisor. The Office may provide available support services, such as traffic control or peacekeeping efforts.

Montezuma County Sheriff's Office

Policies

Immigration Violations

414.7 INFORMATION SHARING

No member of this office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in office records
- (c) Exchanging such information with any other federal, state, or local government entity

414.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

414.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Division supervisor assigned to oversee the handling of any related case (CRS § 24-4.1-405). The Detective Division supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted (CRS § 24-4.1-403).
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner in accordance with CRS § 24-4.1-402.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.8.1 TIME FRAME FOR COMPLETION

The Detective Division supervisor should ensure that the certification for the U visa is processed within 90 days of the request, unless the victim is in federal immigration removal proceedings or a family member would become ineligible for U nonimmigrant status within 60 days, in which case the certification shall be executed within 30 days of receipt of the request (CRS § 24-4.1-402).

Policies

414.8.2 APPROVAL OR DENIAL OF CERTIFICATION

If certification is approved, the Detective Division supervisor, at no charge, shall return the signed certification form with reports relevant to the approval to the requestor (CRS § 24-4.1-403).

If certification is denied, the Detective Division supervisor shall inform the requestor in writing regarding the reason for the denial as provided in CRS § 24-4.1-403.

414.8.3 RELEASE OF INFORMATION

Personal identifying information or information regarding the citizenship or immigration status of any victim of criminal activity or trafficking who is requesting a certification shall not be disclosed except when allowed by law (CRS § 24-4.1-404) (see also the Records Maintenance and Release Policy for additional guidance).

414.9 TRAINING

The Training Manager should ensure that deputies receive training.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Aircraft Accidents

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide office members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan, and Hazardous Material Response policies.

415.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed-wing aircraft, rotorcraft, balloon, blimp/dirigible, or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

415.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

415.3 ARRIVAL AT SCENE

Deputies or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

415.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Montezuma County Sheriff's Office

Policies

Aircraft Accidents

415.5 NOTIFICATIONS

When an aircraft accident is reported to this office, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries, or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department.
- (b) Appropriate airport tower.
- (c) Emergency medical services (EMS).
- (d) Sheriff and Undersheriff.

415.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS, or other assisting law enforcement agencies.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on scene, the efforts of this office will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene office supervisor should ensure the accident is still appropriately investigated and documented.

415.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials, and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators, and tires.

Montezuma County Sheriff's Office

Policies

Aircraft Accidents

- (c) Fluids, batteries, flares, and igniters.
- (d) Evacuation chutes, ballistic parachute systems, and composite materials.

415.8 DOCUMENTATION

All aircraft accidents occurring within the County of Montezuma shall be documented. At a minimum the documentation should include the date, time, and location of the incident; any witness statements, if taken; the names of MCSO members deployed to assist; other County resources that were utilized; and cross-reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

415.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

415.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

415.9 MEDIA RELATIONS

The Public Information Officer ([PIO]) should coordinate a response to the media, including access issues, road closures, detours, and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should

Montezuma County Sheriff's Office

Policies

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The [PIO] should coordinate with other involved entities before the release of information.

Field Training Officer Program

416.1 PURPOSE AND SCOPE

The Field Training Officer (FTO) Program is intended to provide a standardized program to facilitate the deputy's transition from the academic setting to the actual performance of general law enforcement duties of the Montezuma County Sheriff's Office.

It is the policy of this office to assign all new sheriff's deputies to a structured FTO Program that is designed to prepare the new deputy to perform in a patrol assignment and to acquire all of the skills needed to operate in a safe, productive, and professional manner.

416.2 FIELD TRAINING OFFICER

The FTO is an experienced deputy trained in the art of supervising, training, and evaluating entry level and lateral sheriff's deputies in the application of their previously acquired knowledge and skills.

416.2.1 SELECTION PROCESS

416.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR

The FTO Program supervisor will be selected from the rank of sergeant or above by the Patrol Division Lieutenant or the authorized designee and shall complete a Field Training Administrator's Course approved by the Office within one year of appointment to this position.

The responsibilities of the FTO Program supervisor includes the following:

- (f) Monitor the overall FTO Program.
- (g) Maintain liaison with FTO coordinators of other agencies.
- (h) Develop ongoing training for FTOs.

416.4 DEFINITIONS

Definitions related to this policy include:

416.5 REQUIRED TRAINING

Entry level deputies shall be required to successfully complete the Field Training Program.

The training period for lateral deputies may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of four weeks.

The required training will take place on at least two different shifts and with at least two different FTOs if reasonably possible.

416.5.1 FIELD TRAINING MANUAL

Each new deputy will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and skills necessary to properly function as a deputy with the Montezuma County Sheriff's Office. The deputy shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules, and regulations of the Montezuma County Sheriff's Office.

416.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

416.6.1 FIELD TRAINING OFFICER

- (a) FTOs shall complete and submit a written evaluation on the performance of their assigned trainee to their immediate supervisor on a daily basis.
- (b) FTOs shall review the Daily Trainee Performance Evaluations with the trainee each day in a positive manner.
- (c) A detailed end-of-phase performance evaluation on the assigned trainee shall be completed by the FTO at the end of each phase of training.

Montezuma County Sheriff's Office

Policies

Field Training Officer Program

- (d) FTOs shall be responsible for signing off on all completed topics contained in the Field Training Manual, noting the method of learning and evaluating the performance of the assigned trainee.

416.6.2 IMMEDIATE SUPERVISOR

The FTO's immediate supervisor shall review and approve the Daily Trainee Performance Evaluations and forward them to the Field Training Administrator.

416.6.3 FIELD TRAINING ADMINISTRATOR

The Field Training Administrator will review and approve the Daily Trainee Performance Evaluations submitted through the FTO's immediate supervisor.

The Field Training Administrator will hold periodic meetings with all FTOs to ensure understanding and compliance with the requirements of the Field Training Program. At least annually, the Field Training Administrator will hold a process review meeting with all FTOs to discuss changes needed in the FTO Program. A summary of this meeting, with any recommendations or changes made, will be documented and forwarded to the Sheriff for review and approval.

416.6.4 TRAINEE

At the completion of the Field Training Program, the trainee shall submit a performance evaluation of each of his/her FTOs and of the Field Training Program.

416.7 DOCUMENTATION

All documentation of the Field Training Program will be retained in the deputy's training files and will consist of the following:

- (a) Daily Trainee Performance Evaluations.
- (b) End of phase evaluations.
- (c) A Certificate of Completion, certifying that the trainee has successfully completed the required number of hours of field training.

Obtaining Air Support Assistance

417.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

417.2 REQUEST FOR AIR SUPPORT ASSISTANCE

If a supervisor or deputy in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made. The Undersheriff and Sheriff shall be notified of the request.

417.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Patrol Lieutenant or the authorized designee will call the closest agency having air support available. The Patrol Lieutenant will apprise that agency of the specific details of the incident prompting the request.

417.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard.
- (c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When an aircraft is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits when possible or immediately necessary for the preservation of life (ie: Car Jacking with victim occupancy, kidnapping, etc.).
- (f) Pre-planned events or actions that require air support.
- (g) When the Patrol Lieutenant or equivalent authority determines a reasonable need exists.

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for deputies on the ground.

Contacts and Temporary Detentions

418.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

418.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Consensual search - A search performed by a deputy following the voluntary consent of the person being searched, or the person having control of the place or item being searched.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the deputy's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person's freedom of movement.

418.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable

Montezuma County Sheriff's Office

Policies

Contacts and Temporary Detentions

suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Montezuma County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

418.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the [officer_deputy] should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the deputy.

418.3 CONSENSUAL SEARCHES

A deputy may conduct a consensual search of a person who is not under arrest, and any effects of the person or a vehicle as follows (CRS § 16-3-310):

- (a) The person has apparent or actual authority to provide permission to search the vehicle or effects, if any.
- (b) The person is informed that he/she is being asked to voluntarily consent to a search.
- (c) The person is informed that he/she has the right to refuse the request to search.
- (d) The person voluntarily provides consent.

When asking for consent, deputies should explain the scope of the search. Deputies should stop a consent search if the person withdraws consent.

Deputies should, whenever practicable, obtain written consent. If written consent is not possible, the deputy should record any verbal consent.

Montezuma County Sheriff's Office

Policies

Contacts and Temporary Detentions

418.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the deputy's training and experience, a deputy may pat a suspect's outer clothing for weapons if the deputy has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to (see also CRS § 16-3-103(2)):

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single deputy.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.

418.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

418.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the deputy should have the individual read and sign the appropriate form accompanying the photograph.

418.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

Montezuma County Sheriff's Office

Policies

Contacts and Temporary Detentions

418.5.3 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken. Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

418.5.4 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Patrol Lieutenant with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Patrol Lieutenant should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Patrol Lieutenant will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

418.6 POLICY

The Montezuma County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

418.7 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.

Montezuma County Sheriff's Office

Policies

Contacts and Temporary Detentions

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by office members.
1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

419.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Montezuma County Sheriff's Office appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges, or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

419.2 POLICY

The Montezuma County Sheriff's Office recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this office to collect and share relevant information while respecting the privacy and legal rights of the public.

419.3 CRIMINAL INTELLIGENCE SYSTEMS

No office member may create, submit to, or obtain information from a criminal intelligence system unless the Sheriff has approved the system for office use.

Any criminal intelligence system approved for office use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for office use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

419.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo, or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this office, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance with the

Montezuma County Sheriff's Office

Policies

Criminal Organizations

established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

419.3.2 CRIMINAL GANG INVESTIGATIVE DATA SYSTEM

It is the designated supervisor's responsibility to approve the entry of any information into a criminal intelligence system operated by the Colorado Bureau of Investigation (CRS § 24-33.5-415.3(3); CRS § 24-33.5-412(1)(i)). Entries into such a database shall be based upon criteria established by statute.

419.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the office-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

419.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible office supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, the Dispatch Center records, or booking forms.
- (c) Shall not include opinions. No person, organization, or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

419.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

Montezuma County Sheriff's Office

Policies

Criminal Organizations

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

419.5 INFORMATION RECOGNITION

Office members should document facts that suggest an individual, organization, or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Office supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

419.6 RELEASE OF INFORMATION

Office members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to office members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

419.7 CRIMINAL STREET GANGS

The Detective Division Supervisor should ensure that there are an appropriate number of office members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above-average familiarity with identification of criminal street gangs, criminal street gang members, and patterns of criminal gang activity.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

Montezuma County Sheriff's Office

Policies

Criminal Organizations

419.8 TRAINING

The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. The Colorado Attorney General Office is a resource for this training. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Mobile and Individual Audio Video

420.1 PURPOSE AND SCOPE

The Montezuma County Sheriff's Office may equip patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist deputies in the performance of their duties. This policy provides guidance on the use of these systems.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder, and monitor.

MAV technician - Personnel, certified or non-sworn, trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who possess a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

420.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to use mobile audio and video technology, when installed, to more effectively fulfill the Office's mission and to ensure these systems are used securely and efficiently.

420.3 DEPUTY RESPONSIBILITIES

to going into service, each deputy will properly equip him/herself to record audio and video in the field. At the end of the shift, each deputy will follow the established procedures for providing to the Office any recordings or used media and any other related equipment. Each deputy should have adequate recording media for the entire duty assignment.

In the event a deputy works at a remote location and reports in only periodically, multiple recording media may be issued. Only Montezuma County Sheriff's Office identified and labeled media with tracking numbers is to be used.

At the start of each shift, deputies should test the MAV system's operation in accordance with manufacturer specifications and office operating procedures and training.

System documentation is accomplished by the deputy recording his/her name, serial number, badge, or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the deputy shall take the MAV out of service unless a supervisor requests the MAV remain in service.

Montezuma County Sheriff's Office

Policies

Mobile and Individual Audio Video

420.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the deputy whenever appropriate. When audio is being recorded, the video will also record.

420.4.1 REQUIRED ACTIVATION OF THE MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. A deputy may activate the system any time the deputy believes its use would be appropriate and/or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance, and all crime interdiction stops).
 - 2. Priority responses.
 - 3. Vehicle pursuits.
 - 4. Suspicious vehicles.
 - 5. Arrests.
 - 6. Vehicle searches.
 - 7. Physical or verbal confrontations or use of force.
 - 8. Pedestrian checks.
 - 9. DUI/DUID investigations including field sobriety tests.
 - 10. Consensual encounters.
 - 11. Crimes in progress.
 - 12. Responding to an in-progress call.
- (b) All self-initiated activity in which a deputy would normally notify the Dispatch Center.
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls.
 - 2. Disturbance of peace calls.
 - 3. Offenses involving violence or weapons.

Montezuma County Sheriff's Office

Policies

Mobile and Individual Audio Video

- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
- (e) Any other circumstance where the deputy believes that a recording of an incident would be appropriate.

420.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported, and all witnesses and victims have been interviewed. Recording may cease if a deputy is simply waiting for a tow truck or a family member to arrive or in other similar situations.

420.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other deputies or during breaks, lunch periods, when not in service or actively on patrol.

No member of this office may surreptitiously record a conversation of any other member of this office except with a court order or when lawfully authorized by the Sheriff or the authorized designee for the purpose of conducting a criminal or administrative investigation.

420.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Dispatch Center.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date it was issued.
 - 3. The law enforcement operator or the vehicle to which it was issued.
 - 4. The date submitted.
 - 5. Law enforcement operators submitting the media.
 - 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new members is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, office-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician, or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Montezuma County Sheriff's Office

Policies

Mobile and Individual Audio Video

420.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images, and audio recordings are the property of the Office. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed, or otherwise inserted into any device not approved by the office MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media in pristine condition.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements.
- (b) By a supervisor investigating a specific act of deputy conduct.
- (c) By a supervisor to assess deputy performance.
- (d) To assess proper functioning of MAV systems.
- (e) By office investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry, or a criminal investigation.
- (f) By office personnel who request to review recordings.
- (g) By a deputy who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment.
- (h) By court personnel through proper process or with permission of the Sheriff or the authorized designee.
- (i) By the media through proper process or with permission of the Sheriff or the authorized designee.
- (j) To assess possible training value.
- (k) Recordings may be shown for training purposes. If an involved deputy objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the deputy's objection.

Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Patrol Lieutenant. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

420.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the deputy's report. If a citation is issued, the deputy shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

Montezuma County Sheriff's Office

Policies

Mobile and Individual Audio Video

420.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 90 days and disposed of in compliance with the established records retention schedule.

420.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Sheriff or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

420.7.2 MAV RECORDINGS AS EVIDENCE

Deputies who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the deputy, or against the Montezuma County Sheriff's Office should indicate this in an appropriate report. Deputies should ensure relevant recordings are preserved.

420.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating deputy's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Deputies using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside a MAV-equipped law enforcement vehicle in order to intentionally interfere with the capability of the MAV system to record audio data.
- (g) Deputies shall not erase, alter, reuse, modify, or tamper with MAV recordings. Only a supervisor, MAV technician, or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

Mobile and Individual Audio Video

420.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing, and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secured location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the office evidence storage protocols and the records retention schedule.

420.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Data Computer Use

421.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use, and application of the Mobile Data Computer (MDC) system in order to ensure appropriate access to confidential records from local, state, and national law enforcement databases, and to ensure effective electronic communications between office members and the Dispatch Center.

421.2 POLICY

Montezuma County Sheriff's Office members using the MDC shall comply with all appropriate federal, state, and county rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

421.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received, or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

421.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Patrol Lieutenant.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, and communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and will result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

421.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical, or safety needs should be transmitted over the radio (CRS § 42-4-201).

Montezuma County Sheriff's Office

Policies

Mobile Data Computer Use

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

At no time when the vehicle is in motion should the display be viewed by the driver for visual entertainment, including Internet browsing or the use of social media or email.

421.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Patrol Lieutenant or other office-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the sheriff's radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC or patrol daily activity log.

421.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the sheriff's radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

421.6 EQUIPMENT CONSIDERATIONS

421.6.1 MALFUNCTIONING MDC

Whenever possible, members should not use malfunctioning MDCs. A Help Desk ticket should be transmitted for repair of the MDC.

421.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Public Recording of Law Enforcement Activity

423.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

423.2 POLICY

The Montezuma County Sheriff's Office recognizes the right of persons to lawfully record members of this office who are performing their official duties. Members of this office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply, or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

423.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the deputies.
 - 4. Being so close to the activity as to interfere with a deputy's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the deputies, him/herself, or others.

423.4 DEPUTY RESPONSE

Deputies should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Montezuma County Sheriff's Office

Policies

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

423.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure, or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Office members, such as how and where to file a complaint.

423.6 SEIZING RECORDINGS AS EVIDENCE

Deputies should not seize recording devices or media unless (42 USC § 2000aa; CRS § 16-3-311):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - (a) Before obtaining consent, the member shall provide the person with his/her identification, agency name, and the reason the information is requested.

Montezuma County Sheriff's Office

Policies

Public Recording of Law Enforcement Activity

- (b) If the person voluntarily provides his/her device or media to the member, the search of the device or media shall be limited to the relevant recording and the device or media returned as soon as practicable.
- 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a office device.
- 3. Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

423.6.1 SEARCH WARRANTS

When a member seizes a recording device or media without the person's consent or without a search warrant, a search warrant for the recording shall be sought within 72 hours of the seizure (CRS § 16-3-311).

Medical Marijuana

424.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this office with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under Colorado's medical marijuana laws.

424.1.1 DEFINITIONS

Definitions related to this policy include:

Allowed amount of marijuana - No more marijuana than is medically necessary to address a debilitating or disabling medical condition. Though the amount may be greater, anything at or below the following amount qualifies as an allowed amount (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106):

- (a) No more than 2 ounces of a usable form of marijuana.
- (b) No more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana.

Medical use - The acquisition, possession, production, use, or transportation of marijuana or paraphernalia related to the administration of such marijuana to address the symptoms or effects of a patient's debilitating or disabling medical condition, which may be authorized only after a diagnosis of the patient's debilitating or disabling medical condition by a physician (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Patient - A person who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Primary caregiver - A person, other than the patient and the patient's physician, who is 18 years of age or older and has significant responsibility for managing the well-being of a patient who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14). A primary caregiver may have one or more relationships with a patient, including as (CRS § 25-1.5-106):

- (a) A parent of a child and anyone who assists that parent with caregiver responsibilities, including cultivation and transportation.
- (b) An advising caregiver who advises a patient on which medical marijuana products to use and how to dose them, and does not possess, provide, cultivate, or transport marijuana on behalf of the patient.
- (c) A transporting caregiver who purchases and transports marijuana to a patient who is homebound.
- (d) A cultivating caregiver who grows marijuana for a patient.

Registry Identification Card (RIC) - That document, issued by the Colorado Department of Public Health and Environment, that identifies a patient authorized to engage in the medical use

Montezuma County Sheriff's Office

Policies

Medical Marijuana

of marijuana and such patient's primary caregiver, if one has been designated (Colo. Const. art. XVIII, § 14).

Usable form of marijuana - The seeds, leaves, buds, and flowers of the plant (genus) cannabis, and any mixture or preparation thereof, which are appropriate for medical use. It does not include the plant's stalks, stems, and roots.

424.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to prioritize resources to avoid making arrests related to marijuana that the arresting deputy reasonably believes would not be prosecuted by state or federal authorities.

Colorado medical marijuana laws are intended to provide protection from prosecution to those who acquire, possess, manufacture, produce, use, sell, distribute, dispense, or transport marijuana for debilitating or disabling medical conditions. However, Colorado medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Montezuma County Sheriff's Office will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Colorado law and the resources of the Office.

424.3 INVESTIGATION

Investigations involving the acquisition, possession, manufacture, production, use, sale, distribution, dispensing, or transportation of marijuana generally fall into one of the following categories:

- (a) (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medical use claim is made by an adult who has not been issued an RIC.
- (c) Investigations when a medical use claim is made by an adult who has been issued an RIC.
- (d) Investigations when a medical use claim is made by a juvenile.
- (e) During the investigation of any unlawful cultivation or possession of marijuana, either medical or recreational, shall live marijuana plants be seized as evidence. Members shall document any live plants in scaled photographs and/or video and secure a leaf clipping for proper forensic examination and evidentiary purposes.

424.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production, or use of marijuana or drug paraphernalia where no person claims that the marijuana is being used for medicinal purposes, the deputy should proceed with a criminal investigation if the amount is greater than permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16). A medicinal defense may be raised at any time, so deputies should document any statements and observations that may be relevant as to whether the marijuana was possessed or produced for medicinal purposes.

Montezuma County Sheriff's Office

Policies

Medical Marijuana

424.3.2 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS NOT BEEN ISSUED AN RIC

An adult making a medical-use claim, either as a patient or primary caregiver, should not be arrested for a marijuana-related offense when:

- (a) The patient (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):
 - 1. Was previously diagnosed by a physician as having a debilitating or disabling medical condition.
 - 2. Was advised by his/her physician, in the context of a bona fide physician-patient relationship, that the patient might benefit from the medical use of marijuana in connection with a debilitating or disabling medical condition.
 - 3. Was collectively in possession of an allowed amount of marijuana.
- (b) The amount is permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16).

A copy of an application submitted to the Colorado Department of Public Health and Environment, including the written documentation and proof of the date of mailing or other transmission of the written documentation, shall be accorded the same legal effect as an RIC until such time as the patient receives notice that the application has been denied (Colo. Const. art. XVIII, § 14(3)(d)).

424.3.3 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS BEEN ISSUED AN RIC

An adult making a medical-use claim, either as a patient or primary caregiver, shall not be arrested for a marijuana-related offense when all of the following exist (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):

- (a) The patient or primary caregiver is in lawful possession of an RIC.
- (b) The marijuana in question is for medical use.
- (c) The patient or primary caregiver is in possession of no more than 2 ounces of a usable form of marijuana and no more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana.

A patient or primary caregiver in lawful possession of an RIC should not be arrested for any quantity of marijuana above the specified amounts of marijuana (2 ounces, six plants) if the amount is no more than is medically necessary to address a debilitating or disabling medical condition.

Evidence that an extended amount is medically necessary may include a voluntary disclosure by the patient in his/her registration information that he/she intends to cultivate more than six plants for his/her own medical use (CRS § 25-1.5-106).

424.3.4 INVESTIGATIONS RELATED TO A MEDICAL-USE CLAIM BY A JUVENILE

A juvenile under the age of 18 shall not be arrested for a marijuana-related offense if all of the following conditions exist (Colo. Const. art. XVIII, § 14(6); CRS § 25-1.5-106):

- (a) The juvenile is in lawful possession of an RIC.

Montezuma County Sheriff's Office

Policies

Medical Marijuana

- (b) The juvenile and parental primary caregiver collectively possess no more than an allowed amount of marijuana.
- (c) The parental primary caregiver controls the acquisition, dosage, and frequency of use of the marijuana.

424.3.5 ADDITIONAL CONSIDERATIONS

Deputies should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Deputies shall immediately notify the Colorado Department of Public Health and Environment when any person in possession of an RIC has been determined by a court of law to have willfully violated the provisions of medical marijuana laws or has pleaded guilty to such an offense (Colo. Const. art. XVIII, § 14(3); CRS § 25-1.5-106).
- (b) Because enforcement of medical marijuana laws can be complex, time-consuming, and call for resources unavailable at the time of initial investigation, deputies may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 - 4. Any other relevant factors exist, such as limited available office resources and time constraints.
- (c) Whenever the initial investigation reveals an amount of marijuana greater than that specified by law, deputies should consider:
 - 1. The amount of marijuana recommended by a medical professional to be ingested.
 - 2. The quality of the marijuana.
 - 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 - 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 - 5. Other factors such as the climate and whether the marijuana is being cultivated indoors or outdoors.
- (d) Before proceeding with enforcement related to a locally approved business that cultivates, manufactures, or sells medical marijuana or medical marijuana-infused products, deputies should consider conferring with appropriate legal counsel.
- (e) Primary caregivers must be registered to cultivate or transport marijuana and have supporting receipts when transporting the marijuana. Deputies may report a primary caregiver to the state licensing authority if the primary caregiver fails to provide proper documentation showing that he/she has registered (CRS § 25-1.5-106).

Montezuma County Sheriff's Office

Policies

Medical Marijuana

1. Primary caregivers have additional registration requirements if they grow 37 or more plants. Additionally, primary caregivers may not grow 100 or more plants (CRS § 25-1.5-106).

424.3.6 EXCEPTIONS

Deputies may take enforcement action against a patient or primary caregiver who (Colo. Const. art. XVIII, § 14(5); CRS § 25-1.5-106):

- (a) Engages in the medical use of marijuana in a way that endangers the health or well-being of any person.
- (b) Unlawfully engages in the medical use of marijuana in plain view of, or in a place open to, the general public (CRS § 44-10-702).
- (c) Undertakes any task while under the influence of medical marijuana, when doing so would constitute negligence or professional malpractice.
- (d) Possesses or uses non-smokable medical marijuana without authorization on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).
- (e) Possesses or uses smokable medical marijuana on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).
- (f) Engages in the use of medical marijuana in a correctional facility, community corrections facility, or in a vehicle, aircraft, or motorboat.
- (g) Engages in the use of medical marijuana while sentenced to jail/prison.
- (h) Operates, navigates, or is in actual physical control of any vehicle, aircraft, or motorboat while under the influence of medical marijuana.
- (i) Manufactures marijuana concentrate in an unregulated environment using an inherently hazardous substance (CRS § 18-18-406.6).
- (j) Grows or possesses on residential property more than the number of marijuana plants as set forth in CRS § 25-1.5-106.

424.4 FEDERAL LAW ENFORCEMENT

Deputies should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the deputy believes those authorities would have a particular interest in the information.

424.5 EVIDENCE

424.5.1 MEMBER RESPONSIBILITIES

The investigating member should advise the receiving Property and Evidence Section member when marijuana may be the subject of a medical claim.

424.5.2 EVIDENCE TECHNICIAN RESPONSIBILITIES

The Evidence Technician shall ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not harmed, neglected, injured, or destroyed (Colo. Const. art. XVIII, § 14(2)(e)).

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Evidence Technician should follow the Property and Evidence Policy and related procedures.

The Evidence Technician may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Division Supervisor.

Mounted Patrol Unit

425.1 PURPOSE AND SCOPE

The Montezuma County Sheriff's Office has established the Mounted Patrol Unit for the purpose of enhancing patrol efforts in the community. Horse patrol has been shown to be an effective way to increase deputy visibility in congested areas. A horse's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the mounted patrol deputy.

425.2 POLICY

The Mounted Patrol may be used for regular patrol duty, traffic enforcement, search and rescue calls for service, criminal apprehension, community policing efforts, parking control or special events. Its mobility and visibility in the community are hallmarks of its usefulness.

Mounted Patrol may be deployed to any area at all hours of the day or night, according to Office needs and as staffing levels allow.

Requests for specific deployment of the Mounted Patrol deputies shall be coordinated through the Patrol Lieutenant.

425.3 SELECTION OF PERSONNEL

Interested certified personnel, who are off probation, shall submit an assignment request to their appropriate Division Lieutenant. A copy will be forwarded through the chain of command to the Sheriff. Qualified applicants will then be invited to an oral interview. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as they pertain to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the horse as a mode of transportation.
- (e) Willingness to complete the required 80 hour POST Certified Mounted Patrol training program, with recommendation by the instructor.
- (f) Dedication required to perform daily care and handling of all the agency horses,

425.3.1 MOUNTED PATROL UNIT SUPERVISOR

The Mounted Patrol Unit supervisor will be the Patrol Division Lieutenant or the authorized designee.

The Mounted Patrol Unit supervisor shall have responsibility for the following:

- (a) Organizing mounted patrol training.
- (b) Inspecting and maintaining inventory of patrol and program equipment.
- (c) Scheduling maintenance and repairs of stables and equipment.

Montezuma County Sheriff's Office

Policies

Mounted Patrol Unit

- (d) Proper and required examinations by the approved veterinarian.
- (e) Acquisition and storage of required feed.
- (f) Evaluating the performance of mounted patrol deputies.
- (g) Coordinating activities with the Patrol Division Lieutenant.
- (h) Inspecting and documenting, no less than every three months, that the horses are kept ready for active service in a healthy and in a properly trained condition.
- (i) Other activities as required to maintain the efficient operation of the unit.

425.4 TRAINING

Participants in the program must successfully complete an initial 80 hour, Colorado POST-approved mounted patrol training course after acceptance into the program. Thereafter, mounted patrol deputies should receive yearly in-service training to improve skills and refresh safety, health, and operational procedures. The initial training shall minimally include the following:

- Equine anatomy.
- Equine care, health, and feeding requirements.
- Equine/Officer safety and accident prevention.
- Operational tactics using horses.

Mounted patrol deputies will be required to qualify with their duty firearm while wearing all safety equipment, including the helmet and riding gloves.

425.5 UNIFORMS AND EQUIPMENT

Deputies shall wear the office-approved uniform and safety equipment while riding the office horses. Safety equipment includes office-approved helmet, riding gloves, body armor, foul weather gear, and approved footwear.

The mounted patrol unit uniform consists of the standard uniform shirt with office badge and patches, and office-approved mounted patrol breeches, riding boots, and helmet.

Optional equipment includes a jacket in colder weather. Insulated clothing is permitted when worn under the uniform shirt, and a radio head set and microphone.

Mounted patrol deputies shall carry the same equipment on the patrol duty belt as they would on a regular patrol assignment.

Deputies will be responsible for obtaining the necessary forms, citation books, and other office equipment needed while on mounted patrol assignments.

425.6 CARE AND USE OF MOUNTED PATROL HORSES

Deputies will be assigned a horse, but must be able to utilize any horse in the unit, saddle, blanket, bridle, and essential riding gear along with grooming and care equipment.

Montezuma County Sheriff's Office

Policies

Mounted Patrol Unit

Mounted Patrol Deputies must be able to load, transport, and unload the horse safely in an approved trailer.

Mounted Patrol deputies shall conduct an inspection of the horse and equipment prior to use to ensure proper condition of the horse and working order of the equipment. Deputies are responsible for the routine care and maintenance of horses and equipment (e.g., feeding, watering, cleaning and grooming, daily mucking of the stalls).

If a needed repair of equipment is beyond the ability of the mounted patrol deputy, a repair work order will be completed and forwarded to the program supervisor for repair.

Each horse will have scheduled health maintenance twice yearly, to be performed by a licensed veterinarian that is approved by the Office.

Each horse will be examined routinely by an approved and authorized farrier for proper hoof care.

At the end of a mounted patrol assignment, the horse shall be returned cleaned, fed, watered, and ready for the next tour of duty.

Horses shall be properly secured in a safe location when not in the deputy's immediate presence.

During special events where large crowds of people are gathered in public parks, Mounted Patrol Deputies will patrol the outskirts of the event and only enter into the public parks or areas where large crowds of people are gathered when needed to quell a disturbance or acts of violence.

Mounted Patrol Deputies while patrolling with two or more horses and anticipating a stationary position, will position the horses side by side facing in opposite directions so that the deputies can have a 360 degree visual around the horses and mounted deputies.

When person(s) approach the horse the Mounted Patrol Deputy should instruct the person(s) to approach to the front or side of the horse whenever possible.

425.7 DEPUTY RESPONSIBILITIES

Deputies should ride and perform mounted patrol assignments in compliance with Montezuma County Sheriff's Office Mounted Patrol policies and procedures, with the safety of the deputy, the horse, and the public being paramount. Deputies may only ride the horse without reflective lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety and tactical considerations. Deputies must use caution and care when riding the horse without lighting equipment near or upon any roadway.

Foot Pursuits

426.1 PURPOSE AND SCOPE

This policy provides guidelines to assist deputies in making the decision to initiate or continue the pursuit of suspects on foot.

426.2 POLICY

It is the policy of this office that deputies, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to office members, the public, or the suspect.

Deputies are expected to act reasonably, based on the totality of the circumstances.

426.3 DECISION TO PURSUE

The safety of office members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and office members.

Deputies may be justified in initiating a foot pursuit of any individual that the deputy reasonably believes is about to engage in, is engaging in, or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that a deputy must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place office members and the public at significant risk. Therefore, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, a deputy should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support if immediately available.

Policies

Foot Pursuits

- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

426.4 GENERAL GUIDELINES

When reasonably practicable, deputies should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The deputy is acting alone.
- (c) Two or more deputies become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single deputy keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The deputy is unsure of his/her location and direction of travel.
- (e) The deputy is pursuing multiple suspects and it is not reasonable to believe that the deputy would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the deputy renders him/her incapable of controlling the suspect if apprehended.
- (g) The deputy loses radio contact with the dispatcher or with assisting or backup deputies.
- (h) The suspect enters a building, structure, confined space, isolated area, or dense or difficult terrain, and there are insufficient deputies to provide backup and containment. The primary deputy should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The deputy becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to deputies or the public.
- (j) The deputy reasonably believes that the danger to the pursuing deputies or public outweighs the objective of immediate apprehension.
- (k) The deputy loses possession of his/her firearm or other essential equipment.
- (l) The deputy or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to office members or the public if the suspect is not immediately apprehended.

Montezuma County Sheriff's Office

Policies

Foot Pursuits

- (o) The deputy's ability to safely continue the foot pursuit is impaired by inclement weather, darkness, or other environmental conditions.

426.5 REPORTING REQUIREMENTS

The initiating deputy shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and deputies.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting deputies taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating deputy need not complete a formal report.

426.6 RESPONSIBILITIES IN FOOT PURSUITS

426.6.1 INITIATING DEPUTY RESPONSIBILITIES

Unless relieved by another deputy or a supervisor, the initiating deputy shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating deputy should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient deputies are present to safely apprehend the suspect.

Early communication of available information from the involved deputies is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Deputies initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel.

Montezuma County Sheriff's Office

Policies

Foot Pursuits

- (b) Call sign identifier.
- (c) Reason for the foot pursuit, such as the crime classification.
- (d) Number of suspects and description, to include name if known.
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon.

Deputies should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any deputy unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the deputy will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for deputies, suspects, or members of the public.

426.6.2 ASSISTING DEPUTY RESPONSIBILITIES

Whenever any deputy announces that he/she is engaged in a foot pursuit, all other deputies should minimize non-essential radio traffic to permit the involved deputies maximum access to the radio frequency.

426.6.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control, and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established office guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing deputies or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

426.6.4 THE DISPATCH CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved deputies.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.

- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Patrol Lieutenant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

Automated License Plate Readers (ALPR)

427.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. The ALPR is used by the Montezuma County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates, and missing persons. The ALPR may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction, and stolen property recovery.

427.2 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Office personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any patrol operation or official office investigation. Reasonable suspicion or probable cause is not necessary before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings, and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this office shall operate ALPR equipment or access ALPR data without first completing office-approved training.
- (e) If practicable, the deputy should verify an ALPR response through the Colorado Bureau of Investigation before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may access the Colorado Bureau of Investigation data unless authorized to do so.

427.3 ALPR DATA COLLECTION AND RETENTION

When the ALPR is owned by the Montezuma County Sheriff's Office, all data and images gathered by the ALPR are for the official use of the Montezuma County Sheriff's Office and because such data may contain confidential information, it is not open to public review. ALPR information gathered and retained by this office may be used and shared with prosecutors or others only as permitted by law.

The Administrative Services Division Lieutenant is responsible to ensure proper collection and retention of ALPR data and for transferring ALPR data stored in office vehicles to the office server on a regular basis, not to exceed 30 days between transfers.

When the ALPR is owned by the Montezuma County Sheriff's Office, all ALPR data downloaded to the server should be stored for the minimum period established by office records retention

guidelines and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

ALPR use by members as part of the Colorado State Patrol BATTLE Auto Theft Team, all data collected will be stored in accordance with operational procedures as set forth by Colorado State Patrol policies, and can be obtained for official law enforcement use by this Office.

427.4 ACCOUNTABILITY AND SAFEGUARDS

When the ALPR is owned by the Montezuma County Sheriff's Office, all saved data will be closely safeguarded and protected by both procedural and technological means. The Montezuma County Sheriff's Office will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Manager and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile work station and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date, and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or office-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis.

Homeless Persons

428.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide deputies during all contacts with the homeless, whether consensual or for enforcement purposes. The Montezuma County Sheriff's Office recognizes that members of the homeless community are often in need of special protection and services. The Montezuma County Sheriff's Office will address these needs in balance with the overall mission of this office. Therefore, deputies will consider the following policy when serving the homeless community.

428.1.1 POLICY

It is the policy of the Montezuma County Sheriff's Office to provide law enforcement services to all members of the community while protecting the rights, dignity, and private property of the homeless. Homelessness is not a crime and members of this office will not use homelessness solely as a basis for detention or law enforcement action.

428.2 FIELD CONTACTS

Deputies are encouraged to contact the homeless for purposes of rendering aid, support, and for community-oriented policing purposes. Nothing in this policy is meant to dissuade a deputy from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals, counseling, and summons and release in lieu of physical arrest.

Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

428.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special consideration for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses, or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.

Montezuma County Sheriff's Office

Policies

Homeless Persons

- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

428.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies should use reasonable care when handling, collecting, and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Deputies should not conduct or assist in cleanup operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor..

Deputies who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appear to belong to a homeless person should not remove or destroy such property.

428.4 MENTAL HEALTH DISORDERS AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental health disorder or a mental impairment. Deputies shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental health disorder hold is not warranted, the contacting deputy should provide the homeless person with contact information for mental health assistance, as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

428.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Deputies are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs, and supervisor notification.

Livestock Inspection

429.1 PURPOSE AND SCOPE

The purpose of this policy is intended to ensure the protection of livestock owners and the livestock industry within Montezuma County through the enforcement of Colorado Livestock Laws.

429.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to prevent livestock theft through general patrol activities, inspection of animals being transported on a public road, and ensure proper investigation of lost, missing, or stolen livestock. Members are encouraged to become familiar with local livestock owners as well as owners of livestock who utilize public land grazing allotments within Montezuma County, and provide assistance whenever possible in the education and enforcement of County Ordinances and Colorado Livestock Laws.

429.3 LIVESTOCK TRANSPORTATION REPORT

Anytime livestock is being transported on a public road, proof of ownership of the livestock being transported must be available for inspection by any deputy sheriff or authorized peace officer (CRS 35-53-117).

Contact with any vehicle transporting or containing livestock, members should complete a Uniform Report of Livestock Transportation to properly document the date, time, location, vehicle information, number of livestock, type of livestock, description of livestock, brands and location on the animal, point of origin, point of destination, and positive identification of the person(s) in possession of the livestock.

Proof of lawful ownership or possession include:

- (a) Registered Colorado Brand.
- (b) Bill of Sale.
- (c) Brand Inspection.
- (d) Written permission to possess or transport by the livestock owner (CRS 35-53-121 and 35-53-122).
- (e) Breed registration papers are not proof of ownership.

Completed Uniform Report of Livestock Transportation forms should be distributed as follows:

- (a) Original to Records Section
- (b) Yellow to Vehicle Operator
- (c) Pink to the Brand Inspector

429.4 TRAINING

All certified members will receive training annually on Colorado Livestock Laws, brand and livestock identification, and theft investigation.

Suspicious Activity Reporting

430.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

430.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

430.2 POLICY

The Montezuma County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain, and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

430.3 RESPONSIBILITIES

The Detective Division Lieutenant and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for office participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Detective Division Lieutenant include, but are not limited to:

- (a) Remaining familiar with those databases available to the Office that would facilitate the purpose of this policy.

Montezuma County Sheriff's Office

Policies

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative, or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Office.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Office conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

430.4 REPORTING AND INVESTIGATION

Any office member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to a deputy in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare an SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, a deputy becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in an SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross-reference. An SAR should be processed as any other incident report.

430.5 HANDLING INFORMATION

The Records Section will forward copies of SARs, in a timely manner, to the following:

- Detective Division supervisor
- Crime Analysis Unit
- Other authorized designees

Civil Disputes

431.1 PURPOSE AND SCOPE

This policy provides members of the Montezuma County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to "court orders" apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Colorado law.

431.2 POLICY

The Montezuma County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity, and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides, and refrain from giving legal or inappropriate advice.

431.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

431.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Montezuma County Sheriff's Office

Policies

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

431.4.1 STANDBY REQUESTS

Deputies responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Deputies should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location without a court order.

431.5 VEHICLES AND PERSONAL PROPERTY

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration, certificates of title, Colorado title histories), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

431.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should be handled through a person seeking a court order.

Medical Aid and Response

432.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

432.2 POLICY

It is the policy of the Montezuma County Sheriff's Office that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

432.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Dispatch Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Dispatch Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel regarding whether to transport the person for treatment.

Montezuma County Sheriff's Office

Policies

Medical Aid and Response

432.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members are not to provide emergency escort for medical transport or civilian vehicles.

432.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the deputy should consider proceeding with a 72-hour treatment and evaluation in accordance with the Civil Commitments Policy. [See attachment: Emergency Mental Illness Report.pdf](#)

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the deputy will require the person to be transported to the nearest medical facility for an evaluation and hospital clearance required before booking into the Detention Center. In such cases, the deputy should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

432.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Montezuma County Sheriff's Office

Policies

Medical Aid and Response

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor's approval.

432.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

432.7 AIR AMBULANCE

Generally, when on scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Division Lieutenant should develop guidelines local fire departments and EMS for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Office should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas, or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One office member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights, and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.

Montezuma County Sheriff's Office

Policies

Medical Aid and Response

- Ensure that no one smokes near the aircraft.

432.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member should use an AED only after the member has received the required training (CRS § 13-21-108.1).

432.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in office vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Patrol Lieutenant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED shall contact the Dispatch Center as soon as possible and request response by EMS (CRS § 13-21-108.1).

432.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

432.8.3 AED TRAINING AND MAINTENANCE

The Training Manager should ensure appropriate training that includes training in CPR and AED use is provided to members authorized to use an AED (CRS § 13-21-108.1).

The Training Manager is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's operational guidelines, and will retain records of all maintenance and testing in accordance with the established records retention schedule (CRS § 13-21-108.1).

432.9 ADMINISTRATION OF OPIOID ANTAGONIST

Only members authorized by the Office may possess or administer an opioid antagonist such as naloxone hydrochloride or any similarly acting drug for the treatment of a drug overdose. The medication shall be administered in accordance with written protocol specified by the medical professional who prescribed the overdose medication for use by the member (CRS § 12-30-110; CRS § 12-255-128).

432.9.1 OPIOID ANTAGONIST USER RESPONSIBILITIES

Members who are qualified to administer an opioid antagonist should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Manager.

Montezuma County Sheriff's Office

Policies

Medical Aid and Response

Any member who administers an opioid antagonist should contact the Dispatch Center as soon as possible and request response by EMS (CRS § 12-30-110; CRS § 12-255-128; CRS § 12-280-123).

432.9.2 OPIOID ANTAGONIST REPORTING

Any member administering an opioid antagonist should detail its use in an appropriate report.

The Training Manager will ensure that the Records Manager is provided enough information to meet applicable state reporting requirements.

432.9.3 OPIOID ANTAGONIST TRAINING

The Training Manager should ensure training is provided to members authorized to administer an opioid antagonist.

The Training Manager should coordinate training with the prescribing medical professional (CRS § 12-30-110; CRS § 12-255-128; CRS § 12-280-123).

432.10 ADMINISTRATION OF EPINEPHRINE

Members may administer epinephrine in accordance with protocol specified by the physician who prescribed the medication for use by the member.

432.11 FIRST AID TRAINING

Subject to available resources, the Training Manager should ensure deputies receive periodic first aid training appropriate for their position.

Body-Worn Cameras

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of a body-worn camera (BWC) by members of this office and for the access, use, and retention of office BWC media.

The provisions of this policy, including notice, documentation, access, and retention, also apply to other portable audio/video recording devices used by members, where applicable.

This policy does not apply to undercover operations, wiretaps, or eavesdropping (concealed listening devices).

433.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - To place a BWC in active mode (also called event mode). In active mode, the BWC records both video and audio.

BWC media - The video, audio, and images captured by office BWCs and the associated metadata.

BWC media systems - Any software, including web-based programs and mobile applications, used by the Office to upload/download, store, view, transfer, and otherwise maintain BWC media.

Deactivate - To place a BWC in buffering mode (also called ready or pre-event mode). In buffering mode, the BWC records video (without audio) in short, predetermined intervals that are retained only temporarily. However, when a BWC is activated, the interval recorded immediately prior to activation is then stored as part of the BWC media. Deactivate does not mean powering off the BWC.

Event - A general term referring to a set of circumstances that may, but does not necessarily, correlate directly to a single public safety incident.

433.2 POLICY

It is the policy of the Office to use BWCs and BWC media for evidence collection and to accurately document events in a way that promotes member safety and office accountability and transparency while also protecting the privacy of members of the public.

433.3 RESPONSIBILITIES

433.3.1 BWC COORDINATOR RESPONSIBILITIES

The Sheriff or the authorized designee should delegate certain responsibilities to a BWC coordinator.

The responsibilities of the coordinator include:

- (a) Serving as a liaison between the Office and the BWC manufacturer/distributor and any third-party media storage vendor.

Montezuma County Sheriff's Office

Policies

Body-Worn Cameras

- (b) Acquiring sufficient BWCs to equip all members required to wear BWCs on-duty (CRS § 24-31-902).
- (c) Developing inventory procedures for issuing and tracking BWC equipment, including properly marking BWCs as property of the Office and recording the date each BWC is placed into or taken out of service.
- (d) Assisting with troubleshooting and maintenance of BWC equipment and media systems and, when necessary, coordinating the repair or replacement of BWCs.
 - 1. All equipment and system malfunctions and their resolutions should be documented, and maintenance and repair records should be maintained for all BWCs.
- (e) Managing BWC media systems so that:
 - 1. Access is limited to the minimum necessary authorized users and user privileges are restricted to those necessary for the member to conduct assigned office duties.
 - 2. Security requirements, such as two-factor authentication and appropriate password parameters, are in place for user credentials.
- (f) Configuring BWC media systems, or developing manual procedures, so that media is appropriately categorized and retained according to the event type tagged by members.
- (g) Retaining audit logs or records of all access, alteration, and deletion of BWC media and media systems, and conducting periodic audits to ensure compliance with applicable laws, regulations, and office policy.
- (h) Developing and updating BWC training for members who are assigned a BWC or given access to BWC media systems.
- (i) Coordinating with the community relations coordinator to (see the Community Relations Policy):
 - 1. Provide the public with notice of the office's use of BWCs (e.g., posting on the office website or social media pages).
 - 2. Gain insight into community expectations regarding BWC use.
- (j) Coordinating with the Records Manager to (see the Records Section and Records Maintenance and Release policies):
 - 1. Determine and apply proper retention periods to BWC media.
 - 2. Develop procedures for the appropriate release of BWC media.
- (k) Coordinating with the Property and Evidence Section to develop procedures for the transfer, storage, and backup of evidentiary BWC media (see the Property and Evidence Policy).

433.3.2 MEMBER RESPONSIBILITIES

Every member issued a BWC is responsible for its proper use, safekeeping, and maintenance.

Montezuma County Sheriff's Office

Policies

Body-Worn Cameras

At the beginning of each shift or period of BWC use, the member should inspect their assigned BWC to confirm it is charged and in good working order. As part of the inspection, the member should perform a function test by activating the BWC and recording a brief video stating their name, identification number, assignment, and the date and time.

Members should wear their assigned BWC on their outermost garment positioned at or near chest level and as close to the center of their body as practicable. Members are responsible for ensuring there are no obstructions and that the BWC remains in a position suitable for recording.

When a BWC is not in the physical possession of the member to which it is assigned, it should be placed on the charging dock and stored in a secure location.

Members shall report any malfunction or damage to the BWC coordinator or on-duty supervisor as soon as practicable and, if possible, obtain a functioning BWC to use either temporarily while repairs are being made to the member's BWC or as a permanent replacement.

433.4 BWC USE

The following guidelines apply to the use of BWCs:

- (a) Only office-issued BWCs should be used without the express consent of the Sheriff or the authorized designee.
- (b) BWCs should only be used by the member or members to whom it was issued unless otherwise authorized by a supervisor.
- (c) The use of office-issued BWCs shall be strictly limited to office-related activities.
- (d) Members shall not use BWCs or BWC media systems for which they have not received prior authorization and appropriate training.
- (e) Members shall immediately report unauthorized access or use of BWCs or BWC media systems by another member to their supervisor or the Sheriff.

433.4.1 PROHIBITIONS

BWCs should not be used to record:

- (a) Routine administrative activities of the Office that do not involve interactions with the public. Care should be taken to avoid incidentally recording confidential documents that the Office has a duty to keep secure (i.e., criminal justice information).
- (b) Areas within the office facilities where members have a reasonable expectation of privacy (e.g., locker rooms or dressing areas, breakrooms) unless responding to a call for service or conducting an investigation.
- (c) Conversations of other members without their knowledge.
- (d) When a member is taking an authorized break or otherwise engaged in personal activities.
- (e) In a courtroom unless responding to a call for service or emergency situation.
- (f) Interactions with undercover deputies or confidential informants.
- (g) Strip searches.

Montezuma County Sheriff's Office

Policies

Body-Worn Cameras

BWCs shall not be used for the purpose of embarrassment, harassment, or ridicule of any individual or group.

433.5 ACTIVATION OF BWC

Members shall activate their BWC during all calls for service in performing law enforcement-related functions (CRS § 24-31-902). Members are not required to activate their BWC during casual or informal contacts with members of the public that are not part of or related to law enforcement functions. However, members should activate their BWC any time a contact with an individual becomes hostile or adversarial.

Unless otherwise authorized by this policy or approved by a supervisor, BWCs should remain activated until the call for service or law enforcement-related function has concluded. A member may cease recording if they are simply waiting for a tow truck or a family member to arrive, or in other similar situations.

At no time is a member expected to jeopardize their safety to activate their BWC. However, the BWC should be activated as soon as reasonably practicable in required situations.

If a member attempts to activate their BWC but the BWC fails to record an event, the member should notify their supervisor as soon as practicable.

433.5.1 NOTICE OF RECORDING

Unless otherwise approved based on unique circumstances, a member should wear the BWC in a manner that is conspicuous and shall answer truthfully if asked whether they are equipped with a BWC or if their BWC is activated.

433.5.2 PRIVACY CONSIDERATIONS

Members should remain sensitive to the dignity of individuals being recorded and should exercise sound discretion with respect to privacy concerns.

When responding to a place where individuals have an expectation of privacy (e.g., private residences, medical or mental health facilities, restrooms) or to a sensitive situation (e.g., individuals partially or fully unclothed), members are permitted to mute or deactivate their BWC if it reasonably appears that the privacy concern outweighs any legitimate office interest in recording the event. Members may also mute or deactivate their BWC (CRS § 24-31-902):

- (a) To avoid recording personal information that is not related to the case.
- (b) When there is a long break in the incident.
- (c) In administrative, tactical, and management discussions when civilians are not present.

Members should choose to mute rather than deactivate BWCs when practicable. Deactivation should only be used when muting the BWC will not accomplish the level of privacy necessary for the situation.

Montezuma County Sheriff's Office

Policies

Body-Worn Cameras

Before muting or deactivating their BWC, the member should verbally narrate the reason on the recording. As soon as possible once the privacy concern is no longer an issue, or when circumstances change so that the privacy concern no longer outweighs the office's interest in recording the event (e.g., the individual becomes combative, the conversation ends), the member should unmute or reactivate their BWC and verbally note that recording has resumed.

433.5.3 LIVESTREAMING

Livestreaming enables authorized individuals to remotely view the audio and video captured by a member's BWC in real time. Only supervisors and [dispatcher]s approved by the Sheriff or the authorized designee shall have access to livestreaming capabilities.

Livestreaming should only be activated:

- (a) For purposes of member safety when the member is not responding to their radio or there is some other indication of distress.
- (b) To assist with situational awareness or tactical decisions during a significant incident.
- (c) When requested by the member.

433.5.4 DOCUMENTATION

Members are encouraged to provide narration while using a BWC when it would be useful to provide context or clarification of the events being recorded. However, the use of a BWC is not a replacement for written reports and should not be referred to in a written report in place of detailing the event.

Every report prepared by a member who is issued a BWC should state "BWC available" or "BWC unavailable," as applicable, and should document:

- (a) To the extent practicable and relevant, the identity of individuals appearing in the BWC media.
- (b) An explanation of why BWC media is unavailable including any malfunction, damage, or battery issue that resulted in the failure of the BWC to capture all or part of the event.
- (c) Any exigency or other circumstances that prevented the member from immediately activating the recording at the beginning of the event.
- (d) Any period of the event in which the member deactivated or muted their BWC and the reason for such action.
- (e) If livestreaming was activated during the event, the reason for livestreaming and the members who communicated or participated in the event through BWC livestreaming.

433.6 UPLOADING BWC MEDIA

Unless otherwise authorized by a supervisor, all media from a member's BWC should be properly uploaded and tagged before the end of their shift. BWC media related to a serious or high-profile event (e.g., search for a missing child, active shooter situation) should be uploaded and tagged as soon as practicable upon returning to the Office.

Montezuma County Sheriff's Office

Policies

Body-Worn Cameras

Following an officer involved shooting or death or other event deemed necessary, a supervisor should take possession of the BWC for each member present and upload and tag the BWC media.

433.6.1 TAGGING BWC MEDIA

Members should tag all media captured by their BWC with their name and/or identification number, the case or incident number, and the event type. BWC media should be tagged upon uploading or, if capabilities permit tagging in the field, as close to the time of the event as possible. If more than one event type applies to BWC media, it should be tagged with each event type. If BWC media can only be tagged with a single event type, the media should be tagged using the event type with the longest retention period.

BWC media depicting sensitive circumstances or events should be tagged as restricted. BWC media should be flagged for supervisor review when it pertains to a significant event such as:

- (a) An incident that is the basis of a formal or informal complaint or is likely to result in a complaint.
- (b) When a member has sustained a serious injury or a line-of-duty death has occurred.
- (c) When a firearm discharge or use of force incident has occurred.
- (d) An event that has attracted or is likely to attract significant media attention.

Supervisors should conduct audits at regular intervals to confirm BWC media is being properly uploaded and tagged by their subordinates.

433.7 BWC MEDIA

All BWC media is the sole property of the Office. Members shall have no expectation of privacy or ownership interest in the content of BWC media.

All BWC media shall be stored and transferred in a manner that is physically and digitally secure with appropriate safeguards to prevent unauthorized modification, use, release, or transfer. Contracts with any third-party vendors for the storage of BWC media should include provisions specifying that all BWC media remains the property of the Office and shall not be used by the vendor for any purpose without explicit approval of the Sheriff or the authorized designee.

Members shall not alter, copy, delete, release, or permit access to BWC media other than as permitted in this policy without the express consent of the Sheriff or the authorized designee.

BWC media systems should not be accessed using personal devices unless authorized by the Sheriff or the authorized designee.

433.7.1 ACCESS AND USE OF BWC MEDIA

BWC media systems shall only be accessed by authorized members using the member's own login credentials and in accordance with the Information Technology Use Policy.

BWC media shall only be accessed and viewed for legitimate office-related purposes in accordance with the following guidelines:

Montezuma County Sheriff's Office

Policies

Body-Worn Cameras

- (a) BWC media tagged as restricted should only be accessible by those designated by the Sheriff or the authorized designee.
- (b) Members may review their own BWC media for office-related purposes. Members should document in their report if they reviewed BWC media before completing the report.
- (c) Investigators may review BWC media pertaining to their assigned cases.
- (d) A member testifying regarding a office-related event may review the pertinent BWC media before testifying.
- (e) Supervisors are permitted to access and view BWC media of their subordinates.
 - 1. Supervisors should review BWC media that is tagged as a significant event or that the supervisor is aware pertains to a significant event.
 - 2. Supervisors should conduct documented reviews of their subordinate's BWC media at least annually to evaluate the member's performance, verify compliance with office procedures, and determine the need for additional training. The review should include a variety of event types when possible. Supervisors should review BWC media with the recording member when it would be beneficial to provide guidance or to conduct one-on-one informal training for the member.
 - 3. Supervisors should conduct periodic reviews of a sample of each subordinate's BWC media to evaluate BWC use and ensure compliance with this policy.
- (f) The Training Manager is permitted to access and view BWC media for training purposes.
 - 1. The Training Manager should conduct a quarterly review of a random sampling of BWC media to evaluate office performance and effectiveness and to identify specific areas where additional training or changes to protocols would be beneficial. Training Committee members may review BWC media as part of their review to identify training needs.
 - 2. The Training Manager may use BWC media for training purposes with the approval of the Sheriff or the authorized designee. The Training Manager should use caution to avoid embarrassing or singling out a member and, to the extent practicable, should seek consent from the members appearing in the BWC media before its use for training. When practicable, sensitive issues depicted in BWC media should be redacted before being used for training.
- (g) The Records Manager may access BWC media when necessary to conduct office-related duties.
- (h) The BWC coordinator may access BWC media and the BWC media system as needed to ensure the system is functioning properly, provide troubleshooting assistance, conduct audits, and fulfill other responsibilities related to their role.

433.7.2 PUBLIC ACCESS

Unless disclosure is required by law or a court order, BWC media should not be released to the public if it unreasonably violates a person's privacy or sense of dignity or depicts the interior of:

Montezuma County Sheriff's Office

Policies

Body-Worn Cameras

- (a) A private residence.
- (b) A facility that offers health care, mental health or substance abuse treatment, or social services.
- (c) A school building.
- (d) Any other building in which public access is restricted or which implicates heightened security concerns.

Requests for the release of BWC media shall be processed in accordance with the Records Maintenance and Release Policy and the Enhance Law Enforcement Integrity Act (CRS § 24-31-902). The Records Manager should review BWC media before public release.

433.8 RETENTION OF BWC MEDIA

Non-evidentiary BWC media should be retained in accordance with state records retention laws.

Unless circumstances justify continued retention, BWC media should be permanently deleted upon the expiration of the retention period in a way that it cannot be retrieved. BWC media shall not otherwise be deleted by any person without the authorization of the Sheriff or the authorized designee.

433.8.1 EVIDENTIARY BWC MEDIA

BWC media relevant to a criminal prosecution should be exported from the BWC media system and securely transferred to digital evidence storage according to established office procedures. Evidentiary BWC media is subject to the same laws, policies, and procedures as all other evidence, including chain of custody, accessibility, and retention periods (see the Property and Evidence Policy).

433.9 TRAINING

The BWC coordinator should ensure that each member issued a BWC receives initial training before use, and periodic refresher training thereafter. Training should include:

- (a) Proper use of the BWC device and accessories.
- (b) When BWC activation is required, permitted, and prohibited.
- (c) How to respond to an individual's request to stop recording.
- (d) Proper use of the BWC media systems, including uploading and tagging procedures.
- (e) Security procedures for BWC media, including appropriate access and use.

Members who are not issued a BWC but who have access to BWC media systems shall receive training on the BWC media system, including appropriate access, use, and security procedures.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of office members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems or locations; and, whenever practicable, preceded by enforcement activities.

Several factors are considered in the development of deployment schedules for office members. State and local data on traffic accidents are a valuable resource. Factors for analysis include but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public.
- Construction zones.
- School zones.
- Special events.

Office members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and also will consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This office does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating deputy overall performance. The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions (CRS § 42-4-101 and CRS § 42-4-104):

Montezuma County Sheriff's Office

Policies

Traffic Function and Responsibility

500.3.1 WARNINGS AND STOPS WITHOUT CITATION OR ARREST

Warnings should be considered in minor traffic infractions and substituted for arrests or citations when circumstances warrant. Circumstances that do not result in a citation or arrest require providing a business card in compliance with the law, as outlined in the Bias-Based Policing Policy.

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.
- (d) The court contact information.

500.3.3 TRAFFIC CITATION COURT JURISDICTION

A deputy who issues a traffic citation shall ensure that the place specified in the summons, complaint, or penalty assessment notice is the Montezuma County Court in which the offense is alleged to have been committed. (CRS § 42-4-1707(5)).

500.3.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. These physical arrest cases usually deal with but are not limited to (CRS § 42-4-1705(1)):

- (a) Vehicular homicide.
- (b) Driving under the influence of alcohol/drugs.
- (c) Hit-and-run resulting in serious injury or death.
- (d) Hit-and-run resulting in damage to any vehicle or property.
- (e) Reasonable cause to believe the violator may leave the state.

500.4 SUSPENDED OR REVOKED DRIVER'S LICENSE

If a deputy contacts a traffic violator also driving on a suspended or revoked license, the deputy should issue a traffic citation or make an arrest as appropriate.

500.5 HIGH-VISIBILITY VESTS

The Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to members who may be exposed to hazards presented by passing traffic, construction vehicles, and disaster recovery equipment (Federal Manual on Uniform Traffic Control Devices, 23 CFR 655.601).

Montezuma County Sheriff's Office

Policies

Traffic Function and Responsibility

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in each patrol and investigation unit, and in the saddlebag or gear bag of each mounted patrol member and sheriff's bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service, each member shall ensure a serviceable high-visibility vest is properly stored.

Additional high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The designated equipment officer should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.6 POLICY

It is the policy of the Montezuma County Sheriff's Office to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Office will be driven by such factors as the location and/or number of traffic accidents, civilian complaints, traffic volume, traffic conditions, and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

Traffic Accident Response and Reporting

501.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic accidents, providing aid and assistance, documentation of the incident and identification of criminal activity. The Montezuma County Sheriff's Office prepares traffic accident reports in compliance with CRS § 42-4-1606 and as a public service makes traffic accident information available to the public.

501.2 CALL RESPONSE

Deputies should respond without delay when dispatched to a traffic accident within the Town of Dolores limits. A traffic accident with injuries reported may include an emergency response if the deputy reasonably believes such a response is appropriate.

Deputies may assist the Colorado State Patrol with response to traffic crashes when requested, to render aid and traffic control when available. Supervisors should minimize the number of deputies responding to a scene as it is important for deputies to remain in their assigned sectors for crime prevention and calls for service.

501.2.1 RESPONSE CONSIDERATIONS

A deputy responding to and upon arrival at an accident, should consider the following:

- (a) The most appropriate route to the incident.
- (b) Proper placement of the emergency vehicle to provide protection for deputies and the scene.
- (c) Potential for involvement of hazardous materials.
- (d) Additional support that may be necessary (e.g., traffic control, medical aid, HAZMAT, ambulance, tow vehicles, and airship landing).
- (e) Providing first aid to any injured parties if it can be done safely, and obtaining medical assistance as necessary.
- (f) Traffic control and protection of the scene.
- (g) Clearance of the roadway.

501.3 ACCIDENT INVESTIGATION

Investigation of traffic collisions should include, at minimum, the following:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) Positive identification of the vehicle(s) involved.
- (d) Determination if any crime has occurred and taking appropriate enforcement action.
- (e) Identification and protection of items of apparent evidentiary value.
- (f) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms.

Montezuma County Sheriff's Office

Policies

Traffic Accident Response and Reporting

501.4 TAKING ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Colorado law led to the accident, deputies should issue a traffic citation or a misdemeanor citation to the offending driver. Deputies may arrest a person when there is probable cause to believe that an offense was committed by the person to be arrested (CRS § 16-3-102).

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter, or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.5 TRAFFIC ACCIDENT REPORTING

501.5.1 DEPUTY RESPONSIBILITIES

Office members shall utilize forms approved by the Department of Revenue, Motor Vehicle Division (CRS § 42-4-1608) for the reporting of traffic accidents. All traffic accident reports taken by members of this office shall be forwarded to the Patrol Division for approval and data entry into the records management system.

501.5.2 PATROL DIVISION SUPERVISOR RESPONSIBILITIES

The Patrol Lieutenant will be responsible for:

- (a) Monthly and quarterly reports on traffic accident statistics, to be forwarded to the Records Section or other persons as required.
- (b) Forwarding the traffic accident report to the Department of Revenue, Motor Vehicle Division within five days of receiving information regarding the accident or upon the completion of the investigation if the accident did not involve injury or death and the property damage is reasonably believed to be no more than \$1,000 (CRS § 42-4-1606).
- (c) Obtaining all updates in the Colorado Traffic Accident Reporting Manual, distribution of the manual and updates and ensuring conformity with this policy.

501.5.3 MODIFICATIONS TO TRAFFIC ACCIDENT REPORTS

A change or modification of a written report that alters a material fact in the report may be made only by the deputy who investigated the traffic crash and prepared the report. A written supplemental report will be required and submitted to the Department of Revenue, Motor Vehicle Division.

501.6 OFF-HIGHWAY VEHICLE ACCIDENTS

Deputies should respond without delay to reports of crashes involving off-highway vehicles (all-terrain vehicles, snowmobiles, off-road motorcycles), as serious injury is often the result of such crashes. Deputies will properly investigate all off-highway crashes, take appropriate enforcement action, and complete all necessary traffic accident reports. A copy of all reports

Montezuma County Sheriff's Office

Policies

Traffic Accident Response and Reporting

shall be forwarded to the Colorado Parks and Wildlife as required by law. [See attachment: OHV-SnowmobileAccidentReport.pdf](#) [See attachment: Reporting Off Highway Vehicle Crashes.pdf](#)

501.7 TRAINING

The Training Coordinator/Manager shall schedule training for all patrol deputies annually with instruction by the Colorado State Patrol to ensure a minimum Level I Traffic Crash Investigator proficiency has been obtained, and refresher training is completed annually.

501.8 NOTIFICATION OF NEXT OF KIN

If a traffic accident causes a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's next of kin or coordinate such notification with the Coroner, office chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident should not be released until notification is made to the victim's next of kin.

Vehicle Towing and Release Policy

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Montezuma County Sheriff's Office and under the authority of CRS § 42-4-1803.

502.2 RESPONSIBILITIES

The responsibilities of those members towing or impounding a vehicle are as follows.

502.2.1 COMPLETION OF VEHICLE IMPOUND/STORAGE FORM

Office members requesting towing of a vehicle shall complete a vehicle impound/storage form that includes written authorization pursuant to CRS § 42-4-1803(1)(b) for the tow truck operator to possess the vehicle and a description of property within the vehicle. A copy is to be given to the tow truck operator and the original is to be submitted to the Records Section as soon as practicable after the vehicle is stored.

Approved towing/impound forms shall be promptly placed into the case file so that they are immediately available for release or for information should inquiries be made.

502.2.2 REMOVAL OF A VEHICLE DISABLED IN A TRAFFIC ACCIDENT

When a vehicle has been involved in a traffic accident and must be removed from the scene, the deputy shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to the Dispatch Center. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Dispatch Center.

If the owner is incapacitated or for any reason it is necessary for the Office to assume responsibility for a vehicle involved in an accident, the deputy shall request the dispatcher to call a company selected from the rotational list of towing companies. The deputy will then conduct an inventory and tow the vehicle using a vehicle towing/impound form.

Deputies will make arrangements with the vehicle owner, driver, or occupants' family members to take charge and care of any animals contained within the towed vehicle(s) if the vehicle owner, driver, or occupants are incapacitated.

Firearms or any other valuables such as currency or jewelry will be secured and entered into the property/evidence room for safekeeping with completion of the approved property/evidence form.

502.2.3 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified towing service. The deputy shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next tow company in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the next tow company is called.

Policies

Vehicle Towing and Release Policy

502.2.4 RECORDS DIVISION/ABANDONED VEHICLE MEMBER RESPONSIBILITY

Approved vehicle impound/storage forms shall be promptly filed so that they are immediately available for release or review should inquiries be made.

Records Section personnel should promptly enter pertinent data from a completed vehicle impound/storage form into the Motor Vehicle Verification System to determine if the vehicle has been reported stolen (CRS § 42-4-1804). No later than 10 working days after a vehicle has been towed by this office, Records Section personnel shall report the towing and related information to the Department of Revenue, Motor Vehicle Division as required by CRS § 42-4-1804(1)(b).

Records Section personnel and the assigned abandoned vehicle member shall make a good faith attempt to notify the owner or lien holder of abandoned vehicles within 10 working days after receipt of a vehicle impound/storage form pursuant to (CRS § 42-4-1804(4)(a); CRS § 42-4-1804(4)(b)). The notice shall inform the owner that he/she can request a hearing concerning the legality of the towing of the abandoned motor vehicle (CRS § 42-4-1804(4)(c)).

The assigned abandoned vehicle member should use the notice forms available from the Department of Revenue, Motor Vehicle Division when sending required notices to the owners or lien holders of stolen or abandoned vehicles (CRS § 42-4-1804(5)).

The Abandoned Vehicle process will be followed. Notice of towed/impounded vehicle will be provided to the owner of record and any Colorado recorded lien holders. Notice will be mailed by first class mailing unless the vehicle has been towed and secured in the joint impound lot, in which case the notice must be delivered by certified mail within 10 days.

502.3 TOWING SERVICES

The County of Montezuma periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

If more than one firm has been awarded contracts, they shall be placed on a rotation list. Nothing in this policy shall require the Office to tow a vehicle.

502.4 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this office to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when deemed abandoned (CRS 42-4-1803) would reasonably suggest that the vehicle should be towed. For example, a vehicle shall be towed if it

Montezuma County Sheriff's Office

Policies

Vehicle Towing and Release Policy

would present a traffic hazard or if it would be in jeopardy of theft or damage if left at the scene in a high-crime area.

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the occupant was arrested or is not subject to forfeiture proceedings.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling member shall note in the report that the owner was informed that the Office will not be responsible for theft or damages. A 48-hour abandoned vehicle notice will be attached in a visible location on the vehicle.

All stolen recovered vehicles that can be processed at the scene of the recovery should not be towed if the vehicle can be returned to the lawful owner/victim upon completion of the evidence processing. Any recovered stolen vehicle that can not be processed at the scene of recovery shall be towed to the agency impound lot where secured until evidence processing is completed, including photographs and or video that positively identifies the vehicle (CRS 18-4-415). The recovered stolen vehicle may be stored at the agency impound lot until the lawful owner/victim has been identified and arrangements made for returning the vehicle. No storage fees will be charged but the towing company tow fee must be paid before the vehicle is released. A copy of the paid receipt will be placed into the case file and provided to the District Attorney Office for victim restitution purposes.

In either case of a recovered stolen vehicle, photographs and/or video will be taken that can be used to positively identify the recovered stolen vehicle. The investigating member will ensure that the original or a certified copy of the certificate of title from the Department of Revenue-Motor Vehicle Division has been secured as evidence that indicates the lawful owner, and that the lawful owner has positively identified the vehicle by signing under penalty of perjury the property/evidence release and receipt form, and any defendant(s) charged with the theft of the vehicle have received notification that such photographs and/or video has been secured in the case and the stolen vehicle will be released to the lawful owner (CRS 13-25-130).

Unless the District Attorney Office places a hold on the vehicle by court order, all stolen vehicles shall be released as soon as possible to the lawful and verified owner (CRS 18-4-405).

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle tow report. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose

Montezuma County Sheriff's Office

Policies

Vehicle Towing and Release Policy

of protecting an owner's property while the owner is in sheriff's custody, to provide for the safety of deputies and the public, and to protect the Office against fraudulent claims of lost, stolen, or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

502.6 PRESERVATION OF EVIDENCE

A deputy removing a vehicle pursuant to CRS § 42-4-1803, who has probable cause to believe that the vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or tends to show that a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

502.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, a deputy should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle impound or storage hearings (CRS § 42-4-1804(4)(d)).

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Office a hearing will be conducted upon the written request of the registered or legal owner of the vehicle or his/her agent to determine if probable cause existed for the removal and placement of the vehicle.

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must not be the person who directed the storage or impound of the vehicle.

503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The member who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on an impounded or stored vehicle shall be submitted in writing within 10 days of the date appearing on the notice (CRS § 42-4-1804(4)(d)). The Undersheriff will generally serve as the hearing officer, and follow CRS 24-4-105 regarding hearings and determinations. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing.

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Office.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a mediation or reduction of the period the vehicle is impounded.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision, and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer may make reasonable adjustments to the impound period, storage, or assessment fees as warranted.

Montezuma County Sheriff's Office

Policies

Vehicle Impound Hearings

- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be at the Office's expense.
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Division Lieutenant. The hearing officer will recommend to the appropriate Division Lieutenant that the fees paid by the registered or legal owner of the vehicle in question or the owner's agent be reimbursed by the Office.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those office members who play a role in the detection and investigation of driving under the influence (DUI and/or (DUID).

504.2 POLICY

The Montezuma County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Colorado's impaired driving laws.

504.3 INVESTIGATIONS

Deputies should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All deputies are expected to enforce these laws with due diligence.

The Patrol Lieutenant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating deputies in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The standard field sobriety tests (SFSTs) administered and the results.
- (b) The deputy's observations that indicate impairment on the part of the individual, and the deputy's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Colorado or another jurisdiction.

504.4 FIELD TESTS

The Patrol Lieutenant should identify the standardized SFSTs and any approved alternate tests for deputies to use when investigating violations of DUI and/or DUID laws.

504.5 CHEMICAL TESTS

A person implies consent under Colorado law to a chemical test or tests, and to providing the associated chemical sample, when a deputy has probable cause to believe that the person was driving a motor vehicle in violation of CRS § 42-4-1301 (DUI, DUI per se, DWAI or UDD) (CRS § 42-4-1301.1).

Montezuma County Sheriff's Office

Policies

Impaired Driving

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 CHOICE OF TESTS

Deputies shall respect a viable choice of chemical test made by an arrestee as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence). Generally, a person may request either a test of his/her blood or breath for determining alcohol content (CRS § 42-4-1301.1). However, if a person under the age of 21 is suspected of underage drinking and driving (UDD), the person may only submit to a breath test.

If a person is suspected of aggravated vehicular unlawful termination of a pregnancy, the type of test or tests shall be determined by the deputy (CRS § 18-3.5-108).

For purposes of determining drug content within a person's system, deputies may select the most appropriate and viable test of the of the person's blood, saliva, and urine. The arrestee is required to take and complete the selected test or tests (CRS § 42-4-1301.1; CRS § 18-3.5-108).

504.5.2 BREATH SAMPLES

The Patrol Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Lieutenant.

504.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (CRS § 42-4-1301.1). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

Montezuma County Sheriff's Office

Policies

Impaired Driving

504.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by a deputy or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

504.5.5 STATUTORY NOTIFICATIONS

Deputies requesting a sample from a person suspected of DUI should inform the person that failure to submit to testing may result in the revocation of his/her license.

504.6 REFUSALS

When an arrestee refuses to provide a chemical sample, deputies should:

- (a) Advise the arrestee of the requirement to provide a sample (CRS § 42-4-1301.1).
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

504.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of revocation upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person and issue the person a seven-day temporary permit unless the person already possesses one (CRS § 42-2-126).

504.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The deputy can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.
- (c) Exigent circumstances exist and the deputy has probable cause to believe the person committed any of the following offenses (CRS § 42-4-1301.1):
 - 1. Criminally negligent homicide
 - 2. Vehicular homicide
 - 3. Assault in the third degree

Policies

Impaired Driving

4. Vehicular assault

504.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy), and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted. Deputies may physically restrain a person for the purpose of obtaining a sample only in cases of criminally negligent homicide, vehicular homicide, assault in the third degree, vehicular assault or aggravated vehicular unlawful termination of pregnancy (CRS § 42-4-1301.1; CRS § 18-3.5-108).
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.7 ARREST AND INVESTIGATION

Montezuma County Sheriff's Office

Policies

Impaired Driving

504.7.1 PRELIMINARY TESTING

A deputy may request that a person provide a breath sample for a preliminary screening test when the deputy (CRS § 42-4-1301):

- (a) Has reason to believe the person was driving a motor vehicle while under the influence or impaired by alcohol and,
- (b) Has advised the person that he/she may refuse or agree to provide the preliminary breath sample.

If the person is under the age of 21, the deputy may conduct a preliminary screening test, without the person's consent, if there is a reasonable belief the person has consumed alcohol (CRS § 42-4-1301).

A deputy may use the results of the preliminary test in determining whether probable cause exists to believe the person was DUI and whether to administer additional testing (CRS § 42-4-1301).

504.7.2 COLLECTING SAMPLES

Arrestee samples shall be collected and processed in accordance with standards set by the Department of Public Health and Environment (5 CCR 1005-2:1 et seq.).

504.7.3 TIME TO COLLECT SAMPLE

If a deputy requests that a person submit to a blood or breath test to determine the alcohol content of the person's blood or breath, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1).

If a deputy requests that a person submit to a blood, saliva, or urine test to determine the drug content within the person's system, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1).

504.7.4 NOTICE TO COMMERCIAL MOTOR VEHICLE DRIVER

Deputies investigating a driver of a commercial motor vehicle license for DUI shall advise the person that a refusal to submit to a chemical test shall result in an out-of-service order for a period of 24 hours and a revocation of the privilege to operate a commercial motor vehicle for one year (CRS § 42-4-1301.1).

504.7.5 DEPUTY RESPONSIBILITIES

A deputy believing that a person should be subject to license revocation as a result of DUI shall forward the following to the Division of Motor Vehicles (DMV) on the forms prescribed by the DMV (CRS § 42-2-126):

- (a) A copy of the completed notice of revocation form.
- (b) A copy of any completed temporary permit.
- (c) The person's driver's license.

Montezuma County Sheriff's Office

Policies

Impaired Driving

- (d) An affidavit, signed, dated and sworn to by the deputy containing information relevant to the legal issues and facts to be considered by the DMV for revoking the person's license.

504.7.6 EXTRAORDINARY CIRCUMSTANCES

If a deputy requests a person to submit to a chemical test and subsequently determines that there are extraordinary circumstances that prevent the completion of the test elected by the person within the two-hour time period, the deputy shall inform the person of such circumstances and request and direct the person to take and complete the other test. The person shall then be required to take and complete, and to cooperate in the completing of, the other test. Extraordinary circumstances include but are not limited to weather related delays, high call volume affecting medical personnel, malfunctioning breath test equipment and other circumstances that preclude the timely collection of a sample (CRS § 42-4-1301.1).

504.7.7 UNCONSCIOUS OR DECEASED PERSONS

If a deputy believes a person to be DUI and the person cannot submit to a chemical test because the person is unconscious, hospitalized, or undergoing medical treatment, the deputy may (CRS § 18-3.5-108; CRS § 42-4-1301.1):

- (a) Have access to and analyze any blood, urine, or saliva that was obtained and not utilized by the health care provider.
- (b) Have access to medical tests administered by the health care provider that show test results of the alcohol or drug content in the person's system. The provisions of CRS § 13-90-107 relating to physician privileged communications do not apply to such test results.

In addition, the blood or urine sample of any deceased driver or pedestrian at least 15 years of age shall be tested for alcohol, drug, and carbon monoxide concentration following the procedures established by the Department of Public Health and Environment (CRS § 42-4-1301.1; CRS § 42-4-1304).

504.7.8 MEDICAL MARIJUANA REGISTRY IDENTIFICATION CARD

A person who possesses a valid medical marijuana registry identification card (RIC) shall not be required to submit to a blood test solely based on the possession of the RIC (CRS § 42-4-1301).

504.8 RECORDS SECTION RESPONSIBILITIES

The Records Section will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

504.9 ADMINISTRATIVE HEARINGS

The Records Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the Division of Motor Vehicles (DMV).

Montezuma County Sheriff's Office

Policies

Impaired Driving

Any deputy who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

A deputy called to testify at an administrative hearing should document the hearing date and the DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

504.10 TRAINING

The Training Manager should ensure that deputies participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Manager should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 RESPONSIBILITIES

Members of this office shall use the approved traffic citation for all traffic offense citations.

The Patrol Lieutenant shall be responsible for the development and design of all Office traffic citations in compliance with state law (CRS § 42-4-1707).

The Administration Division is responsible for the supply and accounting of all traffic citations issued to members of this office. Citations will be kept in a secure location and issued to deputies by the Patrol Lieutenant. Deputies will sign for the citation books when issued.

505.3 DISMISSAL OF TRAFFIC CITATIONS

Members of this office do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Patrol Lieutenant. Upon a review of the circumstances involving the issuance of the traffic citation, the Patrol Lieutenant may recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Should a deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the deputy may request that the court dismiss the citation. Upon dismissal of the traffic citation by the court, the deputy shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Supervisor for review.

505.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Patrol Division Supervisor.

505.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the deputy issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Patrol Lieutenant. The Patrol Lieutenant shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

505.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this office shall be forwarded to the member's immediate supervisor for review. The citation copies shall then be filed with the Records Division.

Upon separation from employment with this office, all members who were issued traffic citation books shall return any unused citations to the Records Division.

505.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles vary from the procedure for adults (CRS § 42-4-1707(1)(b)). The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

The Montezuma County Sheriff's Office has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization's jurisdiction.

506.2 DEPUTY RESPONSIBILITIES

When an on-duty deputy observes a disabled vehicle, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available deputy or other office member to respond as soon as practicable.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by Office personnel will be contingent on the time of day, the location, the availability of Office resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Office personnel shall not make mechanical repairs to a disabled vehicle. Only marked Patrol Vehicles equipped with push bumpers may be used to relocate vehicles to a position of safety or to remove vehicles that are obstructing traffic pursuant to CRS § 42-4-1803(2), and is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

Members shall not attach any device to an Office vehicle and a disabled vehicle to move or pull the disabled vehicle unless an extreme emergency exists.

The relocation of disabled vehicles by members of this office by pushing a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

Any vehicle in violation upon Montezuma County public roadways shall be towed by the authorized towing service and a vehicle tow/impound report form shall be completed by the deputy authorizing the impoundment of the vehicle.

507.3.1 VEHICLE IMPOUND REPORTING

The vehicle tow/impound form shall be submitted to the Records Section and notice given to the assigned abandoned vehicle member immediately following the impound of the vehicle. It shall be the responsibility of the assigned abandoned vehicle member and the Records Section to enter information from the vehicle impound/storage form into the Motor Vehicle Verification System and attempt to notify the owner as specified in the Vehicle Towing and Release Policy.

Towing Carriers

508.1 PURPOSE

This policy provides guidelines and administrative procedures for towing carrier referral lists and service agreements.

508.2 POLICY

The Sheriff or Undersheriff may establish procedures using towing carrier referral lists or service agreements. Referral lists will be based upon a rotation system. Service agreements must be approved by the Sheriff.

508.3 OPERATIONAL PROCEDURES

Towing Carrier Assignment and Response:

- (a) The Cortez Communication Center will maintain a list of tow carriers authorized for service and notified on a rotational basis.
- (b) Any failure to answer a call for service, or refusal of any call for service will be considered a turn in rotation and the carrier will be rotated to the bottom of the list.
- (c) If the Communication Center receives a busy signal, the Communication Center will call the next towing carrier on rotation. This will be considered a failure to answer a call for service and the tow carrier will be rotated to the bottom of the list.
- (d) Carriers using answering services must confirm acceptance of a call within five minutes. Failure to do so will result in rotation to the bottom of the list.
- (e) Carriers are required to provide the Communication Center with an estimated response time.
- (f) When the tow carrier is requested to respond with specific equipment and fails to do so, the towing carrier may be released from the scene and rotated to the bottom of the list.

508.4 ADMINISTRATIVE PROCEDURES

Tow Carrier Retention and Application Requirements:

- (a) Towing Carriers making application to receive referrals from or to provide service to the Montezuma County Sheriff's Office must meet the criteria set forth in this section.
- (b) The carrier must have a T Permit issued by the Public Utilities Commission (PUC) and comply with all rules and regulations promulgated by the Commission.
- (c) Tow carrier applicant/owner and agents must comply with federal, state, and local laws and ordinances, which include, but are not limited to, those laws that are applicable to the towing company.

Additional Required Documentation:

- (a) The towing carrier must agree to be available on a 24-hour basis or as may be stated in the service agreement.
- (b) The towing carrier must agree to respond without delay or handling of other business en route to the scene.
- (c) The towing carrier is not allowed to transfer a Montezuma County Sheriff's Office tow call to another towing carrier. This does not prohibit the carrier from obtaining assistance from another tow carrier.
- (d) The towing carrier must maintain a secured area with limited access where vehicles may be safely stored either in an outside fenced enclosure or in a garage, which location is not in violation of any city, county, or state zoning for such facility. The operator must be available to respond to the storage facility when no one is available at that location during normal business hours.
- (e) A towing carrier must agree to and may not release a vehicle towed with a "Hold Order" until authorized by a member of the Sheriff's Office. All Tow Carriers must agree that no one will have access to any vehicle being held under a hold order without approval of the Sheriff's Office.
- (f) Towing carriers must agree not to release a vehicle towed at the Sheriff's Office request until/unless rightful ownership or legal possession of the vehicle is established. If the vehicle is driven from the tow carrier premises, carriers must ensure that the

Montezuma County Sheriff's Office

Policies

vehicle is safe to do so, properly registered, and will be driven only by a licensed and sober driver.

- (g) The Montezuma County Sheriff's Office must be notified immediately when any vehicle towed at the request of the Sheriff's Office has been released.
- (h) Towing Carriers will be required to maintain true and accurate records according to the Daily Records requirements of C.R.S. 42-5-105.
- (i) Contents of impounded vehicles may be held by the tow carrier until satisfactory arrangements are made for payment of allowed tow and storage charges, with the following exceptions: Keys (except keys to the towed and stored vehicle), eye glasses, medications and medical devices, children safety devices, purses, billfolds, essential clothing, perishable foods, pets, and those items essential for livelihood. Should the vehicle become abandoned and the abandoned vehicle process is complete, the contents, except for currency or contraband, may be disposed of by the tow carrier as provided by Colorado Law.
- (j) All firearms found within any vehicle to be towed at the request of the Montezuma County Sheriff's Office shall be secured by Sheriff's Office Deputies and placed into evidence for safekeeping or released to a lawful person to possess at the request of the vehicle owner or operator, with a signed disposition of property receipt.
- (k) A vehicle towed by a tow carrier at the request of the Montezuma County Sheriff's Office to be held at the joint law enforcement impound lot will not be released to a rightful owner unless the tow carrier fees have been paid, and proof of payment is provided. No storage fees will be charged on any vehicle held at the joint law enforcement impound lot, which is a temporary holding facility to assist in evidence collection or for return to a victim owner.
- (l) The public indirectly views a tow carrier called by the Montezuma County Sheriff's Office as an extension of the Sheriff's Office. Therefore, tow personnel are expected to conduct themselves in a courteous, business-like manner.
- (m) Any failures to comply with the service agreement or administrative procedures may lead to corrective action, suspension, or removal as a towing carrier for the Montezuma County Sheriff's Office by the Sheriff.

508.5 TOWING CARRIER SUSPENSIONS AND APPEAL PROCESS

The Montezuma County Sheriff's Office has established high standards of conduct and professionalism for its members. The public considers tow carriers responding to Sheriff's Office calls as an extension of the Sheriff's Office and therefore has a higher degree of trust and expectation from that tow carrier. As a result, towing carriers are expected to operate under the same standards and to fully comply with the provisions of this policy and its procedures. Failure to do so may result in formal action taken against the towing carrier. This action can be anything from a verbal warning to permanent removal from the Sheriff's Office referral list or service agreement, depending on the severity of the violation. Action may or may not be taken in the following sequence, depending on the violation:

Montezuma County Sheriff's Office

Policies

Towing Carriers

- (a) Issuance of a corrective letter from the Sheriff outlining the violation and what corrective actions must be accomplished on the part of the towing carrier.
- (b) The Sheriff may issue up to a 30-day suspension from the Montezuma County Sheriff's Office referral list or service agreement. The Sheriff will notify the towing carrier, in writing, of the suspension and any corrective action that may be accomplished prior to being reinstated.
- (c) The Sheriff may indefinitely remove a towing carrier from the Montezuma County Sheriff's Office referral list or service agreement. The Sheriff will notify the towing carrier of the removal in writing. The notice will include the cause of the removal, and whether or not the towing carrier may apply for reinstatement after one year.
 - 1. Towing Carriers who reapply are not guaranteed reinstatement. The Sheriff may determine whether or not to reinstate a tow carrier based upon criteria such as a legitimate need for service and prior experience with the tow carrier. Before any towing carrier can be reinstated, that tow carrier must sign a new service agreement and application requirements.
 - 2. A towing carrier may appeal, in writing, following the receipt of the Sheriff's letter. A meeting may be arranged with the Patrol Lieutenant and the Undersheriff to listen to the appeal of the tow carrier. The Patrol Lieutenant and the Undersheriff shall make a decision and submit their recommendation to the Sheriff in writing. The Sheriff will notify the tow carrier in writing of their recommendations and the final appeal decision.

508.6 TOWING CARRIER SERVICE AGREEMENTS

The Sheriff may solicit proposals for towing and storage services to be conducted or requested by the Montezuma County Sheriff's Office and enter into written service agreements.

Motor Vehicle Disabling Devices

509.1 PURPOSE AND SCOPE

Motor vehicles traveling at excessive speeds or in a reckless manner expose innocent citizens, law enforcement officers, and violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for vehicle collisions. This policy is intended to be used in conjunction with the Office Vehicle Pursuit policy. Deputies must use common sense and tactically sound judgment in the decision to use an authorized motor vehicle disabling device.

509.2 AUTHORIZED DISABLING DEVICES

Authorized motor vehicle disabling devices include:

- (a) **Accordion Spike Strip:** Multiple steel Spike Tips attached to a collapsible accordion frame. Will be secured at strategically approved stationary locations within Montezuma County.
- (b) **Mobile Stop Stick:** Portable 3-foot collapsible polymer core containing 36 Teflon-coated hardened steel Quills with 72 Teflon-coated steel Spike Tips within a polypropylene housing.

509.3 SAFETY CONSIDERATIONS

Circumstances of each fleeing motor vehicle are different, but SAFETY is always the most important factor. Suspect drivers can abruptly swerve, stop, or maneuver their vehicle in an unexpected manner attempting to avoid a motor vehicle disabling device on the roadway.

Members should always plan ahead and determine the most suitable and safest location for deployment and communicate in advance with all other law enforcement personnel. Limit traffic on the roadway, avoiding heavy or congested traffic and pedestrian areas.

MOTOR VEHICLE DISABLING DEVICES ARE NEVER TO BE USED ON VEHICLES WITH FEWER THAN FOUR WHEELS.

Members should choose a location that provides substantial cover, such as a large tree, guardrail at the opposite end of the fleeing vehicle direction of travel, or other solid structure capable of stopping an approaching target vehicle. **PATROL VEHICLES ARE NOT ADEQUATE COVER OR PROTECTION.**

Only deploy the Motor Vehicle Disabling Device when in a safe location and can observe the target vehicle with no opposite oncoming traffic. Officer Safety, Maneuverability, and Evacuation must all be part of a safe deployment location.

Spike Strip and Stop Sticks are designed for a controlled release of air from the target vehicle's tires, usually within 20-30 seconds. **However, under some circumstances tire deflation can increase the possibility that a driver may lose control of the vehicle and crash, resulting in serious or fatal injuries.**

Montezuma County Sheriff's Office

Policies

Motor Vehicle Disabling Devices

Avoid deploying a Motor vehicle Disabling Device on wet surfaces, gravel, or loose pavement. These surfaces may increase the risk that the driver will lose control of the target vehicle when the tires are deflated.

509.4 TACTICAL CONSIDERATIONS

The best deployment of a Motor Vehicle Disabling Device are on dry, hard surfaces such as concrete or asphalt. The device may fail to puncture tires of a target vehicle on soft or loose material such as dirt or gravel roads.

Members should consider deploying the Motor Vehicle Disabling Devices so that a suspect driver has a limited ability to avoid striking the device.

Deployment of the device well before an intersection, driveways, and parking lots will assist in the suspect driver of the target vehicle being able to avoid the Motor Vehicle Disabling Device.

509.5 TRAINING

All members authorized to deploy and use Motor Vehicle Disabling Devices must receive a minimum one hour instruction in its nomenclature, proper deployment, after deployment protocol, care and maintenance before their official use. The Training Coordinator will schedule annual training in Motor Vehicle Disabling Devices in which all members must attend before authorized in the use.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INVESTIGATIVE PROCEDURES

The Detective Division Lieutenant or the authorized designee shall be responsible for developing, maintaining, and reviewing detailed investigative procedures. Such procedures shall minimally include:

- (a) Case file management.
- (b) Preliminary and follow-up criminal investigation checklists.
- (c) Multijurisdictional investigative task force roles and responsibilities.
- (d) Polygraph or other truth-telling device examinations.
- (e) Cold case definition, evaluation criteria, and documentation.
- (f) Undercover, surveillance/stakeouts, informant/decoy and raid operations, including use of surveillance and undercover equipment.
- (g) Photographic (conventional and digital) and other digital evidence collection.
- (h) Known source evidence collection for physical evidence comparison.
- (i) Forensic laboratory evidence submission.
- (j) Latent fingerprint preservation.
- (k) Any additional accreditation-mandated procedures, including a case screening system that identifies and considers solvability factors, advising the Sheriff of investigative activities on major or sensitive cases and an on-call schedule to ensure 24-hour availability.

600.4 INITIAL INVESTIGATION

600.4.1 DEPUTY RESPONSIBILITIES

A deputy responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - (a) An initial statement from any witnesses or complainants.
 - (b) A cursory examination for evidence.

Montezuma County Sheriff's Office

Policies

Investigation and Prosecution

- (c) Determine if the crime(s) are of a serious level that may require a detective to respond through consultation with the supervisor.
- (b) If information indicates a crime has occurred, the deputy shall:
 - (a) Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - (b) Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - (c) If assistance is warranted, or if the incident is not routine, notify a supervisor or the Patrol Lieutenant.
 - (d) Make reasonable attempts to locate, identify, and interview all available victims, complainants, witnesses, and suspects.
 - (e) Collect any evidence.
 - (f) Take any appropriate law enforcement action.
 - (g) Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.4.2 NON-CERTIFIED MEMBER RESPONSIBILITIES

A non-certified member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact, or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of a deputy shall be requested.

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies (CRS § 16-3-406). Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed a Class 1 or Class 2 felony or felony sexual assault offense shall be recorded (audio and video) in its entirety when the interrogation takes place at any Montezuma County Sheriff's Office facility (CRS § 16-3-601) unless:

- (a) The individual requests that the interrogation not be recorded.
 - 1. The request must be made in writing or at the beginning of the recording.
- (b) The recording equipment fails.
- (c) Recording equipment is unavailable due to damage or other extraordinary circumstances.

Montezuma County Sheriff's Office

Policies

Investigation and Prosecution

- (d) Exigent circumstances prevent the recording of the interrogation.
- (e) The individual is interrogated outside the state of Colorado.

Any custodial interrogation of an individual who is suspected of having committed any other violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Division supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

Montezuma County Sheriff's Office

Policies

Investigation and Prosecution

The Domestic Violence, Child Abuse, Sex Crime Victim's Rights and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation, and storage of computers, cell phones, and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the Detective Division resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights, and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this office. If a member encounters information relevant to a criminal investigation while off duty or while using his/her own equipment, the member should note the dates, times, and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on duty and using office equipment.

Information obtained via the Internet should not be archived or stored in any manner other than office-established recordkeeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any office computer, without the need of an account, password, email address, alias, or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias, or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy, and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Montezuma County Sheriff's Office

Policies

Investigation and Prosecution

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications that are not public in real time may be subject to federal and state wiretap laws. Deputies should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Lieutenant or the Sheriff. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Title 18, Article 3, Part 4 (Unlawful Sexual Behavior) of the Colorado Revised Statutes.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Montezuma County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED DETECTIVES

Qualified detectives should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates, and support for the victim.
- (f) Participate in or coordinate with SART or other multidisciplinary investigative teams as applicable.

601.4 INVESTIGATION AND REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or

Montezuma County Sheriff's Office

Policies

Sexual Assault Investigations

unsubstantiated. Detectives should be notified as soon as possible after initial contact with a reporting party or victim when a sexual assault is reported to any member.

601.4.1 VICTIM CONFIDENTIALITY

The Office shall withhold public access to information that would reveal the identity of a victim or alleged victim of criminal sexual conduct pursuant to CRS § 24-72-304. The notation "SEXUAL ASSAULT" shall be made on Office official records involving a victim of a sex crime.

The name of any juvenile victim of a sex crime shall not be disseminated or published (CRS § 19-1-102(1.7)).

601.4.2 VICTIM RIGHTS

Deputies investigating or receiving a report of an alleged sex crime shall ensure victims are provided a handout explaining the victim's rights, and information and resources available (see the Victim and Witness Assistance Policy) (CRS § 24-4.1-303).

As soon as available and when appropriate, the investigating member shall ensure the victim is provided (CRS § 24-4.1-303(10)(b)):

- (a) The business address and telephone number of the District Attorney.
- (b) The file number of the case and the name, business address, and telephone number of any deputy assigned to investigate the case.
- (c) Information regarding a suspect being taken into custody or released, unless such information would interfere with the investigation.
- (d) Information concerning any change in the status of a cold case and, upon a written request from the victim, an update at least annually concerning the status of a cold case when the criminal statute of limitations is longer than three years.
- (e) Information regarding any final decision not to file charges unless this office and the District Attorney's office have developed a separate policy specifying the manner of informing victims of decisions not to file charges.

601.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Division supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.

Montezuma County Sheriff's Office

Policies

Sexual Assault Investigations

2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
- (a) Interviewing sexual assault victims.
 - (b) SART or multidisciplinary response team.
 - (c) Medical and legal aspects of sexual assault investigations.
 - (d) Serial crimes investigations.
 - (e) Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (VICAP).
 - (f) Techniques for communicating with victims to minimize trauma.

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Dispatch Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART or the multidisciplinary response team should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in a report.

Victims should be notified if forensic medical evidence has been submitted to an accredited crime laboratory (CRS § 24-4.1-302.5).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.7.1 TRUTH VERIFICATION EXAMINATIONS

Members of the Montezuma County Sheriff's Office shall not ask or require a victim of a sex crime to submit to a truth verification examination as a condition for proceeding with a criminal investigation (34 USC § 10451; CRS § 18-3-407.5).

A truth verification examination shall only be conducted upon a victim with the victim's written informed consent that includes notice that he/she has the right to refuse to submit to the

Montezuma County Sheriff's Office

Policies

Sexual Assault Investigations

examination. In addition, the victim shall be informed orally with information about the potential use of the result of the examination (CRS § 18-3-407.5).

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault. Forensic medical evidence shall be collected if the victim requests the collection (CRS § 24-33.5-113; 8 CCR 1507-29).

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

No Montezuma County Sheriff's Office member shall ask or require a sex crime victim to participate or cooperate in an investigation as a condition of receiving a forensic medical examination (CRS § 18-3-407.5).

601.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (CRS § 24-33.5-113; 8 CCR 1507-29):

- (a) Obtain the victim's written consent prior to collection of any forensic medical evidence, using the form required by the Department of Public Safety (DPS).
- (b) Submit evidence to the Colorado Bureau of Investigation or an accredited crime laboratory within 21 days, unless the victim withdraws consent.
- (c) Retrieve medical forensic evidence when contacted by a medical facility for appropriate retention (CRS § 18-3-407.5).
- (d) Participate in the DPS statewide sexual assault evidence collection kit system for monitoring the status and location of the victim's sexual assault kit as required by CRS § 24-33.5-113.5.

Forensic evidence associated with an anonymous report made pursuant to CRS § 12-240-139 shall not be submitted to a laboratory for testing (CRS § 18-3-407.5).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

Montezuma County Sheriff's Office

Policies

Sexual Assault Investigations

601.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable (CRS § 24-4.1-302.5).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Division Supervisor.

Classification of a sexual assault as unfounded requires the Detective Division Supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

The assigned investigator should inform the victim of any change in status of the case, if known, including cases that are closed or reopened (CRS 24-4.1-302.5).

601.10 CASE REVIEW

The Detective Division Supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART or multidisciplinary response team and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.

Informants

602.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Montezuma County Sheriff's Office for law enforcement purposes. This also includes a person agreeing to supply information to the Montezuma County Sheriff's Office for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

602.2 POLICY

The Montezuma County Sheriff's Office recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this office that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

602.3 USE OF INFORMANTS

602.3.1 INITIAL APPROVAL

Before using an individual as an informant, a deputy must receive approval from his/her supervisor. The deputy shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity, and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this office should not guarantee absolute safety or confidentiality to an informant.

602.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians.
- (b) The juvenile's attorney, if any.
- (c) The court in which the juvenile's case is being handled, if applicable.
- (d) The Sheriff or the authorized designee.

602.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated office informant agreement. The deputy using the informant shall discuss each of the provisions of the agreement with the informant.

Montezuma County Sheriff's Office

Policies

Informants

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

602.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Division Lieutenant, drug or auto theft task force supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Montezuma County Sheriff's Office, and that they shall not represent themselves as such.
- (d) The relationship between office members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the drug or auto theft task force supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy or with prior approval of the drug or auto theft task force supervisor.
 - 1. Deputies may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.
- (g) In all instances when office funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

602.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member.

Montezuma County Sheriff's Office

Policies

Informants

The supervisor shall determine whether the informant should be used by the Office and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a deputy.
- (c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this office to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

602.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of office members or the reliability of the informant.

Informant files shall be maintained in a secure area within the drug or auto theft task force. The drug or auto theft task force supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Division Lieutenant, Southwest Drug Task Force supervisor or their authorized designees.

The Detective Division Division Lieutenant should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the drug or auto theft task force supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

602.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

Montezuma County Sheriff's Office

Policies

Informants

- (a) Name and aliases.
- (b) Date of birth.
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos, or other distinguishing features.
- (d) Photograph.
- (e) Current home address and telephone numbers.
- (f) Current employers, positions, addresses, and telephone numbers.
- (g) Vehicles owned and registration information.
- (h) Places frequented.
- (i) Briefs of information provided by the informant and his/her subsequent reliability.
 - 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the deputy initiating use of the informant.
- (k) Signed informant agreement.
- (l) Update on active or inactive status of informant.

602.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case.
- The significance, value, or effect on crime.
- The value of assets seized.
- The quantity of the drugs or other contraband seized.
- The informant's previous criminal activity.
- The level of risk taken by the informant.

The drug or auto theft task force supervisor will discuss the above factors with the Patrol Division Lieutenant and recommend the type and level of payment subject to approval by the Sheriff.

602.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments of \$500 and under may be paid in cash from a CI buy/expense fund.
 - 1. The drug or auto theft task force supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (b) 1. The voucher shall list the case numbers related to and supporting the payment.

Montezuma County Sheriff's Office

Policies

Informants

2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 4. Authorization signatures from the Sheriff are required for disbursement of the funds.
- (c) To complete the payment process for any amount, the deputy delivering the payment shall complete a cash transfer receipt.
1. The cash transfer receipt shall include the following:
 - (a) Date.
 - (b) Payment amount.
 - (c) Montezuma County Sheriff's Office case number.
 - (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
 2. The cash transfer receipt shall be signed by the informant.
 3. The cash transfer receipt will be kept in the informant's file.

602.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of deputies or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

602.6.3 AUDIT OF PAYMENTS

The Sheriff or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Sheriff or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts, and logs) will assist with the audit process.

Eyewitness Identification

603.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this office employ eyewitness identification techniques (CRS § 16-1-109; CRS § 16-1-110).

603.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup, or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup-Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

603.2 POLICY

The Montezuma County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

603.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy (CRS § 16-1-110).

603.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Division supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time, and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Montezuma County Sheriff's Office

Policies

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification (CRS § 16-1-109).
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as they did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness (CRS § 16-1-109).
- (i) A signature line where the witness acknowledges understanding the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain they are of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary (CRS § 16-1-109).

603.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case (CRS § 16-1-110). Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

603.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report (CRS § 16-1-109).

If a photographic lineup is utilized, the original shall be secured and entered into evidence and a copy of the photographic lineup presented to the witness should be included in the case report. In

Montezuma County Sheriff's Office

Policies

Eyewitness Identification

addition, the order in which the photographs were presented to the witness should be documented in the case report. [See attachment: MCSO Photolineup.pdf](#)

603.6.1 REPORTING TO COLORADO DIVISION OF CRIMINAL JUSTICE

The following statistical data regarding field identifications shall be reported to the Colorado Division of Criminal Justice as required by CRS § 24-31-903 (see the Records Section Procedures Policy) (CRS § 16-1-109):

- (a) Date, time, and location
- (b) Gender, age, and race of the subject and any eyewitness
- (c) Alleged crime
- (d) Outcome of the show-up

603.7 PUBLIC ACCESS TO POLICY

This policy shall be made available to the public, without cost, upon request (CRS § 16-1-109).

603.8 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup (CRS § 16-1-109).

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (CRS § 16-1-109).

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

603.9 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.

Montezuma County Sheriff's Office

Policies

Eyewitness Identification

- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up shall not be handcuffed or in a patrol vehicle (CRS § 16-1-110).
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses shall only be permitted to view the subjects of the show-up one at a time (CRS § 16-1-110).
- (g) The person who is the subject of the show-up shall not be required to put on clothing worn by the suspect, to speak words uttered by the suspect, or to perform other actions mimicking those of the suspect (CRS § 16-1-110).
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

603.9.1 STATE FIELD IDENTIFICATION REQUIREMENTS

A deputy conducting a field identification shall (CRS § 16-1-110):

- (a) Transport each witness separately to the location of the field identification.
- (b) Conduct the show-up in a well-lit location with an unobstructed view of the subject of the show-up.
- (c) Separate eyewitnesses from one another at the location of the show-up.
- (d) Provide verbal notification as required by CRS § 16-1-110(3)(d) to each witness prior to showing them the subject.
- (e) Ask the witness about their level of confidence when an identification is made and document the response in the witness's own words.
- (f) Use a body-worn camera to create a video of the entire show-up procedure.

Field identifications shall only be used (CRS § 16-1-110):

Montezuma County Sheriff's Office

Policies

Eyewitness Identification

- (a) When a crime has been reported and:
 - 1. A deputy, acting on reasonable suspicion, has detained the suspect of the crime within minutes of the commission of the crime and near the location of the crime.
 - 2. A live or photo lineup is not available as a means of identification given the circumstances.
 - 3. A witness reasonably believes a subject can identified.
- (b) To verify the identity of a person involved in an intimate relationship as defined in CRS § 18-6-800.3.
- (c) To confirm the identity of a family member known to the witness.

If an eyewitness makes an identification at a show-up and the subject is arrested, additional attempts at identifying the subject shall be through a photographic or live lineup (CRS § 16-1-110).

Brady Material Disclosure

604.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

604.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information - Information known or possessed by the Montezuma County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

604.2 POLICY

The Montezuma County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Montezuma County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Office will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

604.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the office case file.

Montezuma County Sheriff's Office

Policies

Brady Material Disclosure

604.4 DISCLOSURE OF PERSONNEL INFORMATION

If a member of this office is a material witness in a criminal case, a person or persons designated by the Sheriff shall examine the personnel file and/or internal affairs file of the deputy to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and office member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or office counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Sheriff should periodically examine the personnel files and/or internal affairs files of all deputies who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

604.4.1 DISCLOSURE OF MISREPRESENTATIONS

The Sheriff or the authorized designee shall notify the local district attorney within seven days of any sustained finding that a deputy has made a knowing misrepresentation in any of the following (CRS § 24-33.5-114; CRS § 30-10-525; CRS § 31-30-107; CRS § 33-9-111):

- (a) Testimony or an affidavit provided in the scope of the deputy's employment.
- (b) During the course of any internal investigation of the deputy that relates to alleged criminal conduct, official misconduct, or the excessive use of force.

604.5 INVESTIGATING BRADY ISSUES

If the Office receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

Montezuma County Sheriff's Office

Policies

Brady Material Disclosure

604.6 TRAINING

Office personnel should receive periodic training on the requirements of this policy.

604.7 BRADY PROCESS

The Sheriff shall select a member of the Office to coordinate requests for *Brady* information. This person shall be directly responsible to the Administrative Services Division Lieutenant or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices, and the Sheriff's Attorney to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating this list whenever potential *Brady* information concerning any office member becomes known to the Office or is placed into a personnel or internal affairs file.

604.7.1 CREDIBILITY DISCLOSURE NOTIFICATION

The coordinator shall establish, in consultation with the appropriate prosecutors' offices, procedures necessary to comply with the requirements of CRS § 16-2.5-501 et seq., including prompt notification in writing of:

- (a) Any sustained finding made on or after Jan. 1, 2022, where a deputy:
 - 1. Knowingly made an untruthful statement concerning a material fact.
 - 2. Demonstrated a pattern of bias based on race, religion, ethnicity, gender, sexual orientation, age, disability, national origin, or any other protected class under federal and state law.
 - 3. Tampered with or fabricated evidence.
 - 4. Was convicted of any crime involving dishonesty.
 - 5. Violated any Montezuma County Sheriff's Office policy involving dishonesty.
- (b) Criminal charges filed against a deputy for any felony or any crime involving dishonesty.
- (c) Any criminal or administrative investigation involving a deputy that, if sustained, would require disclosure under (a); and
 - 1. The deputy is a potential witness in a pending criminal case; and
 - 2. The concurrent investigation relates to the deputy's involvement in the pending criminal case.

The coordinator shall provide notice of the intent to make a credibility disclosure notification to the involved deputy at least seven days prior to contacting the prosecutor's office (CRS § 16-2.5-502).

Brady Material Disclosure

604.8 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

Unmanned Aerial System (UAS) Operations

605.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval, and dissemination of images and data captured by the UAS.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means.

605.2 POLICY

Unmanned aerial systems may be utilized to enhance the office's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

605.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating recording software or turning imaging devices away from such areas or persons during UAS operations.

605.4 PROGRAM COORDINATOR

The Sheriff will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current, and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for office operations.
- Ensuring that all authorized operators and required observers have completed all required FAA and office-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.

Montezuma County Sheriff's Office

Policies

Unmanned Aerial System (UAS) Operations

Deployment of a UAS shall require written authorization of the Sheriff or the authorized designee, depending on the type of mission.

- Coordinating the completion of the FAA Emergency Operation Request Form in emergency situations, as applicable (e.g., natural disasters, search and rescue, emergency situations to safeguard human life).
- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Sheriff.
- Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.

605.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no expectation of privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

If the UAS is flown during night time hours, the operation shall be in accordance with an FAA approved Certificate of Waiver. If in an emergency where loss of human life is probable, the Sheriff

Montezuma County Sheriff's Office

Policies

Unmanned Aerial System (UAS) Operations

may authorize the use of the UAS prior to a Certificate of Waiver. UAS should not be flown over persons not involved in the UAS operation without FAA approval. Authorized operators are to use caution when operating UAS in areas that contain or may contain livestock or wildlife, and operate the UAS in a manner to avoid any conflict.

Prior to any operation of the UAS, including training, a current Montezuma County Sheriff's Office Operations Plan will be completed and submitted to the Administrative On-Call Supervisor and Sheriff for review and approval. The Operations Plan will be filed with the Sheriff.

605.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized.

605.7 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule.

Warrant Service

606.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this office. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol deputies.

606.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to balance the safety needs of the public, the safety of office members, privacy interests, and other relevant factors when making decisions related to the service of search and arrest warrants.

606.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing, and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

606.4 SEARCH WARRANTS

Deputies should receive authorization from a supervisor before preparing an affidavit for search warrant and search warrant. Once authorization is received, the deputy will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

606.5 ARREST WARRANTS

If a deputy reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the deputy should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

Montezuma County Sheriff's Office

Policies

Warrant Service

606.5.1 SERVICE OF ARREST WARRANTS

Arrest warrants may be executed only by sworn law enforcement officers. Any arrest made on a warrant must be verified by documentation that some agency has that warrant in its possession and that to the best of that agency's knowledge the warrant is still in effect or that the warrant is active in the NCIC and/or CCIC database. No member shall make an arrest on a warrant unless he/she confirms the present status of the warrant immediately before making the arrest. Copies of all warrant confirmations will be submitted to the Records Division with the case report.

606.6 WARRANT PREPARATION

A deputy who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution (CRS § 16-3-303; CRS § 16-3-305).
 - 1. No-knock warrant applications shall be consistent with the requirements of state law (CRS § 16-3-303).
- (b) A clear explanation of the affiant's training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

606.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of deputies deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution

Montezuma County Sheriff's Office

Policies

Warrant Service

of a search warrant. The images should include the surrounding area and persons present.

- (b) The warrant service is audio- and video-recorded as required by CRS § 24-31-902 (CRS § 16-3-305).
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

606.8 DETENTIONS DURING WARRANT SERVICE

Deputies must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, deputies must be mindful that only reasonable force may be used and weapons should be displayed no longer than the deputy reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Deputies should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

606.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

Montezuma County Sheriff's Office

Policies

Warrant Service

606.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members.
- Roles and responsibilities.
- Familiarity with equipment.
- Rules of engagement.
- Asset forfeiture procedures.

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Montezuma County Sheriff's Office are utilized appropriately. Any concerns regarding the requested use of Montezuma County Sheriff's Office members should be brought to the attention of the Sheriff or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Patrol Lieutenant should assume this role.

If deputies intend to serve a warrant outside Montezuma County Sheriff's Office jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed, and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Deputies will remain subject to the policies of the Montezuma County Sheriff's Office when assisting outside agencies or serving a warrant outside Montezuma County Sheriff's Office jurisdiction.

606.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.12 TRAINING

The Training Manager should ensure deputies receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service, and reporting requirements.

606.13 NO-KNOCK ENTRIES

No-knock entries are only authorized if a no-knock warrant has been obtained or if exigent circumstances arise at the scene such that knocking and announcing the deputy's presence would create an imminent threat of physical violence to the deputy or another person.

Policies

Warrant Service

606.14 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

Operations Planning and Deconfliction

607.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

607.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by deputies on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

607.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations, and prevent duplicating efforts.

607.3 OPERATIONS DIRECTOR

The Sheriff will designate a member of this office to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan, and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

607.4 RISK ASSESSMENT

607.4.1 RISK ASSESSMENT FORM PREPARATION

Deputies assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the deputy should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the deputy should also submit information to these resources.

The deputy should gather available information that includes, but is not limited to:

Montezuma County Sheriff's Office

Policies

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental health disorder, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to deputies and others (e.g., making an off-site arrest or detention of the subject of investigation).

607.4.2 RISK ASSESSMENT REVIEW

Deputies will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

607.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - (a) Special Response Team (SRT).
 - (b) Additional personnel.
 - (c) Outside agency assistance.
 - (d) Special equipment.
 - (e) Medical personnel.
 - (f) Persons trained in negotiation.
 - (g) Additional surveillance.

Montezuma County Sheriff's Office

Policies

Operations Planning and Deconfliction

- (h) Canines.
- (i) Property and Evidence Section or analytical personnel to assist with cataloguing seizures
- (j) Forensic specialists.
- (k) Specialized mapping for larger or complex locations.
- (b) Contact the appropriate office members or other agencies as warranted to begin preparation.
- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

607.5 DECONFLICTION

Deconfliction systems (RMIN, ATTIC) are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups, or locations.

The deputy who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The deputy should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

607.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives, and strategies.
- (b) Operation location and people:
 - 1. The subject of investigation (e.g., history of weapon possession/use, known mental health disorder issues, known drug use, threats against police, gang affiliation, criminal history)
 - 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams, and other visual aids
- 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
- 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties, and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
 - 1. An adequate number of uniformed deputies should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement (CRS§ 16-3-305).
- (e) Whether deconfliction submissions are current and all involved individuals, groups, and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals, and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing, and approving reports.
- (m) Requirements for no-knock entries as provided in CRS § 16-3-305 and CRS § 16-3-312.

607.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

607.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify one another, identify roles and

Montezuma County Sheriff's Office

Policies

Operations Planning and Deconfliction

responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for deputies who are conducting surveillance or working undercover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that the Dispatch Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to deputies arriving at the location.
 - 2. If the radio channel needs to be monitored by the Dispatch Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

607.8 SRT PARTICIPATION

If the operations director determines that SRT participation is appropriate, the director and the SRT supervisor shall work together to develop a written plan. The SRT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SRT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the deputies present.

607.9 SPECIAL EVENTS AND DIGNITARY PROTECTION

For special events, including dignitary visits, that require office involvement, the Sheriff will also consider whether to apply some or all of this policy to the event and address the following:

- (a) The size of any crowds anticipated to gather and the likelihood that crowd control could pose a problem.
- (b) The possibility of crime in the area.
- (c) Protection of VIPs.
- (d) Coordination with VIP teams.

Montezuma County Sheriff's Office

Policies

Operations Planning and Deconfliction

- (e) Coordination of VIP management with other jurisdictions.
- (f) Whether the Office has the capacity to handle the event and, if not, ensure that assistance from the appropriate outside agencies is coordinated.
- (g) Personnel allocation.
- (h) Possible use of private security.
- (i) Traffic management plans.
- (j) Arrest protocol, including management of mass arrests.

607.10 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.11 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SRT debriefing.

607.12 TRAINING

The Training Manager should ensure deputies and SRT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts, and reporting requirements.

Crime and Intelligence Analysis

608.1 PURPOSE AND SCOPE

Crime and Intelligence Analysis are two separate but coordinated operations positions within the Detective Division of the Montezuma County Sheriff's Office. Both should provide current, anticipated trends, and useful information to aid operational personnel in meeting its crime control and prevention objectives. Crime and Intelligence analysis have been developed to help identify and analyze the identity, locations and methods of operations of individual criminals and groups of individuals within criminal organizations through crime pattern recognition and analyzing data from field contacts, case reports and arrests. Crime and Intelligence analysis are useful to the Office long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

608.2 DATA SOURCES

Crime and Intelligence data is extracted from many sources including, but not limited to:

- Case Reports
- Field Contacts
- Computer Aided Dispatch data
- Colorado Department of Public Safety-CIAC-ATTIC
- Rocky Mountain Information Network (RMIN)
- Internet sources
- Social Media sources-Public and Dark Web

608.3 CRIME AND INTELLIGENCE FACTORS

The following are the minimum criteria that should be used in collecting data for analysis:

- Frequency by type of crime
- Geographic location factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus Operandi factors
- Physical evidence information

608.4 ADDITIONAL CRIME ANALYSIS FUNCTIONS

The additional duties and functions of the Office Crime Analysis is the collection and forensic examinations of electronic physical evidence to include CPU, Mobile Data Computers, Data

Montezuma County Sheriff's Office

Policies

Crime and Intelligence Analysis

Storage Devices and Cellular Phones. Expert forensic examination reports are prepared to further assist in criminal investigations and prosecutions.

608.5 ADDITIONAL INTELLIGENCE ANALYSIS FUNCTIONS

The additional duties and functions of the Office Intelligence Analysis is assisting in information gathering and data collection for the Narcotics Investigation Team daily operations, crime mapping and crime organization flowcharts. Dissemination of data information to the operations divisions personnel within the Office. If the Office has current Black and Grey or Illicit Marijuana grant funding, the data collection and reporting will be required.

608.6 CRIME AND INTELLIGENCE ANALYSIS DISSEMINATION

Crime and Intelligence Analysis must function effectively so that information is disseminated to the appropriate divisions or personnel on a timely basis. Information that is relevant to the operational and tactical planning should be sent directly to those divisions and/or personnel. Information relevant to assist the Office strategic plans should be provided through the chain of command to the Sheriff.

Forensic Genetic Genealogy

609.1 PURPOSE AND SCOPE

This policy provides guidance for the use of forensic genetic genealogy (FGG) to generate investigative leads.

609.1.1 DEFINITIONS

Definitions related to this policy include:

Combined DNA Index System (CODIS) - An FBI computer software program that operates deoxyribonucleic acid (DNA) profile databases for law enforcement use.

DNA typing laboratory - A laboratory that analyzes biological samples, including extracted DNA, in order to provide various DNA profile types. State or local crime labs are generally not equipped to provide single nucleotide polymorphism (SNP) DNA profiles; therefore, the use of private DNA typing laboratories is often necessary for FGG.

Extracted DNA - The DNA isolated from a biological sample remaining after previous DNA testing has been completed.

Forensic genetic genealogy (FGG) - The process of obtaining a SNP DNA profile from a biological sample collected during an investigation; uploading the profile to a genetic genealogy site for comparison to the consumer profiles in the site's database to identify genetic relatives; and using the identified genetic relationships, as well as traditional genealogy research, to generate investigative leads.

Genetic genealogist - A genealogist who uses DNA testing with traditional genealogical research methods to assist law enforcement or private clients in identifying biological relatives of an individual.

Genetic genealogy site - A database of DNA profiles voluntarily submitted by public consumers for the purpose of identifying genetic relatives. The availability of genetic genealogy sites for law enforcement use varies depending on their terms of service.

Short tandem repeat (STR) DNA profile - The results of DNA typing in a format that can be processed through CODIS and state DNA databases. This is the type of DNA used in conventional non-FGG law enforcement investigations.

Single nucleotide polymorphism (SNP) DNA profile - The results of DNA typing in a format that enables an unknown DNA sample to be compared to the DNA profiles maintained by a genetic genealogy site. This is the DNA type used in FGG.

609.2 POLICY

The Montezuma County Sheriff's Office's use of FGG will be in coordination with prosecutors, the Coroner, and other appropriate resources only in qualifying cases after reasonable conventional investigative methods have been pursued. Members will take reasonable steps to maintain the

Montezuma County Sheriff's Office

Policies

Forensic Genetic Genealogy

integrity of the FGG process and safeguard the privacy rights of individuals whose DNA profiles are analyzed.

609.3 CRITERIA FOR FGG USE

Before using FGG, the lead investigator should coordinate with the supervisor to determine whether the case meets the following requirements:

- (a) Biological evidence collected as part of the underlying investigation (or extracted DNA from the biological evidence) is available for additional testing and is reasonably believed to be attributable to:
 - 1. The perpetrator of an unsolved violent felony.
 - 2. The unidentified human remains of a suspected homicide victim.
- (b) All reasonable conventional investigative methods have been utilized and all reasonable investigative leads have been pursued (e.g., relevant case information entered in the National Missing and Unidentified Persons System (NamUs) and the Violent Criminal Apprehension Program (ViCAP) national database).
- (c) An STR DNA profile has been developed from the biological evidence collected in the case and, absent unusual circumstances, has been uploaded to CODIS and any applicable state DNA database for comparison with negative results.

609.4 COORDINATION

Once a preliminary determination has been made that a case may qualify for the use of FGG, the lead investigating member should consult with the appropriate prosecutor to address current and prospective legal issues and determine if a search warrant is required.

In the case of unidentified human remains, the lead investigator should also consult with the Coroner.

609.5 SUBMISSION OF SAMPLE

The biological evidence or extracted DNA should be submitted to a DNA typing laboratory approved by the Office in order to obtain a SNP DNA profile.

Once a SNP DNA profile has been obtained from the biological evidence or extracted DNA, the lead investigating member should arrange for it to be compared to the SNP DNA profiles contained in one or more genetic genealogy sites to identify possible genetic relatives. The lead investigator should work with a qualified genetic genealogist as needed during this process.

When submitting a SNP DNA profile for comparison, the lead investigator or the authorized designee (e.g., assigned genetic genealogist) shall notify the genetic genealogy site that the request for comparison is from a law enforcement agency and confirm that the site's terms of service permit FGG for the type of case being investigated. The use of the SNP DNA profile and any subsequent comparison shall be limited to the original underlying investigation.

If at any time during the FGG process the case no longer meets the criteria for FGG use, the lead investigator should promptly notify the DNA typing laboratory, genetic genealogy site, and/or

Montezuma County Sheriff's Office

Policies

Forensic Genetic Genealogy

genetic genealogist to cease any further analysis and to return all evidence, data, and materials to the Office.

609.6 ANALYSIS OF FGG DATA

Once results of a comparison are received from a genetic genealogy site, the information should be evaluated by a genetic genealogist, who will assist the lead investigator in identifying potential investigative leads.

The lead investigator should promptly and diligently pursue each viable lead identified through the FGG process using traditional investigative methods, as appropriate, to:

- (a) Eliminate an individual as a potential suspect in the case.
- (b) Link an individual to the case as a potential suspect.
- (c) Identify human remains.

609.7 COLLECTION OF THIRD-PARTY DNA SAMPLE

If it is determined that a third-party DNA sample (i.e., from a person not likely to be a suspect in the investigation) should be collected and analyzed for FGG, consent from the third party should be obtained prior to collection.

If there is a reasonable belief that the integrity of the investigation would be compromised by seeking consent from the third party prior to collection, the lead investigator should consult with the prosecutor regarding applicable laws and procedures in both the jurisdiction of the investigation and the jurisdiction where the collection will occur, if different.

The use of a third-party DNA sample shall be limited to the original underlying investigation.

609.8 POST-IDENTIFICATION

Members shall not rely solely on FGG identification of a potential suspect for probable cause to make an arrest or obtain an arrest warrant. Unless there is sufficient evidence independent of the FGG data to support an arrest, a potential suspect identified through FGG should not be arrested until the suspect's identity is confirmed.

Members shall not rely solely on FGG to identify human remains unless there is sufficient evidence independent of the FGG data to declare the identification or confirmation testing has been completed.

Confirmatory DNA testing should be conducted by collecting a known DNA sample from the potential suspect or, in the case of unidentified human remains, from a close biological relative. This known DNA sample should be submitted for comparison to the original unknown STR DNA profile through conventional methods (e.g., in CODIS).

The lead investigator should consult with the prosecutor to determine the appropriate method of obtaining a known DNA sample.

Once the identity of a suspect or the identity of unidentified human remains has been confirmed through conventional DNA testing, the lead investigator should:

Montezuma County Sheriff's Office

Policies

Forensic Genetic Genealogy

- (a) Consult with the prosecutor to evaluate the entire investigative file for consideration of criminal charges or further investigation.
- (b) If applicable, consult with the Coroner for an amendment to a certificate of death.

609.9 PRIVACY CONSIDERATIONS

Members should make reasonable efforts to respect and protect the privacy of non-suspect genetic relatives identified through the FGG process. The names and identifying information of any non-suspect genetic relatives should not be included in official reports, probable cause declarations, or affidavits for search warrants and should not be disclosed unless otherwise required by law or court order.

The lead investigator should formally request that the SNP DNA profile be removed from all genetic genealogy sites upon identity confirmation and should retain a copy of the request for office records. The lead investigator should request that all case-related records and data provided to, or generated by, a genetic genealogist during the FGG process be returned to the Office.

609.10 RETENTION OF DNA SAMPLES AND RELATED RECORDS

Genetic information, including any derivative profiles and genetic genealogy site user information, should be retained in accordance with the established records retention schedule. The lead investigator should coordinate with the evidence technician and provide adequate notice to the appropriate prosecutor's office before destroying any profiles or data obtained from the FGG process.

See the Property and Evidence Policy for guidelines regarding biological evidence, including DNA samples.

Chapter 7 - Equipment

Office-Owned and Personal Property

700.1 PURPOSE AND SCOPE

Officemembers are expected to properly care for Office property assigned or entrusted to them. Members may also suffer occasional loss or damage to personal or Office property while performing their assigned duties. Certain procedures are required depending on the loss and ownership of the item.

700.2 DOCUMENTATION OF ISSUED PROPERTY

All property issued shall be documented in the appropriate property inventory sheet or equipment log and receipt acknowledged by signature. Upon a member's separation from the Office, all issued equipment shall be returned and documentation of the return signed by a supervisor, and forwarded to the Division Supervisor.

700.2.1 CARE OF OFFICE PROPERTY

Members shall be responsible for the safekeeping, serviceable condition, proper care, use, and replacement of Office property assigned or entrusted to them. Any member's intentional or negligent abuse or misuse of Office property may lead to discipline including, but not limited to, the cost of repair or replacement.

- (a) Members shall promptly report through the chain of command, any loss, damage to or unserviceable condition of any office-issued property or equipment assigned for their use.
 - 1. A supervisor receiving such a report shall conduct an appropriate investigation and direct a memo to the appropriate Division Lieutenant that shall include the result of his/her investigation and whether the member followed proper procedures.  - 2. A review by the staff to determine whether misconduct or negligence was involved should be completed.
- (b) The use of damaged or unserviceable Office property should be discontinued as soon as practicable and, if appropriate and approved by the staff, replaced with comparable Office property as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, Office property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

Office-Owned and Personal Property

700.3 USE OF PERSONAL PROPERTY

The carrying of personal equipment on duty or its use in the performance of duties requires prior written approval by the Sheriff or appropriate Division Lieutenant. The member should submit for approval the description of personal property that the member has requested to carry, the reason for its use, the period of its use and the terms of its use. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

700.3.1 DEFINITIONS

Definitions related to this policy include:

Personal property - Items or equipment owned by, provided by, or purchased totally at the expense of the member. This definition includes approved optional equipment items identified in the Uniform Regulations Policy.

700.3.2 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be made on the Inter-Office Memorandum. This memorandum is submitted to the member's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor receiving such a report shall make an appropriate investigation and direct a memo to the appropriate Division Lieutenant that shall include the result of his/her investigation and whether reasonable care was taken to prevent the loss, damage, or unserviceable condition.

Upon review by the staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Sheriff, who will then forward the claim to the County Administration Office. Members should first file a claim with their owner insurance provider.

The Office will not replace or repair costly items (e.g., jewelry, electronic equipment) that are not reasonably required as a part of work.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Deputies and other members intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any member who damages or causes to be damaged any real or personal property of another while performing any law enforcement function shall report it as provided below.

- (a) A verbal report shall be made to the member's immediate supervisor as reasonably soon as circumstances permit.
- (b) A written report shall be submitted before the member goes off duty or within the time frame directed by the supervisor to whom the verbal report was made.
- (c) The report shall be forwarded to the Sheriff through the chain of command.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If members of another jurisdiction cause damage to personal property or property belonging to the County of Montezuma, it shall be the responsibility of the office member present or the member

responsible for the property to make a verbal report to his/her immediate supervisor as reasonably soon as circumstances permit. The member shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Division Lieutenant. The report shall be forwarded to the Sheriff through the chain of command.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Office or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless-capable tablets, and similar wireless two-way communications and/or portable internet-access devices. PCD use includes but is not limited to placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games, and accessing sites or services on the internet.

701.2 POLICY

The Montezuma County Sheriff's Office allows members to utilize office-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Office and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through office PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for office-related business or when the use reasonably implicates work-related misconduct.

701.4 OFFICE-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Office may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Office-issued or funded PCDs may not be used for personal business either on- or off-duty unless

authorized by the Sheriff or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Office and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Sheriff or the authorized designee for off-duty use of the PCD, the PCD will be either secured in the workplace at the completion of the tour of duty or turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Office accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by office procedures.
 - 1. Use of a personally owned PCD for work-related business constitutes consent for the Office to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 - 2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 - 3. Searches of a personally owned PCD by the Office should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any office business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Office, without the express authorization of the Sheriff or the authorized designee.
- (f) If the PCD is carried on-duty, members will provide the Office with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Montezuma County Sheriff's Office and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally

Montezuma County Sheriff's Office

Policies

Personal Communication Devices

owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from their supervisor, the member may engage in office business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty office-related business activities in any manner shall promptly provide the Office with a copy of such records to ensure accurate recordkeeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct office business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official office business. Disclosure of any such information to any third party through any means requires the express authorization of the Sheriff or the authorized designee.
- (f) Members will not access social networking sites for any purpose that is not official office business. This restriction does not apply to a personally owned PCD used during authorized break times.
- (g) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

Montezuma County Sheriff's Office

Policies

Personal Communication Devices

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Sheriff or the authorized designee.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions, and present a negative image to the public. Deputies operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (CRS § 42-4-239). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other office communications network.

Vehicle Maintenance

702.1 PURPOSE AND SCOPE

Members are responsible for assisting in maintaining Office vehicles so that they are properly equipped, maintained, refueled, and present a clean appearance.

702.2 DEFECTIVE VEHICLES

When a Office vehicle becomes inoperative or in need of a repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the member who becomes aware of the defective condition. Paperwork, describing the correction needed, shall be promptly forwarded to vehicle maintenance for repair.

The member's supervisor should be notified when an assigned vehicle becomes inoperative or needs repair.

702.2.1 SUSPECTED DAMAGE OR POOR PERFORMANCE

Vehicles that may have suffered damage, perform poorly, or whose control or safety features has been diminished shall be immediately removed from service for inspection and repair.

702.2.2 SEVERE USE INSPECTION

Vehicles operated under severe use conditions, which include operations for which the vehicle is not designed or that exceeds the manufacturer's use parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Severe conditions may include rough roadway or off-road operation, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.3 REMOVAL OF WEAPONS

All firearms, weapons, kinetic impact weapons, and portable radios shall be removed from a vehicle and properly secured in the armory or member's possession prior to the vehicle being released for maintenance, service, or repair.

All units shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to enhance their appearance.

Deputies on patrol shall obtain clearance from the dispatcher before responding to the car wash. Only one marked unit should be at the car wash at a time unless otherwise approved by a supervisor.

Members using a vehicle shall remove any trash or debris at the end of the shift. Confidential documents should be placed in a designated receptacle provided for the shredding of this material.

702.6 CIVILIAN NON-SWORN MEMBER USE

Non-swornmembers using marked or unmarked vehicles shall ensure all weapons are removed from the vehicle before going into service. Non-swornmembers shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure office-owned vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of office vehicles and shall not be construed to create or imply any contractual obligation by the County of Montezuma to provide assigned take-home vehicles.

703.2 POLICY

The Montezuma County Sheriff's Office provides vehicles for office-related business use and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Office, requirements for tactical deployments, and other considerations.

703.3 USE OF VEHICLES

County-owned vehicles shall only be used for official business and, when approved, for commuting to allow members to respond to office-related business outside their regular work hours.

Members shall not operate a County-owned vehicle at any time when impaired by drugs and/or alcohol.

Any member operating a vehicle equipped with a two-way communications radio, MDC and/or a GPS device shall ensure the devices are on and set to an audible volume whenever the vehicle is in operation.

703.3.1 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Deputies who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.2 MOBILE DATA COMPUTER

Members assigned to vehicles equipped with a Mobile Data Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify the Dispatch Center. Use of the MDC is governed by the Mobile Data Computer Use Policy.

703.3.3 INSPECTIONS

The interior of any vehicle that has been used to transport any person other than a member should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

Montezuma County Sheriff's Office

Policies

Vehicle Use

When transporting any suspect, prisoner, or arrestee the transporting deputy shall search all areas of the vehicle that are accessible by the person before and after the person is transported.

Supervisors will be required to perform a vehicle inspection of assigned deputies monthly and record the inspection on the approved vehicle inspection report form, and submit each report to the Patrol Lieutenant. These inspections will be utilized for annual and performance evaluations.

703.3.4 PRIVACY

All Sheriff's Office-owned vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.5 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions, or removal of any equipment, decals, markings, or accessories without written permission from the Sheriff.

703.3.6 USE OF SHERIFF'S OFFICE VEHICLES

All Sheriff's Vehicles are operated in conformance with State law and Sheriff's policy. Only county employees, or with supervisor permission, specific sheriff volunteers, such as; reserve deputies and non-certified deputies, are authorized to drive Sheriff's vehicles. Only certified deputies and certified reserve deputies are authorized to drive emergency response or marked vehicles unless extraordinary circumstances require an exception to this policy.

Deputies and emergency service personnel operating a marked or unmarked department vehicle, on or off duty, are expected to respond in their official capacity to public safety emergencies, and must be suitably equipped and attired to handle those emergencies (including access to weapon and identification).

Deputies in an assigned vehicle may have family members with them on the way to or from work, (e.g. children to and from school, daycare, wife to work, etc.) with the prior approval of the Division Supervisor and the expectation that they may be called upon to act in their official capacity while operating the vehicle and that the presence of the family member cannot impede the timely response to a call-out.

The Sheriff must approve the use of Sheriff's vehicles outside the State. Travel should be limited to those situations where it is determined that out-of-state vehicle use provides a substantial cost savings or where the situation requires the use of a vehicle because of security concerns. The county administrator may be notified of the details of the travel for each proposed out-of-state use of a Sheriff's vehicle so that any insurance compliance requirements can be met.

703.3.7 SUBSECTION TITLE

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Deputies may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Deputies driving take-home vehicles shall be armed, appropriately attired, and carry their office-issued identification. Deputies should also ensure that office radio communication capabilities are maintained to the extent feasible.

703.4.2 MAINTENANCE

Damage to any office vehicle that was not caused by a traffic accident shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format, and forwarded to the Patrol Lieutenant. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

703.7 ATTIRE AND APPEARANCE

When operating any office vehicle while off duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Office.

Cash Handling, Security, and Management

704.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure office members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

704.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of office operations and ensure the public trust.

704.3 PETTY CASH FUNDS

The Sheriff has designated the Administration Division supervisor as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms, and expense reports by the fund manager.

704.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice, or cash transfer form require an expense report.

704.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the manager and at least one other command staff member, selected by the Sheriff, review the ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and immediate reporting of the discrepancy to the Sheriff.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Sheriff.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification, and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

Personal Protective Equipment

705.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Office as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

705.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical, or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory personal protection equipment does not include particulate-filtering masks such as N95 or N100 masks.

The Montezuma County Sheriff's Office endeavors to protect members by supplying certain PPE to members as provided in this policy.

705.3 DEPUTY RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

705.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander should

Policies

Personal Protective Equipment

reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge, or canister.

705.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators, or cartridge respirators unless they have completed training requirements for the equipment.

- (c) Perform a user seal check per office-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance, or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

705.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes, or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste, or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.

- (d) The expiration date on the cartridges or canisters has been reached.

705.7.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects, or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

705.7.5 RESPIRATOR FIT TESTING

No member should be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134).

After initial testing, fit testing for respiratory PPE should be repeated (29 CFR 1910.134):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery, or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

The Training Manager is responsible for maintaining records of all:

- (a) PPE training.
- (b) Initial fit testing for respiratory protection equipment.

Chapter 8 - Support Services

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis, also known as crime mapping, should provide current, useful information to aid operational personnel in meeting its tactical crime control and prevention objectives. Crime analysis is intended to help identify and analyze the methods of operation of individual criminals, providing crime pattern recognition and analysis of data from field interrogations and arrests. Crime analysis can be useful to the Office's long-range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports.
- Field Interview records.
- Parole and probation records.
- Computer Aided Dispatch data.
- Department of Public Safety.

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for crime analysis:

- Frequency by type of crime.
- Geographic factors.
- Temporal factors.
- Victim and target descriptors.
- Suspect descriptors.
- Suspect vehicle descriptors.
- Modus operandi factors.
- Physical evidence information.

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to those units. Information relevant to the development of the Office's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Communication Operations

801.1 PURPOSE AND SCOPE

This policy establishes guidelines for the basic functions of the Dispatch Center. It addresses the immediate information needs of the Office in the course of its normal daily activities and during emergencies.

801.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to provide 24-hour telephone service to the public for information and for routine or emergency assistance. The Office provides two-way radio capability for continuous communication between the Dispatch Center and office members in the field.

801.3 THE DISPATCH CENTER SECURITY

The communications function is vital and central to all emergency service operations. The safety and security of the Dispatch Center, its members, and its equipment must be a high priority. Special security procedures should be established in a separate operations manual for the Dispatch Center.

Access to the Dispatch Center shall be limited to command staff and office members with a specific business-related purpose.

801.3.1 EQUIPMENT PROTECTION

Equipment protection procedures should be addressed in the Dispatch Center operations manual and include:

- (a) Provisions for the protection of essential equipment, such as surge protectors, a gaseous fire suppression system, an uninterruptible power system powered by a generator or other appropriate means.
- (b) Provisions for the protection of radio transmission lines, antennas, and power sources for the Dispatch Center, such as security cameras, fences, or other appropriate measures.

801.4 RESPONSIBILITIES

801.4.1 DISPATCHERS

Communications Operations for the Montezuma County Sheriff's Office are contracted through the Cortez Communications Center supervised by the Cortez Police Department. Dispatchers report to the Dispatch Supervisor. The responsibilities of the dispatcher include, but are not limited to:

- (a) Receiving and handling all incoming and transmitted communications, including:

 3. Assignment of emergency response.

801.5 CALL HANDLING

This office provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for law enforcement services is received, the dispatcher will reasonably and quickly attempt to determine if the call is an emergency or non-emergency, and shall quickly ascertain the call type, location, and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a

language-appropriate authorized interpreter is available in the Dispatch Center, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller's language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual, and the interpreter.

All dispatchers should be courteous, patient, and respectful in dealing with the public.

801.5.1 EMERGENCY CALLS

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding office members and affected individuals.

Emergency calls should be dispatched immediately. The on-duty patrol supervisor shall be notified of pending emergency calls for service when office members are unavailable for dispatch.

801.5.2 NON-EMERGENCY CALLS

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

801.5.3 MISDIRECTED, SILENT, AND HANG-UP CALLS

The Dispatch Supervisor should ensure that all dispatchers have guidelines for handling misdirected emergency calls, silent calls, and hang-up calls, which should include the following, as applicable:

- (a) Procedures for transferring a call, including providing notice to a caller of the transfer and requesting the caller to stay on the line.
- (b) Guidance for determining whether the dispatcher should stay on the line until a call has been successfully transferred.
- (c) Circumstances when the dispatcher should stay on the line with a silent call.
- (d) Criteria for determining when a call for service should be initiated.
- (e) Circumstances when a dispatcher should attempt to reestablish contact after a call has been disconnected.

801.6 DOCUMENTATION

It shall be the responsibility of the Dispatch Center to document all relevant information on calls for service or self-initiated activity. The dispatcher shall attempt to elicit, document, and relay as much

information as possible to enhance the safety of the member and assist in anticipating conditions that may be encountered at the scene. Desirable information would include, at a minimum:

- Time of the responding member's arrival.
- Time of member's return to service.
- Disposition or status of reported incident.

801.7 RADIO COMMUNICATIONS

The sheriff's radio system is for official use only, to be used by dispatchers to communicate with office members in the field. All transmissions shall be professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but are not limited to:

- (a) Members acknowledging the dispatcher with their radio identification call signs and current location.
- (b) Dispatchers acknowledging and responding promptly to all radio transmissions.
- (c) Members keeping the dispatcher advised of their status and location.
- (d) Member and dispatcher acknowledgements shall be concise and without further comment unless additional information is needed.

Members needing to communicate with other office members shall ensure that the radio frequency is clear and available, then request car-to-car communications by using their designated call sign and the other members call sign and end by stating "car to car". Upon completion of the needed communication with the other member, the requesting caller should end with "car to car clear" so that other users and the dispatcher knows that the radio frequency is clear and free for any other communication needs.

The Dispatch Supervisor shall be notified of radio procedure violations or other causes for complaint. All complaints and violations will be investigated and reported to the complainant's supervisor and processed through the chain of command.

Montezuma County Sheriff's Office

Policies

Communication Operations

801.7.1 REQUIRED COMMUNICATION CAPABILITIES

The Office shall maintain 24-hour radio capabilities between the the Dispatch Center and on-duty members as well as multichannel mobile or portable radio equipment that is capable of two-way operation on a joint public safety frequency or frequencies.

801.7.2 FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE

Montezuma County Sheriff's Office radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and guidelines.

801.7.3 RADIO IDENTIFICATION

Radio call signs are assigned to office members based on factors such as duty assignment, uniformed patrol assignment, and/or member identification number. Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the office member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate office member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the office station name or number.

801.8 CONFIDENTIALITY

Information that becomes available through the Dispatch Center may be confidential or sensitive in nature. All members of the Dispatch Center shall treat information that becomes known to them as confidential and release that information in accordance with the Protected Information Policy.

Automated data, such as Division of Motor Vehicles records, warrants, criminal history information, records of internal sheriff's files or medical information, shall only be made available to authorized law enforcement personnel. Prior to transmitting confidential information via the radio, an admonishment shall be made that confidential information is about to be broadcast.

802.4.2 PACKAGING CONTROLLED SUBSTANCES

The deputy seizing narcotics and dangerous drugs shall retain such property in his/her possession until it is properly weighed, packaged, tagged, and placed in the designated evidence locker, accompanied by the original evidence/property record. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected controlled substances. The GPW will be verified every time the package is checked in or out of the Property and Evidence Section. Any discrepancies shall be noted on the outside of the package. Any change in weight should be immediately reported to the Detective Division supervisor.

A completed evidence/property tag shall be attached to the outside of the container. The chain of custody shall be recorded.

802.4.3 RIGHT OF REFUSAL

The evidence technician has the right to refuse any piece of evidence/property that is hazardous or that has not been properly documented or packaged. Should the evidence technician refuse an item of evidence/property, he/she shall maintain secure custody of the item in a temporary evidence/property locker or other safe location and inform the submitting deputy's or supervisor.

802.5 COLLECTION AND RECORDING OF PROPERTY/EVIDENCE

All members collecting property or evidence will complete an approved Evidence/Property report form within the Office report data base (ITI or E-Force) that includes the description of each separate item, date of collection, time of collection, and location of where item was found (not just the physical address). 1. Complete the Evidence Entry button and ADD evidence or property as usual.
2. Once entered, "hit and complete" the RECOVERED/DISPOSITION-Blue Tab.
3. Once completed, select EVIDENCE ENTRY-Blue Tab to complete submission.

Montezuma County Sheriff's Office

Policies

Property and Evidence

The evidence technician will record his/her signature, case report number, GPW if it is a controlled substance to be used as evidence, the date and time the property was received, and where the property will be stored on the property control record.

A evidence/property logbook shall be maintained and a unique property number created for each piece of property received. The logbook shall record, by property number, the date received, case number, tag number, item description, item location, and date disposed. A unique property number shall be obtained for each item or group of items from the logbook. This number shall be recorded on the property tag and the property control card.

Any changes in the location of property held by the Montezuma County Sheriff's Office shall be noted in the property logbook.

802.6 PROPERTY CONTROL

Deputies desiring evidence/property for court shall contact the evidence technician at least one day prior to the court day.

802.6.1 RESPONSIBILITIES OF OTHER PERSONNEL

Every time evidence/property is released or received, an appropriate entry on the evidence/property record shall be completed to maintain the chain of custody. No property or evidence is to be released without first receiving written authorization from a supervisor or detective.

Request for analysis of items other than controlled substances shall be completed on the appropriate forms and submitted to the evidence technician. This request may be filled out anytime after booking of the property or evidence.

802.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

The transporting member will check the evidence out of property, indicating the date and time on the property control record and the request for laboratory analysis.

The evidence technician releasing the evidence must complete the required information on the property control record and the evidence. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the deputy will record the delivery time on both copies and indicate the locker in which the item was placed or the member to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Section for filing with the case.

- (b) Return the property expeditiously, unless the property is contraband or required as evidence.

As provided in CRS 18-4-405, stolen property held as evidence of a crime may be photographed and released to the lawful owner with the evidence/property release form signed by the owner under penalty of perjury. Procedures as described in CRS 13-25-130 shall be followed.

802.6.5 RELEASE OF PROPERTY

A reasonable attempt shall be made to identify the rightful owner of found or stolen property or evidence not needed for an investigation.

Property belonging to a crime victim shall be promptly released to the victim unless needed for evidence (CRS § 24-4.1-302.5(1)(k)). Following a request from the victim, property no longer needed for evidence shall be returned to the victim within five working days unless the property is contraband or subject to forfeiture proceedings (CRS § 24-4.1-303(7)).

Release of property shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the authorizing supervisor or investigator and must conform to the items listed on the property form or must specify the specific item to be released. Release of all property shall be properly documented.

Property with an estimated value of \$100.00 or more will be advertised in the local print media before it is destroyed or auctioned. The final disposition of all such property shall be fully documented in related reports.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Office so that a timely response can be prepared.

If the security breach is reasonably believed to affect 500 or more Colorado residents, the Custodian of Records shall also notify the Colorado attorney general. Notice may not be required if the Custodian of Records, after a reasonable investigation, makes a determination that misuse of the individual's information has not occurred and is not reasonably likely to occur. Additional notices to consumer reporting agencies may be required if the security breach requires notification to more than 1,000 Colorado residents (CRS § 24-73-103).

Notice shall be given in the most expedient time possible and without unreasonable delay, and not later than 30 days from the discovery of the breach, consistent with the needs of the office and any measures necessary to determine the scope of the breach, prevent further disclosures, and restore the reasonable integrity of the data system. Notice may be delayed if notification will impede a criminal investigation. In such cases, notice shall be made not later than 30 days after a determination is made that notification will no longer impede the investigation (CRS § 24-73-103).

For the purposes of the notice requirement, personal information includes an individual's first name or first initial and last name in combination with any one or more of the following when not encrypted, redacted, or secured by any other method that renders the information unreadable or unusable (CRS § 24-73-103):

- (a) Social Security number
- (b) Driver's license number or identification card number
- (c) Student, military, passport, or health insurance identification number
- (d) Medical information
- (e) Biometric data
- (f) Username or email address, in combination with a password or security questions and answers, that would permit access to an online account
- (g) Full account number or credit or debit card number, in combination with any required security code, access code, or password that would permit access to the individual's account

If the breach reasonably appears to have been made to protected information covered in the Protected Information Policy, the Custodian of Records should promptly notify the appropriate member designated to oversee the security of protected information (see the Protected Information Policy).

Records Maintenance and Release

805.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO ALLEGED MISCONDUCT

Unedited video and audio recordings related to an incident where a peace officer, civilian, or nonprofit organization has made a complaint of deputy misconduct shall be released upon a proper public record request within 21 days of the request (CRS § 24-31-902).

The Custodian of Records should work as appropriate with the Sheriff or the Internal Affairs supervisor in determining what recordings may qualify for disclosure when a request for a recording is received.

805.10.1 DELAY OF RELEASE

Disclosure of recordings related to alleged misconduct during active criminal or administrative investigations may be delayed up to 45 days from the date the Office knew or reasonably should have known about the incident if disclosure would substantially interfere with or jeopardize the investigation. The Sheriff or the authorized designee should work as appropriate with the prosecuting attorney so that the prosecuting attorney may produce the required notice (CRS § 24-31-902).

805.10.2 RELEASE OF AUDIO OR VIDEO RECORDINGS DEPICTING A DEATH

Upon request, the Custodian of Records shall release unedited video and audio recordings depicting a death to the victim's spouse, parent, legal guardian, child, sibling, grandparent, grandchild, significant other, or other lawful representative, and inform the requesting party of the requesting party's right to receive and review the recording at least 72 hours prior to public release (CRS § 24-31-902).

805.10.3 RESTRICTIONS RELATED TO PRIVACY

If the Custodian of Records, in consultation with the Sheriff, determines that specific portions of a recording may raise substantial privacy concerns for a person depicted in the recording, the Office should use technology to blur portions of a recording made available for release. In such cases, unblurred footage shall not be released without the written authorization of the victim or the victim's next of kin (CRS § 24-31-902).

If blurring is insufficient to protect the substantial privacy interest of a person, the Custodian of Records should, within 20 days of receipt of the complaint of alleged misconduct (CRS § 24-31-902):

- (a) Provide a copy of the recording upon request to the victim or the victim's next of kin.
- (b) Inform the person whose privacy interest is implicated of the right to waive the interest in writing and allow release of the unedited recording.

Protected Information

806.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release, and security of protected information by members of the Montezuma County Sheriff's Office. Protected Information

806.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Montezuma County Sheriff's Office policy, or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

806.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Office may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone, or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of deputies, other office members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

806.6 SECURITY OF PROTECTED INFORMATION

The Sheriff will select a member of the Office to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Developing and maintaining security practices, procedures, and training.
- (b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.
- (c) Establishing procedures to provide for the preparation, prevention, detection, analysis, and containment of security incidents including computer attacks.
- (d) Tracking, documenting, and reporting all breach of security incidents to the Sheriff and appropriate authorities.

Montezuma County Sheriff's Office

Policies

Protected Information

806.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

806.7 CHALLENGE TO CRIMINAL OFFENDER RECORD

Any person has the right to challenge the accuracy and completeness of criminal justice records pertaining to him/her and to request that said records be corrected (CRS § 24-72-307). Any such requests shall be forwarded to the Records Manager.

Upon receipt of a request to correct the record, the Records Manager will evaluate the request as follows:

- (a) The Records Manager will review the request for correction and make a determination of whether to grant or refuse the request, in whole or in part.
- (b) In the event that the Records Manager requires additional time to evaluate the merit of the request for correction, the Records Manager shall notify the applicant in writing.
 - 1. The Records Manager shall then have 30 days from the date of receipt of the request for correction to evaluate the request and to make a determination of whether to grant or refuse the request, in whole or in part.
 - 2. The Records Manager will communicate that decision to the applicant in writing.
- (c) If the Records Manager refuses to make the requested correction and the person requests a written statement of the grounds for the refusal, the Records Manager shall promptly provide such a written statement.
- (d) If the Records Manager decides to make the correction, the Records Manager will ensure the change is made in the records of the Montezuma County Sheriff's Office and communicate the correction to the Colorado Bureau of Investigation.

806.8 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

Computers and Digital Evidence

807.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs), digital cameras, digital recorders, and other electronic devices that are capable of storing digital information. This policy also establishes procedures for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

807.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Deputies should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front, back, and surrounding desktop or office setup, specifically including cable connections to other items. Look for a telephone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation, such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box. If the computer is a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with the case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, disks, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items into the Property and Evidence Section. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, deputies should document the following in related reports:
 1. Where the computer was located and whether it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.

Montezuma County Sheriff's Office

Policies

Computers and Digital Evidence

- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., printers, remote drives, hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g. Apple keyboard and mouse) and necessary for examination of the associated media.

807.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Until properly secured, networked computers can be accessed remotely to alter critical hard drive data. Therefore, cases involving networks require specialized handling. Deputies should contact a certified forensic computer examiner as soon as practicable for instructions or a response to the scene. It may be possible to perform an on-site inspection or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence. The forensic copy of the image of the hard drive shall be marked and maintained as primary evidence.

807.2.2 FORENSIC EXAMINATION OF COMPUTERS

.If an examination of the contents of the computer's hard drive, disks, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) A copy of reports involving the computer, including the evidence/property sheet.
- (b) A copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to the investigation or other legal authority for examination.
- (c) A list of the items to search for (e.g., photographs, financial records, email, documents).
- (d) A forensic copy of the media will be made; subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

807.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, including hard drives, floppy disks, CDs, DVDs, tapes, memory cards or flash memory devices, should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access, or open digital files prior to submission.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters, or other sources of magnetic fields.
- (d) Do not leave storage media where it would be subject to excessive heat, such as in a parked vehicle on a hot day.

Montezuma County Sheriff's Office

Policies

Computers and Digital Evidence

- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

807.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices (PCD), such as cellular phones, Personal Data Assistants (PDA), or other handheld devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data, and/or images.

- (a) Deputies should not attempt to access, review, or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted, and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be wrapped in no less than six sheets of heavy duty aluminum foil, or placed in a solid metal container, such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead, all the data may be lost.

807.5 DIGITAL EVIDENCE RECORDED BY DEPUTIES

Deputies handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of the evidence.

807.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted, or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition, or relevance. Video and audio files will not be altered in any way.

807.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (e.g., smart card, compact flash card, or any other media) shall be brought to the Property and Evidence Section as soon as reasonably possible for submission into evidence.
- (b) Deputies are only authorized to review the data stored on the device that was used to record the data. Copying data from memory cards is prohibited. Evidence technicians are the only members authorized to copy and/or distribute digital media made from the memory cards.
- (c) As soon as reasonably possible following the collection of evidence, the camera operator is to remove the memory card from his/her digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a ziplock baggie.

Montezuma County Sheriff's Office

Policies

Computers and Digital Evidence

The camera operator shall write his/her name and the related case number on the outside of the baggie before placing it in the film drop box along with the evidence form.

- (d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images transferred properly to the storage media, the technicians will erase the memory card for reuse. The storage media will be marked as the original.
- (e) Deputies requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

807.5.3 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is related to case documentation and held as evidence. Only digital forensic examiners are authorized to copy original media seized as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Animal Control Procedures

808.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

808.1.1 TRAINING

Deputies shall successfully complete the required basic and continuing education animal control courses as approved by the Office or required by local or state authorities.

808.2 DEPUTY RESPONSIBILITIES

The following animal-related calls for service will be handled by the appropriate on-duty deputy.

Deputies may be dispatched to animal-related calls and should take appropriate actions to control the situation. Due to the hazards of handling animals without proper equipment, responding deputies generally should not attempt to capture and pick up any animal. The following are examples of when a deputy may consider capture or pick up of an animal:

- (a) When there is a threat to public safety.
- (b) When an animal has bitten someone, deputies should take measures to confine the animal and prevent further injury.
- (c) When an animal is creating a traffic hazard.
- (d) When the owner/handler has been arrested and there is no other alternative placement for the animal.
- (e) When an animal is gravely injured.

808.2.1 ANIMAL CRUELTY COMPLAINTS

A deputy shall conduct an investigation on all reports of animal cruelty. Deputies shall not hesitate to take any immediate actions deemed necessary to prevent the perpetration of any act of cruelty to animals in his/her presence and may use such force as is necessary to prevent the crime (CRS 18-9-202). Animal Neglect as defined in CRS 18-9-201(4) means failure to provide food, water, protection from the elements, or other care generally considered to be normal, usual, and accepted for an animal's health and well being, consistent with the species, breed and type of animal. Deputies are instructed to follow the standard operating procedures for Livestock and Animal Neglect attached to this policy, to include Notice of Entry and Care, Notice of Animal Impoundment and Cost of Care Responsibilities as provided in CRS 18-9-202.5. [See attachment: 808.2.1 Livestock_Animal Neglect SOP.pdf](#)

The assistance of the Agriculture Deputy may be requested to assist with the investigation when appropriate for the purpose of handling the disposition of any animal associated with the case.

808.2.2 STRAY ANIMALS

If an animal has a license or in the case of livestock, can otherwise be identified by ear tag or brand, the owner should be contacted, if possible. If the owner is contacted, the animal should

Montezuma County Sheriff's Office

Policies

Animal Control Procedures

be released to the owner and a citation may be issued if appropriate. If an animal is taken into custody, it shall be transported to the animal shelter or to holding pens, making sure the animal has food, water, and bedding. Livestock should not be transported unless found in the unlawful possession of a person(s), with the assistance of the brand inspector. A report shall be completed.

Livestock should be removed from a public roadway by placing the animal into an available fenced pasture if possible. The landowner shall be contacted along with the local brand inspector.

808.2.3 ANIMAL BITES TO HUMANS

Deputies shall obtain as much information as possible for reporting purposes. Deputies shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property for a minimum of ten days with close observation, and obtain documentation of vaccinations. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately.

If a biting dog has been killed in order to prevent further injury or death, the local board of health shall be notified of the facts related to the bite and the killing, and the body of the dog shall be held for release to the board of health (6 CCR 1009-1:1).

808.2.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Deputies shall obtain and forward to the Agriculture Deputy as much information as possible regarding the nature of the complaint, the complaining person, owner information (if possible), and location of the problem. Deputies will also document any actions taken, citation issued, and related report numbers.

In the event responding deputies cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, Agriculture Deputy may be called. If the Agriculture Deputy is unavailable, the patrol supervisor may request the assistance of an animal control officer from an outside agency.

808.3 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of this agency, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken to a doctor of veterinary medicine as described below:

- (a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.
- (b) If it is after normal business hours, the animal should be taken to an authorized veterinary emergency services clinic.
- (c) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.
- (d) When it is necessary to dispatch a seriously injured or dangerous animal, the Firearms Policy shall be followed.

Montezuma County Sheriff's Office

Policies

Animal Control Procedures

1. Any deputy may euthanize an animal when, in his/her judgment and in the opinion of a licensed veterinarian or the owner, the animal is experiencing extreme pain or suffering or is severely injured, disabled, or diseased past recovery. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by the written certificate of two persons called to view the animal (CRS § 35-42-110).
 2. Injured wildlife may be euthanized whenever the deputy or District Wildlife Officer determines that no other reasonable action would be practical, humane, or effective for the rehabilitation of the wildlife (2 CCR 406-14:1405).
 3. Any injured or euthanized big game wildlife as defined in C.R.S. 33-6-109 (3.4) (a), to include black bear, mountain lion and bobcat, must be reported to a District Wildlife Manager with the Colorado Parks and Wildlife for carcass disposition, prior to leaving a scene or discovery. Members are prohibited from possessing or giving possession to others without Colorado Parks and Wildlife written authorization.
- (e) When handling dead or injured animals, Office members shall attempt to identify and notify the owner of the final disposition of the animal.
- (f) Each incident shall be documented, at minimum, to include the name of the reporting party and the veterinary hospital and/or person to whom the animal is released. If the Agriculture Deputy is off duty, the information will be forwarded for follow-up.

808.4 REPORTS OF ANIMALS KILLED BY WILDLIFE

When members receive a call or information regarding livestock or domestic animals purportedly killed or injured by a wildlife species, an on scene investigation and report will be made, to include photographs if possible. A District Wildlife Manager with Colorado Parks and Wildlife will be contacted as soon as possible to conduct an investigation to identify the actual wildlife species involved, if any, and assist in the investigation through contact with the livestock or domestic animal owner.

808.5 POST-ARREST PROCEDURES

Members should take reasonable efforts to ensure that animals or pets in an arrestee's care will be provided with proper care. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals. Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control procedures should be followed.

808.6 POLICY

It is the policy of the Montezuma County Sheriff's Office to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state, and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

Montezuma County Sheriff's Office

Policies

Animal Control Procedures

808.7 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Patrol Lieutenant will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

Chapter 9 - Custody

Temporary Custody of Adults

900.1 PURPOSE AND SCOPE

This policy provides guidelines to address the health and safety of adults taken into temporary custody by members of the Montezuma County Sheriff's Office for processing prior to being released or transferred to a housing or other type of facility.

Temporary custody of juveniles is addressed in the Temporary Custody of Juveniles Policy. Juveniles will not be permitted where adults in custody are being held.

Custodial searches are addressed in the Custodial Searches Policy.

900.1.1 DEFINITIONS

Definitions related to this policy include:

Holding cell/cell - Any locked enclosure for the custody of an adult or any other enclosure that prevents the occupants from being directly visually monitored at all times by a member of the Office.

Safety checks - Direct, visual observation by a member of this office performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of adults in temporary custody.

Temporary custody - The time period an adult is in custody at the Montezuma County Sheriff's Office prior to being released or transported to a housing or other type of facility.

900.2 POLICY

The Montezuma County Sheriff's Office is committed to keeping adults safe while in custody at the Office. Adults should be in temporary custody only for as long as reasonably necessary for investigation, processing, and transfer to the Detention Center for booking or release.

900.3 GENERAL CRITERIA AND SUPERVISION

No adult should be in temporary custody for longer than six hours.

900.3.1 INDIVIDUALS WHO SHOULD NOT BE IN TEMPORARY CUSTODY

Individuals who exhibit certain behaviors or conditions should not be in temporary custody at the Montezuma County Sheriff's Office, but should be transported to the Detention Center, a medical facility, or other type of facility as appropriate. These include:

- (a) Any individual who is unconscious or has been unconscious while being taken into custody or while being transported.
- (b) Any individual who has a medical condition, including pregnancy, or who may require medical attention, supervision, or medication while in temporary custody.
- (c) Any individual who is seriously injured.
- (d) Individuals who are a suspected suicide risk (see the Civil Commitments Policy).

Montezuma County Sheriff's Office

Policies

Temporary Custody of Adults

- (a) If the deputy taking custody of an individual believes that he/she may be a suicide risk, the deputy shall ensure continuous direct supervision until evaluation, release, or a transfer to an appropriate facility is completed.
- (e) Individuals who are obviously in crisis, as defined in the Crisis Intervention Incidents Policy.
- (f) Individuals who are under the influence of alcohol, a controlled substance, or any substance to the degree that may require medical attention, or who have ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.
- (g) Any individual who has exhibited extremely violent or continuously violent behavior.
- (h) Any individual who has claimed, is known to be afflicted with, or displays symptoms of any communicable disease that poses an unreasonable exposure risk.
- (i) Any individual with a prosthetic or orthopedic device where removal of the device would be injurious to his/her health or safety.

Deputies taking custody of a person who exhibits any of the above conditions should notify a supervisor of the situation. These individuals should not be in temporary custody at the Office unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

900.3.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized office member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision (6 CCR 1010-13:18.0). Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability.

At least one female office member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process.

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the room of a person of the opposite sex unless a member of the same sex as the person in custody is present.

No individual in custody shall be permitted to supervise, control, or exert any authority over other individuals in custody.

900.3.3 ENTRY RESTRICTIONS

Entry into any location where a person is held in custody should be restricted to:

- (a) Authorized members entering for official business purposes.
- (b) Emergency medical personnel when necessary.
- (c) Any other person authorized by the Patrol Lieutenant or Detective Lieutenant.

Montezuma County Sheriff's Office

Policies

Temporary Custody of Adults

When practicable, more than one authorized member should be present for entry into a location where a person is held in custody for security purposes and to witness interactions.

900.4 INITIATING TEMPORARY CUSTODY

The deputy responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease, or any other potential risk to the health or safety of the individual or others (6 CCR 1010-13:14.0). The deputy should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent. The receiving deputy should ask the arresting deputy if there are any statements, indications, or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the County jail or the appropriate mental health facility.

The deputy should promptly notify the Patrol Lieutenant of any conditions that may warrant immediate medical attention or other appropriate action. The Patrol Lieutenant shall determine whether the individual will be placed in a cell, immediately released, or transported to jail or other facility.

900.4.1 SCREENING AND PLACEMENT

The deputy responsible for an individual in custody shall:

- (a) Advise the Patrol Lieutenant of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).
- (b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:
 - 1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.
 - 2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):
 - (a) Continuous, direct sight and sound supervision.
 - (b) Single-cell placement in a cell that is actively monitored on video by a member who is available to immediately intervene.
- (c) Ensure individuals are separated according to severity of the crime (e.g., felony or misdemeanor).

Custodial Searches

901.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants, or weapons into the Montezuma County Sheriff's Office facility. Such items can pose a serious risk to the safety and security of office members, individuals in custody, contractors, and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of trace evidence from an individual in custody.

901.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes, and clothing, including pockets, cuffs, and folds on the clothing, to remove all weapons, dangerous items, and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia, or female breasts are visible.

901.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment, or retaliation.

901.3 FIELD AND TRANSPORTATION SEARCHES

A deputy should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any office vehicle.

Whenever practicable, a custody search should be conducted by a deputy of the same sex as the person being searched. If a deputy of the same sex is not reasonably available, a witnessing deputy should be present during the search.

901.4 SEARCHES AT SHERIFF'S FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Montezuma County Sheriff's Office facilities. Except in exigent circumstances, the search should be conducted

by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another office member. The inventory should include the case number, date, time, member's Montezuma County Sheriff's Office identification number, and information regarding how and when the property may be released.

901.4.2 VERIFICATION OF MONEY

All envelopes should clearly indicate the contents on the front. The office member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

901.5 STRIP SEARCHES

No individual in temporary custody at any Montezuma County Sheriff's Office facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. - (h) A copy of the written authorization should be retained and made available upon request to the detainee or the detainee's authorized representative.

901.6 PHYSICAL BODY CAVITY SEARCH

- (d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

- (f) Document in written reports a description of physical, testimonial, documentary, and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.

902.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS

No detainee who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Detainee victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

902.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Sheriff, or if the allegations may reasonably involve the Sheriff, to the District Attorney. The Sheriff or District Attorney shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary action up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for office members who have

engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed.

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with detainees and reported to any relevant licensing bodies (28 CFR 115.177). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Detention Division Captain or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for detainee victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for detainees or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Detention Division Captain or the authorized designee shall identify a staff member to monitor the conduct and treatment of detainees or members who have reported sexual abuse and of detainees who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of detainees, such monitoring shall also include periodic status checks.

902.7 REVIEWS AND AUDITS

902.7.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

- (a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse.
- (b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

Montezuma County Sheriff's Office

- (d) Assess the adequacy of staffing levels in that area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The Sheriff or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

902.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files, and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

- (a) Identification of any potential problem areas.
- (b) Identification of any corrective actions taken.
- (c) Recommendations for any additional corrective actions.
- (d) A comparison of the current year's data and corrective actions with those from prior years.
- (e) An assessment of the office's progress in addressing sexual abuse.

The report shall be approved by the Sheriff and made readily available to the public through the office website or through other means. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding or Detention Center Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Montezuma County Sheriff's Office facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the office website or through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

902.8 RECORDS

The Training Manager shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all detainees.

All current members and volunteers who may have contact with detainees shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such members and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Evaluation of Members

1001.1 PURPOSE AND SCOPE

The Office's member performance evaluation system is designed to record work performance for both the Office and the member, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Montezuma County Sheriff's Office utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and member. It gives supervisors a way to create an objective history of work performance based on job standards.

The Office evaluates members in a non-discriminatory manner based upon job-related factors specific to the member's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each member's immediate supervisor. Other supervisors directly familiar with the member's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each member at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of a member's job performance is an ongoing process. Continued coaching and feedback provides supervisors and members with opportunities to correct performance issues as they arise.

Non-probationary members demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Members who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Montezuma County Sheriff's Office

Policies

Evaluation of Members

1001.4 EVALUATION FREQUENCY

Members are evaluated based on the following chart:

Position	Evaluated every six months	Evaluated yearly	Length of probation
Probationary certified members	X		1 Year
Non-probationary certified members		X	
Probationary non-sworn members	X		1 Year
Non-probationary, non-sworn members		X	

1001.4.1 RESERVE DEPUTY EVALUATIONS

Reserve deputy evaluations are covered in the Reserve Deputies Policy.

1001.4.2 VOLUNTEER EVALUATIONS

Volunteer evaluations are covered in the Volunteer Policy.

1001.5 FULL-TIME PROBATIONARY PERSONNEL

Personnel must successfully complete the probationary period before being eligible for certification as regular members. An evaluation will be completed monthly for all full-time non-sworn personnel during the probationary period. Probationary certified personnel are evaluated daily, weekly, and monthly during the probationary period.

1001.6 FULL-TIME REGULAR STATUS PERSONNEL

Regular members are subject to three types of performance evaluations:

Regular - A member performance evaluation shall be completed once each year by the member's immediate supervisor on or near the anniversary of the member's date of hire, except for members who have been promoted, in which case a member performance evaluation shall be completed on the anniversary of the member's date of last promotion.

Transfer - If a member is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, an evaluation shall be completed by the current supervisor with contributions from the previous supervisor.

Special - A special evaluation may be completed any time the rater or the rater's supervisor determine one is necessary for other reasons, including an assessment of member performance that appears to have become substandard. Generally, when used to demonstrate those areas of performance that appear to be substandard the evaluation would include followup action (e.g., action plan, remedial training, retraining). The evaluation form and any documentation shall be submitted as one package.

Montezuma County Sheriff's Office

Policies

Evaluation of Members

1001.6.1 RATINGS

The definition of each rating category is as follows:

Outstanding - Actual performance that is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds standards - Represents performance that is better than expected of a fully competent member. It is superior to what is expected but is not of such rare nature to warrant outstanding.

Meets standards - Performance of a fully competent member. It means satisfactory performance that meets the standards required of the position.

Needs improvement - A level of performance less than that expected of a fully competent member and less than the standards required of the position. A needs-improvement rating must be thoroughly discussed with the member.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the member's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1001.7 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the member. The supervisor should discuss the results of the recently completed rating period and clarify any questions the member may have. If the member has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and member will sign and date the evaluation. Members may also write comments in the member comments section of the performance evaluation report.

1001.8 EVALUATION REVIEW

After the supervisor finishes the discussion with the member, the signed performance evaluation is forwarded to the Division Lieutenant. The Division Lieutenant shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Lieutenant shall use the quality of performance ratings prepared as a factor to evaluate the supervisor. The performance evaluation is then forwarded to the Undersheriff and Sheriff for final review.

1001.9 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the member's personnel file in the office of the Sheriff for the member's tenure.

Promotional and Transfer Policy

1002.1 PURPOSE AND SCOPE

The purpose of this policy is to establish required and desirable qualifications for promotion within the ranks of the Montezuma County Sheriff's Office.

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or wellbeing of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, or ordinance.

1004.2 POLICY

The Montezuma County Sheriff's Office has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, or the Sheriff.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

- Organize, join, or assist an employee organization or refrain from the same.

Members who believe they have been the subject of retaliation for engaging in protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs for investigation in accordance with the Personnel Complaints Policy.

1004.5 SUPERVISOR RESPONSIBILITIES

Colorado and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child, pet) (18 USC § 922; CRS § 18-12-108).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to the Sheriff via a supervisor through the chain of command, as provided in this policy.

Even when legal restrictions are not imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by a member of this office may prohibit him/her from carrying out law enforcement duties.

Queries of all members shall be performed by the Records Section annually and provide a written report to the Sheriff.

1005.3.1 COURT ORDERS

All members shall promptly notify the office if they are part of any criminal or civil court order. Court orders may prevent peace officers from possessing a firearm or require suspension or revocation of their peace officer POST certificate (see generally CRS § 24-31-303).

1005.3.2 TRAFFIC VIOLATIONS

A valid Colorado Driver License is a mandatory requirement for members of this Office. All members are responsible for ensuring that they have and maintain a valid driver license, and shall promptly report any traffic offense or infraction violations to the Sheriff via their immediate supervisor through the chain of command.

Queries of all members shall be performed by the Records Section annually and provide a written report to the Sheriff.

All members and all retired deputies with an identification card issued by the Office shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

1006.2 POLICY

It is the policy of this office to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on office time can endanger the health and safety of office members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Patrol Lieutenant or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Office while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession or use of medical marijuana or being under the influence of marijuana on or off duty is prohibited and may lead to disciplinary action to include termination.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing, or using controlled substances or alcohol on office premises or on office time (41 USC § 8103). Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Montezuma County Sheriff's Office

Policies

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 MEMBER ASSISTANCE PROGRAM

There may be available a voluntary member assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Members should contact the Human Resources Department, their insurance providers or the member assistance program for additional information. It is the responsibility of each member to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug, or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Office.

1006.7 REQUESTING SCREENING TESTS

A supervisor may request a member to submit to a screening test under any of the following circumstances:

- (b) The member discharges a firearm, other than by accident or the destruction of animals, in the performance of his/her duties.

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the member in writing of the following:

- (a) The test will be given to detect alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the member.

Montezuma County Sheriff's Office

Policies

Drug- and Alcohol-Free Workplace

A member may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates any provisions of this policy.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

1006.9 CONFIDENTIALITY

The Office recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the member assistance program are considered confidential medical records and shall be maintained separately from the member's other personnel files.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible members are detailed in the County personnel manual or agency policy manual.

This policy is not intended to cover all types of sick or other leaves. For example, members may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq).

1007.2 MEMBER RESPONSIBILITIES

Sick leave may be used for absences caused by illness, injury, temporary disability, including pregnancy and maternity, or for medical, dental, or vision exams or medical treatment of the member or the member's immediate family when it is not reasonably possible to schedule such appointments during non-working hours.

Sick leave is not considered vacation. Abuse of sick leave may result in discipline and/or denial of sick leave benefits. Members on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational, or other activity that may impede recovery from the injury or illness.

Upon return to work, members shall complete and submit a leave request describing the type of leave used and the specific amount of time taken.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (CRS § 8-13.3-404; CRS § 8-13.3-405). Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both (CRS § 8-13.3-418).

Members on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Patrol Lieutenant or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (CRS § 8-13.3-404).

Montezuma County Sheriff's Office

Policies

Sick Leave

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Office with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a healthcare provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a healthcare provider's statement for an absence of three or fewer days.

Members who have opted into the Montezuma County Employee sick leave pool must contact the County Administration Office to request the sick leave pool usage prior to the members accrued sick leave being depleted. Members must submit the following form to request an additional 45 days of sick leave. [See attachment: Sick Leave Pool Request Form.pdf](#)

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Human Resources Department as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected office operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available member assistance program when appropriate.

Communicable Diseases

1008.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of office members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV, and tuberculosis.

Exposure - When an eye, mouth, mucous membrane, or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing, or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Montezuma County Sheriff's Office. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 PROCEDURES FOR CONTACT WITH BLOOD OR BODILY FLUIDS

All Office personnel who may be involved in providing emergency medical care or who come in contact with another person's blood or bodily fluids (e.g., during an altercation or while attending to any injured person) shall follow these procedures and guidelines.

1008.2.1 UNIVERSAL PRECAUTIONS

All human blood and bodily fluids, such as saliva, urine, semen, and vaginal secretions, are to be treated as if they are known to be infectious. Where it is not possible to distinguish between bodily fluid types, all bodily fluids are to be assumed potentially infectious.

1008.2.2 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, the following equipment is provided for all personnel to assist in the protection against such exposures:

- No fewer than two pair of disposable latex/nitrile gloves (keeping a box in the car is recommended).
- Safety glasses or goggles
- NIOSH N95 particulate respirator with a one-way valve.
- Alcohol, or similar substance, to flush skin at emergency site.
- Keeping alcohol hand wipes in the car is recommended.

Montezuma County Sheriff's Office

Policies

Communicable Diseases

The protective equipment is to be kept in each sheriff's vehicle, inspected at the start of each shift, and replaced immediately upon returning to the station if it has been used or damaged during the shift, or is otherwise in need of replacement.

1008.2.3 IMMUNIZATIONS

All Office personnel who, in the line of duty, respond to emergency medical calls or may be exposed to or have contact with a communicable disease shall be offered appropriate immunization treatment.

1008.2.4 WORK PRACTICES

All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or bodily fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves should be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other bodily fluids. Should one's disposable gloves become contaminated with blood or other bodily fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books, and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying, or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm, and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

1008.2.5 INFORMATION AND TRAINING

All members shall participate in occupational exposure training commensurate with the requirements of his/her position. The training shall be provided:

- (a) At the time of initial assignment to tasks where an occupational exposure may take place.
- (b) At least annually after the initial training.
- (c) Whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

The occupational exposure training should meet the minimum standards set by state and federal regulations (29 CFR § 1910.1030(g)(2)(vii)).

1008.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal or decontamination of equipment or personnel after responding to an event that involved contact with a person's blood or bodily fluids.

Montezuma County Sheriff's Office

Policies

Communicable Diseases

1008.3.1 USE OF WASTE CONTAINERS

Deputies shall dispose of biohazards with the on--scene fire response vehicle or ambulance, at the attending clinic or hospital with its approval, or in an appropriately marked biohazard waste container immediately upon arrival.

The biohazard waste container shall be collapsible, leakproof, red and appropriately labeled with a biohazard warning, and routinely emptied.

1008.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall immediately wash their hands either while on scene or as soon as practicable following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If a member's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the member shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant wash or rinse. If large areas of the member's skin are contaminated, the member shall shower as soon as reasonably possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin, and mucous membrane washing that takes place in the station shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as a cleaning or decontamination area.

1008.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (e.g., needles, blades) unless they are needed to assist a paramedic or are being collected for evidence. Unless required for evidentiary reasons related to evidence preservation, members are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when practicable, shall be into a puncture-proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing oneself or any other person. If a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Use a device, such as tongs or a broom and a dustpan, to clean up debris. If the material must be handheld, protective gloves must be worn.

1008.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (e.g., gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or sheriff's vehicle. The waste material shall then be

disposed of in a biohazard waste container at the hospital or sheriff's station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when through.

1008.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is not reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described in this policy.

Any personal protective equipment that becomes punctured, torn, or loses its integrity, shall be removed as soon as feasible. The member shall wash up and replace the personal protective equipment if the task has not been completed. If any failure of personal protective equipment results in a contaminated non-intact skin event, decontamination as described in this policy shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to cleaning shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck, or sheriff's vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste.

1008.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as reasonably practicable. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station, or sheriff's station for proper cleaning and disinfecting. Porous surfaces, such as nylon bags and straps, shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by the Environmental Protection Agency (EPA).

While cleaning equipment, pay close attention to handles, controls, corners, crevices, portable radios, and external microphones. Equipment cleaning shall not be done in the kitchen, bathrooms, or other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (one-quarter cup of bleach per one gallon of water) while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces, and blood clots should first be removed (e.g., using a disposable towel or other means to prevent direct contact) and then properly disposed.

1008.3.7 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry-cleaned, place it in a biohazard waste bag. The member will secure a dry cleaner that is capable of cleaning contaminated clothing and will inform them of the potential contamination. This dry cleaning will be done at the Office's expense.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded.

1008.3.8 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components, such as the seats, radios, and doors, shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

1008.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and ensure the best protection and care for the member.

1008.4.1 MEMBER RESPONSIBILITY TO REPORT EXPOSURE

In order to provide appropriate and timely treatment should exposure occur, all members shall verbally report the exposure to their immediate supervisor and complete a written exposure report as soon as possible following the exposure or suspected exposure. The report shall be submitted to the member's immediate supervisor. Members should document in the exposure report whether they would like the person who was the source of the exposure to be tested for communicable diseases.

1008.4.2 SUPERVISOR REPORTING REQUIREMENTS

The supervisor on duty shall investigate every exposure that occurs as soon as reasonably practicable following the incident, while gathering the following information:

- (a) Name and social security number of the member exposed.
- (b) Date and time of incident.
- (c) Location of incident.
- (d) The potentially infectious materials involved.

Communicable Diseases

The supervisor shall advise the member of the laws and regulations concerning disclosure of the identity and infectious status of a source.

If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

1008.4.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Any member who was exposed or suspects he/she was exposed to a communicable disease shall be seen by a physician (or qualified healthcare provider) as soon as reasonably possible. The doctor or qualified healthcare provider should be provided the supervisor's report and the member's medical records relevant to the visit and examination.

The member shall be made aware of the laws and regulations concerning disclosure of the identity and infectious status of a source. If possible, the exposed member will be informed of the source's test results.

The healthcare professional shall provide the ECO and/or the County's risk manager with a written opinion/evaluation of the exposed member's situation. This opinion shall only contain the following information:

- If a post-exposure treatment is indicated for the member.
- If the member received a post-exposure treatment.
- Confirmation that the member received the evaluation results.
- Confirmation that the member was informed of any medical condition resulting from the exposure incident that will require further treatment or evaluation.
- Whether communicable disease testing from the source is warranted, and if so, the possible diseases to be tested.

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

1008.4.4 COUNSELING

The Office shall provide the exposed member, and his/her family if necessary, the opportunity for counseling and consultation.

1008.4.5 CONFIDENTIALITY OF REPORTS

Most of the information involved in the process must remain confidential. The Office shall ensure that all records and reports are kept confidential.

The Office shall be responsible for maintaining records containing the member's treatment status and the results of examinations, medical testing, and follow-up procedures that took place as a result of an exposure.

The risk manager shall be responsible for maintaining the name and social security number of the member and copies of any information provided to the consulting healthcare professional as a result of an exposure.

Montezuma County Sheriff's Office

Policies

Communicable Diseases

This information is confidential and shall not be disclosed to anyone without the member's written consent, except as required by law. Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.5 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

- (a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Should be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE

This policy establishes limitations on the use of tobacco products by members and others while on duty or while in Montezuma County Sheriff's Office facilities or vehicles.

1009.2 POLICY

The Montezuma County Sheriff's Office recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Office and its members. Therefore smoking is prohibited by members and visitors in all office facilities, buildings, and vehicles, and as is further outlined in this policy.

1009.3 SMOKING AND TOBACCO USE

Smoking by members is prohibited any time members are in public view representing the Montezuma County Sheriff's Office.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes inside County Facilities or inside County vehicles.

1009.4 ADDITIONAL PROHIBITIONS

No member shall smoke any tobacco product inside office facilities or smoke tobacco products within 25 feet of an entryway of any office building (CRS § 25-14-204). Smoking includes the use of an electronic smoking device as defined in CRS § 25-14-203.

Personnel Complaints

1010.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation, and disposition of complaints regarding the conduct of members of the Montezuma County Sheriff's Office. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment, or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Personnel complaints- Any allegation of misconduct or improper job performance against any office member that, if true, would constitute a violation of office policy, federal, state, or local law. Misconduct allegations or complaints may be generated internally or by the public.

Inquiries about member conduct or performance that, if true, would not qualify as a violation may be handled informally by a Office supervisor and shall not be considered a complaint. These may generally include clarifications regarding policy, procedures, or the Office's response to specific incidents.

Personnel complaints shall be classified in one of the following categories:

- (a) **Informal** - A matter in which the complaining party is satisfied that appropriate action has been taken by a Office supervisor of rank greater than the accused member. Informal complaints need not be documented on a personnel complaint form and the responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy.
- (b) **Formal** - A matter in which the complaining party requests further investigation or which a Office supervisor determines that further action is warranted. Such complaints may be investigated by a Office supervisor of a rank greater than the accused or referred to the Undersheriff and Sheriff for an Internal Affairs investigation, depending on the seriousness and complexity of the investigation.
- (c) **Incomplete** - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Undersheriff, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Complainant - A person claiming to be the victim or witness of misconduct by a deputy.

Investigation - An administrative investigation, conducted by the Office, of alleged misconduct by a deputy that could result in punitive action.

Punitive action - A disciplinary suspension, indefinite suspension, demotion in rank, reprimand, termination, or any combination of those actions.

Policies

Personnel Complaints

1010.2 INITIAL SUPERVISOR RESPONSIBILITIES

A supervisor who becomes aware of alleged misconduct or receives a formal complaint shall take reasonable steps to prevent aggravation of the situation.

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor was involved in or witnessed the alleged incident. The Sheriff or the authorized designee may, however, direct that another supervisor investigate it. The supervisor shall be responsible for the following:

- (a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the Division Supervisor and Sheriff are notified as soon as practicable.
- (b) A supervisor receiving or initiating any formal complaint shall ensure that a personnel complaint form has been completed as fully as possible. The original complaint form will then be directed to the Division Supervisor of the accused member, via the chain of command, who will forward a copy of the complaint to the Sheriff, take any appropriate action, and/or forward the complaint to the Internal Affairs for further action.
 - 1. During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.
 - 2. When appropriate, immediate medical attention should be provided and photographs of alleged injuries as well as accessible areas of non-injury should be taken.
 - 3. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Supervisor or the Sheriff, who will initiate appropriate action.
- (c) A supervisor dealing with an accused member shall ensure that the procedural rights of the member are followed pursuant to the collective bargaining agreement, state, and federal law.
- (d) When the nature of a personnel complaint relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Human Resources Department and the Sheriff for direction regarding his/her role in investigation and/or addressing the complaint.

1010.3 ASSIGNMENT TO ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature or when circumstances practically dictate that it would impose an unreasonable risk to the Office, the member, other members, or the public, a supervisor may temporarily assign the accused member to administrative leave pending completion of the investigation or the filing of administrative charges.

1010.3.1 ADMINISTRATIVE LEAVE

A member placed on administrative leave may be subject to the following guidelines:

Montezuma County Sheriff's Office

Policies

Personnel Complaints

- (a) A member placed on administrative leave shall continue to receive regular pay and benefits pending the imposition of any discipline.
- (b) A member placed on administrative leave may be required by a supervisor to relinquish any badge, Office identification, assigned weapons, and any other Office equipment.
- (c) A member placed on administrative leave may be ordered to refrain from taking any action as a Officemember or in an official capacity. The member shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (d) A member placed on administrative leave may be temporarily reassigned to a different shift, generally within normal business hours, during the pendency of the investigation. The member may be required to remain available for contact at all times during such shift and report as ordered.
- (e) It shall be the responsibility of the assigning supervisor to promptly notify the member's Division Supervisor and the Sheriff.
- (f) At such time as any member placed on administrative leave is returned to full and regular duty, the member shall be returned to his/her regularly assigned shift with all badges, identification card, and other equipment returned.

1010.4 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint shall proceed with due diligence. Recognizing that factors such as witness availability and the complexity of allegations will affect each case, every effort should be made to complete each investigation and impose any disciplinary action within a reasonable period following receipt.

Investigations should be completed within two months of the date the office becomes aware of the allegation. The Sheriff may extend the period to four months if the investigation reasonably requires such an extension.

Should additional time be required, a written request should be made to the Sheriff, generally 30 days before the end of the period, requesting an extension. A request for extension should include the reason for the request and the completion date requested. Such a request must be approved by the Sheriff or the authorized designee in writing and a copy provided to the accused member.

If the nature of the allegation dictates that confidentiality is necessary to maintain the integrity of the investigation, the involved members need not be notified of the pending investigation unless and until the member is interviewed or formally charged.

Upon completion, the report should be forwarded to the Sheriff through the chain of command of the involved member. Each level of command should review and include their comments in writing before forwarding the report. The Sheriff may accept or modify the classification and recommendation for disciplinary action contained in the report.

Within 30 days of the final review by the Sheriff, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings but will not disclose the amount of discipline, if any, that was imposed. The complaining party should also be provided with a copy of his/her original complaint.

Montezuma County Sheriff's Office

Policies

Personnel Complaints

Any complaining party who is not satisfied with the findings may contact the Office or the authorized designee to discuss the matter further.

1010.4.1 WITHDRAWN COMPLAINTS

If the complainant withdraws his/her complaint or refuses to further cooperate with the administrative investigation, then the investigation may be closed as incomplete and assigned an appropriate disposition.

If the nature of the allegations can be sufficiently determined without the assistance of the complainant, then the investigation will proceed and be completed as normal and assigned an appropriate disposition.

1010.5 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential and protected member personnel files. The contents of such files shall not be revealed to anyone other than the involved member or authorized personnel except pursuant to lawful process.

In the event that an accused member, or the representative of such member, knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Office may disclose sufficient information from the member's personnel file to refute such false representations.

All records of investigations shall be securely maintained for no less than the 10 years required by the state records retention schedule and for any additional period required by the organization's records retention schedule.

1010.5.1 SUSTAINED COMPLAINTS

Before being placed in the member's file, the member will have an opportunity to read and initial the comment or document. If the member submits a written response, the response will be attached to the comment or document.

The member will receive a copy of any comment or document placed in the member's file.

A copy of the disposition of the allegation of misconduct and a copy of the notice or adjudication of any punitive or remedial action will be the only documents related to the investigation which will be placed in the member's file.

If punitive action is taken, the member or a representative authorized by the member may, except as otherwise prohibited by federal or state law, review any administrative or investigative file maintained by the office that relates to the investigation, including any recordings, notes, transcripts of interviews, and documents.

Sustained complaints shall be maintained in the member's personnel file for the prescribed period. Complaints that are unfounded, exonerated, or not sustained shall be maintained by the Internal Affairs apart from the member's personnel file, in a file created for this purpose.

Montezuma County Sheriff's Office

Policies

Personnel Complaints

1010.5.2 REMOVAL OF A COMPLAINT

Upon request, a member may review any administrative file that does not relate to a current investigation.

If a member identifies a complaint or allegation that should be removed from his/her personnel file because either the time period has expired or it is an improper document, the member will write a memorandum specifically asking for the item to be removed and the reasons for removal.

1010.6 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of office policy or of federal, state or local law, policy, or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate office policy or federal, state or local law, policy, or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures, or the response to specific incidents by the Office.

1010.6.1 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person, or by telephone.
- (b) Any office member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1010.6.2 REPORTING AUTHORITY

The person responsible for the Internal Affairs investigation has the authority to report matters directly to the Sheriff when necessary.

Reports may be in person or written. The person assigned the internal investigation will make weekly or daily updates to the Sheriff, depending on the severity of the allegations or criminal misconduct.

An investigative summary log should be utilized to document the investigation progress and reports made.

1010.7 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

Montezuma County Sheriff's Office

Policies

Personnel Complaints

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Office should audit the log and send an audit report to the Sheriff or the authorized designee.

1010.8 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Montezuma County Sheriff's Office may release information concerning the arrest or detention of any member, including a deputy, that has not led to a conviction.

No disciplinary action should be taken until an independent administrative investigation is conducted.

1010.9 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Sheriff or the authorized designee.

Any probationary period may be extended at the discretion of the Sheriff in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1010.10 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1010.11 NOTIFICATION OF POST

The Sheriff or the authorized designee shall notify POST of any sustained findings of use or threatened use of unlawful force or failure to intervene by any deputy currently employed by this office (CRS § 18-1-707; CRS § 24-31-904).

The Sheriff or the authorized designee shall provide information regarding deputy misconduct (e.g., knowingly making an untruthful statement, termination for cause, resignation or retirement

Policies

pending investigation, resignation in lieu of termination for cause, conduct that subjects the deputy to criminal investigation) to the POST Board misconduct database as required (CRS § 24-31-303; 4 CCR 901-1:17; 4 CCR 901-1:32).

Seat Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in office vehicles.

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - A specially designed seating system that is designed to protect, hold, or restrain a child in a motor vehicle in such a way as to prevent or minimize injury to the child in a motor vehicle accident that is either permanently affixed to a motor vehicle or is affixed to such vehicle by a safety belt or a universal attachment system that meets Federal Motor Vehicle Safety Standards and Regulations set forth in 49 CFR 571 (CRS § 42-4-236).

Safety belt system - A system utilizing a lap belt, a shoulder belt, or any other belt or combination of belts installed in a motor vehicle to restrain drivers and passengers, and that conforms to Federal Motor Vehicle Safety Standards and Regulations (CRS § 42-4-237(1)(b)).

1011.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased, or rented by this office while on or off duty or when in any privately owned vehicle while on duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (CRS § 42-4-236; CRS § 42-4-237).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1011.2.1 TRANSPORTING CHILDREN

An approved child restraint system should be used for all children younger than 8 years of age (CRS § 42-4-236(2)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance that requires careful seating and positioning of seat belts. Due to this reduced clearance, children and the child passenger safety seat system or booster seat should be secured properly in the front seat of these vehicles, provided this positioning meets the vehicle and the child passenger safety seat system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated. If this is not possible, deputies should consider arranging alternative transportation.

1011.3 TRANSPORTING SUSPECTS, PRISONERS, OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any office vehicle with a prisoner restraint system or, when a prisoner restraint system is not

Montezuma County Sheriff's Office

Policies

Seat Belts

available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1011.4 INOPERABLE SEAT BELTS

Office vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Office vehicle seat belts shall not be modified, removed, deactivated, or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

1011.6 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1012.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE OF BODY ARMOR

The Administration Division Supervisor or designated equipment inventory manager shall ensure that body armor is issued to all deputies when the deputy begins service at the Montezuma County Sheriff's Office and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration Division Supervisor or designated equipment inventory manager shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1012.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Deputies shall only wear agency-approved body armor.
- (b) Deputies shall wear body armor any time they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Deputies may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when a deputy is working in uniform or taking part in Office range training.
- (e) A deputy may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.
- (f) Use of body armor by Division Supervisors, Undersheriff, and Sheriff is discretionary.

1012.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body

Montezuma County Sheriff's Office

Policies

Body Armor

armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse, and wear.

1012.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1012.4 RANGEMASTER RESPONSIBILITIES

The Certified Firearms Instructor should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Office-approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates deputies about the safety benefits of wearing body armor.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, special events, contract work, general overtime, and any other work assignments.

1016.9 APPEALS

1016.10 POLICY

The Montezuma County Sheriff's Office strives to provide a safe and productive work environment and ensure that all members of this office can safely and effectively perform the essential functions of their jobs. Under limited circumstances, the Office may require a professional evaluation of a member's physical and/or mental capabilities to determine the member's ability to perform essential functions.

1016.11 FITNESS-FOR-DUTY EVALUATIONS

Meal Periods and Breaks

1017.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as reasonably possible, shall conform to the policy governing all Sheriff's Office members.

1017.1.1 MEAL PERIODS

Certified members shall remain on duty subject to call during meal breaks. All other members are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed deputies shall request clearance from the Dispatch Center prior to taking a meal period. Uniformed deputies shall take their breaks within the County limits and shall monitor their radios unless on assignment outside of the County.

No more than two uniformed deputies should take a meal at the same location.

The time spent for the meal period shall not exceed the authorized time allowed.

1017.1.2 15-MINUTE BREAKS

Each employee is entitled to a 15-minute break, near the midpoint, for each four-hour work period. Only one 15-minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the sheriff's facility shall remain in the sheriff's facility for their breaks. This does not prohibit them from taking a break if they are outside the facility on official business.

Field deputies will take their breaks in their assigned areas, subject to call, and shall monitor their radios. When field deputies take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Dispatch Center.

Meal breaks should be limited to no longer than 30 minutes.

Lactation Breaks

1018.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding reasonable accommodations for lactating members.

1018.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to provide, in compliance with federal and state law, reasonable accommodations for lactating members. This includes break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing child for up to two years after the child's birth (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; CRS § 8-13.5-101; CRS § 8-13.5-104).

1018.3 LACTATION BREAK TIME

A rest period should be permitted each time the member requires a lactation break (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify the [dispatcher] or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt office operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1018.4 PRIVATE LOCATION

The Office will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view, free from intrusion from coworkers and the public, and otherwise satisfy the requirements of federal and state law (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; CRS § 8-13.5-104).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Montezuma County Sheriff's Office

Policies

Lactation Breaks

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1018.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Office shall clearly label it as such and shall remove it when the member's shift ends.

Payroll Records

1019.1 PURPOSE AND SCOPE

Payroll records are entered into Casselle daily record system and submitted to the designated Division Supervisor on a bi-weekly basis for the payment of wages.

1019.2 POLICY

The Montezuma County Sheriff's Office maintains timely and accurate payroll records.

1019.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

Overtime Compensation Requests

1020.1 PURPOSE AND SCOPE

It is the policy of the Office to compensate nonexempt salaried members who work authorized overtime either by payment of wages as time plus one-half at the hourly member salary rate. In order to qualify, the member must accurately complete their timesheet and submit as soon as practicable after overtime is worked, but no longer than the last day of the work week.

1020.1.1 POLICY

Because of the nature of law enforcement work, and the specific needs of the Office, a degree of flexibility concerning overtime policies must be maintained.

Nonexempt members are not authorized to volunteer work time to the Office. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the member by flexing a subsequent shift schedule to compensate for the time worked, rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the member to complete a request for such a period, the member shall comply.

1020.2 ACCOUNTING FOR OVERTIME WORKED

Members are to record the actual time worked in an overtime status. In some cases, a minimum number of hours will be paid, (e.g., minimum two hours for court). The member will enter the actual time worked, and will be verified by the supervisor.

This policy is intended to align our Administrative Division and Administrative Assistants in other assigned divisions with the rest of Montezuma County members. Overtime can be paid after a full-time administrative assistant and detention division kitchen staff member has accrued 40 hours worked in a week, during a 28-day work period.

Law Enforcement personnel as defined by the U.S. Department of Labor, Fair Labor and Standards Act (FLSA), are members who are empowered by State law or local ordinance to enforce laws designed to maintain peace and order, protect life and property, and to prevent and detect crimes; who have the power to arrest; and who have undergone training in law enforcement.

Section 7(k) of the FLSA provides that members engaged in law enforcement may be paid overtime on a "work period" basis of 28 consecutive days. Overtime pay/compensatory time is required when the number of hours worked exceeds the number of hours that bears the same relationship to 160 hours (effective July 22, 2019) as the number of days in the 28-day work period. Montezuma County Sheriff's Office law enforcement personnel, which include all patrol division, detective division and detention division deputies, are due overtime compensation after 160 hours worked in a 28-day work period, effective July 22, 2019.

Montezuma County Sheriff's Office

Policies

Overtime Compensation Requests

Any overtime requires division supervisor or on-call administrative supervisor approval after 1 hour. Failure to obtain authorized supervisory approval is grounds for denial of overtime. This procedure will streamline the office overtime pay processes and include accountability for an overall reduction of paid overtime.

Detention Deputies assigned as shift supervisors or officer in charge (OIC) will be compensated at \$1.00 per hour. Patrol and Detention Deputies who are assigned a recruit and actually performing field training officer duties will be compensated \$40.00 per week, whether scheduled a four or five days work week. Patrol and Detention Deputies performing field training officer duties for the scheduled week are not allowed to also claim OIC compensation or overtime compensation. Recruits during the FTO training phase are not compensated for overtime unless called into work during a disaster or emergency situation approved by the Sheriff.

1020.2.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up or down to the nearest half hour as indicated by the following chart: (Example - 1-15 minutes is rounded back to the hour; 16-30 minutes is rounded up to the half hours; 31-45 minutes is rounded back to the half hour; and 46-60 is rounded up to the hour.

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
Up to 15 minutes	0
16 to 30 minutes	.50 hour
31 to 45 minutes	.50 hour
46 to 60 minutes	1.0 hour

1020.2.2 VARIATION IN TIME REPORTED

Where two or more members are assigned to the same activity, case or court trial, and the amount of time for which payment is requested varies between the two, the Patrol Lieutenant or other approving supervisor may require each member to include the reason for the variation on the overtime payment request form.

1020.3 ON CALL STATUS COMPENSATION

Effective August 2, 2020, Detention Deputies that are in on-call status for Transports and Jail coverage will be compensated at \$50.00 a week (seven days), or \$7.14 per day. Detectives will be compensated \$50.00 for the week (seven days), or \$7.14 per day that they are in on-call status. Patrol Deputies who are in an on-call status after the end of their scheduled shift (0200-0400) or (0400-0600) will be compensated at \$2.00 per hour.

Outside or Secondary Employment

1021.1 PURPOSE AND SCOPE

To avoid actual or perceived conflicts of interest for Officemembers engaging in outside employment, all members shall initially obtain written approval from the Sheriff prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Sheriff in accordance with the provisions of this policy.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Outside-Secondary employment - The employment of any member of this office who receives wages, compensation, or other consideration of value from another employer, organization, or individual not affiliated directly with this office for services, products, or benefits rendered. For purposes of this section, the definition of outside employment includes those members who are self-employed and not affiliated directly with this office for services, products, or benefits rendered.

1021.2 OBTAINING APPROVAL

No member of this office may engage in any outside employment without first obtaining prior written approval of the Sheriff. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy is grounds for disciplinary action.

To obtain approval for outside employment, the member must complete an Office Memorandum that shall be submitted to the member's immediate supervisor. The Office Memorandum requesting outside or secondary employment should contain a full description of such job or work duties, the employer, and location of the employment. Any private organization, entity or individual seeking special services for security or traffic control from members of this office must submit a written request to the Sheriff in advance of the desired service. Such outside overtime will be monitored by the patrol supervisor.

1021.4 USE OF OFFICE RESOURCES

Members are prohibited from using any Office equipment or resources in the course of or for the benefit of any outside employment, unless specifically authorized by the Undersheriff or Sheriff. This shall include the prohibition of access to official records or databases of this office or other agencies through the use of the member's position with this office.

1021.4.1 REVIEW OF FINANCIAL RECORDS

Prior to providing written approval for an outside employment position, the Office may request that a member provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists.

Failure of the member to provide the requested personal financial records could result in revocation of the outside employment application. If, after approving a request for an outside employment position, the Office becomes concerned that a conflict of interest exists based on a financial reason, the Office may request that the member provide his/her personal financial records for review/audit. If the member elects not to provide the requested records, his/her outside employment application may be revoked pursuant to this policy.

1021.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

Members who are uncertain whether a change in outside employment is material shall report the change.

Office members engaged in outside employment who are placed on disability or administrative leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether they intend to continue to engage in outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any work-related doctor's orders and make a recommendation to the Sheriff whether such outside employment should continue or the approved application be suspended or revoked.

In the event the Sheriff determines that the outside employment should be discontinued or if the member fails to promptly notify the supervisor of his/her intentions regarding the employment application, a notice of intent to revoke the member's application will be forwarded to the involved member and a copy attached to the original employment application. On-Duty Injuries

1022.1 PURPOSE AND SCOPE

The purpose of this policy is to provide for the reporting of on-duty injuries, occupational illnesses or deaths, the circumstances of the incident, and to ensure proper medical attention is received by the member.

1022.1.1 DEFINITIONS

Definitions related to this policy include (CRS § 8-40-201):

Accident - Any unforeseen event occurring without the will or design of the member whose mere act caused it. An accident or injury includes disability or death resulting from accident or occupational disease.

Occupational disease - Any disease resulting directly from employment or work conditions that is a natural incident of the work and a result of the exposure occasioned, and that can be fairly traced to the employment as a proximate cause and not from a hazard to which the member would have been equally exposed outside of his/her employment.

1022.2 POLICY

The Montezuma County Sheriff's Office will address occupational diseases and work-related injuries and deaths appropriately, and will comply with applicable state workers' compensation requirements (CRS § 8-43-101 et seq.).

1022.3 RESPONSIBILITIES

1022.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours to a supervisor, and shall seek medical care when appropriate.

1022.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related County-wide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

If a member is physically or mentally unable to provide notice of an occupational disease or work-related injury, his/her supervisor shall report such disease or injury in writing as soon as practicable (CRS § 8-43-102).

1022.3.3 DIVISION LIEUTENANT RESPONSIBILITIES

The Division Lieutenant who receives a report of an occupational disease or work-related injury or death should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Sheriff, the County's risk management entity, and the Administration Division Supervisor.

1022.3.4 SHERIFF RESPONSIBILITIES

The Sheriff shall review and forward copies of the report to the Human Resources Department. Copies of the report and related documents retained by the Office shall be filed in the member's confidential medical file.

The Sheriff or the authorized designee shall ensure that a printed card notifying members of their responsibility to report a workplace injury is displayed at all times in a prominent place in the workplace pursuant to CRS § 8-43-102.

1022.4 OTHER DISEASE OR INJURY

Diseases, injuries or deaths caused or occurring on duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Lieutenant through the chain of command and a copy sent to the Administration Division Supervisor.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1022.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company, or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1022.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Sheriff with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

The Sheriff notifies the member in writing of the recommendation and schedules a hearing. The member receives a minimum of 24-hours' notice of the hearing.

Line-of-Duty Deaths

1032.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Montezuma County Sheriff's Office in the event of the death of a member occurring in the line of duty and to direct the Office in providing proper support for the member's survivors.

The Sheriff may also apply some or all of this policy for a non-line-of-duty death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1032.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a deputy during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing assigned duties.

For a deputy, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1032.2 POLICY

It is the policy of the Montezuma County Sheriff's Office to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this office to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1032.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Sheriff, Division Supervisor and the Dispatch Center.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Patrol Lieutenant should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

Montezuma County Sheriff's Office

Policies

- (d) The Sheriff or the authorized designee should handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Office Liaison as soon as practicable (see the Notifying Survivors section and the Office Liaison and Hospital Liaison subsections in this policy).

1032.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Sheriff or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Sheriff, and at least two members should conduct notification of survivors, one of which may be the Office Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in office vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

Montezuma County Sheriff's Office

Policies

1032.4.1 OUT-OF-AREA NOTIFICATIONS

The Office Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Office Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the office member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Office Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Office to pay travel expenses without the authorization of the Sheriff.

1032.5 NOTIFYING OFFICE MEMBERS

The Sheriff is responsible for notifying office members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Office regarding the deceased member or the incident.

USDOJ Executive Order 13929.pdf

The U.S. Department of Justice

Standards for Certification on Safe Policing for Safe Communities

Through President Donald J. Trump's Executive Order No. 13929, the U.S. Attorney General, as appropriate and consistent with applicable law, will allocate Department of Justice discretionary grant funding *only* to state, local, and university or college law enforcement agencies that have obtained (or are in the process of seeking) credentials certifying that they meet certain mandatory and discretionary standards for safe policing, to be set by the U.S. Attorney General.

Using safe policing principles, law enforcement will continue striving to improve policies and procedures — ensuring transparent, safe, and accountable delivery of services to our communities. This will enhance citizen confidence in law enforcement, and facilitate the identification and correction of internal issues before they result in injury to the public or to law enforcement officers.

Accordingly, set forth below are the U.S. Department of Justice's standards on safe policing for securing credentials certifying compliance with Executive Order No. 13929 and eligibility for discretionary grants. The U.S. Attorney General will regularly review this document and revise it as appropriate.

I. Definitions

APPLYING LAW ENFORCEMENT AGENCY or APPLYING AGENCY: A state, local, or university or college law enforcement agency seeking certification from an independent credentialing body pursuant to Section 2 of Executive Order No. 13929 and Part II of this document. An applying law enforcement agency shall also include any state, local, or university or college law enforcement agency whose head of agency affirms that: (a) the requirements of Section 2 of Executive Order No. 13929 and Part II of this document are met; and (b) his agency has affirmatively sought certification from an independent credentialing body.

CERTIFIED LAW ENFORCEMENT AGENCY: A state, local, or university or college law enforcement agency which an independent credentialing body has certified meets the criteria set forth in Part II of this document.

CHOKE HOLD: A physical maneuver or technique that restricts an individual's ability to breathe for the purpose of incapacitation.

DEADLY FORCE: Any use of force that creates a substantial risk of causing death or serious bodily injury, consistent with U.S. Supreme Court precedent.

INDEPENDENT CREDENTIALING BODY: A regionally or nationally recognized non-profit, for-profit, government entity, or other law enforcement accreditation entity that the U.S. Attorney General, in his sole discretion, determines to be: (i) independent; (ii) reputable;

(iii) in the business of establishing law enforcement standards; and (iv) capable of certifying compliance with Section 2 of Executive Order No. 13929 and Part II of this document. Independent credentialing bodies include, *inter alia*, any state law enforcement accrediting body and peace officer standards and training (POST) commission.¹

LAW ENFORCEMENT OFFICER: A state, local, or university or college employee or volunteer who is licensed under applicable state law or certified by an applicable POST commission.

NO-KNOCK WARRANT: A warrant where a judge or magistrate, upon cause shown in the warrant application, specifically authorizes that the warrant may be executed in a “no knock-and-announce” fashion.

OBJECTIVELY REASONABLE: The determination that the decision to use force, and the level of force used, is what a reasonable and prudent officer would use under the same or similar situations based upon the officer’s evaluation of the situation, experience, training, and the totality of the circumstances known to or believed to exist by the officer at the time the force is used and is consistent with U.S. Supreme Court precedent.

POLICY or POLICIES: A deliberate system of principles intended to guide agency decision-making.

PROCEDURES: The manner of implementing policies.

SERIOUS BODILY INJURY: Injury that involves a substantial risk of death, protracted and obvious disfigurement, or extended loss or impairment of the function of a body part or organ.

TRAINING PROTOCOLS: The method and manner by which law enforcement personnel are trained on preferred practices, legal, and constitutional requirements.

WARNING SHOT: The intentional discharge of a firearm for the purpose of warning or seeking compliance from an individual, but not intended to cause physical injury.

II. Safe Policing Principles that Independent Credentialing Bodies Must Consider When Assessing Certification of Applying Law Enforcement Agencies

Pursuant to Section 2 of Executive Order No. 13929, an independent credentialing body shall certify an applying law enforcement agency if the independent credentialing body determines

¹ A list of independent credentialing bodies currently approved by the U.S. Attorney General is contained in Attachment A. Any other entity seeking to be later designated as an independent credentialing body should petition the U.S. Department of Justice by submitting an application to Director of Community Oriented Policing Services (“COPS”). Applying agencies denied certification by an independent credentialing body may make an appeal to the Deputy Attorney General for review and relief.

— or, within the past 36 months, has already determined — that the following two conditions have been met:

A. Adherence to Applicable Laws

The applying agency maintains use of force policies that adhere to all applicable federal, state, and local laws.

B. Prohibition of Choke Holds

The applying agency maintains use of force policies that prohibit the use of choke holds, except in situations where the use of deadly force is allowed by law.

After the independent credentialing body confirms that the requirements in Part II of this document are met, the independent credentialing body must include the applying law enforcement agency within its database of certified law enforcement agencies. Beginning in 2021, on or before January 31 of each year, independent credentialing bodies must provide the names of each certified law enforcement agency to the Director of the COPS Office or his delegate. Each certified law enforcement agency is qualified to receive U.S Department of Justice discretionary grants for up to (i) 36 months from the date of its most recent certification by an independent credentialing body, or (ii) the lifecycle of any discretionary grant awarded, whichever option is longer.

III. Safe Policing Principles that Independent Credentialing Bodies Should Consider When Assessing Certification of Applying Law Enforcement Agencies

Pursuant to Section 2 of Executive Order No. 13929, the following safe policing principles will aid in law enforcement's continued self-assessment of its own policies and training on use of force and de-escalation techniques, performance management tools, and community engagement. Accordingly, in assessing whether to certify an applying law enforcement agency, an independent credentialing body should — but is not required to — consider whether the applying agency incorporates the following safe policing principles within its policies and procedures:

A. Use of Force and De-escalation Techniques

i. Termination of Use of Force

The applying agency should maintain use of force policies and procedures that address when force against individuals who fail to comply with lawful commands should terminate, including the following requirement: when it is objectively reasonable that a subject is fully in law enforcement's control, then the force must terminate.

ii. Duty to Intervene

The applying agency should maintain policies and procedures that include the duty and obligation to intervene to prevent or stop the known and apparent use

of excessive force by another officer when it is objectively reasonable to do so. An agency's duty to intervene policy may be memorialized separately from the agency's use of force policies.

iii. Training Protocols on Use of Force and De-Escalation

The applying agency should maintain training protocols that adhere to, or exceed, any applicable state laws to become, and remain in good standing as, law enforcement officers. The applying agency's training protocols should include substantive instruction on the agency's use of force policies and procedures, de-escalation techniques, and related legal updates.

iv. Appropriate Medical Care

The applying agency should maintain policies and procedures that address when it is appropriate for an officer to provide medical care consistent with his training to any individual. Medical care may include providing basic first aid, requesting emergency medical services, and/or arranging for transportation to a medical facility.

v. Warn Before Shooting

The applying agency should maintain use of force policies and procedures that encourage personnel — circumstances permitting and when reasonably practical — to identify themselves as law enforcement officers and to give verbal warning of their intent to use deadly force.

vi. Shooting at or from a Moving Vehicle

The applying agency should maintain use of force policies and procedures regarding shooting at or from a moving vehicle.

vii. Warning Shots

The applying agency should maintain policies and procedures regarding warning shots.

viii. No-Knock Warrant

The applying agency should maintain policies and procedures regarding the use and execution of no-knock warrants.

B. Performance Management Tools

i. Early Intervention Systems

The applying agency should strive to routinely conduct internal audits of their policies, procedures, and training protocols, as well as officer safety and wellness programs or initiatives. Where resources permit, the applying agency should maintain human resource policies and procedures that aid in the development of human capital, protect due process for officers, and encourage the identification and assistance of law enforcement personnel who are

becoming, or likely to become, at risk to violate use of force or other agency policies or procedures.

ii. Hiring of Personnel

The applying agency should maintain policies, procedures, and training protocols to hire and promote only those employees, or others (such as independent contractors), who are the best available candidates for a position according to the accepted standards of objectivity and merit.

C. Community Engagement

The applying agency should implement community engagement plans that address the particular needs of the community being served. The implementation plans may be memorialized separately from the agency's use of force policies.

This makes cooperation essential to assure prompt action, protection for the child and the responses required by law. The decision regarding who investigates a suspected child abuse/neglect case shall be

made jointly by the referring agency and the receiving agency. Joint investigation may also be requested by the receiving agency if there is a determination of that need.

- B. Department of Human/Social Services has an assigned worker on call twenty-four hours per day, seven days per week. Any referrals should be made to a caseworker or the director during regular working hours or the staff person on call after hours. An On-Call schedule shall be provided to local Law Enforcement on a monthly basis. All referrals from Human/ Social Services will be made to the officer on duty.
- C. Any case of physical abuse/neglect that rises to the level of a crime regardless of severity will be reported immediately to law enforcement on duty even if not during normal working hours. The deputies and/or Officer in Charge will document the case and decide if detectives need to be involved at this point. Lack of immediate attention could affect proper photographs and documentation of injuries and could interview of suspects and/or witnesses. This could ultimately affect successful prosecution by the District Attorney's Office.
- D. Third-party abuse or neglect cases investigated by Law Enforcement as provided in Section 19-3-308(5.3)(a) shall not require immediate notification to Human/Social Services. In such cases, Law Enforcement shall submit a copy of its investigative report to Human/Social Services in order that Human/Social Services may submit a report to the states automated system if the case is substantiated, and may order to have the local Child Protection Team review the case.
- E. All reports of confirmed child abuse/neglect shall be forwarded by the County Department to the District Attorney's office and the local Law Enforcement agency.
- F. In Joint investigations, as a general rule, Human/Social Services will take the lead in interviewing the victim; and Law Enforcement will take the lead in interviewing the alleged perpetrator. Joint interviews shall be preceded by a planning session to outline the conduct of the interview prior to the investigation. However, some investigations will proceed according to a standard plan of actions, while others will require a unique approach. Upon completion of the joint investigation:
 - 1. Law Enforcement continues criminal investigation without the involvement of Human/Social Services. This shall include the submission of the information to the District Attorney for disposition.
 - 2. Human/Social Services shall be responsible for determining what measures are necessary for the protection of the children, which may include, but not necessarily be limited to the removal of the child(ren) from the home, the filing of a Petition for Dependency and Neglect, and appropriate notification to the Court if removal has occurred.

3. Appropriate sharing of reports must occur. Law Enforcement shall provide Human/Social Services with copies of incident reports when requested.

II. LANGUAGE AND CRITERIA FOR IDENTIFICATION OF SUSPECTED ABUSE

This section is intended to ensure that all parties are using the same language and criteria for identification of suspected abuse and neglect cases.

ABUSE

- Minor - Excessive or inappropriate force used resulting in a superficial injury.
- Medium - Excessive or inappropriate force used resulting in an injury which may require medical attention.
- Severe- Excessive or inappropriate force used resulting in a serious injury which requires medical attention and/or hospitalization.
- Near fatal - Involves an incident in which a physician determines that a child is in serious, critical, or life-threatening condition as the result of sickness or injury caused by suspected abuse and/or neglect.
- Fatal - Physical or emotional needs of child are not met resulting in death.

NEGLECT

- Minor - Physical or emotional needs of child are marginally or inconsistently met, but little or no impact on the child's functioning.
- Medium - Physical or emotional needs of child are inadequately met resulting in some impairment in the child's functioning.
- Severe - Physical or emotional needs of child are not met resulting in serious injury or illness.
- Near fatal - Physical or emotional needs of the child are not met in an incident in which a physician determines that a child is in serious, critical, or life-threatening condition as the result of sickness or injury caused by suspected abuse and/or neglect.
- Fatal - Physical or emotional needs of child are not met resulting in death.

SEXUAL ABUSE

- Severity of sexual abuse should be determined based upon the type of contact, duration of contact, and the emotional impact upon the child.

III. RESPONSIBILITY FOR INVESTIGATION

- A. The following are applicable cases, or types of cases, where it is expected that the sole investigation will be conducted by Human/Social Services (Law Enforcement may be called at any time there may be a safety risk to any worker):

1. Minor physical abuse
2. Substance exposed newborn
3. Organic Failure to Thrive
4. Medical neglect (including failure to provide medically indicated treatment to disabled infants with life threatening conditions and drug affected babies).
5. Sexual abuse when perpetrator under age 10. Exception, if there is indication that the under age 10 perpetrator is the victim of someone over 10.
6. Educational neglect. In truancy cases, after charges have been filed by the school district.
7. Emotional abuse.
8. Medium neglect, lack of supervision.
9. Physical or sexual abuse in a daycare home or center, foster home, group home or institution. (Another county department may need to investigate to avoid a conflict of interest).

While Social Services should be heavily involved in all of the listed applicable cases, so should law enforcement. Many of the cases listed above could rise to the level of a crime.

- B. The following are examples of cases where it is expected that the sole investigation will be conducted by Law Enforcement (Human/Social Services may be called when determined by both parties to be in the best interest of the safety of the child).
1. Third-party physical abuse.
 2. Third party sexual abuse, when the alleged perpetrator is over 10 and it can be determined that the actor is not an abused child.
 3. Report of immediate danger to a child when proximity and speed of Law Enforcement response is needed, when Child Protective Services are not available, and risk to the child indicates immediate evaluation is needed (e.g., welfare check).
- C. The following cases shall be jointly investigated by Human/Social Services and Law Enforcement when abuse or neglect is suspected:
1. Death of a child.
 2. Medium to severe physical abuse or risk of this. Joint investigation by Human/Social Services and Law Enforcement is recommended to evaluate the need for immediate medical evaluation, protective custody of the child and appropriate civil and criminal action.
 3. All head trauma injuries (i.e., subdural hematoma).
 4. All injuries involving ruptured organs, unjustifiably explained abdominal injuries or any injury consistent with abuse. (The history given concerning such condition is at variance with the degree or type of such condition or death; or the circumstances indicate that such condition may not be the product of an accidental occurrence).
 5. All fractures which are unjustifiably explained, or multiple fractures or in various stages of healing. (The history given concerning such condition is at variance with the degree or type of such condition or death; or the circumstances indicate that such condition may not be the product of an accidental occurrence).
 6. All second or third degree burns, including cigarette burns or other burns consistent with abuse (such as immersion burns).
 7. All lacerations to the face, external genitalia or extremities which are unjustifiably explained. (The history given concerning such condition is at variance with the degree or type of such condition or death; or the circumstances indicate that such condition may not be the product of an accidental occurrence).
 8. All lesions on different parts of the body.
 9. Intra familial and third-party sexual abuse.
 10. Injurious Environment. (May require Code Enforcement).
 11. Sexual abuse when the alleged perpetrator may be a child victim, or the actor may have his/her own children under the age of 18, or any other child may be at risk.
 12. When a suspected perpetrator who is a parent, custodian, guardian or a child may flee.

13. When a parent, custodian, or guardian of a child refuses access to the child(ren) by Human/Social Services or Law Enforcement, or refuses medical examination of the child(ren). It is recognized that it may be necessary for Human/Social Services to obtain a Court Order for access to said child(ren).
14. Conditions suggesting suspicion that a law has been broken.
15. Any case in which a child is subjected to human trafficking of a minor for sexual servitude.

VI. GENERAL PROVISIONS OF COOPERATIVE AGREEMENT

- A. The intent of this Agreement is to clarify and enhance cooperation between agencies to protect children. It is recognized there may be differing opinions regarding some case decisions. In those cases, referral to supervisory levels would be appropriate. Child Protection Teams also may be used for consultation, feedback, and direction regarding cases which have become problematic between agencies. The District Attorney may provide guidance as well. In extreme circumstances, the Court may be requested to intervene to resolve issues related to the legal responsibility of each agency.
- B. Because agencies and communities are changing entities, annual review for modification or evaluation is accepted as a part of this cooperative agreement. The parties shall set a mutually convenient annual meeting to review and discuss issues directly related to the fulfillment of this Agreement.
- C. Copies of relevant portions of Colorado Revised Statutes are attached hereto for reference.

THE UNDERSIGNED INDIVIDUALS REPRESENTING THEIR RESPECTIVE AGENCIES HAVE READ THIS DOCUMENT AND AGREE TO IMPLEMENT THE PROCEDURES AS OUTLINED.

One or more animals in your care or custody have been impounded due to charges being filed against you or due to an investigation of charges involving cruelty to animals, animal fighting, mistreatment, neglect or abandonment of animals, or unlawful ownership of a dangerous dog. Impoundment services for the animal(s) are being provided by _____ as the designated impound agency. Under Colorado Revised Statutes Section 18-9-202.5, you are liable for the cost of impoundment, care and provisions of said animal(s) during the processing of your case. This includes impound fees, boarding fees, medical care, vaccinations, disposal fees or any other costs associated with the care and keep of your animal(s) while in the custody of _____. These fees will continue to accrue as long as your animal(s) are held at _____.

If you wish to maintain ownership of the impounded animal(s), you must pay the cost of care for the first thirty (30) days of care within ten (10) days of the date of impound. As an owner or custodian of an impounded animal, you may request a hearing at _____ within ten (10) days of impoundment to determine whether the costs associated with the cost of care are fair, reasonable and necessary and whether there was probable cause for the impoundment of your animal(s). **If you do not make payment for cost of care within ten (10) days following the impoundment of the animal(s) or as ordered by the court, the animal(s) will become the property of _____ and it may, at its sole discretion, determine the disposition of the animal(s), which may include humane euthanasia.** You may also, at your own expense, have a licensed veterinarian examine said animals within seventy-two (72) hours of the impoundment. If you would like a licensed veterinarian to examine the impounded animals within seventy-two (72) hours of impoundment, please have your licensed veterinarian call _____ to make such arrangements. If, in the opinion of a licensed veterinarian, an animal is experiencing extreme pain or suffering or is severely injured past recovery, severely disabled past recovery or severely diseased past recovery, the animal may be euthanized without a court order. If at any point during this process you wish to relinquish ownership of your animal(s) for any reason, including minimizing your responsibility for cost of care, you are responsible for contacting _____ to complete relinquishment paperwork. Until the impounded animal(s) have become the property of the impounding agency by relinquishment or by court order, per C.R.S 18-9-202.5, you will be responsible for the cost of care. Your failure to timely pay the costs of care required by law or by court order will result in the forfeiture of your right to contest such costs and your ownership rights to any animal.

Excerpts from C.R.S 18-9-202.5: Impounded animals - costs of impoundment, provision, and care – Consult C.R.S. 18-9-202.5 for full text of C.R.S 18-9-202.5

(1) (a) (I) The owner or custodian of an animal that has been impounded by an impound agency because of alleged neglect or abuse or because of investigation of charges of cruelty to animals pursuant to section 18-9-202; animal fighting pursuant to section 18-9-204; mistreatment, neglect, or abandonment under article 42 of title 35, C.R.S.; or unlawful ownership of a dangerous dog as described in section 18-9-204.5, may prevent disposition of the animal by an impound agency by filing a payment for impoundment, care, and provision costs with the court in an amount determined by the impound agency to be sufficient to provide for the animal's care and provision at the impound agency for at least thirty days, including the day on which the animal was taken into custody.

(II) To the extent practicable, within seventy-two hours after an impoundment described under subparagraph (I) of this paragraph (a), upon request from the owner or custodian of the impounded animal, the impound agency shall allow a licensed veterinarian of the owner's or custodian's choosing and at his or her expense to examine the animal at a time and place selected by the impound agency, which examination may include taking photographs of the animal and taking biological samples for the purpose of diagnostic testing.

(b) The owner or custodian must file the payment:

(I) Within ten days after the animal is impounded; or

(II) If the owner or custodian requests a hearing pursuant to subparagraph (I) of paragraph (c) of this subsection (1), in accordance with subparagraph (IV) of paragraph (c) of this subsection (1).

(c) (I) Within ten days after the date of impoundment, the owner or custodian may request a hearing in a criminal court of competent jurisdiction. The owner or custodian must provide notice to the district attorney of his or her request for a hearing. If the owner or custodian requests a hearing, the court shall hold the hearing within ten days after the request is made.

(II) At the hearing, the court shall determine, as appropriate:

(A) Whether costs associated with the impoundment, care, and provision, as determined by the impound agency, are fair and reasonable and necessary, which costs shall be specifically itemized by the impound agency prior to the date of the hearing and shall include, at a minimum, an accounting of the costs of upkeep and veterinary services;

(B) Whether there was sufficient probable cause for the impoundment; and

(C) If the court finds probable cause for impoundment existed and the owner or custodian elects not to pay the reasonable impoundment, care, or provision costs to prevent disposition, release of the animal to the impound agency for disposition.

(III) A warrant issued in accordance with C.R.C.P. 41 (b) authorizing seizure of the impounded animal constitutes prima facie evidence of sufficient cause for impoundment.

(IV) If probable cause is found at a hearing conducted under this paragraph (c), the owner or custodian shall file payment for costs at the hearing.

(d) At the end of the time for which expenses are covered by an initial or any subsequent impoundment, care, and provision payment:

(I) If the owner or custodian desires to prevent disposition of the animal, the owner or custodian must file a new payment with the court within ten days prior to the previous payment's expiration.

(II) If the owner or custodian has not timely filed an additional payment for impoundment, care, and provision costs, the impound agency may determine disposition of the animal unless there is a court order prohibiting disposition. Unless subsection (4) of this section applies, the owner or custodian is liable for any additional costs for the care of, provision for, or disposal of the animal.

(2) (a) Failure to pay the impoundment, care, and provision costs pursuant to subsection (1) of this section results in the forfeiture of the right to contest those costs and any ownership rights to the animal in question.

(b) A dog that is not claimed by its owner within five days after being eligible for release from impoundment for investigation of a charge of unlawful ownership of a dangerous dog as described in section 18-9-204.5 is deemed abandoned and may be disposed of as the impound agency deems proper.

(c) If, in the opinion of a licensed veterinarian, an impounded animal is experiencing extreme pain or suffering or is severely injured past recovery, severely disabled past recovery, or severely diseased past recovery, the animal may be euthanized without a court order.

(3) The court shall order an impound agency to refund to the owner or custodian all impoundment, care, and provision payments made for the animal if, after trial, a judge or jury enters or returns in favor of the owner or custodian a verdict of not guilty for all charges related to the original impoundment of the animal.

Colordo Sheriff Records Retention Schedule.pdf

PREFACE

Authority: CRS 24-80-103 provides that all public officers of political subdivisions consult with the department of personnel (i.e. Colorado State Archives) concerning the retention and disposition of records. In order to expedite this process, the Colorado State Archives has developed the *Colorado Sheriffs' Record Retention Schedule*. The schedule has been approved by the State Archivist of Colorado, the Office of the Attorney General, and the Office of the State Auditor.

The Colorado State Archives would like to thank Cherokee Blake, Gilpin County Sheriff Public Information Officer for her efforts and contributions to the creation of the Colorado County Sheriffs' Retention Schedule. We would also like to thank Chris Johnson, executive director, County Sheriffs of Colorado, for his assistance in reviewing the schedule.

The *Colorado Sheriffs' Records Retention Schedule* is intended to provide a comprehensive records retention schedule for most records that are typically kept by any Sheriff. The schedule may list records that an individual Sheriff's Office does not currently have but that it may have in the future.

Each Sheriff may request approval to follow the *Colorado Sheriffs' Records Retention Schedule from the Colorado State Archivist. This is optional and is dependent upon the discretion of each Sheriff. If adopted, the Sheriff* should add notations regarding any local provisions affecting the retention period of its records. Any retention period that is shorter than that provided in the *Colorado Sheriffs' Records Retention Schedule* will be reviewed by the Attorney General's Office. To request approval to follow the Colorado Sheriffs' Records Retention Schedule, complete the [Approval Request Form](#) or contact the Colorado State Archives.

Subsequent to approval, the records retention schedule will apply to the record copy, regardless of how it is stored (electronic, microfilm, digital image, paper, audio or video recording, etc.). If the record copy of a permanent record is stored in electronic format, carefully determine that the storage system is nonproprietary and whether there is a capability to migrate these records to the next generation of technology.

Important

This document does not provide legal authority or authorization for destruction of records by any Sheriff until it is approved for use for that Sheriff by the Colorado State Archives.

NO RECORD SHALL BE DESTROYED UNDER THIS SCHEDULE AUTHORITY SO LONG AS IT PERTAINS TO ANY PENDING LEGAL CASE CLAIM ACTION OR AUDIT.

Record Titles and Description

Because the records titles used may not reflect the exact records titles used by everyone, the Retention Schedule provides a short paragraph that describes the use and typical contents of each record.

Retention Periods

Retention periods are based on legal requirements and/or on common usage and industry standards to meet typical administrative, operational or reference requirements. The retention time period indicates the minimum length of time that the record copy should be retained before disposal can take place. Typically, some kind of approval process is in place to authorize the destruction of records in accordance with the Records Retention Schedule.

Evaluate records for continuing legal, fiscal, administrative or historical value and determine whether they are the subject of any legal holds before proceeding with the authorized destruction. It is permissible to either destroy obsolete records at the end of the retention period or to wait until the end of the year the records become eligible for destruction. The Sheriff may dispose of duplicates in accordance with the following guidelines:

- **Duplicate Copies created for convenience or reference.**
Retain until no longer needed for reference or one (1) year, whichever is first, and then destroy.

Non-Records

Guidelines for identification and handling of some non-records are discussed in *Appendix A – Non-Records of the Colorado Municipal Record Retention Manual*.

Trigger Dates

Trigger dates are included in retention periods whenever possible. A trigger date is the date of an event, action or cut-off point that begins the countdown to the end of the retention period. An example of a trigger date in a retention period is: “**3 years after complaint is resolved**”. When a trigger date is not specified, the countdown to the end of the retention period begins on the date the file is closed, the date the file no longer has any administrative or reference value, or the date of the newest document in the file.
